**FISHERIES ACT 1905**

PILBARA TRAP LIMITED ENTRY FISHERY NOTICE 1992

Notice No. 501

FD 134/75

Made by the Minister under section 32.

**Citation**

1. This Notice may be cited as *the Pilbara Trap Limited Entry Fishery Notice 1992*.

**Commencement**

2. This Notice shall come into operation on 1 May 1992.

**Interpretation**

3. In this management plan, unless the contrary intention appears -
  - “ALC” means an Automatic Location Communicator as defined in regulation 55A of the regulations;
  - “approved directions for use” means the directions for use of an ALC given by the Executive Director in a notice in writing to the master of an authorised boat or the holder of a licence;
  - “authorised boat” means -
    - (a) a licensed fishing boat, the name, licensed fishing boat number and length of which are specified in a licence; or
    - (b) a boat specified in a written authority under regulation 132 where that boat is to be used in place of a boat described in (a);
  - “closed waters” means an area of the Fishery where fishing is prohibited;
  - “crab” means the fish of that common name described by scientific classification opposite that name in Column 2 of Schedule 7 of the regulations;
  - “day” means any period of 24 hours;
  - “dump location” is the intersection of the latitude and longitude as advised by the master of an authorised boat by ALC in accordance with the approved directions for use, where fish traps have been dumped from that boat;
  - “dumped trap” means a fish trap that has been left in a dump location in accordance with clause 10(2) following a notification of ceasing to fish being made in accordance with clause 23;
  - “exhausted” means the authority to use a fish trap conferred by a licence and expressed in terms of units has been utilised in full in respect of the entitlement arising from the total number of units specified on that licence;
  - “fish” means all fish which are not crabs or rock lobster;
  - “Fishery” means the Pilbara Trap Managed Fishery;
  - “fish trap” means any fishing gear used for taking fish other than a hook and line, trawl net, gillnet, haul net, purse seine net, or rock lobster pot as defined in the regulations;
  - “fishing boat licence” means a licence referred to in regulation 117 of the regulations;
  - “licence” means a managed fishery licence which authorises a person to fish in the Fishery;
  - “licensed fishing boat number” has the same meaning as defined in the regulations;

**DISCLAIMER:**

*This is not an official version. Although this document has been carefully collated from each of the relevant issues of the Government Gazettes in which the principal notice and any subsequent amendments were published, its accuracy cannot be guaranteed.*

*Accordingly - (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.*

**This compilation incorporates amendments up to and including the *Pilbara Trap Managed Fishery Management Plan Amendment 2016* published in Government Gazette No. 105 on 21/06/2016.**

“licensing period” means the period from 1 January in any year to 31 December in the same year;

“Port Area” means the area within 2 nautical miles of the locations specified in Schedule 4;

“regulations” means the *Fish Resources Management Regulations 1995*;

“rock lobster” means the fish of that common name described by scientific classification opposite that name in Column 2 of Schedule 7 of the regulations;

“set” in relation to a fish trap means to position or release, leave or allow the fish trap to remain in the waters of the Fishery;

“trap day” means the use of one fish trap for one day.

#### **Declaration of Managed Fishery**

4. The use of fish traps to fish for fish other than rock lobster or crabs in the waters described in Schedule 1 previously declared under the repealed Act to constitute a limited entry fishery and taken to be a managed fishery under item 8 of Schedule 3 of the Act, is a managed fishery and may be referred to as the Pilbara Trap Managed Fishery.

#### **Procedure before this plan may be amended or revoked**

5. For the purposes of section 65(1) of the Act the holders of the licences are the persons to be consulted before this Plan is amended or revoked.

#### **Prohibition on fishing by fish trap**

6. A person must not fish by fish trap in the Fishery other than -

- (a) in accordance with this Plan; and
- (b) under the authority of a licence.

#### **Duration of licences**

7. A licence expires on 31 December of the calendar year in which it was issued.

#### **Items that must be specified on a licence**

8. A licence granted or renewed in respect of the Fishery must specify the following -

- (a) name and business address of the holder of the licence;
- (b) name, licensed fishing boat number and the measured length of any licensed fishing boat which may be used for or in connection with fishing in the Fishery under the authority of that licence;
- (c) the licence number;
- (d) the period for which the licence is in force;
- (e) the name of the managed fishery to which the licence refers;
- (f) the number of units conferred by the licence and the extent of the entitlement arising from those units expressed as a whole number of trap days;
- (g) any conditions imposed on the licence by the Executive Director.

