Preamble

This Local Planning Scheme of the Shire of Bruce Rock consists of this Scheme Text, the deemed provisions (set out in the *Planning and Development (Local Planning Schemes) Regulations 2015* Schedule 2) and the Scheme Maps. The Scheme Text should be read with the Local Planning Strategy for the Shire.

Part 2 of the deemed provisions sets out the Local Planning Framework. At the core of this Framework is the Local Planning Strategy which sets out the long-term planning directions for the local government, applies State and regional planning policies and provides the rationale for the zones and other provisions of the Scheme. In addition to the Local Planning Strategy, the Framework provides for Local Planning Policies that set out the general policies of the local government on matters within the Scheme.

The Scheme divides the local government district into zones to identify areas for particular uses and identifies land reserved for public purposes. Most importantly, the Scheme controls the types of uses and development allowed in different zones. There are particular controls included for heritage and special control areas. The Scheme Text also sets out the requirements for development approval, enforcement of the Scheme provisions and non-conforming uses.

PART 1 - PRELIMINARY

1.1 CITATION

1.1.1 The Shire of Bruce Rock Scheme No. 3 ("**the Scheme**") comes into operation on its Gazettal date.

1.1.2 The following are hereby revoked -

- Shire of Bruce Rock Town Planning Scheme No. 1
- Shire of Bruce Rock Town Planning Scheme No. 2

1.2 RESPONSIBLE AUTHORITY

The Shire of Bruce Rock is the responsible authority for implementing the Scheme.

1.3 SCHEME AREA

The Scheme applies to the Scheme area which covers the entire local government district of the Shire of Bruce Rock as shown on the Scheme Map.

1.4 CONTENTS OF SCHEME

AMD 3 GG 15/12/17

The Scheme comprises -

- (a) the Scheme Text;
- (b) the deemed provisions (set out in the *Planning and Development (Local Planning Schemes) Regulations 2015* Schedule 2;
- (c) the supplemental provisions contained in Schedule A; and
- (d) the Scheme Map (sheets 1-14).

The Scheme is to be read in conjunction with the Local Planning Strategy.

1.5 PURPOSES OF SCHEME

The purposes of the Scheme are to -

- (a) set out the local government's planning aims and intentions for the Scheme area;
- (b) set aside land as reserves for public purposes;
- (c) zone land within the Scheme area for the purposes defined in the Scheme;
- (d) control and guide land use and development;
- (e) set out procedures for the assessment and determination of planning applications;
- (f) make provision for the administration and enforcement of the Scheme; and
- (g) address other matters set out in Schedule Seven to the Planning and Development Act.

1.6 THE AIMS OF THE SCHEME

The aims of the Scheme are -

- To assist the effective implementation of regional plans and policies including the State Planning Strategy;
- To ensure there is a sufficient supply of serviced and suitable land for housing, employment, commercial activities, community facilities, recreation and open space;
- To assist employment and economic growth by facilitating the timely provision of suitable land for retail, commercial, industrial, entertainment and tourist developments, as well as providing opportunities for home-based employment;
- To facilitate a diverse and integrated network of open space catering for both active and passive recreation, consistent with the needs of the community;
- To promote the sustainable use of rural land for agricultural purposes whilst accommodating other rural activities;
- To protect and enhance the environmental values and natural resources of the local government area and to promote ecologically sustainable land use and development;
- To safeguard and enhance the character and amenity of the built and natural environment of the local government area.

1.7 DEFINITIONS

1.7.1 Unless the context otherwise requires, words and expressions used in the Scheme have the same meaning as they have -

- (a) in the Planning and Development Act; or
- (b) if they are not defined in that Act - *AMD 3 GG 15/12/17*
 - (i) in the Dictionary of defined words and expressions in Schedule 1 of this Scheme;
 - (ii) in Schedule 1 Part 6 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (Regulations);
 - (iii) in the Residential Design Codes.

1.7.2 If there is a conflict between the meaning of a word or expression in the Dictionary in Schedule 1 of this Scheme, the Regulations and the meaning of that word or expression in the Residential Design Codes.

