Part 1 - Preliminary

1. Citation

This local planning scheme is the City of Subiaco Local Planning Scheme No. 5.

2. Commencement

Under section 87(4) of the Act, this local planning scheme comes into operation on the day on which it is published in the *Gazette*.

3. Scheme revoked

The following local planning scheme is revoked –

- The land area of the City of Subiaco *Town Planning Scheme No. 4 Map* gazetted 23 March 2001 north of Aberdare Road and its relevant Scheme Text.
- The land area of the City of Subiaco *Town Planning Scheme No. 4 Map* gazetted 23 March 2001 south of Aberdare Road and the relevant Scheme Text remains operative under the jurisdiction of the City of Perth.

4. Notes do not form part of Scheme

Notes, and instructions printed in italics, do not form part of this Scheme.

Note: The *Interpretation Act 1984* section 32 makes provision in relation to whether headings form part of the written law.

5. Responsibility for Scheme

The City of Subiaco is the local government responsible for the enforcement and implementation of this Scheme and the execution of any works required to be executed under this Scheme.

6. Scheme area

This Scheme applies to the area shown on the Scheme Map, which covers all the municipal district of the City of Subiaco apart from the area, illustrated on the Scheme Map, comprising the land that is in the redevelopment area for the purposes of the *Metropolitan Redevelopment Authority Act 2011*.

Notes:

1. The Scheme area (or part) is also subject to the Metropolitan Region planning scheme (see clause 12) and other local planning schemes (see clause 11).
2. The development of any land within the redevelopment area requires approval under section 47 of the *Metropolitan Redevelopment Authority Act 2011*.

7. Contents of Scheme

- (1) In addition to the provisions set out in this document (the scheme text), this Scheme includes the following —
 - (a) the deemed provisions (set out in the Planning and Development (Local Planning Schemes) Regulations 2015 Schedule 2) including any supplemental deemed provisions outlined in Schedule 1 of the scheme text;
 - (b) the Scheme Map;
- (2) This Scheme is to be read in conjunction with any local planning strategy for the Scheme area.

8. Purposes of Scheme

The purposes of this Scheme are to —

- (a) set out the local government's planning aims and intentions for the Scheme area; and
- (b) set aside land as local reserves for public purposes; and
- (c) zone land within the Scheme area for the purposes defined in this Scheme; and
- (d) control and guide development including processes for the preparation of structure plans, activity centre plans and local development plans; and
- (e) set out procedures for the assessment and determination of development applications; and
- (f) set out procedures for contributions to be made for the costs of providing infrastructure in connection with development through development contribution plans; and
- (g) make provision for the administration and enforcement of this Scheme; and
- (h) address other matters referred to in Schedule 7 of the Act.

9. Aims of Scheme

The aims of this Scheme are to —

- (a) foster a sense of place that is unique to Subiaco and provide an attractive urban environment to ensure development promotes a sense of community and encourages participation in community life; and
- (b) maintain and improve the City's excellent provision of housing choice and variety in neighbourhoods with a community identity, high levels of amenity and services to meet community needs while accommodating a reasonable increase in population and housing stock in appropriate locations; and
- (c) foster and control the use and development of land in an effective, efficient and environmentally sustainable manner according to precinct planning principles, whilst striking the balance between accommodating increasing population and maintaining local character; and