#### **Grounds to cancel a licence**

9. The Executive Director may suspend, cancel or not renew a licence which authorises the holder to fish in the Fishery on the ground that all the units have been transferred from that licence.

#### **DISCLAIMER:**

*This is not an official version. Although this document has been carefully collated from each of the relevant issues of the Government Gazettes in which the principal notice and any subsequent amendments were published, its accuracy cannot be guaranteed.*

*Accordingly - (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.*

#### **Payment of fees by instalments**

- 9A.** (1) For the purposes of regulation 137(2) the total fee may be paid by instalments as specified in Schedule 8 if -
- (a) an election to pay by instalments is made by the holder of a licence in accordance with subclause (2); and
  - (b) there is no other fee, charge or levy in respect of the licence which has not been paid at the time the election is received at the head office of the Department.
- (2) An election for the purposes of subclause (1) must be -
- (a) made in writing;
  - (b) received at the head office of the Department on or before the first day of the licensing period to which the election relates, and
  - (c) accompanied by the first instalment plus the surcharge.
- (3) For the purposes of regulation 137(3) the surcharge shall be 3.13% of the total fee.
- (4) The holder of a licence, or a person acting on that person's behalf, must not fish in the Fishery at any time when any -
- (a) fee payable by instalment; or
  - (b) surcharge,
- in respect of the licence is outstanding.

#### **Use of gear**

- 10.** (1) The master of an authorised boat must not permit a fish trap to be set from that boat at any time that a nomination made in accordance with clause 21 and a notification of commencing to fish made in accordance with clause 22 are not in effect.
- (2) The master of an authorised boat must, by ALC and in accordance with the approved directions for use, advise the Department when traps are being, or will be, dumped from that boat and the dump location at which the fish traps are being, or will be, dumped.
- (3) The master of an authorised boat must not permit fish traps to be dumped in closed waters from that boat.
- (4) a dumped trap remains a dumped trap until the master of the authorised boat from which the traps were dumped has returned that boat to a Port Area and has provided a notification of commencing to fish made in accordance with clause 22.
- (5) A person must not dump a fish trap unless that fish trap is unbaited and has its door secured in an open position.
- (6) The master of an authorised boat must not allow a person on that boat to pull a dumped trap onto that boat unless -
- (a) a notification to commence fishing has been made in accordance with clause 22; or

#### **DISCLAIMER:**

*This is not an official version. Although this document has been carefully collated from each of the relevant issues of the Government Gazettes in which the principal notice and any subsequent amendments were published, its accuracy cannot be guaranteed.*

*Accordingly - (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.*

- (b) (i) a notification to enter closed waters has been made in accordance with clause 23(3);  
(ii) the entitlement conferred by the licence on which the authorised boat is specified has been exhausted; and  
(iii) the boat is being used to travel directly to a dump location to pull dumped traps that have been dumped from that boat in accordance with clause 10(2) and the boat returns directly to a Port Area or steams to an area outside the waters of the Fishery in the most practical direct route from that dump location.
- (7) The master of an authorised boat must not permit the number of fish traps being -  
(a) used in the Fishery from; or  
(b) carried on,  
the authorised boat at any one time, to be more than the number of fish traps which have been nominated in accordance with clause 21 for use on that boat at that time.
- (8) The master of an authorised boat must not allow a person fishing from that authorised boat to use, set or pull, or carry on board an authorised boat any fish traps if those fish traps do not have attached a surface float which -  
(a) has a diameter of not less than 150 millimetres; and  
(b) is branded or stamped with the initial letter and the licensed fishing boat number for the boat that is being used to fish in the Fishery, and each character of the brand or stamp must be legible and measure not less than 60 millimetres high and 10 millimetres wide.
- (9) A person must not use a fish trap in the Fishery if that fish trap has attached to it a surface float which has branded or stamped on it any letters or numbers other than those specified in subclause (8).
- (10) The master of an authorised boat must not allow that boat to be in closed waters unless all traps on that boat are stowed on board the boat, secured to the boat and are unbaited.

