Visualisations of GBB data currently under development

Mark Brodziak
Solutions Architect

15 July 2015

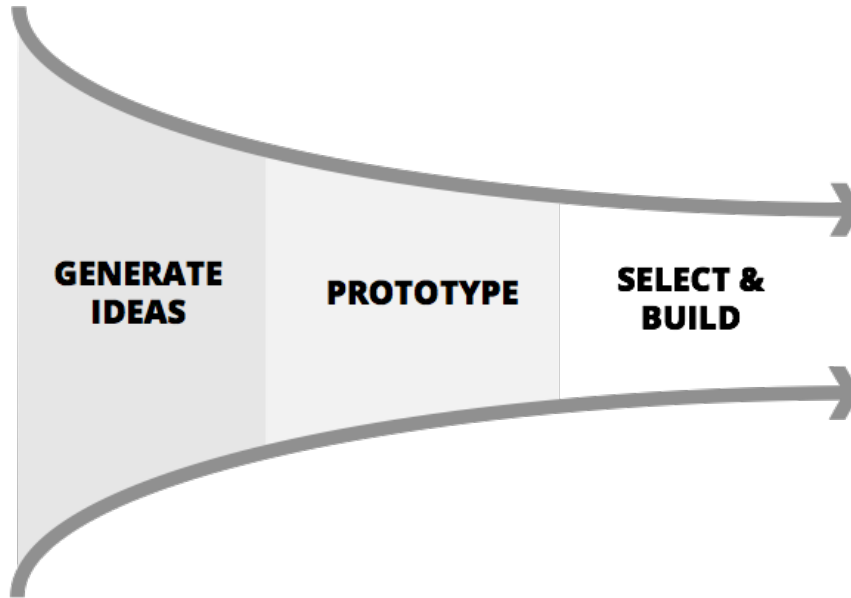

Background

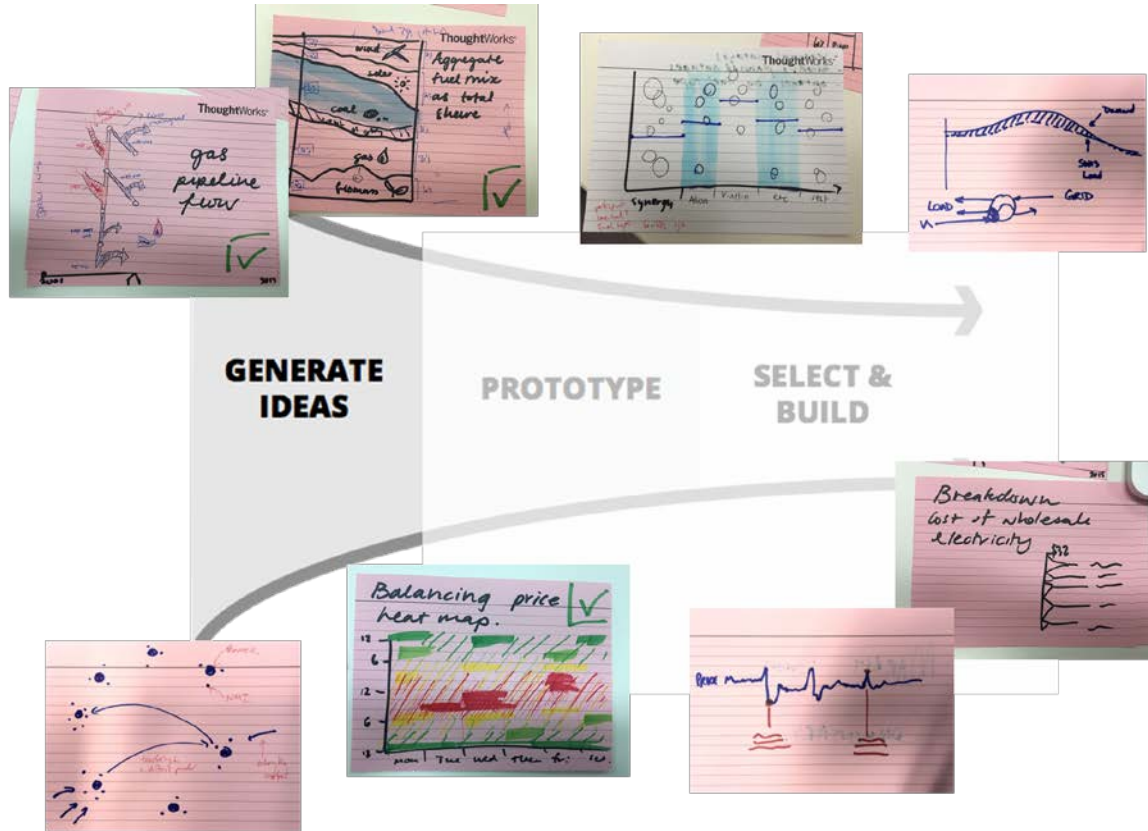

- Market Pulse Phase 2
- Today – a summary of the process
- A summary of the high level concepts under assessment (as pertinent to GSI)
- What you see today \neq what we will ultimately deliver
- Exploring ideas for visualising data that we currently have under the GSI rules