- (a) in the case of a residential development, the definition in the Residential Design Codes prevails; and
- (b) in any other case the definition in Schedule 1 prevails.
AMD 3 GG 15/12/17

1.7.3 Notes, and instructions printed in italics, are not part of the Scheme.

1.8 RELATIONSHIP WITH LOCAL LAWS

Where a provision of the Scheme is inconsistent with a local law, the provision of the Scheme prevails.

PART 2 - RESERVES

2.1 RESERVES

Certain lands within the Scheme area are classified as Local Reserves.

2.2 LOCAL RESERVES

“Local Reserves” are delineated and depicted on the Scheme Map according to the legend on the Scheme Map.

2.3 USE AND DEVELOPMENT OF LOCAL RESERVES

2.3.1 A person must not -

- (a) use a Local Reserve; or
- (b) commence or carry out development on a Local Reserve,

without first having obtained development approval under Part 7 of the deemed provisions. *AMD 3 GG 15/12/17*

2.3.2 In determining an application for development approval the local government is to have due regard to -

- (a) the matters set out in clause 67 of the deemed provisions; and
AMD 3 GG 15/12/17
- (b) the ultimate purpose intended for the Local Reserve.

2.3.3 In the case of land reserved for the purposes of a public authority, the local government is to consult with that authority before determining an application for development approval.

PART 3 - ZONES AND THE USE OF LAND

3.1 ZONES

3.1.1 The Scheme area is classified into the zones shown on the Scheme Map.

3.1.2 The zones are delineated and depicted on the Scheme Map according to the legend on the Scheme Map.

3.2 OBJECTIVES OF THE ZONES

The objectives of the zones are -

Residential Zone

The objectives are:

- To provide for predominantly residential development with a variety of housing to meet the needs of different household types through the application of the Residential Design Codes of Western Australia;
- Non-residential uses shall be compatible in character, scale and operation with the predominant residential use;
- A non-residential use shall only be permitted if the use does not detract from the amenity of the area.

Commercial Zone

The objectives are:

- To maintain a compact and accessible centre;
- To centralise commercial, business and service functions;
- To maintain safety and efficiency of traffic flows and provide for adequate facilities for the storage and circulation of vehicles;
- To preclude the storage of bulky and unsightly goods where they may be in public view;
- To maintain the compatibility with the general streetscape for all new buildings in terms of scale, height, style, materials, street alignment and design of facades;
- To provide sheltered places for pedestrians;
- To restrict industrial type uses to service or low impact, labour intensive industries that relate to the centre functions;
- To reduce uses attracting large volumes of heavy vehicle traffic other than to service retail outlets;
- To provide for residential uses only where the uses are combined with a commercial use, e.g. hotel, or where the residential uses occupy a floor level where it is impracticable or inappropriate to establish a shop or office.

General Industry Zone

The objectives are:

- To provide for general industry, the storage and distribution of goods and associated uses, which by the nature of their operations should be separated from residential areas;
- To provide a location for diverse industries that would otherwise have a detrimental impact on the other uses in the town;
- To provide a location where separate heavy vehicular access is provided;
- To provide a location for depots, warehouses, and large vehicle parking and servicing areas.

Light Industry Zone

The objectives are:

- To provide for service industries and light industries that will not have a detrimental effect on nearby residential areas;
- To provide a transition zone for uses that are not general industrial but may require buildings with an industrial appearance.

Townsite Zone

The objectives are:

- To maintain a small town atmosphere;
- To maintain the status quo of uses within the zone;
- To allow a variety of uses necessary to service the normal functions of a small townsite;
- To provide for residential development and a range of commercial, industrial and other uses considered appropriate in small towns.

Special use Zone

The objectives are:

- To provide an area where special uses can be operated under the specific control of the local government in order to maintain the safety, health and welfare of surrounding users;
- To enable the local government to impose specific conditions to restrict the use and operation of any development that would normally not fit within the ambit of any other zone in this Scheme.