- (d) ensure planning at the local level is consistent with the Metropolitan Region Scheme and wider regional planning objectives; and
- (e) facilitate and encourage effective public involvement in planning issues of significance to the character, amenity, evolution, vibrancy, and environmental attributes of the City; and
- (f) coordinate and ensure that development is of a high quality and is completed in an efficient and environmentally responsible manner which:
 - (i) makes optimum use of the City's infrastructure and resources;
 - (ii) promotes an energy-efficient environment;
 - (iii) respects the natural environment;
 - (iv) contributes to the visual and social amenity of the city;
 - (v) provides excellence in design quality;
 - (vi) ensures high amenity for those living, visiting or working in a building, as well as those passing through and observing the building; and
 - (vii) enhances the public health of the community; and
- (g) promote and safeguard the special character and cultural heritage of the City by:
 - (i) identifying, conserving and enhancing those places which are of significance to the City's cultural heritage;
 - (ii) encouraging development that is in harmony with the cultural heritage value of an area;
 - (iii) protect and enhance local heritage and character recognising and preserving the traditional setting of existing dwellings including curtilage, garden areas and open space; and
 - (iv) promoting public awareness of cultural heritage generally; and
- (h) foster local economic development, business and employment generating activities in appropriate locations; and
- (i) develop a diverse and attractive hierarchy of activity centres providing a community focus for neighbourhoods and an active and vibrant town centre; and
- (j) plan for the appropriate redevelopment of major sites which will become available in the short, medium and long-term; and
- (k) integrate planning for land use and transport to achieve sustainable urban development encouraging the reduction in dependence on private motor vehicle use and promotion of alternative travel modes; and
- (l) make efficient use of existing infrastructure and resources such as public transport, land and financial resources; and

- (m) encourage the use of public transport and promote Subiaco as a major public transport node; and
- (n) reduce the demand for, and balance the provision of, parking to ensure convenient access while promoting economic, environmental and social sustainability; and
- (o) maintain and enhance social and recreational opportunities and develop meeting places for the community; and
- (p) provide a mechanism for the future and ongoing integration and normalisation of the Subiaco Redevelopment Area into the Scheme, and to provide for seamless transition over time.

10. Relationship with local laws

Where a provision of this Scheme is inconsistent with a local law, the provision of this Scheme prevails to the extent of the inconsistency.

11. Relationship with other local planning schemes

There are no other local planning schemes of the City of Subiaco which apply to the Scheme area.

12. Relationship with region planning scheme

The Metropolitan Region Scheme made (or continued) under Part 4 of the Act applies in respect of part or all of the Scheme area.

Note: The authority responsible for implementing the Metropolitan Region Scheme is the Western Australian Planning Commission.

Part 2 – Reserves

13. Regional Reserves

- (1) Regional reserves are marked on the Scheme Map according to the legend on the Scheme Map.
- (2) The lands marked as regional reserves are lands reserved for a public purpose under the Metropolitan Region Scheme.

Note: The process of reserving land under a regional planning scheme is separate from the process of reserving land under the *Land Administration Act 1997* section 41.

14. Local reserves

- (1) In this clause —

Department of Main Roads means the department principally assisting in the administration of the *Main Roads Act 1930*;

Western Australian Road Hierarchy means the document of that name available on the website maintained by the Department of Main Roads.

- (2) Local reserves are shown on the Scheme Map according to the legend on the Scheme Map.
- (3) The objectives of each local reserve are as follows —

Table 1 – Reserve objectives

18. Interpreting zoning table

(1) The permissibility of uses of land in the various zones in the Scheme area is determined by cross-reference between the list of use classes on the left hand side of the zoning table and the list of zones at the top of the zoning table.

(2) The symbols used in the zoning table have the following meanings —

P means that the use is permitted if it complies with any relevant development standards and requirements of this Scheme;

I means that the use is permitted if it is consequent on, or naturally attaching, appertaining or relating to the predominant use of the land and it complies with any relevant development standards and requirements of this Scheme;

D means that the use is not permitted unless the local government has exercised its discretion by granting development approval;

A means that the use is not permitted unless the local government has exercised its discretion by granting development approval after giving notice in accordance with clause 64 of the deemed provisions;

X means that the use is not permitted by this Scheme.

Note: 1. The development approval of the local government may be required to carry out works on land in addition to any approval granted for the use of land. In normal circumstances one application is made for both the carrying out of works on, and the use of, land. For development on land that does not require development approval see clause 61 of the deemed provisions.

2. In considering an application for development approval, the local government will have regard to clause 67 of the deemed provisions.