#### **Use of boats**

- 11.** (1) A person must not use a boat to fish in the Fishery unless the boat is an authorised boat.
- (2) The master of an authorised boat must not allow that boat to be -  
(a) in the waters of the Fishery if the entitlement conferred by the licence on which that boat is specified has been exhausted and there are fish traps on board the boat unless the boat is being used to -  
(i) transport dumped traps pulled in accordance with clause 10(6);  
(ii) transport fish traps to an area outside of the Fishery by the most practical direct route from the location where those fish traps were last pulled; or  
(b) used to set or pull fish traps if the entitlement conferred by the licence on which the boat is specified has been exhausted.

**This compilation incorporates amendments up to and including the *Pilbara Trap Managed Fishery Management Plan Amendment 2016* published in Government Gazette No. 105 on 21/06/2016.**

#### **Requirement to install an Automatic Location Communicator**

12. (1) For the purpose of this clause “approved” and “approved person” have the same meaning as provided for in regulation 55A of the regulations.
- (2) the holder of a licence must not permit the authorised boat specified on that licence to be used in the Fishery unless -
- (a) an ALC has been installed in that boat in accordance with the approved directions for use and by an approved person;
  - (b) the ALC installed on that boat has been serviced in accordance with the approved directions for use, by an approved person and at intervals specified by the Executive Director in the approved directions for use; and
  - (c) the ALC installed on that boat is being used in the manner specified in the approved directions for use.
- (3) It is a condition of the licence that an authorised boat referred to in subclause (2) must not be used in the Fishery by the holder of the licence or any person acting on that person’s behalf unless an ALC is fitted to the boat and serviced in accordance with subclause (2) and the approved directions for use are being complied with.
- (4) It is a condition of a licence that regulation 55C and 55D of the regulations are complied with at all times.

#### **Closure of areas within the Fishery**

13. (1) The Executive Director may, by notice published in the *Gazette*, prohibit fishing in any part of the Fishery for the period specified in the notice if, in the opinion of the Executive Director, the prohibition is required in the better interests of the Fishery.
- (2) A notice made in accordance with subclause (1) -
- (a) may only be made after consultation with the licence holders;
  - (b) may be made to apply at all times or at any specified time; and
  - (c) revokes any previous notice made under that subclause.
- (3) A person must not fish by fish trap in any part of the Fishery -
- (a) at a time when fishing in that part of the Fishery has been prohibited by a notice made under subclause (1); or
  - (b) described in Schedule 2 or Schedule 3.

#### **Capacity of the Fishery**

14. (1) Subject to subclause (2) and subclause (3) the capacity of the Fishery shall be limited to the maximum number of trap days that the Executive Director is to determine before 1 December each year may be utilised in the Fishery during the next licensing period.
- (2) For the calendar year commencing on 1 January 2000 the capacity of the Fishery is a maximum of 5867 trap days.
- (3) Notwithstanding the provisions of subclause (1) and subclause (2) if the Executive Director considers it appropriate to do so, the Executive Director may,

at any time and from time to time determine a new capacity for the Fishery that shall apply for the period specified in the determination.

- (4) Before making a determination under subclause (1) and subclause (3) the Executive Director must -
- (a) take into account any advice received from the Department's Director of Fisheries Research;
  - (b) consult the holders of licences who are authorized to fish in the Fishery.
- (5) A determination made under subclause (1) or subclause (3) -
- (a) must be published in the *Gazette* within 14 days of the Executive Director making the determination;
  - (b) takes effect on gazettal or at a specified future time; and
  - (c) revokes any previous determination.

#### **Units - allocation**

15. (1) The authority to fish in the Fishery shall be limited by reference to a specified number of trap days expressed in terms of units of entitlement.
- (2) the number of units of entitlement to be specified on a licence that is renewed for the period 1 January 2000 to 31 December 2000 is the number specified in Schedule 5.

