Submission

1. Please provide your views on the proposal, including any objections or suggested revisions.

Synergy acknowledges that although some decisions are made directly by the IMO Board, in all practicality the IMO carries out the majority of its functions and powers via its senior staff, employees and agents, and in some instances, those of System Management. Synergy therefore supports this rule change as facilitating these arrangements.

2. Please provide an assessment whether the change will better facilitate the achievement of the Market Objectives.

Synergy agrees with the IMO that clarifying the operation of the power to delegate in the Market Rules will allow the IMO to operate more effectively and efficiently, and potentially reduce the cost unnecessary bureaucracy.

3. Please indicate if the proposed change will have any implications for your organisation (for example changes to your IT or business systems) and any costs involved in implementing these changes.

Synergy does not identify any substantial cost implications in implementing this rule change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed.

Synergy does not identify any additional costs arising from the implementation of this rule change proposal.
