

Peel Recovery Plan

The Peel Recovery Plan is part of the next step in our COVID-19 journey.

It's part of WA's \$5.5 billion overarching State plan, focused on building infrastructure, economic, health and social outcomes.

The Peel Recovery Plan will deliver a pipeline of jobs in sectors including construction, manufacturing, tourism and hospitality, renewable energy, education and training, agriculture, conservation and mining.

WA's recovery is a joint effort, it's about Government working with industry together. We managed the pandemic together as a community. Together, we will recover.