Rural Residential Zone

The objectives are:

- To encourage development for the purpose of closer settlement on land which is suitable and capable of supporting such a purpose, without impacting on the continued rural operation of adjoining land;

- To ensure that development maintains the rural character of the locality, maintains a high level of amenity and minimises disturbance to the landscape through construction of buildings and structures, clearing, earthworks and access roads;
- To discourage or prohibit development not compatible with the predominantly rural nature and residential amenity of the zone;
- To encourage rural residential subdivision where it is reasonable and economic to provide or extend services and facilities;
- To promote and encourage cluster subdivision and other innovative rural residential designs, having consideration for conservation values;
- To ensure the provision of community facilities and emergency services in the vicinity of rural residential developments;
- To encourage the provision of vegetation and fauna corridors and the revegetation of the land to adequately protect any areas or sites of conservation value within the design;
- To encourage rural residential subdivision by permitting a range of lot sizes in conventional subdivision subject to a general minimum lot size of 2 hectare with an average minimum lot size of approximately 4 hectares and providing greater flexibility for lots created within appropriate cluster subdivisions or by strata title subdivision, dependent upon the special physical characteristics of the land;
- To ensure the land is provided with road, electricity, communication services and, where appropriate and practical, water services.

Rural Zone

The objectives are:

- To provide for a range of rural pursuits which are compatible with the capability of the land and retain the rural character and amenity of the locality;
- To protect land from urban uses that may jeopardise the future use of that land for other planned purposes that are compatible with the zoning;
- To protect the land from closer development which would detract from the rural character and amenity of the area;
- To prevent any development which may affect the viability of a holding;
- To protect natural resources through responsible management of the land.

3.3 ZONING TABLE

3.3.1 The Zoning Table indicates, subject to the provisions of the Scheme, the uses permitted in the Scheme area in the various zones. The permissibility of any uses is determined by cross reference between the list of use classes on the left hand side of the Zoning Table and the list of zones at the top of the Zoning Table.

3.3.2 The symbols used in the cross reference in the Zoning Table have the following meanings -

'P' means that the use is permitted by the Scheme providing the use complies with the relevant development standards and the requirements of the Scheme;

'D' means that the use is not permitted unless the local government has exercised its discretion by granting development approval;

'A' means that the use is not permitted unless the local government has exercised its discretion by granting development approval after giving special notice in accordance with clause 64 of the deemed provisions; AMD 3 GG 15/12/17

'X' means a use that is not permitted by the Scheme.

3.3.3 A change in the use of land from one use to another is permitted if -

(a) the local government has exercised its discretion by granting development approval;

(b) the change is to a use which is designated with the symbol 'P' in the cross reference to that zone in the Zoning Table and the proposed use complies with all the relevant development standards and any requirements of the Scheme;

(c) the change is an extension of a use within the boundary of the lot which does not change the predominant use of the lot; or

(d) the change is to an incidental use that does not change the predominant use of the land.

Note:

1. *The development approval of the local government is required for the development of land in addition to any approval granted for the use of land. In normal circumstances one application is made for both the use and development of land.*
2. *The local government will not refuse a 'P' use because of the unsuitability of the use for the zone but may impose conditions on the use of the land to comply with any relevant development standards or requirements of the Scheme, and may refuse or impose conditions on any development of the land.*
3. *In considering a 'D' or 'A' use, the local government will have regard to the matters set out in clause 67 of the deemed provisions.* *AMD 3 GG 15/12/17*
4. *The local government must refuse to approve any 'X' use of land. Approval to an 'X' use of land may only proceed by way of an amendment to the Scheme.*

* means uses as determined by the local government as per Schedule 3,4 and 7 and the Scheme Map

¹Subject to clause 4.7.5

AMD 2 GG 07/07/17

3.4 INTERPRETATION OF THE ZONING TABLE

3.4.1 Where a specific use is mentioned in the Zoning Table, it is deemed to be excluded from the general terms used to describe any other use.

3.4.2 If a person proposes to carry out on land any use that is not specifically mentioned in the Zoning Table and cannot reasonably be determined as falling within the type, class or genus of activity of any other use category the local government may -

- (a) determine that the use is consistent with the objectives of the particular zone and is therefore permitted;
- (b) determine that the use may be consistent with the objectives of the particular zone and thereafter follow the advertising procedures of

clause 64 of the deemed provisions in considering an application for development approval; or

AMD 3 GG 15/12/17

- (c) determine that the use is not consistent with the objectives of the particular zone and is therefore not permitted.

