SCHEDULE 4 PART A

Minute of Proposed Consent Determination of Compensation

WAD 222/2020

Federal Court of Australia

District Registry: Western Australia

Division: General

Ward & Ors on behalf of the Gibson Desert People Applicant

The State of Western Australia [& Ors]
Respondent[s]

THE COURT NOTES THAT:

- On 18 September 2020 the Applicant, authorised by the compensation claim group (Gibson Desert People), filed compensation application WAD 222 of 2020 under section 61(1) of the Native Title Act 1993 (Cth) (NTA) (the Compensation Claim).
- 2. The Compensation Claim seeks compensation in accordance with Part 2, Division 5 of the NTA for the loss, diminution, impairment or other effect on native title in relation to the area the subject of the Compensation Claim (claim area) by reason of the following acts associated with the creation of the Gibson Desert Nature Reserve (Reserve 34606) on 22 April 1977 to the extent that they gave rise to an entitlement to compensation:
 - (a) reservation of the land the subject of the claim area under section 29 of the *Land Act* 1933 (WA) as Reserve 34606 for the purpose of Conservation of Flora and Fauna;
 - (b) classification of Reserve 34606 as a Class 'A' reserve in accordance with section 31 of the Land Act 1933 (WA); and

(c) vesting of Reserve 34606 in the Western Australian Wildlife Authority in trust for the reserve purpose under section 33 of the *Land Act 1933* (WA),

hereafter referred to collectively as the Compensable Act.

- 3. There is no approved determination of native title in relation to the claim area. The parties agree that:
 - (a) at the time immediately prior to the Compensable Act, the Gibson Desert People held non-exclusive native title rights and interests in relation to the claim area;
 - (b) the Compensable Act resulted in the total extinguishment of all native title in relation to the claim area. The *Racial Discrimination Act 1975* (Cth) conferred a right to compensation on the Gibson Desert People for that effect. The effect of section 45 of the NTA is that the compensation is payable under the NTA as if the entitlement arose under that Act; and
 - (c) the Compensable Act is attributable to the First Respondent. The Applicant has not in the Compensation Claim sought compensation from any other person or party.
- 4. The parties have entered into an agreement which *inter alia* settles the First Respondent's compensation liability for the Compensable Act (**Settlement Agreement**) having regard to the Compensation Claim.
- 5. The Settlement Agreement provides for the payment and provision of benefits by the First Respondent in accordance with the Settlement Agreement. The parties agree that the benefits to be paid and provided under the Settlement Agreement will constitute compensation on just terms (in the sense required by sections 51 and 53 of the NTA) in full and final satisfaction of the Gibson Desert People's entitlement to, and the First Respondent's liability for, compensation in respect of the Compensable Act.
- 6. Pursuant to section 87(1) of the NTA, the Applicant and the First Respondent have set out in the Settlement Agreement the agreed terms of the orders which they ask the Court to make in this proceeding. A Minute of Proposed Orders has been signed by the parties, and filed with the Court, seeking a determination of the Compensation Claim in accordance with section 87(2) of the NTA.
- 7. A copy of the Settlement Agreement has also been filed with the Court, as an annexure to submissions made and jointly filed by the Applicant and First Respondent in support of the Minute of Proposed Orders, in accordance with section 87(1)(b) of the NTA.

- 8. One of the benefits to be provided under the Settlement Agreement is the First Respondent's commitment to assisting the Gibson Desert People to obtain a determination of native title in relation to the claim area on the basis that prior extinguishment of their native title is to be disregarded. In accordance with the Settlement Agreement, native title determination application WAD [XXX of 20XX] (Native Title Claim) was filed on [date] in relation to the claim area.
- 9. In accordance with section 13(2) of the NTA, and to give effect to the Settlement Agreement, the parties have also requested the Court to make a determination of native title in the Native Title Claim at the same time as the determination of compensation in the Compensation Claim.
- 10. A separate Minute of Proposed Orders has been signed by the parties to the Native Title Claim, and filed with the Court in the Native Title Claim, seeking a determination of native title in favour of the Gibson Desert People in accordance with section 87 of the NTA.

11. On the basis of:

- (a) the matters outlined above; and
- (b) no claim for compensation having been made in the Compensation Claim as against any other party in respect of the Compensable Act,

the parties agree that the Court should make the orders set out at Attachment A.

