Western Australia: renowned for quality

As one of the most biodiverse regions in the world, Western Australia produces an incredible array of food and beverages, from delicious fruit and vegetables, fresh meat and seafood, cereals and grains, gourmet products, to award-winning wines and more.

The passion of our growers and producers, combined with the pristine environment, creates high-quality products, recognised around the world for their unique characteristics, often only found in the western part of Australia.

Our agriculture, food and beverage industry is highly innovative and adopts technology to improve productivity and traceability. The sector has a strong commitment to exporting some of the finest produce available and building long-term relationships with overseas buyers.

With strong links to research and development and a dedication to biosecurity, Western Australia is well placed to meet the growing global demand for premium products, which are sustainably and ethically produced.

GH Produce

Products

Australian Native Nut Mixes and Spice Blends, Granolas, Bake Mixes, Condiments.

GH Produce is founded on a strong connection with the land and sea. The product flavours showcase native Australian ingredients like saltbush, desert lime and lemon myrtle that create unique flavour combinations inspired by foraging and hunting the natural landscape. Founded by Glen Hagger in 2015, GH Produce is a family-owned business in Perth, Western Australia. Glen, a top chef with over 20 years' experience, established the business after experiencing a large gap in the market for delicious and wholesome gluten free food. The product range has grown from the tastiest granola you'll ever eat, to nut mixes, spice rubs, condiments and bake mixes. Every product is handmade in Perth using the highest quality, local and organic ingredients which are nutritious and so delicious, that your taste buds will be dancing and leave you wanting more.

Gilbert Wines

Products

Fine Wines

Gilbert Wines, established in 1985, takes pride in the production of varieties such as: Riesling, Chardonnay, Cabernet, and Shiraz. Riesling and Shiraz are two varieties that launched Mount Barker and the Great Southern region of Western Australia into the top echelon of wine regions in the world. These varieties have consistently performed well in national and international wine shows. Wine for the moment or wine to cellar. Gilbert's wine café has a culinary garden; and their property produces lamb, wool, wine grapes, and fruit and vegetables. The rich soils and mild climate of our Mount Barker region enable them to share the fantastic flavours with the world.

Black Barley

Black Barley Australia was founded by Roger Duggan when he sourced 160 grams of ancient grain from a university seed bank. In 2016 Roger collaborated with the then Department of Agriculture to expand the volume of seed under quality assurance standards at their research station in Western Australia. Roger now grows the grain on his family property in New Norcia and has commercial growing arrangements with farmers from Beverley, Pingelly, and Pemberton under evolving regenerative and organic farming methods. Black Barley Australia is the first grower of the 'Ancient Grain' in Australia.

Thorny Devil

Products

Craft beer made from rainwater, solar power and native Australian bush-tucker flavours

Thorny Devil makes devilishly-good craft beer from rainwater and solar power on the shores of beautiful Lake Clifton in Mandurah, Western Australia. Thorny Devil is world-class beer, having received over 50 medals at some of the largest beer competitions in the world. Fresh, unpasteurised and preservative free, the rainwater makes for an exceptionally smooth and easy drinking beer. Founded in 2013, our 'Chief Beer Officer' Peter McAppion had had enough of the corporate lawyer life. Rather than dealing with people's problems, he wanted to educate them that beer can taste amazing. So, he commercialised his back-yard brewing passion and brought them world-class, locally made beer. Thorny Devil was born!