#### **Units - extent of entitlement**

16. (1) The aggregate of the entitlements to fish in the Fishery that may be conferred by all the licences is equal to the capacity of the Fishery as determined in accordance with clause 14.
- (2) Subject to subclause (3) the extent of the entitlement to fish in the Fishery that arises from a unit (the "unit value") shall be determined in accordance with Schedule 6 and limited by reference to a number of trap days that may be utilised by the licence holder or a person acting on that person's behalf during the period that the licence is in effect.
- (3) Subject to subclause (4) the unit value for the licensing period commencing 1 January 2000 is one trap day.
- (4) Notwithstanding the provisions of subclause (3), the unit value for any period during the licensing period commencing 1 January 2000 may be redetermined in accordance with the formula specified in Schedule 6 if the Executive Director makes a new determination during that licensing period in accordance with clause 14.
- (5) Any calculation of the unit value made in accordance with subclause (2) that does not result in a whole number shall be rounded to the nearest two decimal places with 0.005 being rounded down.
- (6) The holder of a licence or a person acting on that person's behalf must not fish in the Fishery unless the total number of trap days, determined in accordance with subclause (2) or (3), utilised in the waters of the Fishery by the holder of the licence (or persons acting on that person's behalf) during the period for which the

licence has been granted or renewed is less than the sum of the unit values of the units conferred by the licence during that period.

#### **Defence to section 74 of the Act**

**17.** It is a defence in proceedings for an offence against section 74 of the Act in respect of contravening clause 16(6) for the person charged to prove that -

- (a) notice of fishing in excess of the entitlement was given to the Executive Director, in a manner and in a form specified in writing by the Executive Director, within 48 hours of exceeding that entitlement;
- (b) the number of trap days by which the entitlement under the licence was exceeded is not more than 1 trap day; and
- (c) the licence holder, not more than 14 days after providing the notice specified in (a) paid to the Fisheries Research and Development Fund \$250 or an amount of money equal to the product of the part of a trap day (expressed as a decimal) by which the entitlement was exceeded and \$250.

#### **Units - exercise of entitlement**

**18.** The extent of the entitlement utilised when fishing in accordance with a notification of commencing to fish made under clause 22 shall be determined in accordance with the formula specified in Schedule 7.

#### **Units - temporary transfer**

**19.** A unit specified on a licence may be temporarily transferred to another licence, for a period ending at the time the licence expires, provided that -

- (a) the entitlement arising from the units (including units temporarily transferred to the licence and excluding units temporarily transferred from the licence) that would be conferred by the licence after the transfer would not be less than the total amount of trap days already utilised under the authority of the licence during the period for which the licence has been granted or renewed;
- (b) the transfer is for a whole number of units; and
- (c) the licence from which the units are being transferred will confer at least one unit of entitlement after the transfer has been completed.

#### **Units - grounds for refusal to transfer**

**20.** The Executive Director may refuse to transfer any part of an entitlement under a licence on the grounds that -

- (a) the proposed transfer is not for a whole number of units;
- (b) the entitlement arising from the units (including units temporarily transferred to the licence and excluding units temporarily transferred from the licence) that would be conferred by the licence after the transfer would be less than the total amount of trap days already utilised under the authority of the licence during the period for which the licence has been granted or renewed.
- (c) if the transfer were given effect then the number of units conferred by a licence, excluding any temporary transfers of units to the licence from which the units were being transferred, would be less than one.

#### **Revocation**

**21.** Notice No. 296 published in the *Gazette* of 13 May 1988 is cancelled.

#### **DISCLAIMER:**

*This is not an official version. Although this document has been carefully collated from each of the relevant issues of the Government Gazettes in which the principal notice and any subsequent amendments were published, its accuracy cannot be guaranteed.*

*Accordingly - (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.*

**This compilation incorporates amendments up to and including the *Pilbara Trap Managed Fishery Management Plan Amendment 2016* published in Government Gazette No. 105 on 21/06/2016.**

**Nomination of number of fish traps to be used**

21. (1) The master of an authorised boat must not, if fish traps are on that boat, allow that boat to be used to fish in the waters of the Fishery unless a nomination of the number of fish traps to be used from that boat has been made in accordance with this clause and is in effect.
- (1a) For the purposes of subclause (1) a nomination is "in effect" until –
- (a) revoked in accordance with the approved directions for use; or
  - (b) subject to subclause (3a), the end of the licensing period in which it applies,
- whichever occurs first.
- (2) A nomination of the number of fish traps to be used must –
- (a) be made by the master of the authorised boat by ALC in accordance with the approved directions for use; and
  - (b) specify a minimum of 10 fish traps that are to be used each day when the authorised boat is being used for fishing in the Fishery.
- (3) The master of an authorised boat may submit a nomination in accordance with subclause (2) at any time the boat is –
- (a) outside the waters of the Fishery; or
  - (b) inside a Port Area,
- but not otherwise.
- (3a) At any time when the master of an authorised boat makes a nomination in accordance with this clause to use a specified number of traps any previous nomination in force in respect of the boat ceases to have effect.
- (4) The master of an authorised boat must not allow that boat to be used to fish in the Fishery –
- (a) in contravention of a nomination made under this clause;
  - (b) unless a confirmation of delivery of a nomination made under subclause (2) has been received by the master of the authorised boat.