Being satisfied that orders in the terms sought by the parties are within the power of the Court and it appearing to the Court appropriate to do so and by the consent of the parties:

THE COURT ORDERS THAT:

- 1. There be a determination of compensation in terms of Attachment A to these orders.
- 2. There be no order as to costs.

AND THE COURT MAKES THE FOLLOWING FURTHER ORDERS PURSUANT TO SECTION 87(4) OF THE NTA:

- 3. These orders finally dispose of the Compensation Claim.
- 4. The compensation provided for under the Settlement Agreement and this determination of compensation is in full and final satisfaction of the Gibson Desert People's entitlement to, and the First Respondent's liability for, compensation pursuant to the NTA in relation to the past

loss, diminution, impairment or other effect of native title in relation to the Determination Area by the Compensable Act.

ATTACHMENT A

BY CONSENT OF THE PARTIES, THE COURT ORDERS, DECLARES AND DETERMINES THAT:

Compensation for extinguishment of native title: ss 45, 51(1) NTA

- 1. Compensation is to be provided by the First Respondent in accordance with the terms of the Settlement Agreement for the loss, diminution, impairment or other effect of the Compensable Act on native title in relation to the Determination Area.
- 2. Satisfaction of the First Respondent's obligations under the Settlement Agreement shall be taken as full discharge of the First Respondent's obligation to comply with these orders.

Persons entitled to compensation: s 94 NTA

- 3. The persons entitled to the compensation are the Gibson Desert People. The parties to the Settlement Agreement, including the Applicant on behalf of the Gibson Desert People, have agreed in the Settlement Agreement that some of the compensation is to be provided to Warnpurru AC and some of the compensation is to be expended directly by the State in accordance with the Settlement Agreement.
- 4. The amount or kind of compensation to be given to each person and any dispute regarding the entitlement of a person to an amount of the compensation shall be determined in accordance with the decision-making processes of Warnpurru AC as set out in its constitution registered from time to time with the Office of the Registrar of Indigenous Corporations.

SCHEDULE 4 PART B

Minute of Proposed Consent Determination of Compensation

WAD 222/2020

Federal Court of Australia

District Registry: Western Australia

Division: General

Ward & Ors on behalf of the Gibson Desert People Applicant

The State of Western Australia [& Ors]
Respondent[s]

THE COURT NOTES THAT:

- On 18 September 2020 the Applicant, authorised by the compensation claim group (Gibson Desert People), filed compensation application WAD 222 of 2020 under section 61(1) of the Native Title Act 1993 (Cth) (NTA) (the Compensation Claim).
- 2. The Compensation Claim seeks compensation in accordance with Part 2, Division 5 of the NTA for the loss, diminution, impairment or other effect on native title in relation to the area the subject of the Compensation Claim (claim area) by reason of the following acts associated with the creation of the Gibson Desert Nature Reserve (Reserve 34606) on 22 April 1977 to the extent that they gave rise to an entitlement to compensation:
 - (a) reservation of the land the subject of the claim area under section 29 of the *Land Act* 1933 (WA) as Reserve 34606 for the purpose of Conservation of Flora and Fauna;
 - (b) classification of Reserve 34606 as a Class 'A' reserve in accordance with section 31 of the *Land Act 1933* (WA); and

(c) vesting of Reserve 34606 in the Western Australian Wildlife Authority in trust for the reserve purpose under section 33 of the *Land Act 1933* (WA),

hereafter referred to collectively as the Compensable Act.

- 3. There is no approved determination of native title in relation to the claim area. The parties agree that:
 - (a) at the time immediately prior to the Compensable Act, the Gibson Desert People held non-exclusive native title rights and interests in relation to the claim area;
 - (b) the Compensable Act resulted in the total extinguishment of all native title in relation to the claim area. The *Racial Discrimination Act 1975* (Cth) conferred a right to compensation on the Gibson Desert People for that effect. The effect of section 45 of the NTA is that the compensation is payable under the NTA as if the entitlement arose under that Act; and
 - (c) the Compensable Act is attributable to the First Respondent. The Applicant has not in the Compensation Claim sought compensation from any other person or party.
- 4. The parties have entered into an agreement which *inter alia* settles the First Respondent's compensation liability for the Compensable Act (**Settlement Agreement**) having regard to the Compensation Claim.
- 5. The Settlement Agreement provides for the payment and provision of benefits by the First Respondent in accordance with the Settlement Agreement. The parties agree that the benefits to be paid and provided under the Settlement Agreement will constitute compensation on just terms (in the sense required by sections 51 and 53 of the NTA) in full and final satisfaction of the Gibson Desert People's entitlement to, and the First Respondent's liability for, compensation in respect of the Compensable Act.
- 6. Pursuant to section 87(1) of the NTA, the Applicant and the First Respondent have set out in the Settlement Agreement the agreed terms of the orders which they ask the Court to make in this proceeding. A Minute of Proposed Orders has been signed by the parties, and filed with the Court, seeking a determination of the Compensation Claim in accordance with section 87(2) of the NTA.
- 7. A copy of the Settlement Agreement has also been filed with the Court, as an annexure to submissions made and jointly filed by the Applicant and First Respondent in support of the Minute of Proposed Orders, in accordance with section 87(1)(b) of the NTA.

