Submission

1. Please provide your views on the proposal, including any objections or suggested revisions

LGP supports the Rule Changes Proposal on the grounds that it is inequitable for a Market Participant to be required to pay for services provided by third party Market Participants when the benefit is received by the market as a whole.

2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

LGP supports Verve's contention that the proposed changes is consistent with all the Market Objectives and generally supports the market.

3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

LGP would incur no organisational costs as a consequence of adopting the change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed

LGP would be able to implement this Rule Change immediately.
