### Sections 67, 70 and 72A

## CHEVRON FIFO WORKER DIRECTIONS (NO 3)

The World Health Organization declared COVID-19 a pandemic on 11 March 2020.

On 15 March 2020, the Minister for Emergency Services declared a state of emergency with effect from 12 am on 16 March 2020 in respect of the pandemic caused by COVID-19 pursuant to section 56 of the *Emergency Management Act 2005 (WA)* (**Act**) (**State of Emergency**). The State of Emergency applies to the State of Western Australia.

I, Christopher John Dawson, Commissioner of Police and State Emergency Coordinator, now give the following directions pursuant to my powers under sections 67, 70 and 72A of the Act.

### PREAMBLE

1. These directions set out the requirements that apply to a **Chevron FIFO worker** immediately after they **enter** Western Australia and are for the purpose of preventing the importation of COVID-19 into Western Australia and otherwise limiting the spread of COVID-19 in Western Australia.

### CITATION

2. These Directions may be referred to as the **Chevron FIFO Worker Directions (No 3)**.

### COMMENCEMENT

3. These directions come into effect at 12.01 am on 19 April 2021.

### REVOCATION AND CONTINUING OBLIGATIONS

4. The Chevron FIFO Worker Directions (No 2) (**revoked directions**) are revoked.
5. Despite paragraph 4, if a Chevron FIFO worker entered Western Australia before the date and time specified in paragraph 3, the Chevron FIFO worker must continue to comply with any requirement which still applied to them under the revoked directions immediately before they were revoked to the same extent that the Chevron FIFO worker would if the revoked directions had not been revoked, and, for the avoidance of doubt, if the Chevron FIFO worker or fails to comply with a requirement that applied to them under the revoked directions, the Chevron FIFO worker may commit an offence under the Act.

6. Any reference to the revoked directions in any **direction** or approval given under or pursuant to a direction is deemed to be a reference to these directions from the commencement of these directions.

## **DIRECTIONS**

7. Unless stated otherwise, a Chevron FIFO worker must comply with these directions and not the Controlled Border for Western Australia Directions, except for paragraphs 4 and 5 of those directions.
8. A Chevron FIFO worker must, immediately after entering Western Australia:
- (a) as soon as possible and by the most direct route available and without stopping except as required by law, travel directly to the **Vines** in a vehicle provided by their employer; and
  - (b) remain inside their **allocated room** for a period ending fourteen (14) days after the day on which the Chevron FIFO worker was last in a restricted location prior to their most recent entry into Western Australia (whichever is later), except to the extent that the Chevron FIFO worker:
    - (i) is given another **direction** which they are required by law to obey; or
    - (ii) leaves their allocated room to seek urgent medical treatment at a **hospital**, provided that:
      - (A) it is necessary for the Chevron FIFO worker to leave their allocated room in order for that treatment to be provided; and
      - (B) prior to leaving their allocated room (and if it is practicable to do so), the Chevron FIFO worker telephones the ambulance service or hospital at which the urgent medical treatment will be sought and informs them that they are subject to a quarantine direction and need to attend the hospital for urgent medical treatment; and
      - (C) the Chevron FIFO worker goes to the hospital by ambulance or by the most direct route available and without stopping except as required by law or necessary for fuel; and
      - (D) the Chevron FIFO worker complies with any direction or **instruction** given by a **relevant officer** at the hospital; and

- (E) unless otherwise **directed** or **instructed** by a relevant officer, the Chevron FIFO worker returns to their allocated room as soon as possible after the urgent treatment has been provided and by the most direct route available and without stopping except as required by law or necessary for fuel; or
  - (iii) must leave their allocated room to escape an immediate threat to their safety (other than any threat posed by COVID-19), provided that:
    - (A) the Chevron FIFO worker goes no further from their allocated room than is reasonably necessary to escape that threat; and
    - (B) the Chevron FIFO worker returns to their allocated room as soon as it is safe to do so; and
    - (C) if the Chevron FIFO worker is unable to return to the allocated room within an hour of leaving, the Chevron FIFO worker telephones the police on 131 444 and informs them that the Chevron FIFO worker is required to quarantine and had to leave the allocated room where the person was in quarantine; and
  - (iv) is undertaking **authorised exercise**; and
  - (c) if the person believes they have developed **symptoms**, telephone 13 COVID (13 268 43) to report the person's belief as soon as possible; and
  - (d) answer truthfully if a relevant officer asks the person to describe their state of health or asks whether the person has or has had any symptoms; and
  - (e) wear a face mask if available and practicable from when they enter Western Australia until they are inside their allocated room at the Vines; and
  - (f) comply with any other direction or instruction the person is given by a relevant officer.
9. During the period referred to in paragraph 4(b), the Chevron FIFO worker must not allow any person to access their allocated room unless the person:
- (a) is a relevant officer, or a person assisting a relevant officer; or
  - (b) accesses the allocated room for medical or emergency purposes; or

- (c) is required to access the allocated room for the purpose of performing critical and time-sensitive maintenance; or
- (d) is acting in compliance with a direction or instruction given by a relevant officer,