8. In accordance with section 13(2) of the NTA, and to give effect to the Settlement Agreement, the parties have also requested the Court to make a determination of native title in relation to the claim area at the same time as the determination of compensation in the Compensation Claim.

9. On the basis of:

- (a) the matters outlined above; and
- (b) no claim for compensation having been made in the Compensation Claim as against any other party in respect of the Compensable Act,

the parties agree that the Court should make the orders set out at Attachment A and Attachment B.

10. The parties seek these orders in accordance with the terms of the Settlement Agreement. However, the Settlement Agreement also allows for the possibility that, if the NTA should subsequently be amended by the introduction of section 47C in the form, or substantially in the form, set out in clause 2 of Schedule 3, Part 1, Division 1 to the *Native Title Legislation Amendment Bill 2019* (Cth) as presented and read a first time on 17 October 2019, the Gibson Desert People may seek a determination of native title in relation to the Determination Area on the basis that prior extinguishment of their native title is to be disregarded. In that event, the State has, under the Settlement Agreement, committed to assist the Gibson Desert People to seek a determination that native title exists in relation to the Determination Area.

Being satisfied that orders in the terms sought by the parties are within the power of the Court and it appearing to the Court appropriate to do so and by the consent of the parties:

THE COURT ORDERS THAT:

- 1. There be a determination of compensation in terms of Attachment A to these orders.
- 2. There be a determination of native title in relation to the Determination Area in terms of Attachment B to these orders.
- 3. There be no order as to costs.

AND THE COURT MAKES THE FOLLOWING FURTHER ORDERS PURSUANT TO SECTION 87(4) OF THE NTA:

4. These orders finally dispose of the Compensation Claim.

5. The compensation provided for under the Settlement Agreement and this determination of compensation is in full and final satisfaction of the Gibson Desert People's entitlement to, and the First Respondent's liability for, compensation pursuant to the NTA in relation to the past loss, diminution, impairment or other effect of native title in relation to the Determination Area by the Compensable Act.

ATTACHMENT A

BY CONSENT OF THE PARTIES, THE COURT ORDERS, DECLARES AND DETERMINES THAT:

Compensation for extinguishment of native title: ss 45, 51(1) NTA

- 1. Compensation is to be provided by the First Respondent in accordance with the terms of the Settlement Agreement for the loss, diminution, impairment or other effect of the Compensable Act on native title in relation to the Determination Area.
- 2. Satisfaction of the First Respondent's obligations under the Settlement Agreement shall be taken as full discharge of the First Respondent's obligation to comply with these orders.

Persons entitled to compensation: s 94 NTA

- 3. The persons entitled to the compensation are the Gibson Desert People. The parties to the Settlement Agreement, including the Applicant on behalf of the Gibson Desert People, have agreed in the Settlement Agreement that some of the compensation is to be provided to Warnpurru AC and some of the compensation is to be expended directly by the State in accordance with the Settlement Agreement.
- 4. The amount or kind of compensation to be given to each person and any dispute regarding the entitlement of a person to an amount of the compensation shall be determined in accordance with the decision-making processes of Warnpurru AC as set out in its constitution registered from time to time with the Office of the Registrar of Indigenous Corporations.

Interpretation

- 5. In this determination, including its schedules:
 - (a) unless the contrary intention appears, the words and expressions used have the same meaning as in the NTA;

- (iii) vesting of Reserve 34606 in the Western Australian Wildlife Authority in trust for the reserve purpose under section 33 of the *Land Act 1933* (WA).
- (d) **Determination Area** means the whole of the area described in Schedule 1 and depicted on the map attached at Schedule 2;

- (f) **NTA** means the *Native Title Act 1993* (Cth);
