- (e) If the ~~PBCNative Title Group~~ is unable to comply with, or to ensure that the Aboriginal Heritage Service Provider complies with, the time limits imposed by the provisions referred to in clause 6.1(a)(ii) because they (or either of them as the case may be) are unable to engage a Principal Aboriginal Heritage Consultant at the rate set out in schedule 5, the ~~PBCNative Title Group~~ must advise the Government Proponent that this is the case and provide 3 written competitive quotes from external consultant anthropologists (or archaeologists where appropriate) and reasons why the higher rates quoted are justified in the circumstances. If the Government Proponent is aware of an alternative external consultant anthropologist (or archaeologist, as the case may be) who will undertake the work for the rate set out in schedule 5, then the Government Proponent may notify the ~~PBCNative Title Group~~ in accordance with clause 6.1(f)(iii) and 6.1(g) that alternative arrangements will be made for the Aboriginal Heritage Survey.

- (i) the effect of this clause 6.1 is not limited by any dispute resolution processes under clause 18, and in particular the time limits on the steps referred to in clause 6.1 continue to apply where a dispute resolution process is commenced; and
 - (ii) the dispute resolution provisions in clause 18 do not apply to any decision by the Government Proponent to issue a notice of non-compliance under clause 6.1(d), and the provisions of this clause 6.1 apply instead. However, the Government Proponent may elect, by notice in writing to the ~~PBCNative Title Group~~, to allow use of the dispute resolution provisions in clause 18.
- (i) The Government Proponent must act reasonably in asserting its rights under this clause 6.1.

8. The Activity Notice

8.1 Circumstances where no Activity Notice needs to be given

- (a) The Government Proponent does not have to give an Activity Notice where the Activities it proposes be conducted consist entirely of:
 - (i) Minor Impact Activities; or
 - (ii) Activities of a class that the Native Title Group has notified in writing to the Government Proponent need not be the subject of an Activity Notice.

- (d) The ~~PBCNative Title Group~~ acknowledges that the inclusion in an Activity Notice of the matters described in parts 1.2(c) to (f) of schedule 4 does not prejudice any statement by the Government Proponent that it considers that a Survey is not required.
- (e) If the Government Proponent omits to specify or nominate, in an Activity Notice, any of the particular items referred to in part 1.2 of schedule 4, then the default provisions provided in part 3 of schedule 4 apply.
- (f) To avoid doubt, the Government Proponent may modify any aspect of the Activity Notice up to the time of receiving the Activity Notice Response.

Proposed modifications to the Activity Notice after receipt of the Activity Notice Response shall be discussed between the ~~PBCNative Title Group~~ and the Government Proponent but, acting reasonably, the ~~PBCNative Title Group~~ shall have the right to request a fresh Activity Notice instead of dealing with the proposed modified Activity Notice. The Government Proponent may also request any of the items referred to in part 1.2(f) of schedule 4 at any later time, in accordance with clause 12.2.

- (g) The date of receipt by the ~~PBCNative Title Group~~ of the Activity Notice (or fresh Activity Notice if requested under clause 8.2(f)) is the **Activity Notice Date**.

In coming to its decision the ~~PBCNative Title Group~~ shall take into account:

 - (ii) the extent to which the land and waters referred to in the Activity Notice have been the subject of a previous Aboriginal Heritage Survey. In considering this factor, the ~~PBCNative Title Group~~ will consider whether it is reasonably clear from the reported results of the previous Aboriginal Heritage Survey that the Activities disclosed in the Activity Notice can be carried out without breaching the Aboriginal Heritage Act; and
 - (iii) any relevant previous decisions by the Native Title Group or PBC under clause 8.3(b); and
 - (iv) any other matter the ~~PBCNative Title Group~~ reasonably considers relevant.

 - (iv) subject to clause 9.5(a), an estimate of costs to conduct the Survey; and
 - (v) a nomination of the ~~PBC's Native Title Group's~~ proposed Aboriginal Heritage Survey Provider and (if different to the Aboriginal Heritage Service Provider) Principal Aboriginal Heritage Consultant.

To avoid doubt, until they have consulted under clause 9 during the period referred to in clause 9.1(d), they are not entitled to invoke the dispute resolution provisions of clause 18 in respect of any matter the subject of this clause 8 or clause 9.

- (d) The ~~PBCNative Title Group~~ and the Government Proponent shall ensure that the Survey Agreement Date occurs within 20 Business Days where the proposed Activity constitutes Low Ground Disturbance Activity but otherwise within 30 Business Days after the date of receipt by the Government Proponent of the Activity Notice Response (**Survey Agreement Period**).
- (e) If any of the matters referred to in clauses 9.2 to 9.7 (inclusive) cannot be agreed during the Survey Agreement Period, then the Government Proponent may, by notice in writing to the ~~PBCNative Title Group~~, agree that the Survey Agreement Date has been reached notwithstanding the lack of agreement on that matter or matters. In such a case, the ~~Native Title Group~~~~PBC~~ and the Government Proponent will continue to discuss the non-agreed matters with a view to resolving them as quickly as practicable. To avoid doubt, a notice under this clause has effect to waive the right of the Government Proponent to rely on clause 6.1(a), but does not otherwise affect the rights of the Government Proponent under clause 6.