3.5 ADDITIONAL USES

Despite anything contained in the Zoning Table, the land specified in Schedule 2 may be used for the specific use or uses that are listed in addition to any uses permissible in the zone in which the land is situated subject to the conditions set out in Schedule 2 with respect to that land.

3.6 RESTRICTED USES

Despite anything contained in the Zoning Table, the land specified in Schedule 3 may only be used for the specific use or uses that are listed and subject to the conditions set out in Schedule 3 with respect to that land.

3.7 SPECIAL USE ZONES

3.7.1 Special use zones are set out in Schedule 4 and are in addition to the zones in the Zoning Table.

3.7.2 A person must not use any land, or any structure or buildings on land, in a special use zone except for the purpose set out against that land in Schedule 4 and subject to compliance with any conditions set out in Schedule 4 with respect to that land.

3.8 NON-CONFORMING USES

Except as otherwise provided in the Scheme, no provision of the Scheme is to be taken to prevent -

- (a) the continued use of any land for the purpose for which it was being lawfully used immediately prior to the Gazettal date;
- (b) the carrying out of any development on that land for which, immediately prior to the Gazettal date, an approval or approvals, lawfully required to authorise the development to be carried out, were duly obtained and are current; or
- (c) subject to clause 80(1) of the deemed provisions, the continued display of advertisements which were lawfully erected, placed or displayed prior to the Gazettal date. *AMD 3 GG 15/12/17*

3.9 EXTENSIONS AND CHANGES TO A NON-CONFORMING USE

3.9.1 A person must not -

- (a) alter or extend a non-conforming use;
- (b) erect, alter or extend a building used in conjunction with or in furtherance of a non-conforming use; or
- (c) change the use of land from a non-conforming use to another non-conforming use, without first having applied for and obtained development approval under the Scheme.

3.9.2 An application for development approval under this clause is to be advertised in accordance with clause 64 of the deemed provisions.

AMD 3 GG 15/12/17

3.9.3 Where an application is for a change of use from an existing non-conforming use to another non-conforming use, the local government is not to grant its development approval unless the proposed use is less detrimental to the amenity of the locality than the existing non-conforming use and is, in the opinion of the local government, closer to the intended purpose of the zone.

3.10 DISCONTINUANCE OF NON-CONFORMING USE

Where a non-conforming use of any land has been discontinued for a period of 6 months the land must not be used after that period otherwise than in conformity with the provisions of the Scheme.

3.11 TERMINATION OF A NON-CONFORMING USE

The local government may effect the discontinuance of a non-conforming use by the purchase of the land, or by the payment of compensation to the owner or occupier or to both the owner and occupier of that land, and may enter into an agreement with the owner for that purpose.

Note: Section 13 of the Planning and Development Act enables the local government to purchase, or, with the consent of the Governor, compulsorily acquire land for the purpose of a town planning scheme, subject to Part 9 of the Land Administration Act 1997, that section and the Scheme.

3.12 DESTRUCTION OF NON-CONFORMING USE BUILDINGS

If a building used for a non-conforming use is destroyed to 75% or more of its value, the building is not to be repaired, rebuilt, altered or added to for the purpose of being used for a non-conforming use or in a manner not permitted by the Scheme, except with the development approval of the local government.

PART 4 - GENERAL DEVELOPMENT REQUIREMENTS

4.1 COMPLIANCE WITH DEVELOPMENT STANDARDS AND REQUIREMENTS

Any development of land is to comply with the provisions of the Scheme.

4.2 RESIDENTIAL DESIGN CODES

4.2.1 A copy of the Residential Design Codes is to be kept and made available for public inspection at the offices of the local government.

4.2.2 Unless otherwise provided for in the Scheme, the development of land for any of the residential purposes dealt with by the Residential Design Codes is to conform with the provisions of those Codes.

4.2.3 The Residential Design Codes density applicable to land within the Scheme area is to be determined by reference to the Residential Design Codes density number superimposed on the particular areas contained within the borders shown on the Scheme Map or where such an area abuts another area having a Residential Design Code density, as being contained within the area defined by the centre-line of those borders.

4.3 SPECIAL APPLICATION OF RESIDENTIAL DESIGN CODES

(a) The Residential Design Code for land zoned 'Residential' and 'Commercial' shall be R10/25 unless otherwise indicated on the Scheme Maps.

