Phone number

Do you agree to your contact details being shared with members of Streamline WA (which may include members from government, business and the community)? This may assist us to contact you more promptly for a better understanding of your idea.

Yes

We may publish your submission on our website. Please indicate here if you prefer to have your contact details redacted.

No, please remove my contact details .

Describe the regulatory issue that has prompted your submission.

As we work across regions of WA we have experienced differences in standard required and accepted, difference in allowable activities and differences in approaches

What ideas do you or your organisation have for improving the regulation of your interests?

Greater internal training for staff, more open and transparent approaches on department processes and increased availability on government guidance for community and proponents

Who would benefit from these improvements and how?

Departmental staff, the community and industry.