- (3) A specific use class referred to in the zoning table is excluded from any other use class described in more general terms.
- (4) The local government may, in respect of a use that is not specifically referred to in the zoning table and that cannot reasonably be determined as falling within a use class referred to in the zoning table -
 - (a) determine that the use is consistent with the objectives of a particular zone and is therefore a use that may be permitted in the zone subject to conditions imposed by the local government; or
 - (b) determine that the use may be consistent with the objectives of a particular zone and give notice under clause 64 of the deemed provisions before considering an application for development approval for the use of the land; or
 - (c) determine that the use is not consistent with the objectives of a particular zone and is therefore not permitted in the zone.
- (5) If a use of land is identified in a zone as being a class P or class I use, the local government may not refuse an application for development approval for that use in that zone but may require works that are to be undertaken in connection with that use to have development approval.
- (6) If a use of land is identified in a zone as being a class X use, the local government must refuse an application for development approval for that use in that zone unless —
 - (a) the development approval application relates to land that is being used for a non-conforming use; and
 - (b) the local government considers that the proposed use of the land would be less detrimental than the non-conforming use.
- (7) If the zoning table does not identify any permissible uses for land in a zone the local government may, in considering an application for development approval for land within the zone, have due regard to any of the following plans that apply to the land —
 - (a) a structure plan; or
 - (b) an activity centre plan; or
 - (c) a local development plan.

19. Additional uses

- (1) Schedule 2 sets out —
 - (a) classes of use for specified land that are additional to the classes of use that are permissible in the zone in which the land is located; and
 - (b) the conditions that apply to that additional use.
- (2) Despite anything contained in the zoning table, land that is specified in schedule 2 may be used for the additional class of use set out in respect of that land subject to the conditions that apply to that use.

20. Restricted uses

- (1) There are no restricted uses which apply to this Scheme.

21. Special use zones

- (1) There are no special use zones which apply to this Scheme.

Note: Special use zones apply to special categories of land use which do not comfortably sit within any other zone in the Scheme.

22. Non-conforming uses

- (1) Unless specifically provided, this Scheme does not prevent —
 - (a) the continued use of any land, or any structure or building on land, for the purpose for which it was being lawfully used immediately before the commencement of this Scheme; or
 - (b) the carrying out of development on land if —
 - (i) before the commencement of this Scheme, the development was lawfully approved; and
 - (ii) the approval has not expired or been cancelled.
- (2) Subclause (1) does not apply if —
 - (a) the non-conforming use of the land is discontinued; and
 - (b) a period of 6 months, or a longer period approved by the local government, has elapsed since the discontinuance of the non-conforming use.
- (3) Subclause (1) does not apply in respect of a non-conforming use of land if, under Part 11 of the Act, the local government —
 - (a) purchases the land; or
 - (b) pays compensation to the owner of the land in relation to the non-conforming use.

23. Changes to non-conforming use

- (1) A person must not, without development approval —
 - (a) alter or extend a non-conforming use of land; or
 - (b) erect, alter or extend a building used for, or in conjunction with, a non-conforming use; or
 - (c) repair, rebuild, alter or extend a building used for a non-conforming use that is destroyed to the extent of 75% or more of its value; or
 - (d) change the use of land from a non-conforming use to another use that is not permitted by the Scheme.
- (2) An application for development approval for the purposes of this clause must be advertised in accordance with clause 64 of the deemed provisions.
- (3) A local government may only grant development approval for a change of use of land referred to in subclause (1)(d) if, in the opinion of the local government, the proposed use —
 - (a) is less detrimental to the amenity of the locality than the existing non-conforming use; and
 - (b) is closer to the intended purpose of the zone in which the land is situated.

24. Register of non-conforming uses

- (1) The local government may prepare a register of land within the Scheme area that is being used for a non-conforming use.
- (2) A register prepared by the local government must set out the following -
 - (a) a description of each area of land that is being used for a non-conforming use; and
 - (b) a description of any building on the land; and
 - (c) a description of the non-conforming use; and
 - (d) the date on which any discontinuance of the non-conforming use is noted.
- (3) If the local government prepares a register under subclause (1) the local government —
 - (a) must ensure that the register is kept up-to-date; and
 - (b) must make a copy of the register available for public inspection during business hours at the offices of the local government; and
 - (c) may publish a copy of the register on the website of the local government.

