Statutory context

- (1) In accordance with Section 6(1)(c), (d) and (e) of the *Salaries and Allowances Act 1975* (“the Act”), the Salaries and Allowances Tribunal (“the Tribunal”) is required to inquire into and determine, the remuneration to be paid or provided to –
 - (a) the Clerk of the Legislative Council or Clerk of the Legislative Assembly or the Deputy Clerk of either House;
 - (b) officers of the Public Service holding offices including in the Special Division of the Public Service; and
 - (c) a person holding any other office of a full-time nature, created or established under a law of the State, that is prescribed for the purposes of this section, but not being an office the remuneration for which is determined by or under any industrial award or agreement made or in force under any other law of the State.
- (2) In discharging its statutory requirements with respect to the remuneration for Clerks and Deputy Clerks of the Parliament, holders of offices in the Special Division of the Public Service and Prescribed offices, the Tribunal’s approach has been to -
 - (a) invite public submissions;
 - (b) invite submissions from all office holders; and
 - (c) request advice from the Statutory Advisor.
- (3) Section 8(a) of the Act provides that a determination relating to offices identified in sections 6(1)(c), (d) and (e) must be issued within 12 months of the previous determination.
- (4) The Tribunal’s most recent determination in relation to Clerks of the Parliament, officers of the Special Division of the Public Service and the holders of prescribed offices was issued on 23 June 2015. By issuing this Determination, the Tribunal discharges its obligation under section 8(a).
- (5) When issuing determinations under sections 6(1)(c), (d) and (e), section 10A of the Act requires the Tribunal to consider specific information. Accordingly, in issuing this Determination, the Tribunal has considered the:
 - (a) *Public Sector Wages Policy Statement 2016*, which seeks to limit to 1.5% pay rises for public sector employees, consistent with the Department of Treasury’s forecast of the Consumer Price Index in 2015-16; and
 - (b) financial position and fiscal strategy of the State as set out in the following –
 - (i) the most recent Government Financial Strategy Statement released under the *Government Financial Responsibility Act 2000* section 11(1) and made publicly available under section 9 of that Act;
 - (ii) the Government Financial Projections Statement;
 - (iii) any submissions made to the Tribunal on behalf of the State Government.

Economic context

- (6) The Tribunal's 2015 Determination made no change to the salaries provided to Special Division or Prescribed office holders, which had been set in June 2014. This decision reflected the serious issues facing the Western Australian economy.
- (7) The Tribunal has noted the Government's 2016-17 State Budget, which stated that the economic and fiscal outlook remains challenging. The State Budget also indicated that –
- (a) the State's finances are facing a sudden and significant challenge due to:
 - (i) subdued commodity prices;
 - (ii) a contracting domestic economy as business investment is forecast to contract for a fourth consecutive year in 2016-17; and
 - (iii) lags in the GST distribution system that exacerbate the unpredictability of the State's revenue base.
 - (b) the general government revenue estimates (over the period 2015-16 to 2016-17) were revised down significantly, by a further \$2.5 billion since December's Mid-year Review.
 - (c) the unprecedented decline for a third year in a row to general government revenue, which means that a general government operating deficit of \$3.9 billion is forecast for 2016-17.
- (8) The Tribunal has also noted the Western Australian Economic Notes in relation to Perth's Consumer Price Index (CPI), Western Australian's Wages Price Index (WPI) and Western Australia's Labour Force. These indicate that –
- (a) Perth's CPI decreased by 0.6% over the quarter, and rose by 1.1% in annual average terms to March 2016. In year-ended terms, Perth's CPI increased by 0.7%;
 - (b) Western Australia's WPI increased by 0.5% over the quarter and rose by 2.0% in annual average terms to March 2016; and
 - (c) the unemployment rate in Western Australia averaged 6.0% over the year to April 2016, which is higher than the 5.3% average unemployment rate recorded over the year to April 2015. However, the seasonally adjusted unemployment rate in Western Australia increased to 5.6% during April 2016, up from a rate of 5.5% in March; and
 - (d) employment in Western Australia rose by 0.6% in annual average terms and grew by 0.2% over the three months to April 2016 with seasonally adjusted employment in Western Australia increasing by just 0.1% during April. Full-time employment fell by 7,792 persons during the month while part-time employment increased by 8,000 persons.
- (9) In statements supporting the release of the Public Sector Wages Policy Statement 2016, the Treasurer and Minister for Commerce linked the Consumer Price Index to the State Government's decision to limit pay rises of 1.5% per annum for public sector employees, consistent with the Department of Treasury's forecast of the CPI in 2015-16. The policy will apply to all public sector industrial agreements expiring on or after 1 June 2016.

