## Form R023: Restricted Electrical Licence - Refrigeration and Airconditioning

### Use of this form

This form is to be used by people applying to be registered as a restricted electrician with the Electrical Services Board. In Western Australia the **Electricity (Licensing) Regulations Act 1991** provides for registration of electrical workers.

### Registration as a restricted electrical worker

A restricted licence authorises the holder of the licence to carry out electrical work (including testing) associated with or for the purposes of the holder's trade or calling.

A restricted licence does not authorise the holder of the licence to carry out the installation or alteration of fixed wiring.

Refrigeration and air-conditioning equipment licences are issued with the following scope of work:

- Disconnect/reconnect R&AC equipment
- Fault find R&AC power and control circuits
- Modify, replace or repair within the R&AC "package"
- Modify R&AC control circuits in switchboards/panels
- Assemble factory supplied cable between R&AC split system components (up to 4kW)

### Period of registration

If your application is approved, registration will be granted for a period of one or five years.

### Registration and application fees

Two fees are payable with this application, a registration fee and a non-refundable application fee. Visit our [Fee Schedule](#) page for current fees. GST does not apply to fees.

If the Board does not grant your registration, the registration fee will be refunded.

### Incomplete applications

The Department does not accept incomplete applications. If your application is incomplete your application may be lapsed or refused and the application fee may not be refunded.
