

EMERGENCY MANAGEMENT ACT 2005 (WA)

Sections 67, 70 and 72A

TRANSPORT, FREIGHT AND LOGISTICS DIRECTIONS (NO 12)

The World Health Organization declared COVID-19 a pandemic on 11 March 2020.

On 15 March 2020, the Minister for Emergency Services declared a state of emergency with effect from 12 am on 16 March 2020 in respect of the pandemic caused by COVID-19 pursuant to section 56 of the *Emergency Management Act 2005 (WA) (Act) (State of Emergency)*. The State of Emergency applies to the State of Western Australia.

I, Christopher John Dawson, Commissioner of Police and State Emergency Coordinator, now give the following directions pursuant to my powers under sections 67, 70 and 72A of the Act.

PREAMBLE

1. These directions set out the requirements that apply to a **transport, freight and logistics driver** who **enters** or intends to enter Western Australia and are for the purpose of preventing the importation of COVID-19 into Western Australia and otherwise limiting the spread of COVID-19 in Western Australia.

CITATION

2. These directions may be referred to as the **Transport, Freight and Logistics Directions (No 12)**.

COMMENCEMENT

3. These directions come into effect at 12.01 am on 5 February 2022.

REVOCATION AND CONTINUING OBLIGATIONS

4. The Transport, Freight and Logistics Directions (No 11) (**revoked directions**) are revoked.
5. Despite paragraph 4, if a transport, freight and logistics driver entered Western Australia before the commencement of these directions, the transport, freight and logistics driver must continue to comply with any requirement which still applied to them under the revoked directions immediately before they were revoked to the same extent that the transport, freight and logistics driver would if the revoked directions had not been revoked, and, for the avoidance of doubt, if the transport, freight and logistics driver fails to comply with a requirement that applied to them under the

revoked directions, the transport, freight and logistics driver may commit an offence under the Act.

6. Any reference to the revoked directions in any **direction** or approval given under or pursuant to a direction is deemed to be a reference to these directions from the commencement of these directions.

DIRECTIONS

Interaction with the COVID Transition (Border Requirements) Directions

7. Unless stated otherwise, a transport, freight and logistics driver who enters Western Australia pursuant to these directions must comply with these directions and not the COVID Transition (Border Requirements) Directions, except for paragraphs 4, 5, 6 and 7 of the COVID Transition (Border Requirements) Directions.
8. Notwithstanding paragraph 4(c) of the COVID Transition (Border Requirements) Directions, a transport, freight and logistics driver may enter Western Australia in the circumstances contemplated in paragraph 13(a) provided such driver complies with these directions.
9. Notwithstanding paragraph 4(d) of the COVID Transition (Border Requirements) Directions, a transport, freight and logistics driver may enter Western Australia in the circumstances contemplated in paragraph 15 provided such **driver** complies with these directions.
10. If there is any conflict between these directions and the COVID Transition (Border Requirements) Directions, these directions prevail to the extent of any inconsistency.

Vaccination prior to entry

11. A transport, freight and logistics driver must not enter Western Australia:
 - (a) unless the person has had administered to them a **full course** of an **approved COVID-19 vaccine** and produces **accepted proof of vaccination** to a **relevant officer** on request,
unless the person:
 - (b) is **vaccine ineligible** and produces evidence of this to the satisfaction of a relevant officer on request; or

- (c) is **vaccine exempt** and produces **accepted proof of vaccination exemption** to a relevant officer on request; or
- (d) is approved to enter Western Australia by me or a person authorised by me for that purpose, notwithstanding that the person does not meet one of the requirements in paragraph 11(a), 11(b) or 11(c).

PCR testing prior to entry

12. Unless otherwise directed by me or a person authorised by me for that purpose, which direction may add to, remove or modify the requirements of this paragraph, a transport, freight and logistics driver must not:
- (a) enter Western Australia unless that driver has been **tested** for COVID-19 using an **approved testing methodology** in the 72 hours prior to entering Western Australia; or
 - (b) enter Western Australia at a location other than the **Eucla border crossing** or the **Kununurra border crossing** unless the driver has received a **negative test result** in respect of the **test** undertaken pursuant to paragraph 12(a).

Rapid antigen testing

13. A transport, freight and logistics driver must not enter Western Australia at or within 100km of the Eucla border crossing or the Kununurra border crossing unless:
- (a) such driver has undertaken a rapid antigen test in the vicinity of the Eucla border crossing or the Kununurra border crossing (as applicable) immediately prior to entering Western Australia and has either:
 - (i) received a result from that rapid antigen test; or
 - (ii) been **instructed** by a relevant officer that the driver need not await a result from that rapid antigen test; or
 - (b) an **authorised officer** has approved the driver entering Western Australia subject to that driver satisfying the **rapid antigen testing presentation condition**; or
 - (c) an authorised officer has otherwise approved the driver entering Western Australia provided that the driver complies with any terms or conditions to which that approval is subject.