The development process

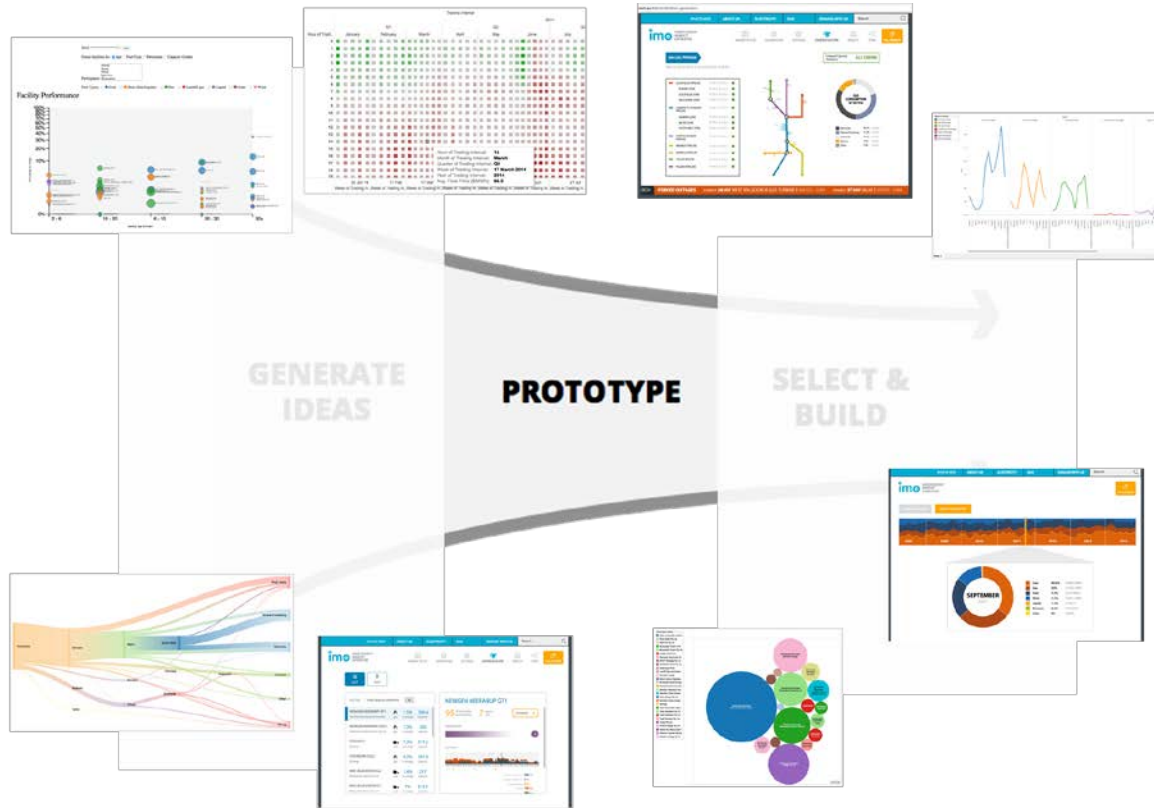

The development process - generating ideas

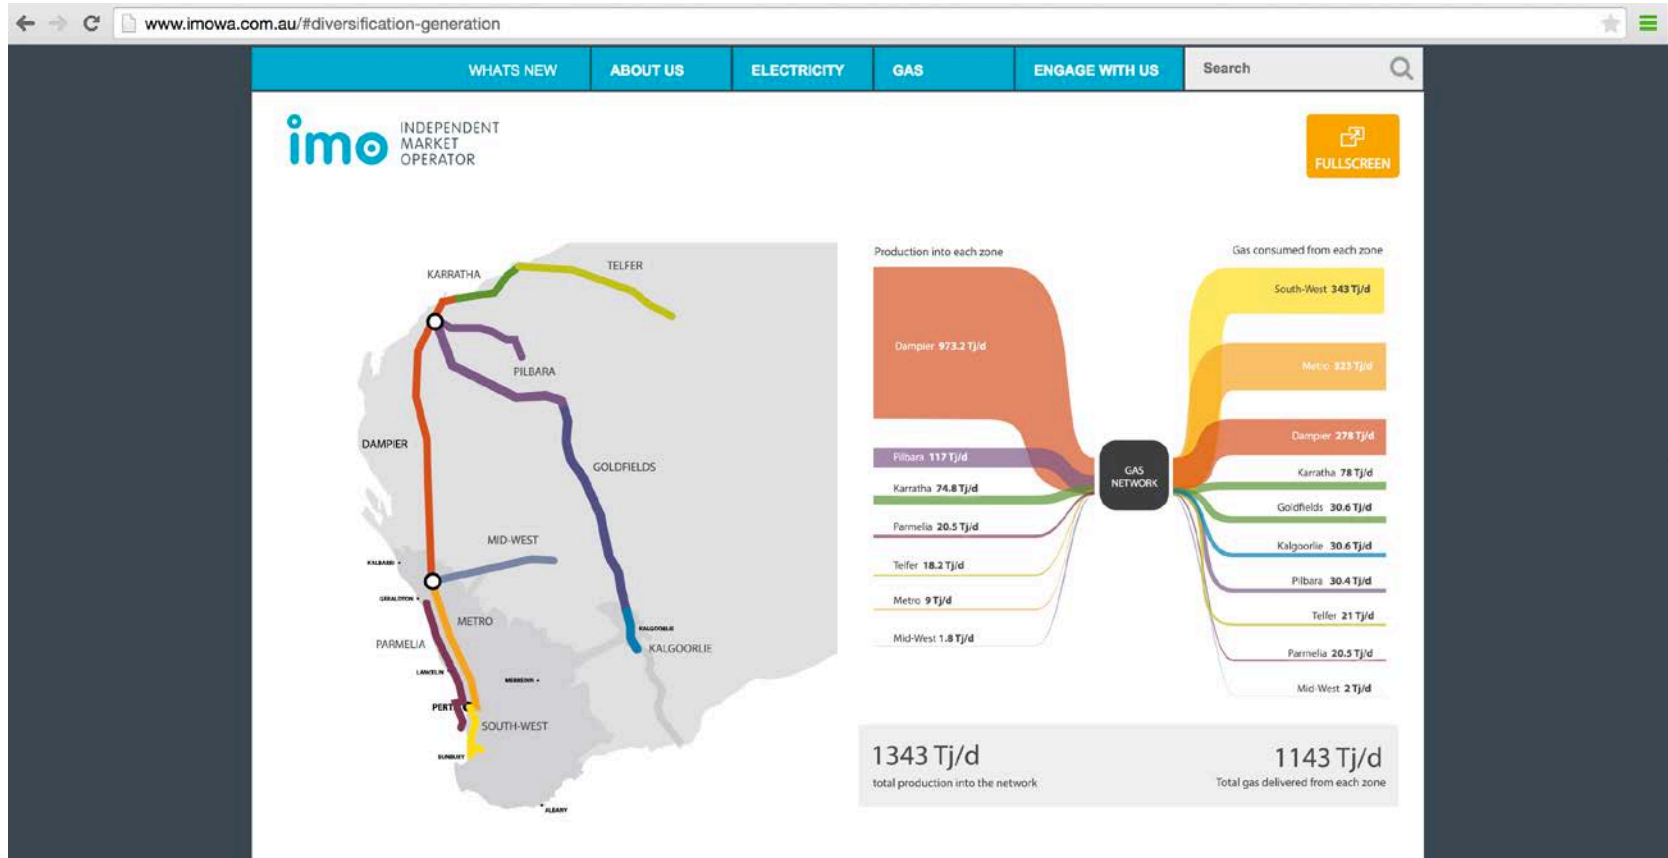

