

Quarterly Statistics - Youth Community 2020 - Quarter 2

This report provides an overview of the number of young people engaged with Corrective Services in the community.

Quarterly Statistics

The statistics provided in this report are census data current at midnight at the end of the last day of each quarter and comparison data for the same quarter of previous years. It also includes trend information for each quarter for the previous 5 years.

Whilst the statistics are accurate as at the time of data extraction, the data systems are dynamic and are subject to updates and data integrity improvements. For this reason, data may change slightly from month to month or quarter to quarter. Data is not comparable to reports published prior to 30 June 2017.

All data are sourced from the Corrective Services Reporting Framework.