- (4) An entry in the register in relation to land that is being used for a non-conforming use is evidence of the matters set out in the entry, unless the contrary is proved.

Part 4 - General development requirements

25. R-Codes

- (1) The R-Codes, modified as set out in clause 26, are to be read as part of this Scheme.
- (2) The local government —
 - (a) must make a copy of the R-Codes available for public inspection during business hours at the offices of the local government; and
 - (b) may publish a copy of the R-Codes on the website of the local government.
- (3) The coding of land for the purposes of the R-Codes is shown by the coding number superimposed on a particular area contained within the boundaries of the area shown on the Scheme Map.
- (4) The R-Codes apply to an area if the area has a coding number superimposed on it in accordance with subclause (3).

26. Modification of R-Codes

- (1) Residential Building Height in areas coded less than R40:
 - (a) The deemed-to-comply requirements for residential building height at Part 5.1.6 of the R-Codes are modified as follows:

Buildings which comply with the table below for category B buildings, except where stated otherwise in the relevant local planning policy, local development plan, structure plan or activity centre plan.

Maximum Building Heights			
	Category		
	A	B	C
Top of External Wall	3.6m	6m	9m
Top of external wall (concealed roof)	4m	7m	10m
Top of pitched roof	6.5m	9m	12m

- (2) Residential Car Parking Requirements for all single house(s) and grouped dwellings; and multiple dwellings in areas coded less than R40:
 - (a) The deemed-to-comply requirements for residential car parking at Part 5.3.3 of the R-Codes are modified as follows (numbers to be rounded up to the nearest whole number):

The following minimum and maximum number of on-site car parking spaces is to be provided for each single house, grouped dwelling and special purpose dwelling comprising the following number of bedrooms:

Type of Dwelling	Car Parking Spaces				
	Location A		Location B		Location C

LOT 19 ROBERTS ROAD AND LOT 22 ROKEBY ROAD, SUBIACO

Status

The local development plan should be used as a basis to determine future development applications over the site however, variations to the local development plan may be supported by Council, where it can be demonstrated that the vision and objectives for the site can still be achieved.

Vision

To transform the current Pavilion market site into an outstanding mixed use development that contributes to the vitality and appeal of the Subiaco Town Centre.

Objectives

The objectives for the development of Lot 19 Rokeby Road and Lot 22 Roberts Road are to:

- (a) Enhance the resident, workforce and visitor population for Subiaco and leverage the advantages of the site's train station proximity;
- (b) Result in mixed use development that maintains the retail streetscape and experience;
- (c) Provide a range of high street retail and supporting commercial opportunities that strengthen the diversity and appeal of the Subiaco retail offer;
- (d) Ensure building height where included does not detract from the streetscape and retail shopping experience;
- (e) Result in a high quality public domain with seating and pedestrian spaces that activate the site and increase the general level of activity along Rokeby Road and the neighbouring environs;
- (f) Result in building form and aesthetic that respects existing heritage and more contemporary redevelopment of adjoining sites;
- (g) Provide a diversity of residential housing that contributes to living options in the Town Centre and Subiaco more broadly;
- (h) Encourage a collaborative "win-win" process between the landowners, the City of Subiaco and immediate stakeholders that can accelerate the redevelopment of the site by involving the broad community in the process;
- (i) Provide a form based development control for the site to create something original and iconic for the site;
- (j) Provide vibrancy and activity as a place where people want to go as a regional destination offering a diverse range of experiences;
- (k) Promote sense of community and celebrate and maintain the character of Subiaco;
- (l) Activate local nodes and strengthen the main street appeal; and
- (m) Provide parking accessibility for a range of people and city visitors;

Specific Building Requirements