7

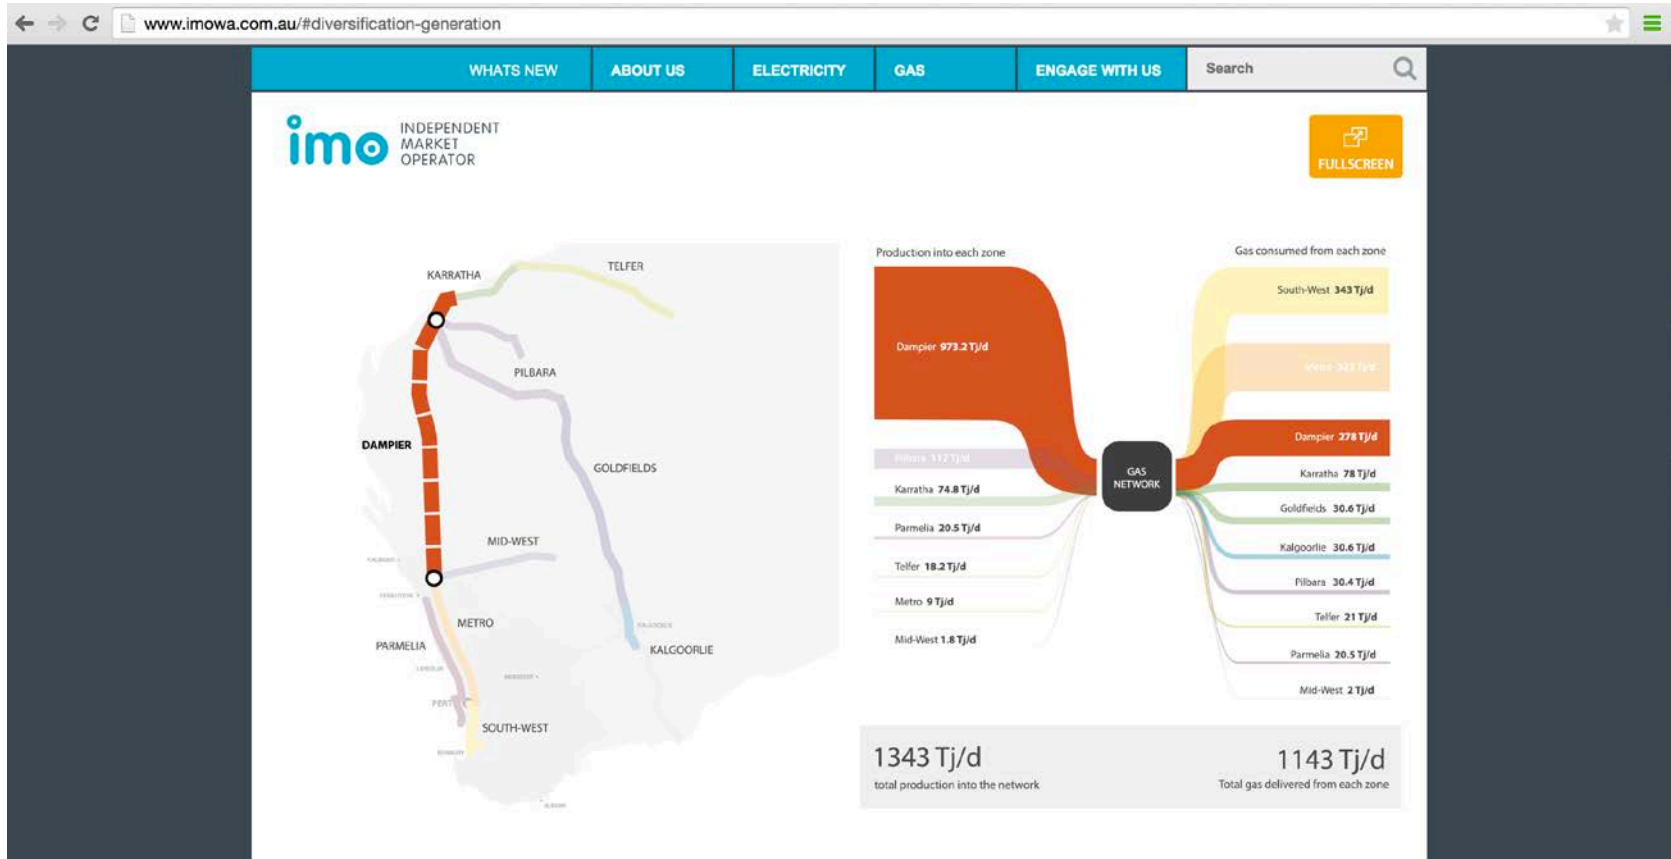

The development process - prototype

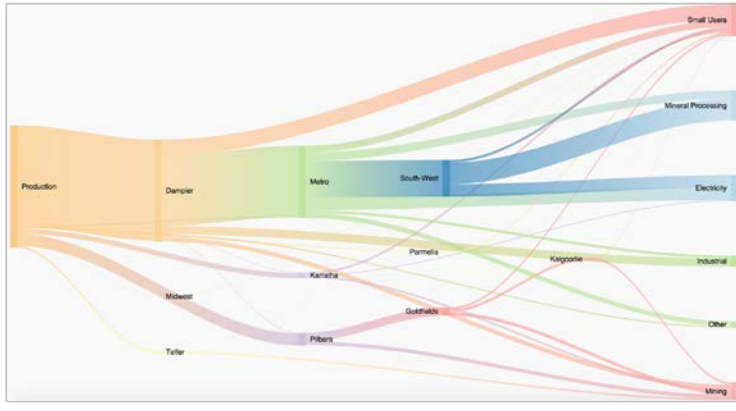

