Staffing

The following information will be used for calculating your licence fee:

How many staff (certified and uncertified) are engaged in repair work, including the owner of the business if that person does repair work? **DO NOT COUNT** apprentices, trainees and administrative staff.

NOTE: as a sole trader, you **cannot** do repair work unless you are a certified repairer. A 'certified repairer' means a person who has been granted a Motor Vehicle Repairer's Certificate by the Commissioner. It does not mean someone who has a 'Trade Certificate' or other qualification relating to the repairing of motor vehicles.

The required supervision ratio of certified repairers to uncertified repairers is one as to three (1:3). Therefore, you will need to engage at least one certified repairer (for each class of repair work) for every three uncertified repairers at each of the premises from which you operate, including mobile premises (i.e. if you engage six uncertified repairers, you will require at least two certified repairers to supervise them).
