Aboriginal Community Connectors Program (ACCP)

Commissioning procurement approach

November 2024 to September 2025

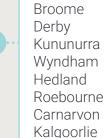

ROI – registration of interest

DN - direct negotiation

Two-stage process:

- An ROI will identify ACCOs (current or other potential service providers) who are interested in delivering ACCP services
- 2. An RFT process will enable ROI applicants to demonstrate capacity and capability to deliver services

March to September 2025

Halls Creek Geraldton Meekatharra Perth

- Current service provider is:

- delivering an effective service with positive relationship outcomes
- continuously meeting agreed service specifications, outcomes, quality standards and contractual requirements
- delivering services in line with the updated (redesigned) service model while operating efficiently and effectively
- Limited or no other ACCOs in the location

Laverton

The only ACCO in this area will transition from a Grant Agreement to a Service Agreement
