

COVID-19 Travel advice

Arrivals to Western Australia

Before travel

From very low risk jurisdictions

Go online and obtain a G2G PASS (mandatory)

From low risk jurisdictions, and approved travellers from medium risk jurisdictions

Download the G2G Now app (voluntary) for quarantine checks

Wear a mask as directed

Complete health screening

Scan G2G PASS

On arrival at Perth Airport

Complete health screening

Scan G2G PASS

Verify suitable premises for self-quarantine

Enter self-quarantine for 14 days

Travellers from medium risk jurisdictions are not permitted to enter WA without approval

Travellers from high risk jurisdictions are not permitted to enter WA without approval and are subject to strict vaccination, pre-testing and quarantine requirements

Exemption categories are reduced for travellers from extreme risk jurisdictions. Travellers are not permitted to enter WA without approval and are subject to high risk category conditions plus mandatory hotel quarantine

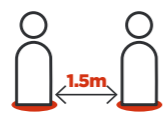

No suitable premises?

Enter government-approved quarantine facility at your own expense for 14 days

Be ready to use G2G Now to check-in when prompted by WA Police Force

⚠ Breaching conditions of entry or providing false and or misleading information can result in fines of up to \$50,000 or imprisonment.

Western Australia's COVID-safe principles

Practise physical distancing where possible

Wash hands regularly

Stay home if unwell

Get tested if symptomatic

Download the SafeWA app