(b) Residential development with the R10/25 code shall be permitted at the R10 density, however the local government may approve developments up to the R25 density as an 'D' use.

(c) The local government shall not approve a residential development with a density exceeding R10 unless a connection to a sewer network is available or otherwise it is in accordance with the provisions of any relevant Government Sewerage Policy.

(d) Notwithstanding the right to develop a single house on an existing lot, residential development in the 'Rural' Zone shall comply with the specific requirements of the local government, however these shall not be lesser than those specified for the Residential Design Code 'R2'.

4.4 RESTRICTIVE COVENANTS

4.4.1 Subject to clause 4.4.2, a restrictive covenant affecting any land in the Scheme area by which, or the effect of which is that, the number of residential dwellings which may be constructed on the land is limited or restricted to less than that permitted by the Scheme, is hereby extinguished or varied to the extent that it is inconsistent with the provisions of the Residential Design Codes which apply under the Scheme.

4.4.2 Where clause 4.4.1. operates to extinguish or vary a restrictive covenant the local government is not to grant development approval to the development of the land which would, but for the operation of clause 4.4.1, have been prohibited unless the application has been dealt with as an 'A' use and has complied with all of the advertising requirements of clause 64 of the deemed provisions. *AMD 3 GG 15/12/17*

4.5 VARIATIONS TO SITE AND DEVELOPMENT STANDARDS AND REQUIREMENTS

- 4.5.1 Except for development in respect of which the Residential Design Codes apply, if a development is the subject of an application for development approval and does not comply with a standard or requirement prescribed under the Scheme, the local government may, despite the non-compliance, approve the application unconditionally or subject to such conditions as the local government thinks fit.
- 4.5.2 In considering an application for development approval under this clause, where, in the opinion of the local government, the variation is likely to affect any owners or occupiers in the general locality or adjoining the site which is the subject of consideration for the variation, the local government is to -
- (a) consult the affected parties by following one or more of the provisions for advertising uses under clause 64 of the deemed provisions; and
AMD 3 GG 15/12/17
 - (b) have regard to any expressed views prior to making its determination to grant the variation.
- 4.5.3 The power conferred by this clause may only be exercised if the local government is satisfied that -
- (a) approval of the proposed development would be appropriate having regard to the criteria set out in clause 67 of the deemed provisions; and
AMD 3 GG 15/12/17
 - (b) the non-compliance will not have an adverse effect upon the occupiers or users of the development, the inhabitants of the locality or the likely future development of the locality.

4.6 ENVIRONMENTAL CONDITIONS

- 4.6.1 Environmental conditions to which the Scheme is, or amendments to the Scheme are, subject are incorporated into the Scheme by Schedule 6 of the Scheme.
- 4.6.2 Where appropriate, the environmental conditions are indicated on the Scheme Map by the symbol EC to indicate that environmental conditions apply to the land.
- 4.6.3 The local government is to -
- (a) maintain a register of all relevant statements published under sections 48F and 48G of the EP Act; and
 - (b) make the statements available for public inspection at the offices of the local government.

Note: Environmental conditions are those required to be incorporated into a Scheme or an amendment to a Scheme following assessment under the Environmental Protection Act 1986.

4.7 SITE AND DEVELOPMENT REQUIREMENTS

Any development that is permitted under the provisions of Part 2 and 3 of this Scheme shall conform to the requirements for that use as specified in Table 2 - Development Table, or in the Residential Design Codes for residential development.

4.7.1 Development Requirements

Where requirements for a particular use are not set out in this Scheme, the development shall conform to the provisions for the predominant use of the zone in which it is situated, as determined by the local government. Where such provisions are inappropriate, development shall conform to such requirements as the local government shall determine. For the purposes of this Clause, the predominant uses in zones and local reserves shall be deemed to be as outlined in their respective objectives.

4.7.2 Combined Uses

Where two or more uses are combined in a single development, the development shall conform to the requirements for each use respectively, or where such requirements are inappropriate, to such requirements as the local government shall determine.

4.7.3 Industrial Development

Unsewered industrial development will be restricted to 'dry industry' type (i.e. industries predicted to generate wastewater for disposal on-site of a daily rate of less than 540 litres per 1000m²).

