Submission

1. Please provide your views on the proposal, including any objections or suggested revisions

LGP supports the proposed Rule Change on the grounds that it seeks to clarify that the IMO and System Manager delegation powers are not confined to the appointment of independent parties, but may be applied to agents officers and employees.

2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

LGP supports the IMO's contention that the Rule Change would provide certainty and confidence that the IMO is operating within the scope of the Market Rules and Regulations in the manner in which it organises its internal affairs and reduce the cost of unnecessary bureaucracy.

3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

LGP would incur no organisational costs as a consequence of adopting the change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed

LGP would be able to implement this Rule Change immediately.
