

### **Schedule 34 – Fair Wear and Tear**

- Nothing in the below table limits Project Co's obligations regarding the Output Specifications, the Stadium, Sports Precinct and Off-Site Infrastructure being Fit For Purpose or the FFP Warranty or otherwise as set out in this Agreement.
- The categorisation of a thing or event as 'damage' in the below table does not automatically give rise to an Intervening Event or compensation for that thing or event. (i.e. the below table can be used as a guide to identify things or events that may give rise to an Intervening Event or compensation, but the requirements of the relevant regimes must also be met for relief or compensation to be granted).
- The 'activities' identified in the table are activities that are *done* by the Stadium Operator, Stadium Personnel, State, State Associate or a Stadium User and do not include activities by Project Co and Project Co Associates.
- Terms used in this Schedule that are not otherwise defined in Clause 1.1 of this Agreement have the meanings given to them in Schedule 12 (Design Specifications).