9.2 Whether a Survey is required

- (a) The discussions between the ~~Native Title Group~~~~PBC~~ and the Government Proponent about whether a Survey is required will be guided by the matters in clauses 8.3(a) and 9.2(b).
- (b) The following provisions shall apply to the discussions between the ~~Native Title Group~~~~PBC~~ and the Government Proponent about whether a Survey is required.

- (i) Where no previous Aboriginal Heritage Survey (whether under this GSHA or otherwise) has been undertaken in relation to the area the subject of the Activity Notice, there is a non-binding presumption that a Survey is required unless otherwise agreed or waived in accordance with clause 8.3(b).
- (ii) Where this GSHA does not deal with the particular circumstance as to whether a Survey is required, there is a non-binding presumption that a Survey is required.
- (iii) Where a previous Aboriginal Heritage Survey (whether conducted under this GSHA or otherwise) has, or if not clear, reasonably appears to have, covered the area the subject of the Activity Notice, there is no presumption either way as to whether a Survey is required. Subject to confidentiality provisions, the Government Proponent must (if it is in the Government Proponent's possession or control) provide by way of notice a copy of the written report of the previous Aboriginal Heritage Survey to the ~~Native Title Group~~PBC (if such copy has not already been provided with the Activity Notice).
- (iv) Subject to the presumptions in clauses 9.2(b)(i) and 9.2(b)(ii), and the matters described in clause 9.2(b)(iii), in otherwise determining whether a Survey is required, the ~~Native Title Group~~PBC and the Government Proponent will have regard to the following matters:

 - (B) whether there has been any previous Aboriginal Heritage Survey and the age, methodology, participants, standard and results of that survey; and
 - (C) the extent to which the land has been affected by previous ground disturbing activities; and

9.3 Agreements regarding Low Ground Disturbance Activity

- (a) The discussions between the ~~Native Title Group~~PBC and the Government Proponent to confirm the extent of Low Ground Disturbance Activity, and

whether a Survey is required of such Activity, will be guided by the definition of Low Ground Disturbance Activity in this GSHA.

- (b) If the ~~Native Title Group~~PBC considers that a Survey for any Low Ground Disturbance Activity is required, then the ~~Native Title Group~~PBC and the Government Proponent will each use their reasonable endeavours to address the concerns of the ~~Native Title Group~~PBC, by modifying the proposed Low Ground Disturbance Activity to the extent necessary to remove the need to conduct a Survey.

9.4 Selection of Survey Methodology

If the ~~Native Title Group~~PBC's proposed Survey Methodology is different to the nomination by the Government Proponent in its Activity Notice, the discussions between the ~~Native Title Group~~PBC and the Government Proponent about Survey Methodology shall be conducted with a view to reaching agreement on a Survey Methodology that is fit for purpose, having regard to the ~~Native Title Group~~PBC's concerns for the Survey Area and the Activities proposed by the Government Proponent.

9.5 Estimate of costs of Survey

- (a) The Parties acknowledge that it may not always be possible for the ~~Native Title Group~~PBC or the ~~Native Title Group~~PBC's nominated Aboriginal Heritage Service Provider to provide an accurate Survey cost estimate at the time of providing an Activity Notice Response, and that a cost estimate in many cases may need to be provided, or revised, following resolution of all other matters under this clause 9.
- (b) If an estimate of Survey costs has not been provided earlier, then the ~~Native Title Group~~PBC must ensure that during the Survey Agreement Period the Aboriginal Heritage Service Provider submits a written and itemised estimate of Survey costs to the Government Proponent for approval by the Government Proponent.
- ~~(c) The Native Title Group must ensure that in the estimate of Survey costs the Aboriginal Heritage Service Provider clearly indicates those items that the Government Proponent will be asked to pay in advance under clause 11(b).~~

- (a) If the ~~Native Title Group~~PBC's Activity Notice Response does not identify the ~~Native Title Group~~PBC's nominated proposed Aboriginal Heritage Service Provider and (if different to the Aboriginal Heritage Service Provider) Principal Aboriginal Heritage Consultant, then the ~~Native Title Group~~PBC will advise the Government Proponent of these nominations during the Survey Agreement Period.
- (b) Subject to clause 9.6(c), the Parties acknowledge that the Government Proponent will not usually have any role in nominating an Aboriginal Heritage Service Provider or Principal Aboriginal Heritage Consultant, subject however to the rights of the Government Proponent under clause 6.1(f)(iii) in the event of delays.
- (c) If the Government Proponent has reasonable concerns about the competence or professionalism of the Aboriginal Heritage Service Provider or Principal Aboriginal Heritage Consultant (as the case may be) nominated by the ~~Native Title Group~~PBC, it may request that the ~~Native Title Group~~PBC consider another anthropologist or archaeologist to act as Aboriginal Heritage Service Provider or Principal Aboriginal Heritage Consultant (as the case may be). In such circumstances, the ~~Native Title Group~~PBC shall consider in good faith the Government Proponent's request.

9.7 Estimate of time for Survey commencement or completion

If following the Activity Notice Response the ~~Native Title Group~~PBC and the Government Proponent are not in agreement about the date of commencement of fieldwork for the Survey or the date of completion of fieldwork for the Survey (as the case may be), then during the Survey Agreement Period, they shall agree on such date or dates.

Use of Coordinates:

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
