Email:	graeme@landfillgas.com.au
Organisation:	Landfill Gas & Power Pty Ltd
Address:	PO Box 861 CLOVERDALE WA 6985
Date submitted:	25 February 2008

Submission

1. Please provide your views on the proposal, including any objections or suggested revisions

LGP supports the proposed Rule Change on the grounds that Rule Participants have difficulty in providing the required information and in any case System Management already obtains the necessary information from other sources.

2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

LGP supports System Management's contention that the proposed Rule Change would increase the certainty of the application of the rules, and aid economically efficient outcomes through the removal of obligations that are currently unnecessary for the operation of the PASA process.

3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

LGP would incur no organisational costs as a consequence of adopting the change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed

LGP would be able to implement this Rule Change immediately.