2016 Inquiry Process

(10)The Tribunal invited public submissions to the inquiry in an advertisement appearing in *The West Australian* newspaper on 15 February 2016, with a closing date of 18 March 2016, and on the Tribunal's website at <http://www.sat.wa.gov.au>.

(11)No submissions were received from members of the general public.

(12)A submission was received from the Government, which reaffirmed the Tribunal's statutory obligation to have regard to the Wages policy and financial statements.

(13)Submissions were received from various office holders, either requesting a reclassification or an increase to their salary within their current band allocation.

(14)The Tribunal consulted with its statutory adviser, the Public Sector Commissioner, Mr Mal Wauchope, who is appointed under Section 10(4)(b) of the Act to assist the Tribunal.

Submissions

(15)In exercising its statutory responsibilities, the Tribunal applies broad principles upon which levels of remuneration are determined for all categories of offices and positions coming within the scope of the Act. These principles, particularised to the Clerks of the Parliament, Special Division and Prescribed Office holders, have been applied by the Tribunal to make judgments with respect to the remuneration and entitlements in this determination. These principles are:

- (a) the value of the offices to the State and our democratic system of government;
- (b) measures of the "work value" of the offices; and
- (c) the level of remuneration of the offices within the context of wage and salary rates applying generally in the community.

(16)In relation to the work value of positions, there is an expectation that senior executives within the Public Service and other statutory office holders must meet the challenges of changing roles and responsibilities arising from policy initiatives, changing priorities and the demands of the community. To warrant an increase in classification and/or remuneration the changes in the work value of the position must be significant and result in a fundamental change in the character of the office above the demands that an effective senior executive must meet on an ongoing basis.

(17)Taking this into account, the Tribunal resolved to not reclassify any Special Division or Prescribed Office Holder positions and also to not increase the salary for any office holders beyond an economic adjustment, with the exception of three Senior Legal Officers in the Second Schedule.

(18)It should be noted that Court Registrars and the Solicitor General are included in this Determination, but have been considered by the Tribunal within the context of the review of judicial offices. As a result their salaries have been adjusted in line with the Judicial Report issued on 1 June 2016.

(19)The salaries of Special Division and Prescribed Office Holders in this Determination (except for Court Registrars and the Solicitor General) are to increase by 1.5%, with effect from 1 July 2016.

The Determination will now issue.

PART 3 MOTOR VEHICLE BENEFITS

This Part deals with the motor vehicle benefits paid or provided to Office holders listed in Part 1 of this Schedule.

