Submission

1. Please provide your views on the proposal, including any objections or suggested revisions.

Verve Energy supports the rule change proposed by System Management to allow details of accepted outages to be made available to the Network Operator, however, wishes to emphasize the confidentiality of such information.

2. Please provide an assessment whether the change will better facilitate the achievement of the Market Objectives.

Verve Energy agrees with System Management that this change will assist with the achievement of the Market Rules objective:

- (a)to promote the economically efficient, safe and reliable production and supply of electricity...

3. Please indicate if the proposed change will have any implications for your organisation (for example changes to your IT or business systems) and any costs involved in implementing these changes.

-
- 4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed.**
