Your details

1 What is your name?

Name:

[REDACTED]

2 Can we publish your response?

Yes, you may publish my response anonymously

3 What is your email address? (optional)

Email:

4 What is your postcode? (optional)

Postcode:

5 Do your views officially represent those of an organisation?

No, these are my personal views

If yes, please specify the name of your organisation.:

6 Which of the following best describes the group or person you represent?

Private citizen

If other, please specify.:

7 Which of the following best describes the sector you represent?

Not applicable (private citizen)

If other, please specify.:

8 Are there specific parts of your submission that you want to keep confidential?

If yes, please outline which specific parts of your submission must be kept confidential and explain why. :

A State native vegetation policy

9 Referring to the proposed policy objective statements below, how well do you support each one in guiding our development of a policy?

Objective 1 matrix - Objective 1:

Supported

Please explain in the text box below.:

If we do not start managing the environment to a much higher standard than is presently being achieved, there will no point in worrying about economic, social and cultural outcomes.

Objective 2 matrix - Objective 2:

Supported

Please explain in the text box below.:

Landscape across LGA boundaries is essential - catchments.

Objective 3 matrix - Objective 3:

Neutral

Please explain in the text box below.:

define 'at risk'. Were I live all vegetation is at risk

10 What opportunities are presented by the development of a State Native Vegetation Policy focused on how government manages vegetation?

Please provide your answer in the text box below.:

Knowledge on what is being cleared, where. Educate the community - people have no idea

Better information

11 How do you use native vegetation data within your sector? (Choose as many options as you require)

To plan for conservation, To plan for restoration

If you have chosen 'other', please specify:

12 Which of the following elements of better information provision would be most relevant to your sector? (Choose as many options as you require)

Evidence-base for decisions

If you have chosen 'other', please specify:

13 What other opportunities are presented by improved information and improved access to information?

Please provide your answer in the text box below.:

Educate the public

Better regulation

14 Which of the following elements of better regulation would be most important to your sector? (Please rank your top three)

Rank better reg elements - Improved protection for native vegetation:

1

Rank better reg elements - Ensuring development is sustainable:

Rank better reg elements - Streamlined regulation for cost saving:

Rank better reg elements - Clearer requirements for business certainty:

Rank better reg elements - Improved assessment timeframes:

Rank better reg elements - Transparent, evidence-based decisions:

3

Rank better reg elements - Improved compliance and enforcement of unauthorised clearing:

2

Rank better reg elements - Equitable treatment of all proponents:

Rank better reg elements - Confidence in the regulatory system for all stakeholders:

Rank better reg elements - Other:

If you selected Other, please provide further information.:

15 What other opportunities are presented by better regulation?

Please provide your answer in the text box below.:

Less unauthorised clearing and improved knowledge of clearing across the landscape. It is death by a thousand cuts at the moment for vegetation and biodiversity.

A bioregional approach

16 Which of the following elements are the most important to you/your sector? (Please rank your top three)

Rank bioregional elements - 1. Transparent outcomes and objectives:

2

Rank bioregional elements - 2. Leveraging local knowledge:

Rank bioregional elements - 3. Strategic and innovative approach to conflicting interests:

Rank bioregional elements - 4. Clear targets and thresholds:

3

Rank bioregional elements - 5. Planned approach to dealing with cumulative impacts:

Rank bioregional elements - 6. Effective monitoring and evaluation framework:

1

Rank bioregional elements - 7. Supporting public-private partnerships for conservation:

Please explain in the text box below.:

without a healthy environment nothing else will need considering

17 What other opportunities are presented by a bioregional approach?

Please explain in the text box below.:

We could stop the endless sprawl of the metro area and in turn assist with increasing the unbearable heat in the suburbs.

18 What concerns are presented by a bioregional approach, for your sector?

Please explain in the text box below.:

nil

Other initiatives

19 What initiatives do you think would work best to improve native vegetation outcomes in your region?

Pricing, incentives and markets (e.g. biodiversity banking, offsets, carbon farming etc), Pastoral diversification, Nature-based or cultural tourism

Please explain in the text box below.:

20 What else could be done to improve the management of native vegetation to arrest the decline of native vegetation extent and condition?

Please provide your answer in the text box below.:

Stop fragmentation and increase size of remiaing extent. Stop urban sprawl. The suburbs north of Perth are disgusting
