

ENVIRONMENTAL ACTIVITIES

As a Local Government, celebrate to beauty of where you live.

Nature Walks and Biodiversity Tours: Lead guided walks in local parks, reserves, or beaches to educate your community about the flora and fauna, as well as the importance of preserving the beautiful biodiversity.

Native Wildlife Habitat Restoration: Organise an event where participants help restore or create habitats for native wildlife in parks or local green spaces, like planting native trees or creating beautiful bird habitats.

Environmental Film Screening: Host a film night featuring documentaries or movies that highlight environmental issues and inspire community action.

Litter-Free Picnic Day: Organise a community picnic where the focus is on litter-free and waste-free practices. Encourage participants to bring their own reusable containers, utensils, and packaging, and provide bins for Containers for Change.

Snap. Send Solve: Promote the app that allows people to report areas with excessive litter or illegal dumping, so local authorities can be alerted to clean them up more efficiently.

"Litter Heroes" Program: Set up a recognition program to recognise individuals or groups who consistently keep their areas free from litter. Feature them in local newspapers or social media.
