## **1 Contract Background and History**

Acacia Prison (Acacia) is a privately operated medium security facility located in Wooroloo, approximately 55km east of Perth. Opened in 2001, the land and buildings constituting Acacia are publicly owned.

The Acacia Prison Services Agreement (the Agreement), between the Director General of the Department of Justice (the Department), on behalf of the State of Western Australia (the State) and Serco Australia Pty Ltd (Serco), was executed on 6 May 2006. Serco commenced operations on 16 May 2006. The Agreement was awarded as a five year contract with two extension options of up to five years each. The first of the two five-year extension options was exercised in May 2011. The second and final option was exercised in May 2016. The Agreement will expire on 16 May 2021.

## **2 Contract Management**

### **2.1 Overview**

The Agreement is overseen and monitored by the Private Prison Contracts Management (PPCM) branch within the Corrective Services Division of the Department.

Contractual performance and service delivery is assessed and managed by a contract management meeting, held monthly, with the Contract Manager, the Contractor Representative/Superintendent and other Departmental and Serco representatives. This includes reviewing Performance Measures, Performance Improvement Requests (PIRs), Specified Events and other contract management oversight mechanisms. It also provides a forum to discuss operational matters affecting Acacia.

Contractual performance and service delivery is overseen by the Joint Management Board. The meetings are attended by the Commissioner of Corrective Services, the Contractor Representative and other senior staff from the Department and Serco. The Contract Manager reports on Serco's performance at this meeting, held quarterly, which is also used to provide direction and advice on strategic and policy issues affecting the provision of services under the Agreement.

### **2.2 Monitoring and Compliance**

The Corrective Services Division operates a team of on-site compliance officers through its Monitoring and Compliance branch, who conduct compliance checks to ensure service delivery requirements are met.

Feedback from the Monitoring and Compliance Officers assists in assessing compliance and performance, as well as ensuring continuous improvement by Serco.

### **2.3 Performance Measures**

The Agreement provides for a suite of thirteen (13) Performance Measures that enable the State to assess compliance with service delivery requirements within the Agreement. 5% of the monthly Operation Payments due to Serco are withheld to allow for the payment of these measures (see *7 Contract Payments and Associated Financial Information*).

A monthly report is completed by Serco indicating performance against each performance measure, which is reviewed and verified by PPCM.

## **2.4 Corrective Measures**

In addition to the payment incentives described above, the Agreement provides for several contractual sanctions that may be applied in the event of non-compliance with service delivery requirements. These corrective measures comprise the following:

- Performance Improvement Request (PIR): A written notice by the State requiring Serco to improve its performance of the Contractor Services.
- Abatement Amount: An amount required to be paid as the result of a Specified Event as listed in Schedule 1 of the Agreement.
- Default Notice: A notice given by either party for any breach or default by the Contractor or the Contractor's Obligations.

## **3 2018/19 Key Projects and Initiatives**

### **3.1 Fifty Bed Expansion**

In August 2018 the Department and Serco executed a contract variation providing for the operational capacity of Acacia to be increased to 1,525 prisoners. An additional fifty (50) beds were installed at Acacia by Serco and assisted in relieving bed pressures in the adult male estate. The additional beds represented improved value for money and reduced the average per prisoner cost paid to Serco compared to the 2017/18 Operation Year.

### **3.2 Individual Management Plan Contract Variation**

Corrective Services has been experiencing a steady increase in the backlog of Individual Management Plans (IMPs) due to a number of factors including increasing prisoner numbers. An initial IMP is required to be developed within 28 days of sentencing and is reviewed every six to 12 months depending on total sentence length. The Hakea Prison assessments team are responsible for completing the initial IMPs of adult male prisoners in the metropolitan area.

In June 2019, the State issued a Variation Notice to Serco enabling them to address the backlog of IMPs for prisoners housed at Acacia. Initial training commenced for all new assessors on 24 June 2019. This training will enable commencement of treatment assessments as of 1 July 2019 with further training scheduled in August 2019.

### **3.3 Performance Measures Review**

Between March and June 2019, a review of the Performance Measures was carried out in conjunction with Serco. This review resulted in a number of measures having their performance targets strengthened, with a view to driving continuous improvement in Serco's service delivery. Adjustments were also made to expand the cohort and number of prisoners in through care planning as well as setting target completion rates for those prisoners completing substance use treatment plans.