14. A driver who is subject to the rapid antigen testing presentation condition must, immediately after entering Western Australia:
- (a) travel directly and immediately to the nearest **rapid antigen testing station**; and
 - (b) comply with **instructions** given by a relevant officer at the rapid antigen testing station; and
 - (c) remain at the rapid antigen testing station until:
 - (i) the driver has undertaken a rapid antigen test, and received a result from that rapid antigen test; or
 - (ii) a relevant officer has instructed the driver that they may leave the rapid antigen testing station.
15. A driver who records any result other than a negative test result in response to a rapid antigen test undertaken pursuant to paragraph 13(a) or paragraph 14 and who entered Western Australia prior to the non-negative test result being recorded, or who elects to enter Western Australia after the non-negative test result has been recorded, as well as any other transport, freight and logistics driver who is accompanying that driver in the same **motor vehicle**, must:
- (a) travel to a location **directed** by an authorised officer in a manner directed by that authorised officer; and
 - (b) on arrival at that location, inform a relevant officer that:
 - (i) they have recorded a non-negative test result in response to a rapid antigen test; or
 - (ii) where applicable, they are accompanying a driver who has recorded a non-negative test result; and
 - (c) comply with any directions or instructions given by a relevant officer.
16. Notwithstanding anything to the contrary in either of the **relevant directions**, a driver who undertakes a rapid antigen test pursuant to paragraph 13(a) or paragraph 14:
- (a) does not become a high risk tested person for the purposes of the Quarantine (Undiagnosed) Directions by reason only of having undertaken a rapid antigen test; and

- (b) does not become subject to obligations under the Isolation (Diagnosed) Directions (No 2) by reason only of a test result having been recorded after taking a rapid antigen test.

24 hour presentation protocol

- 17. A transport, freight and logistics driver must comply with the **24 hour presentation protocol**, unless the driver:
 - (a) produces evidence to the satisfaction of a relevant officer that the driver has been tested using an approved testing methodology in the period of five days before entering Western Australia; or
 - (b) leaves Western Australia within 24 hours of entering Western Australia; or
 - (c) is given a direction to quarantine at a **quarantine centre** or a **hospital**; or
 - (d) is required to quarantine or isolate under either or both of the relevant directions (other than paragraph 10 of the Quarantine (Undiagnosed) Directions).

- 18. A transport, freight and logistics driver who must comply with the 24 hour presentation protocol must within 24 hours after entering Western Australia:
 - (a) go to a **COVID Clinic** as early as possible within that 24 hour period; and
 - (b) inform a relevant officer at the COVID Clinic that they are required to attend the COVID Clinic under these directions; and
 - (c) comply with any instruction which a relevant officer at the COVID Clinic gives to them; and
 - (d) answer truthfully if a relevant officer at the COVID Clinic asks the driver to describe their state of health or whether the driver has or has had any **symptoms**; and
 - (e) remain at the COVID Clinic until the driver has been tested, or a relevant officer has instructed the driver that they may leave the COVID Clinic.

*Note: this paragraph DOES NOT require a person to be tested for COVID-19. A person must consent to be tested for COVID-19 unless they are directed to have the test by an **emergency officer** under the Public Health Act 2016 (WA).*

Seven day presentation protocol

19. A transport, freight and logistics driver must comply with the **seven day presentation protocol** for a period ending 14 days after the day on which the driver entered Western Australia, unless the driver:
- (a) leaves Western Australia by the seventh day after the day on which the driver was last tested; or
 - (b) is given a direction to quarantine at a quarantine centre or a hospital; or
 - (c) is required to quarantine or isolate under either or both of the relevant directions (other than paragraph 10 of the Quarantine (Undiagnosed) Directions).
20. A transport, freight and logistics driver who must comply with the seven day presentation protocol must, on or before the seventh day after the day on which the driver was last tested at a location in Australia using an approved testing methodology:
- (a) go to a COVID Clinic; and
 - (b) inform a relevant officer at the COVID Clinic that they are required to attend the COVID Clinic under these directions; and
 - (c) comply with any instruction which a relevant officer at the COVID Clinic gives to them; and
 - (d) answer truthfully if a relevant officer at the COVID Clinic asks the driver to describe their state of health or whether the driver has or has had any symptoms; and
 - (e) remain at the COVID Clinic until the driver has been tested, or a relevant officer has instructed the driver that they may leave the COVID Clinic.