Concept / prototype - GBB topology

Concept / prototype - GBB topology hover

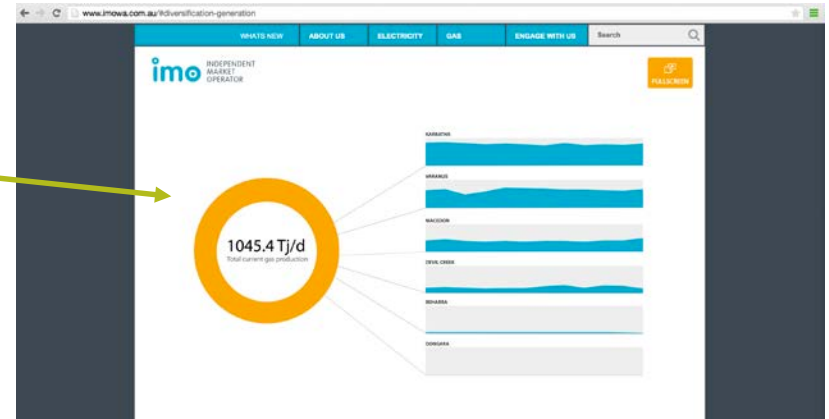

Concepts - GBB gas flows

Sankey Diagram (flows)

Gas Production (sparklines)

Next steps

- Reviewing prioritised concepts
- Implementation and integration