An additional two Performance Indicators were added to the current suite which are new non-financially incentivised measures and relate to searching and emergency management exercises.

The revised Performance Measures are effective 1 July 2019. The complete suite of updated Performance Measures and Performance Indicators are attached to this report at Attachment A.

## 4 Prison Population

At the conclusion of the 2018/19 Operation Year, Acacia had an operational capacity of 1525 prisoners. This included 827 standard, 362 self-care, 303 protection and 33 assisted care beds.

To fully optimise the utilisation of beds across Western Australia, and to ensure maximum value for money from the Agreement, the State operates Acacia as near as possible to its operational capacity.

The below graph shows the Daily Average Population (DAP) at Acacia over the course of the 2018/19 Operation Year.

## 5 Contractual Performance

### 5.1 Performance Measures

The PPCM branch reviews contractual performance on a monthly basis. Serco submits a monthly report that includes a performance report indicating performance against all performance measures. The performance report is reviewed by PPCM and a final report of the performance measures for the month is produced and signed by the State.

During the 2018/19 Operation Year Serco's performance against the Performance Measures was satisfactory. There were eight serious prisoner assaults which was the same for the 2017/18 Operation Year. There were seven serious self-harm incidents, compared to one in the 2017/18 Operation Year. Only 2.65% of random drug tests returned positive results, compared to 3.15% in the 2017/18 Operation Year.

Serco achieved full payment for 10 of the 13 Performance Measures, with partial payment of the remaining three. 92.85% of the available PLF (\$3,587,426.03) was paid to Serco (see 7 *Contract Payments and Associated Financial Information*).

The results of Serco's performance against each performance measure for the 2018/19 Operation Year is shown in the attached Performance Measure Dashboard at Attachment B.

## **5.2 Corrective Measures Applied**

Where service delivery is determined not to meet contractual requirements, the Agreement provides for several contractual provisions that may be applied (See 2.4 *Corrective Measures*). The following corrective measures were applied in the 2018/19 Operation Year:

### **5.2.1 Performance Improvement Requests**

In the 2018/19 Operation Year there were no PIRs issued.

### **5.2.2 Abatement Amounts**

During the 2018/19 Operation Year, the following Abatement Amounts were issued to Serco.

On 15 October 2018, the State issued two Abatement Amounts totaling \$10,261.50 to Serco for the failure to record information relating to two incidents on the departmental offender database. Failure to record this information constitutes a breach by Serco of its obligations to report or provide information and is a Specified Event under the terms of the Services Agreement.

On 19 June 2019, the State issued an Abatement Amount of \$205,230 to Serco for the death in custody of a prisoner on 12 June 2019. The death of a prisoner in custody other than from natural causes, is a Specified Event under the terms of the Services Agreement. This death will be subject to a coronial inquest by the State Coroner of Western Australia.

### **5.2.3 Default Notices**

In the 2018/19 Operation Year there were no Default Notices issued by the State.

## **6 External Oversight**

Serco's operations at Acacia Prison are subject to a range of reviews by external bodies. During the 2018/19 Operation Year, reviews included:

## 6.1 Office of Inspector of Custodial Services Inspection

From 21 to 29 November 2018, the Office of the Inspector of Custodial Services carried out an inspection of Acacia Prison. A draft copy of the report was provided to the Department on 13 June 2019.

The Department has responded to all ten recommendations contained within the report and will monitor the actioning of these recommendations in the 2019/20 Operation Year.

## 6.2 Independent Visitors Services (IVS)

The IVS is managed by the Office of the Inspector of Custodial Services, utilising persons appointed by the Minister for Corrective Services. It is an independent form of external scrutiny that monitors and inspects prisons across Western Australia.

During the 2018/19 operation Year, the IVS undertook 10 visits to Acacia Prison. Issues raised by prisoners included property, medical, and assessment complaints. Each complaint was responded to by Serco and responses were overseen by Corrective Services.