Note 1: this paragraph DOES NOT require a driver to be tested for COVID-19. A driver must consent to be tested for COVID-19 unless they are directed to have the test by an emergency officer under the Public Health Act 2016 (WA).

Note 2: because the seven day presentation protocol lasts for a period ending 14 days after a driver enters Western Australia, a driver may have to comply with the requirements of this paragraph more than once during that period.

Other provisions relating to testing

21. A transport, freight and logistics driver must carry evidence of each COVID-19 test (other than rapid antigen tests undertaken pursuant to paragraph 13(a) or paragraph 14) that has been performed on them if the test either relates to their most recent entry into Western Australia or has been undertaken during their most recent entry into Western Australia, and produce that evidence for inspection on request by a relevant officer.
22. If a transport, freight and logistics driver is tested in accordance with the 24 hour presentation protocol or the seven day presentation protocol, the driver does not have to comply with paragraph 10 of the Quarantine (Undiagnosed) Directions.

General obligations on all transport, freight and logistics drivers

23. At all times whilst a transport, freight and logistics driver is outside the motor vehicle in which they travel in connection with their duties as a driver, the driver must:
 - (a) take all reasonable steps to avoid coming within 1.5 metres of another person; and
 - (b) when coughing or sneezing do so into their elbow or a tissue; and
 - (c) wash their hands often with soap and water or using alcohol hand rub, particularly before and after eating, and after attending a bathroom; and
 - (d) wear a **face mask** when the driver is in public or in the same room with one or more other persons unless one or more of the **face covering exceptions** apply at that time.
24. If a transport, freight and logistics driver rests overnight in Western Australia at a location outside of the motor vehicle in which they travel in connection with their duties as a driver, the driver must:
 - (a) stay only in **suitable accommodation**; and
 - (b) unless the suitable accommodation is the driver's home, prior to their arrival at the suitable accommodation:
 - (i) notify the accommodation provider that the driver is subject to these directions; and

- (ii) ensure the accommodation provider is willing to accept the driver;
and
- (c) while at the suitable accommodation:
 - (i) proceed directly to their **allotted room** and remain within that room until the driver leaves pursuant to paragraph 24(d) unless:
 - (A) the driver needs to leave their allotted room to escape an immediate threat to their safety; or
 - (B) the suitable accommodation is the driver's home, in which case the driver may utilise other areas of that home provided they are not occupied by any other person; and
 - (ii) obtain food or refreshments via room service or delivery only and using contactless payment where practicable unless the driver has been at the suitable accommodation for a continuous period of more than 48 hours, in which case the driver may leave the suitable accommodation to obtain food or beverages in accordance with paragraph 26; and
 - (iii) keep the door to the allotted room closed at all times, except to the extent necessary:
 - (A) to allow a person referred to in paragraph 24(c)(iv) to enter the room; or
 - (B) for receiving deliveries including meals, packages or medical treatment; and
 - (iv) not allow any person to access their allotted room unless the person:
 - (A) is a relevant officer, or a person assisting a relevant officer;
or
 - (B) accesses the driver's allotted room for medical or emergency purposes; or
 - (C) is required to access the driver's allotted room for the purpose of performing critical and time-sensitive maintenance at the suitable accommodation; or

- (D) is acting in compliance with a direction or instruction given by a relevant officer; or
 - (E) usually resides at the suitable accommodation and is also subject to a **quarantine requirement**; and
- (d) leave the suitable accommodation only:
- (i) to provide **transport, freight and logistics services**; or
 - (ii) to attend a place of business or publicly accessible indoor space that the driver is entitled to attend pursuant to paragraph 26; or
 - (iii) to present for COVID-19 testing; or
 - (iv) to seek urgent medical treatment at a hospital, provided that the driver:
 - (A) notifies the hospital that the driver is subject to these requirements and obtains the approval of the relevant hospital to attend for treatment; and
 - (B) contacts an authorised officer as soon as practicable after leaving the suitable accommodation and complies with any directions or instructions given by that authorised officer; or
 - (v) to escape an immediate threat to their safety, provided that the driver contacts an authorised officer as soon as practicable after leaving the suitable accommodation and complies with any directions or instructions given by that authorised officer; or
 - (vi) when the person ceases to be a transport, freight and logistics driver pursuant to paragraph 31.

