## 1. Please provide your views on the proposal, including any objections or suggested revisions

LGP supports the Rule Change Proposal on the grounds that it would remove the considerable administrative disruption and cost caused to the market by the non- performance of a new Capacity provider.

## 2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

LGP considers that the proposed Rule Change is consistent with all the Market Objectives and enhances the integrity of the Market Rules by removing an unproductive and unreasonable administrative burden.

# 3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

The change will simplify settlements administration.

- 4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed
- LGP would welcome immediate implementation