## 7 Contract Payments and Associated Financial Information

The costs associated with the Agreement for the 2018/19 Operation Year are below (rounded to the nearest dollar):

Monthly Service Payment	Payment
Operation Payments (excluding 5% PLF withholding)	\$68,161,094
Performance Linked Fee (PLF)	\$3,330,973
Wages Adjustment (including the estimated value of the balance payment amount not yet paid)	\$7,760,000
Pharmacotherapy Reimbursement	\$309,187
Hospital Sits Reimbursement	\$299,494
Utilities Reimbursement	\$600,686
Recruitment and Training Costs	\$125,479
Band Transition Fee	\$29,552
IMP Contract Variation	\$23,805
Abatements	(\$215,492)
<b>Gross Total:</b>	<b>\$80,424,778</b>

The Recruitment and Training costs as well as the Band Transition Fee costs relate to the fifty bed expansion which occurred during the 2018/19 Operation Year.

### **Correction to 2017/18 Annual Report:**

The Annual Report 2017/18 Acacia Prison Services Agreement, tabled in Parliament on 9 October 2018 by the Minister for Corrective Services, contained an estimated Wages Adjustment payment in Contract Payments and Associated Financial Information heading.

The Wages Adjustment was listed as being \$6,720,000 and included an estimated balance payment. A review of the 2017/18 report has identified that the balance payment amount for the wages adjustment was underestimated. The final 2017/18 Wages Adjustment paid to Serco was \$7,490,881.

The wages adjustment represents the difference between the Consumer Price Index (CPI) increases applied under the Agreement and the Enterprise Bargaining Agreement (EBA) rates negotiated by Serco with their employees.

The total payments made to Serco under the Agreement for the 2017/18 Operation Year were therefore \$78,021,178.

### **7.1 Prisoner Welfare Trust Fund (PWTF)**

Serco operates a canteen service which offers snacks, confectionary, non-alcoholic drinks, toiletries, magazines, books, stationery and any other items as specified to prisoners. Under the Agreement, Serco is required to make payment into the Prisoner Welfare Trust Fund an amount equal to two percent (2%) of Gross Canteen Sales in respect of the previous month. In addition, Serco has contributed 50% of gross sales from the visitor's canteen into the trust fund. Expenditure from this fund is approved by the Department where submissions from Serco demonstrate that the funds will be used for the welfare of prisoners at Acacia.

As at 1 July 2018 the PWTF had an opening balance of \$45,447.08.

Payments made to the PWTF in the 2018/19 Operation Year totalled \$79,948.10.

The following expenditure was approved by the Department in the 2018/19 Operation Year:

- Family days: \$21,895.85
- Purchase of crèche toys and furnishings for the visitors centre: \$3,986.59.
- Christmas presents for Santa to give to children attending visits during the festive period: \$5,000.

The PWTF had a closing balance of \$94,512.74 at the end of the 2018/19 Operation Year.

### **7.2 Prison Industries**

Serco engages with external agencies and contractors to provide training which allows prisoners to undergo and complete trade-related and employment-specific skills. These include metal workshops and woodwork shops producing a wide variety of woodwork items, including designing a new prototype bunk used in the recent 50 bed expansion.

Under clause 8.2 of the Agreement, Serco is required to pay the State an amount equal to ten percent (10%) of the Gross Prison Industry Revenue. In the 2018/19 Operation Year \$64,155.41 was paid to the State.

David Hughes	Assistant Director Private Prison Contract Management Contract Manager Department of Justice		

## 1 Definitions and Interpretation

In this Agreement unless the context otherwise requires, the following definitions and interpretations apply.

### Mitigation

Where any mitigation that is accepted by the Department, the incident or occurrence will be removed from counting when calculating the Progressive Target result. For example: *Performance Measure 5: Sentence Planning*, should 60 IMPs be required for reviewing and mitigation is provided and accepted for two prisoners' IMP not being completed were accepted, the Progressive Target result will be calculated on 58 total IMPs.