25. A transport, freight and logistics driver must not allow another person to enter or gain or have access to or remain inside the motor vehicle that they utilise in connection with their duties as a driver unless:

- (a) the other person is also a transport, freight and logistics driver who entered Western Australia in the same motor vehicle and at the same time as the transport, freight and logistics driver; or

- (b) the primary purpose of the relevant journey is the transport of passengers on a commercial basis, and the other person is a passenger who entered Western Australia in the same motor vehicle and at the same time as the transport, freight and logistics driver; or
 - (c) the other person's presence in the motor vehicle is essential for the provision of the relevant transport, freight and logistics services, and they wear a face mask at all times while they are in the motor vehicle, and minimise the time they spend inside the motor vehicle.
26. A transport, freight and logistics driver must not enter any place of business or publicly accessible indoor space unless:
- (a) such entry is required or permitted under these directions; or
 - (b) such entry is necessary:
 - (i) for the purposes of the driver's duties as a transport, freight and logistics driver; or
 - (ii) to obtain food, beverages, fuel or other necessities where such items cannot be obtained by delivery to the driver or in another contactless manner; or
 - (iii) to obtain or access goods or services for health or medical purposes.
27. Whilst the transport, freight and logistics driver is in Western Australia, the driver must take all reasonable steps to keep a written record of the following details relating to any person (A) with whom they have **direct contact**:
- (a) A's name; and
 - (b) A's contact telephone number; and
 - (c) the date and time when the driver had direct contact with A; and
 - (d) the location at which the driver had direct contact with A.
28. If requested by a relevant officer, the transport, freight and logistics driver must produce the written record referred to in paragraph 27 for inspection.

General obligations on all transport, freight and logistics drivers

29. If the transport, freight and logistics driver develops or has recently experienced symptoms, the driver must:
- (a) immediately telephone 13 COVID (13 268 43) and ask for an instruction; and
 - (b) comply with any instruction given.
30. If, whilst in Western Australia, a transport, freight and logistics driver receives a **positive result** or is otherwise **informed** that they have been diagnosed with COVID-19 as a result of being tested for COVID-19 using an approved testing methodology outside of Western Australia (other than in respect of a rapid antigen test undertaken pursuant to paragraph 13(a) or paragraph 14), the driver must:
- (a) immediately telephone 13 COVID (13 268 43) and tell the operator that they have been diagnosed with COVID-19 as a result of a test that was conducted outside of Western Australia; and
 - (b) comply with the Isolation (Diagnosed) Directions (No 2) as if the transport, freight and logistics driver had been informed by a relevant officer that they had tested positive for COVID-19.

Note: for the avoidance of doubt, a driver must also comply with the Isolation (Diagnosed) Directions (No 2) if they receive a positive result or are otherwise informed that they have been diagnosed with COVID-19 as a result of a test conducted in Western Australia (other than a rapid antigen test conducted pursuant to paragraph 13(a) or paragraph 14).

Duration a person remains a transport, freight and logistics driver

31. A person who entered Western Australia as a transport, freight and logistics driver will remain a transport, freight and logistics driver for the purposes of these directions for 14 days after the day on which the person most recently entered Western Australia as a transport, freight and logistics driver, irrespective of:
- (a) whether such person provides transport, freight and logistics services in that 14 day period; and
 - (b) that person's intentions concerning future work as a transport, freight and logistics driver.

SPECIFIC PROVISION FOR REMOVALISTS

32. A transport, freight and logistics driver who is a furniture removalist must:
- (a) travel to the **removal premises** as soon as possible and by the most direct route available and without stopping except:
 - (i) as required by law; or
 - (ii) as necessary for fuel or rest, including at suitable accommodation in accordance with paragraph 24; or
 - (iii) to obtain or access essential goods or services from the closest practicable location; or
 - (iv) to obtain or access goods or services for health or medical purposes; and
 - (b) not enter the removal premises unless each person inside the removal premises is necessary for the removal process; and
 - (c) not enter the removal premises unless each person inside the removal premises is wearing a face mask, unless one or more of the face covering exceptions apply to that person at that time; and
 - (d) wear a face mask at all times when inside the removal premises unless one or more of the face covering exceptions apply to the furniture removalist at that time.
33. A person who is inside the removal premises at the same time as a transport, freight and logistics driver who is a furniture removalist must wear a face mask at all times, unless one or more of the face covering exceptions apply to that person at that time.

AUTHORISATION

34. Any police officer acting at or above the rank of Inspector is authorised to give a direction for the purposes of paragraph 12 of these directions, including any terms or conditions to which that direction is subject.

INTERPRETATION

35. Unless specified otherwise, any reference in these directions to any other direction made by the State Emergency Coordinator is deemed to be a reference to that direction as amended or replaced from time to time.

DEFINITIONS
