Organisation:	Synergy
Address:	228 Adelaide Terrace Perth 6000
Date submitted:	15 November 2011

Submission

1. Please provide your views on the proposal, including any objections or suggested revisions.

Synergy supports Fast Track Rule Change Proposal RC_2011_13 which acts to correct a manifest error by amending the Market Rules such that the Market Procedure for the Maximum Reserve Capacity Price would apply to Rule Participants (including Western Power) rather than the more limited category of Market Participants.

2. Please provide an assessment whether the change will better facilitate the achievement of the Market Objectives.

Synergy believes that the Rule Change Proposal is broadly consistent with the Market Objectives and acts to remove an uncertainty with regard to the application of this Market Procedure to Western Power which plays an integral role in the outworking of the procedure.

3. Please indicate if the proposed change will have any implications for your organisation (for example changes to your IT or business systems) and any costs involved in implementing these changes.

Synergy would not require any changes to IT or business systems, nor incur any organisational costs as a consequence of adopting the proposed change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed.

Synergy would be able to implement this rule change immediately.