4.7.4 Rural Residential Development

- Development in a zone shall be permitted in accordance with the requirements of Table 2 and the objectives for that zone as outlined in Part 3, and with any other requirements specified in Schedule 7.
- No dwelling or other structure shall be permitted within 15 metres of a lot boundary unless the local government considers that a lesser setback will not adversely affect the amenity of the area and the neighbouring properties.
- No trees or other substantial vegetation shall be removed from a rural residential property unless otherwise approved by the local government.
- No advertising signs or billboards shall be erected without the approval of the local government.

4.7.5 Additional Dwellings

In the Rural zone, the local government may, at its discretion, approve the erection of one (1) additional dwelling on a rural lot provided that:

- (a) the total number of dwellings on the lot will not exceed three (3) dwellings;
- (b) the additional dwelling(s) complies with the setback requirements not less than those specified for the Residential Design Code 'R2';
- (c) the lot has an area of not less than 40 hectares;
- (d) it can be demonstrated that the additional dwelling(s) is for workers or family members employed for agricultural activities on that lot;

- (e) adequate provision of potable water for and disposal of sewage from the additional dwelling(s) can be demonstrated;
- (f) the additional dwelling(s) will not adversely detract from the rural character and amenity of the area or conflict with agricultural production on the subject lot or adjoining land;
- (g) access to the existing road network is to be provided for any additional dwelling(s) and shared with any existing dwelling(s) where practicable;
- (h) the existence of more than one dwelling on a lot in the Rural zone shall not be considered by itself to be sufficient grounds for subdivision. *AMD 2 GG 07/07/17*

4.8 CARETAKER'S DWELLING

The provisions of this clause apply to all caretakers' dwellings in the Light Industry zone.

- (a) a caretakers dwelling should be incidental to the predominant industrial use of the site;
- (b) only one caretakers dwelling is permitted on a lot and that dwelling should be on the same lot as the associated industrial use.
- (c) a caretakers dwelling is to have a total floor area that does not exceed 100 square metres from the external face of walls; and
- (d) open verandas may be permitted by must not be enclosed by any means unless the total floor area remains within the maximum 100 square metres floor area requirement.

PART 5 - SPECIAL CONTROL AREAS

5.1 OPERATION OF SPECIAL CONTROL AREAS

5.1.1 The following Special Control Areas (SCAs) are shown on the Scheme Maps:

- (i) Special Control Area No. 1 - Water infrastructure buffer
- (ii) Special Control Area No. 2 - Liquid waste disposal buffer
- (iii) Special Control Area No. 3 - Shire quarry buffer
- (iv) Special Control Area No. 4 - Waste Management facility buffer
- (v) Special Control Area No. 5 - CBH facility buffer

5.1.2 In respect of the Special Control Area(s) shown in the Scheme Maps, the provisions applying to the special control area apply in addition to the provisions applying to any underlying zone or reserve and any general provisions of the Scheme.

5.2 SPECIAL CONTROL AREA 1 - WATER INFRASTRUCTURE BUFFER

5.2.1 Purpose

The purpose of Special Control Area 1 is to protect the townsite water supply and guide and control land use and development within the area of the Water Corporations chlorine store on Reserve 19675, as shown on the Scheme Maps as SCA 1.

5.2.2 Application Requirements

Despite any other provisions in this Scheme, development approval is required for all land use and development, including a single house, within SCA 1.

5.2.3 Relevant Considerations

In addition to provisions of the Scheme, the local government in considering applications for rezoning, subdivision or development approval in SCA 1 is to have due regard to:

- (a) the potential impacts of the proposal on the current and future operations of the chlorine store;
- (b) the sensitivity of the proposed use or development to off-site emissions or risk;
- (c) a requirement for a notification on title for any new subdivision or development advising of the proximity of the chlorine store; and
- (d) any other planning consideration the local government considers relevant.

5.2.4 Referral of Applications

The local government may refer development applications for development approval to the relevant service provider for comment prior to determination and have due regard to recommendations and advice received from those authorities when determining applications.

