Submission

1. Please provide your views on the proposal, including any objections or suggested revisions

LGP supports the Rule Change on the grounds that it has no material impact on the substance of the Rules but is necessary to maintain their integrity.

2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

LGP perceives the change to have no material impact on the Rules but to be necessary for tidy administration.

3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

LGP would incur no organisational costs as a consequence of adopting the change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed

LGP would be able to implement this Rule Change immediately.
