Submission

1. Please provide your views on the proposal, including any objections or suggested revisions

LGP supports the Rule Changes Proposal on the grounds that where Market Participants are to be provided with information, this information should be timely so as to allow them to incorporate it into their decision making. We consider this Rule Change to correct a manifest error in the original rule change that made available the Commissioning Data.

2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

LGP considers the changes to correct a manifest error and promote Market Objective a) to promote the economically efficient, safe and reliable production and supply of Electricity) by providing the information in a timely manner.

3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

LGP would incur no organisational costs as a consequence of adopting the change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed

LGP would be able to implement this Rule Change immediately.