3.1 General

- (1) In addition to the salary determined for the office holders listed in Part 1 of this Schedule, those office holders have an entitlement to an allowance which may be taken as cash with salary or may be utilised to access a motor vehicle for private use leased through State Fleet.
- (2) The vehicle (being part of the Government-owned State Fleet) should be managed in accordance with the policies and conditions established and amended from time to time by the Department of Finance (the effective owner of the State Fleet). Applicable terms and conditions are currently set out in the document "State Fleet – Agency General Agreement".
- (3) A person holding more than one Special Division or Prescribed Office, shall be entitled to a motor vehicle or cash in lieu of a motor vehicle for one such office only, being the office classified or remunerated at the highest level.
- (4) An individual accessing a vehicle under this Part shall take due care of the condition and security of the vehicle. This includes responsibility for ensuring the vehicle is regularly serviced and maintained at government expense according to the manufacturer's recommended specifications, and making arrangements for off-street parking at home, whenever practicable, with appropriate security precautions taken at all times. Any theft or damage should be reported to the Fleet Manager.
- (5) Motor vehicles leased for office holders under this determination or a previous determination of the Tribunal shall not be changed or cash in lieu taken prior to the expiration of the lease.
- (6) While the vehicle may be used anywhere in Western Australia at no cost to the individual, if the vehicle is driven interstate, the individual is liable for the cost of fuel and oil while interstate. Furthermore, if used outside of Western Australia, the custodian must be in the vehicle at all times that it is being used.
- (7) Should the officer choose not to use the vehicle, supplied through State Fleet, for business, or for travelling to and from work, but allows and authorises the vehicle to be used for private use during business hours by another family member or person, they are not entitled to access another government vehicle for their private use, including transport to and from work.

- (8) Should the officer choose to take cash in lieu of a motor vehicle supplied through State Fleet, it is not the Tribunal’s intent that this should result in additional government expense or an increase in the government fleet to provide transport for the office holder during business hours. The office holder is not entitled to claim a mileage allowance for use of their private vehicle for work purposes. Neither are they entitled to access another government vehicle for their personal use including transport to and from work.

3.2 Notional value of the lease and the cost to the Office Holder

- (1) The notional value of the lease (and all associated costs) shall be:

Table 6 Notional Value of a Motor Vehicle

Salary of Office Holder	Notional value of the lease
Below \$246,397 p.a.	\$20,300 p.a.
Equal to or above \$246,397 p.a.	\$22,650 p.a.

- (2) The notional value of the lease shall be calculated on a pro rata basis in accordance with the proportion of full-time hours worked by an office holder.
- (3) Office holders located in non-metropolitan locations that require a four wheel drive vehicle for operational reasons, can apply to the employing authority for the issue of a four wheel drive vehicle in lieu of the entitlement mentioned in this Section. Four wheel drive vehicles shall be of a standard, the cost of which does not exceed the Toyota Prado GXL Automatic 3.0 litre Turbo Diesel.
- (4) The total lease cost of the chosen vehicle and accessories determined in this section, must be borne by the office holder. This includes the purchase cost of any accessories and the installation cost and removal costs if required, before disposal of the vehicle. No additional costs shall be incurred by the office holder as a result of fluctuations in lease costs during the specified term of the lease.
- (5) Where the total lease and associated costs of a vehicle and accessories in accordance with this determination is less than the relevant motor vehicle benefit determined in this section, the difference in the cost to Government is to be paid fortnightly as part of the office holder’s remuneration.
- (6) The method of determining whether an additional contribution must be made by the office holder or the surplus is to be paid to the office holder, shall be based on the notional lease cost to the Government of the vehicle sought (using the formula detailed below), compared with the relevant notional lease value determined for the benefit in this section. The cost at the time of entering into the lease is applicable.

- (7) The notional value of the vehicle benefit must include the lease cost, Fringe Benefits Tax (FBT) and all other operating costs based on the relevant figure of nominated kilometres to be travelled annually. The formula to be adopted in valuing the motor vehicle is outlined in Table 7 below.

Table 7 Value of a Motor Vehicle Formula

Value of a Motor Vehicle =		
L + R + aD + FBT + I + LCT, where		
L	=	Lease payments
R	=	Registration costs
a	=	Running cost per kilometre
D	=	nominated annual kilometres
FBT	=	Fringe Benefits Tax
I	=	Insurance
LCT	=	Luxury Car Tax

- (8) FBT is costed at applicable Australian Taxation Office rates. FBT is costed at purchase price (including GST) x Statutory fraction x Gross up (2.1463) x FBT rate (0.490). A 'Fringe Benefits Tax Exempt Agency' means where an organisation is exempt from FBT in accordance with Commonwealth Government legislation, a notional amount equal to the standard FBT must be added to the cost of the benefit.
- (9) Each lease should be tailored to achieve the most cost-effective arrangement based on individual usage patterns.