### Rounding Method for Progressive Target Results

Method used to shorten numbers, either increasing or decreasing a number to the nearest one decimal point. Numbers with half-way values and higher are rounded up to the nearest one decimal point. An example table below:

Number	Rounding	Number	Rounding
0.11	0.1	0.16	0.2
0.12	0.1	0.17	0.2
0.13	0.1	0.18	0.2
0.14	0.1	0.19	0.2
0.15	0.2		

### Rounding Method for Sample Sizes

Method used to increase a number with decimals to the greater whole number. The applicable performance measures will be 03, 04 and 12. An example table below:

Number	Rounding	Number	Rounding
0.1	1.0	0.6	1.0
0.2	1.0	0.7	1.0
0.3	1.0	0.8	1.0
0.4	1.0	0.9	1.0
0.5	1.0		

### Multi-disciplinary

In relation to *Performance Measure 3: ARMS*, the PRAG Meeting attendance is to be multi-disciplinary. Attendees, at a minimum, to include:

1. PRAG Chairperson;
2. Prison Unit Manager or Prison Officer;
3. Prison Counselling Services Representative; and
4. Health Representative or Mental Health Representative.

### **Well-being**

In relation to *Performance Measure 3: ARMS*, PRAG meeting minutes are to reflect perceived well-being of a prisoner, which includes, but not limited to comments on the general mood, general behaviour, insight into the situation, and engagement with support services.

<b>General Reporting (Methodology)</b>	<p>Private Prison Contract Management (PPCM) to generate a random list of 100 prisoners' names from TOMS at the beginning of each month. Serco is provided with at least two prisoner names for testing each day until 5% of the previous month's population has been tested.</p> <p>Serco is to provide the positive test outcomes for the month including any mitigating evidence. A positive test outcome includes where a prisoner refused to supply a urine sample for testing.</p> <p>PPCM to analyse the data against recorded information on TOMS and the Performance Measure requirements.</p>	
<b>Calculation / Formula</b>	Number of positive samples divided by the total number tested for the month multiplied by 100.	
<b>Exceptions</b>	<p>All claims for mitigation provided by Serco will be considered, particularly the following:</p> <ul style="list-style-type: none"> <li>• Positive test identifying the presence of cannabinoids was taken during the window period of 72 days, which is applicable only for the residual effect of cannabinoids; and</li> <li>• Positive result is the effect of current legally prescribed medication which has been confirmed by a medical officer or laboratory certificate.</li> </ul> <p><b>Note:</b> A positive random drug test on a prisoner in an operation month who has also tested positive to a Targeted or Prevalence Test will be counted as a positive test for this measure. Mitigation for residual effect in this circumstance does not comply with the intent of this measure.</p> <p>* This Performance Measure will be reviewed should Departmental testing methodologies change.</p>	

## 2.5 PM 05 – Sentence Management

<b>Performance Measure 05</b>	<b>SENTENCE MANAGEMENT</b> Percentage of prisoners' sentence planning documents reviewed and approved in accordance with the Department's requirement(s).	
<b>Intent</b>	To ensure the required level of sentence management by Serco.

<b>Calculation / Formula</b>	1. Firstly, add the number of prisoners who have STPs in place within one month of being found guilty, to the number of reviews completed within that month. 2. Secondly, add the total numbers of STPs due within the month, to the total number of reviews due within the month. 3. Divide the number in (1) by the number in (2), then multiply by 100.	
	e.g.(STPs completed + reviews completed) ÷ (STPs due + reviews due) x 100% ∴ (13+ 15) / (14 + 15) x 100%= (28/29) x 100% = 96.5%	
<b>Exceptions</b>	All claims for mitigation will be considered, primarily the following: <ul style="list-style-type: none"> <li>• Prisoners who are transferred or released from Acacia prior to completion of the STP review period; and</li> <li>• Prisoners who refuse to engage with the STP. (In this instance, a follow-up will be conducted within one month of refusal to engage)</li> </ul>	

<b>Transition Note</b>	<p>The performance measure will apply to prisoners whose STP developed are due for completion from August 2019 onwards. This will allow Serco to implement STPs in July 2019 and for prisoners to engage on the STP plans once first test positive. Accordingly, it will not be calculated in July 2019.</p> <p>The Performance Linked Fee (PLF) attributable to the month of July will be split over the remaining 11 months. In this way, the 4% PLF available under this Performance Measure will be paid as a maximum of 0.363% over the remaining 11 months in the 2019/2020 Operational Year.</p>
