

Family and Domestic Violence Lived Experience Advisory Group

Communique Meeting 06/26 – 15 April 2026

The Family and Domestic Violence Lived Experience Advisory Group (Advisory Group) held its sixth meeting at Boorloo on 15 April 2026. The meeting commenced with an Acknowledgement of Country, followed by a moment of reflection and a minute of silence to honour and remember all victim-survivors of family and domestic violence, including those who did not survive.

The Advisory Group focused on workshopping and identifying priority areas aligned with the key government priorities outlined in the System Reform Plan, ensuring alignment and a meaningful contribution to the broader program of work.

The meeting concluded with the Advisory Group considering an indicative schedule of meeting dates for the remainder of 2026.