3.3 Choice of motor vehicle

- (1) Where an office holder elects to access a leased vehicle under State Fleet arrangements, he/she may choose any vehicle and accessories in the relevant Western Australian Government Common Use Contract or an "off contract" vehicle and accessories available under Government leasing arrangements in accordance with the following criteria.
- (2) Vehicles with V8 engines are not included. Supercharged and turbo-charged engines with a capacity greater than 3.0 litres are not included.
- (3) Office holders unable to lease their choice of vehicle within the scope of the arrangements set out in this determination should elect to make their own arrangements to meet their personal transport needs.

3.4 Cash value of the motor vehicle benefit

- (1) Where a person elects not to be provided with a motor vehicle through State Fleet he/she is entitled to the cash value being paid fortnightly as additional remuneration. The relevant cash value is to be determined in accordance with the following criteria:

Table 8 Cash Value of a Motor Vehicle

Salary of Office Holder	Cash Value
Below \$246,397 p.a.	\$20,300 p.a.
Equal to or above \$246,397 p.a.	\$22,650 p.a.

- (2) The cash value of a motor vehicle shall be calculated on a pro rata basis in accordance with the proportion of full-time hours worked by an office holder.

- (2) The home ownership subsidy shall be payable for the benefit of the office holder up to the maximum specified in Table 12 below.
- (3) The subsidy shall be paid in accordance with and for the period specified in the relevant Home Loan Subsidy Agreement between the office holder and their Department or agency identified in Table 12 below.

These electricity subsidies are based generally on the air conditioning subsidies applicable under the Department of Housing's *Government Housing Air Conditioning Policy (October 2001)*.
- (2) Claims made under this Section must be accompanied by a tax invoice for electricity utilised at the residence ordinarily occupied by the office holder within the relevant Development Commission region where the office holder's department or agency is located.
- (3) A claim for an electricity subsidy made under this Section must be submitted within 90 days of the due payment date of the tax invoice. In the case of exceptional circumstances, the administering authority may approve an extension of time to submit a claim. Any application made to the administering authority seeking an extension of time to submit a claim under this Section, should be in writing and explain the exceptional circumstances leading to the need for extra time to submit a claim. Exceptional circumstances, for which an extension will be approved, will only be where the office holder has demonstrated that the claim submission has been delayed for reasons outside the office holder's control or in circumstances where ill health or bereavement has prevented a claim being made on time. Where delays in submitting a claim have been due to administrative oversight or negligence, the Tribunal does not regard these as circumstances appropriate to grant an extension of time to submit a claim. Where a claim is made after 90 days and no extension has been granted, payment against the claim will not be made.
- (4) Applicable FBT shall be paid by the office holder's department or agency.
- (5) Any gap between the electricity subsidy as stated in Table 13 and the full electricity amounts is payable by the office holder.

6.1 Superannuation Entitlements

- (1) Employer superannuation contributions are payable in accordance with the obligations applicable under the *Superannuation Guarantee (Administration) Act 1992* (Cth), the *State Superannuation Act 2000* and the *State Superannuation Regulations 2001* or the *Fire and Emergency Services Regulations 1986*, as the case may be, unless determined otherwise in this Schedule.
- (2) Superannuation contributions to the Gold State Super scheme are based on the concept of remuneration set out in Regulation 5 of the *State Superannuation Regulations 2001*. Contributions to an accumulation scheme, whether a GESB accumulation scheme or a scheme of choice, are determined by the concept of Ordinary Time Earnings (OTE) defined in the *Superannuation Guarantee (Administration) Act 1992* (Cth) and 'over OTE items' as defined in the *State Superannuation Regulations 2001*. The Department of Treasury document titled *Ordinary Time Earnings and the Treatment of Allowances and Payments for Superannuation Remuneration Purposes – General Principles* provides useful guidance on this matter. The document can be found on the Department of Treasury web site at:
