EMERGENCY MANAGEMENT ACT 2005 (WA)
CHEVRON FIFO WORKER DIRECTIONS

On 15 March 2020, the Minister for Emergency Services declared a state of emergency with effect from 12 a.m. on 16 March 2020 in respect of the pandemic caused by COVID-19 pursuant to section 56 of the Emergency Management Act 2005 (WA) (Act) (State of Emergency). The State of Emergency applies to the State of Western Australia.

Pursuant to my powers as a police officer under section 71 of the Act, and the powers given to me under section 72A of the Act to give other directions to prevent, control or abate the risks associated with the emergency presented by the pandemic caused by COVID-19, on 17 May 2020, I gave the Quarantine (Closing the Border) Directions (Directions).

Pursuant to the same powers, I, Christopher John Dawson, Commissioner of Police and State Emergency Coordinator, now give the following directions.

PREAMBLE

1. The purpose of these directions is to make more specific provision for the quarantine of any Chevron FIFO worker, each of whom is required under paragraph 27(k) of the Directions, immediately after entering Western Australia, to be subject to strict quarantine provisions and complete a mandatory 14 day period of isolation in a location agreed with me as the State Emergency Coordinator or somebody authorised by me before the person enters a workplace in Western Australia.

CITATION

2. These Directions may be referred to as the Chevron FIFO Worker Directions.

COMMENCEMENT

3. These directions come into effect at the time of signing.
DIRECTIONS

4. Subject to paragraph 5, a Chevron FIFO worker must, immediately after entering Western Australia:

(a) as soon as possible and by the most direct route available and without stopping except as required by law, travel directly to the Vines in a vehicle provided by their employer; and

(b) remain inside their allocated room for a period ending fourteen (14) days after the day on which the person entered Western Australia, except to the extent that the person:

(i) is given another direction which they are required by law to obey; or

(ii) leaves their allocated room to seek urgent medical treatment at a hospital for the person, provided that:

(A) it is necessary for the person to leave their allocated room in order for that treatment to be provided; and

(B) the person goes to the hospital by ambulance or by the most direct route available and without stopping except as required by law or necessary for fuel or rest; and

(C) the person complies with any direction or instruction given by a relevant officer at the hospital; and

(D) unless otherwise directed or instructed by a relevant officer, the person returns to their allocated room as soon as possible after the urgent treatment has been provided and by the most direct route available and without stopping except as required by law or necessary for fuel or rest; or

(iii) must leave their allocated room to escape an immediate threat to their safety (other than any threat posed by COVID-19), provided that:

(A) the person does not go any further from their allocated room than is reasonably necessary to ensure that the person is safe from that threat, and from any other threat to their safety (other than any threat posed by COVID-19); and

(B) unless the person has reasonable grounds to believe that someone else has already done so, the person telephones the police on 131 444 as soon as possible to inform the police that
the person is required to quarantine and has had to leave the allocated room where the person was in quarantine; and

(C) if it is safe for the person to do so and the person is not otherwise directed or instructed by a relevant officer, the person returns to their allocated room as soon as possible; or

(iv) is undertaking authorised exercise; and

(c) if the person believes they have developed symptoms, telephone their General Practitioner to report the person's belief as soon as possible; and

(d) answer truthfully if a relevant officer asks the person to describe their state of health or asks whether the person has or has had any symptoms; and

(e) comply with any other direction or instruction the person is given by a relevant officer.

5. A Chevron FIFO worker who is in quarantine at the Vines under a direction immediately before these directions come into effect must comply with paragraph 4(b) to (e) of these directions rather than the direction under which the person was in quarantine immediately before these directions came into effect.

DEFINITION OF AUTHORISED EXERCISE

6. Authorised exercise means exercise that is engaged in by the person:

(b) in the exercise area; and

(c) without physical contact with, or coming within 1.5 metres of, any other person; and