5.3 SPECIAL CONTROL AREA 2 - LIQUID WASTE DISPOSAL BUFFER

5.3.1 Purpose

The purpose of Special Control Area 2 is to guide and control land use and development within the area of the liquid waste disposal facility (Lot 28709 Bruce Rock East Road), as shown on the Scheme Maps as SCA 2.

5.3.2 Application Requirements

Despite any other provisions in this Scheme, development approval is required for all land use and development, including a single house, within SCA 2.

5.3.3 Relevant Considerations

In addition to provisions of the Scheme, the local government in considering applications for rezoning, subdivision or development approval in SCA 2 is to have due regard to:

- (a) the potential impacts of the proposal on the current and future operations of the liquid waste disposal facility;
- (b) the sensitivity of the proposed use or development to off-site emissions or risk;
- (c) a requirement for a notification on title for any new subdivision or development advising of the proximity of the liquid waste disposal facility; and
- (d) any other planning consideration the local government considers relevant.

5.3.4 Referral of Applications

The local government may refer development applications for development approval for comment prior to determination and have due regard to recommendations and advice when determining applications.

5.4 SPECIAL CONTROL AREA 3 - SHIRE QUARRY BUFFER

5.4.1 Purpose

The purpose of Special Control Area 3 is to guide and control land use and development within the area of the Bruce Rock quarry (Bruce Rock Merredin Road), as shown on the Scheme Maps as SCA 3.

5.4.2 Application Requirements

Despite any other provisions in this Scheme, development approval is required for all land use and development, including a single house, within SCA 3.

5.4.3 Relevant Considerations

In addition to provisions of the Scheme, the local government in considering applications for rezoning, subdivision or development approval in SCA 3 is to have due regard to:

- (a) the potential impacts of the proposal on the current and future operations of the quarry;
- (b) the sensitivity of the proposed use or development to off-site emissions or risk;
- (c) a requirement for a notification on title for any new subdivision or development advising of the proximity of the quarry; and
- (d) any other planning consideration the local government considers relevant.

5.4.4 Referral of Applications

The local government may refer development applications for development approval for comment prior to determination and have due regard to recommendations and advice when determining applications.

5.5 SPECIAL CONTROL AREA 4 - WASTE MANAGEMENT FACILITY BUFFER

5.5.1 Purpose

The purpose of Special Control Area 4 is to guide and control land use and development within the area of the Bruce Rock Waste Management facility (Bruce Rock Quarry, Bruce Rock Narembeen Road), as shown on the Scheme Maps as SCA 4.

5.5.2 Application Requirements

Despite any other provisions in this Scheme, development approval is required for all land use and development, including a single house, within SCA 4.

5.5.3 Relevant Considerations

In addition to provisions of the Scheme, the local government in considering applications for rezoning, subdivision or development approval in SCA 4 is to have due regard to:

- (a) the potential impacts of the proposal on the current and future operations of the facility;
- (b) the sensitivity of the proposed use or development to off-site emissions or risk;
- (c) a requirement for a notification on title for any new subdivision or development advising of the proximity of the waste management facility; and
- (d) any other planning consideration the local government considers relevant.

5.5.4 Referral of Applications

The local government may refer development applications for development approval for comment prior to determination and have due regard to recommendations and advice when determining applications.

5.6 SPECIAL CONTROL AREA 5 - CBH FACILITY

5.6.1 Purpose

The purpose of Special Control Area 5 is to guide and control land use and development within the area of the CBH grain receival depot (Lot 5, off Lethlean Street), as shown on the Scheme Maps as SCA 5.

5.6.2 Application Requirements

Despite any other provisions in this Scheme, development approval is required for all land use and development, including a single house, within SCA 5.

5.6.3 Relevant Considerations

In addition to provisions of the Scheme, the local government in considering applications for rezoning, subdivision or development approval in SCA 5 is to have due regard to:

- (a) the potential impacts of the proposal on the current and future operations of the CBH facility;
- (b) the sensitivity of the proposed use or development to off-site emissions or risk;
- (c) a requirement for a notification on title for any new subdivision or development advising of the proximity of the CBH facility; and
- (d) any other planning consideration the local government considers relevant.

5.6.4 Referral of Applications

The local government may refer development applications for development approval for comment prior to determination and have due regard to recommendations and advice when determining applications.