**Notification of commencing to fish**

22. (1) Subject to subclause (3) the master of an authorised boat must not allow that boat to be outside a Port Area and in the waters of the Fishery with fish traps on board the boat unless a notification of commencing to fish has been made and is in effect in accordance with this clause.
- (2) A notification of commencing to fish must be made by the use of an ALC in accordance with any relevant requirement specified in the approved directions for use and –
- (a) must be made before the boat leaves a Port area; and
  - (b) must be made only in relation to the intended fishing activities to be undertaken during that trip.
- (3) The master of an authorised boat may use that boat to travel from –
- (a) one Port Area directly to another Port area;
  - (b) from a Port Area directly to an area outside the waters of the Fishery,

*This is not an official version. Although this document has been carefully collated from each of the relevant issues of the Government Gazettes in which the principal notice and any subsequent amendments were published, its accuracy cannot be guaranteed.*

*Accordingly - (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.*

with fish traps on board that boat and without a notification of commencing to fish being made and in effect, provided that a notification to enter closed waters has been made in accordance with clause 23 and the boat does not enter an area of the Fishery where fish traps are permitted to be used.

- (4) For the purpose of determining the exercise of entitlement following a notification made in accordance with subclause (2), fishing shall be taken to -
- (a) have commenced when a position report from the ALC on board the boat shows that the boat specified on the notification has entered any part of the Fishery in which the boat is permitted to be used to fish by fish trap; and
  - (b) have ceased when a notification of ceasing to fish has been made in accordance with clause 23 and a position report from the ALC on board the boat shows that the boat has left the area of the Fishery where fish traps may be used.

#### **Notification of ceasing to fish or entering closed waters**

- 23.** (1) When an authorised boat which is being used to fish in the Fishery, ceases to be used for fishing, the master of that boat must, in accordance with the approved directions for use, notify the Department that fishing from that boat is ceasing.
- (2) The master of an authorised boat must not allow that boat to be used to fish in the Fishery after a notification of ceasing to fish has been made and before the boat has returned to a Port Area.
- (3) Subject to subclause (4), the master of an authorised boat, when that boat is to enter closed waters, must, prior to entering those waters and in accordance with the approved directions for use, notify the Department that the boat is entering those waters.
- (4) The master of an authorised boat does not have to provide a notification in accordance with subclause (3) -
- (a) if, following a notification of commencing to fish made in accordance with clause 22, that boat is being used to travel directly through the waters described in Schedule 2 to an area where fishing is permitted; or
  - (b) if that boat is being used to travel directly to a Port Area following a notification of ceasing to fish being made under subclause (1).

#### **Offences and major provisions**

- 24.** A person who contravenes a provision of -
- (a) clause 6, 10(1), 10(3), 10(5), 10(6), 10(7), 10(10), 11(1), 11(2), 12(2)(a), 13(3), 16(6), 21(1), 21(4), 23(2), 23(3); or
  - (b) clause 10(2), 10(8), 10(9), 12(2)(b), 12(2)(c), 22(1) and 23(1),
- commits an offence and for the purposes of section 75 of the Act the offences specified in paragraph (a) are major provisions.

2266	978
2269	75

### Schedule 6

#### Unit Values

#### Clause 16(2)

The unit value shall be determined using the following formula -

$$\frac{A}{B} = C$$

where

A = Total number of trap days as determined by the Executive Director in accordance with clause 14 (capacity of the Fishery);

B = Total number of units in the Fishery; and

C = The unit value.

### Schedule 7

#### Exercise of entitlement

$$A \times B = E$$

where

A is the number of days and part of a day measured to one decimal point spent fishing in the Fishery calculated in accordance with clause 22(4);

B is the number of fishing traps nominated to be used in accordance with a nomination made under clause 21; and

E is the extent of the entitlement utilised on the trip (in trap days) and deducted from the sum of the unit values of the units conferred by the licence.
