

ADDENDUM TO RULE CHANGE NOTICE:

RC_2012_19: Constrained On/Off Compensation for Non-Scheduled Generators

FURTHER UPDATE TO SECTION 5

The IMO noted in its Rule Change Proposal that it would provide stakeholders with an estimate of the IT costs involved in the implementation of the proposed amendments during the consultation period. The IMO would like to notify stakeholders that the estimated cost of the necessary changes to the IMO's settlement system is \$14,500 AUD.

The IMO does not expect the proposed amendments to require any changes to System Management's systems or procedures.
