

COVID-19 WA's controlled border*

Conditions of entry

Travellers to WA are subject to:

You will need a G2G PASS to enter Western Australia

Border checkpoints

Health screenings and temperature checks on arrival

Perth Airport COVID-19 test if required

Conditions of quarantine differ for arrivals from:

Very low risk jurisdictions

Low risk jurisdictions
includes 14 days self-quarantine and a COVID-19 test

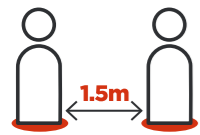

Medium risk jurisdictions
not permitted to enter WA without an exemption

*** Controlled border is dependent on latest health advice**
To keep Western Australians safe, the Chief Health Officer will continue to closely monitor community transmission in other jurisdictions and advise the WA Government if further changes to borders are required.

⚠ Breaching conditions of entry or providing false and or misleading information can result in fines of up to \$50,000 or imprisonment.

Western Australia's COVID-safe principles

Practise physical distancing where possible

Wash hands regularly

Stay home if unwell

Get tested if symptomatic
