

The following form is more suitable for events where **more than 1,000 patrons** are expected to be in attendance.

Event name:

has a maximum number of patrons and the following risk mitigation practices are recommended

Promote physical distancing where possible

Maintain cleaning and hygiene standards

Request that unwell people not attend

Provide adequate hand sanitiser and soap

**It is recommended that you register
Department of Health at
health.wa.gov.au/eventsregistration**

- 1** Refer to the accompanying COVID Event Guidelines for information on the safety considerations for your event, and for information on how to complete your plan.
- 2** Complete your COVID Event plan, including details of how you will implement the safety measures required, and attaching a site map that shows the layout and number of patrons across your event.
- 3** Discuss and share relevant details of your plan with staff so everyone is aware of what to do and what to expect.
- 4** Communicate and share relevant details of your plan with patrons of your event so they are aware of what to do and what to expect.
- 5** The COVID-19 pandemic is an evolving situation – review the restrictions prior to your event and make changes as required.

* For the sections below, please complete the form and attach additional pages or information as required.

1. Hygiene and cleaning regimes

- Describe the hand hygiene and sanitation measures put in place at event (particularly at entry points, toilets, food and beverage outlets, etc).
- How will you remind patrons, staff and volunteers of the need to practice good hand hygiene and respiratory etiquette?
- Describe your cleaning and disinfection regime of common contact surfaces, 'high touch' items and shared amenities.
- How will you ensure cleanliness and hygiene standards are maintained?

Consider: hygiene protocols and practises, cleaning logs, supply of cleaning and sanitiser products, supply and restocking of hand washing/sanitiser stations, contactless payment available, availability of staff/volunteers to conduct cleaning and disinfection particularly during peak periods, breaks to allow for cleaning, cleaning of shared equipment such as headsets for silent discos, games and activities, waste management facilities etc.

2. Ventilation

Indoor or marquee (complete Q2)

Outdoor only (skip Q2)

- Can windows and doors be opened to increase the amount of fresh airflow into the indoor venue?
- Are all windows clear of furnishings?
- Have you engaged a qualified person to ensure ventilation meets the current ventilation standards?
- Has the ventilation system been cleaned and maintained recently?
- If hiring an indoor venue, have you discussed ventilation provisions with the venue operator?
- **Consider:** increasing flow of fresh air from outdoors, opening windows and doors, cleaning and maintaining mechanical ventilation systems, engaging a competent person to audit existing ventilation.

Consider: increasing flow of fresh air from outdoors, opening windows and doors, cleaning and maintaining mechanical ventilation systems, engaging a competent person to audit existing ventilation.

3. Response Planning

- Describe the protocol for managing unwell patrons and staff at your event.
- How will you recognise illness in staff or patrons at your event?
- How will you manage an exposure or suspected exposure to COVID-19 within your premises?
- How will you escalate urgent COVID-related matters to WA Health or WAPOL before or during the event?

Consider: reporting illness and escalation procedures, isolation procedures, dedicated area(s) to isolate/assess unwell patrons/staff, provision of personal protective equipment for first aiders, hygiene procedures, referrals to relevant authorities, refunding policies to ensure unwell patrons don't attend, etc.

4. Staff management and training

- How will you communicate updated advice to staff and volunteers in the lead up to the event?
- Will you keep a register for staff and volunteers, and how will this be managed?
- Will staff be sharing equipment (e.g. radios)?

Consider: cleaning regimes for shared equipment, registering at start of each shift, reporting protocols, rostered breaks, etc.

- How will you ensure that your staff are informed and trained to implement the safety measures in this plan?
- How will you ensure all your employees know how to keep themselves and others safe from exposure to COVID-19?

Consider: training; records of training; additional education; signage; guidance material, ongoing communications strategy in the lead up to the event, etc.

5. Physical distancing

- What will be done to promote physical distancing guidelines?

Please identify the following:

total number of m²

a) The total square meterage of the venue.

total number of patrons

b) The total number of patrons you seek approval for across the venue at any one time.

c) The layout of the venue. A site map must be included.

Sitemap attached:

Yes

No

d) Provide details of the nature and duration of contact between patrons and how these will be managed. Please also detail limitations and effectiveness of physical distancing e.g. drugs, alcohol

- e) Provide details of the demographics of the patrons expected to attend the event
- f) Provide details of any other measures you will use to support physical distancing.

Consider: addressing physical distancing protocols for staff and patrons separately; crowd management, queue management, managing capacity in front of stage, managing entry flow and exit systems, allowing for increased personal transport movement (i.e. increased parking areas), and less public transport, use of barriers; signage, and management of shared spaces and equipment including queuing and pinch points etc.

6. Communications

- How will you communicate to patrons to inform them of safety recommendations, both prior to and during the event?
- If the event must be postponed or cancelled, how will this be communicated to staff and patrons?
- Has your event been registered with WA Health - health.wa.gov.au/eventsregistration
- Who is responsible for issuing communications to stakeholders and patrons?
- Has the COVID Event Plan been shared with all relevant stakeholders?

Consider: communication strategies leading up to the event, use of social media and apps, stakeholder engagement, signage, encouraging patrons to take responsibility for their health and safety and post-event debriefing.

7. Compliance

- I am aware that in addition to the legal obligations arising from the Emergency Management Act 2005 and the Directions made under that Act, I must continue to comply with relevant existing legislation and regulations, including WorkSafe, food, liquor, noise legislation, etc?

Yes

No

COVID Event Plan

**Events
1000+**

Event name

COVID Event Plan Certificate

Welcome.

This event implements COVID-safe principles.

Manage shared space to promote physical distancing where possible

Request that unwell people not attend

Ensure staff are trained in COVID safety measures

Provide adequate hand sanitiser and soap

Maintain cleaning and hygiene standards

Register event with the Department of Health at health.wa.gov.au/eventsregistration
