Preamble

This Local Planning Scheme of the Shire of Kellerberrin consists of this Scheme Text, the deemed provisions (set out in the *Planning and Development (Local Planning Schemes) Regulations 2015* Schedule 2) and the Scheme Maps. The Scheme should be read with the Local Planning Strategy for the Shire.

Part 2 of the deemed provisions sets out the Local Planning Framework. At the core of this Framework is the Local Planning Strategy which sets out the long-term planning directions for the local government, applies State and regional planning policies and provides the rationale for the zones and other provisions of the Scheme. In addition to the Local Planning Strategy, the Framework provides for Local Planning Policies which set out the general policies of the local government on matters within the Scheme.

The Scheme divides the local government district into zones to identify areas for particular uses and identifies land reserved for public purposes. Most importantly, the Scheme controls the types of uses and development allowed in different zones. There are particular controls included for heritage and special control areas. The Scheme also sets out the requirements for development approval, enforcement of the Scheme provisions and non-conforming uses.

3.3.2. The symbols used in the cross reference in the Zoning Table have the following meanings —

- 'P' means that the use is permitted by the Scheme providing the use complies with the relevant development standards and the requirements of the Scheme;
- 'D' means that the use is not permitted unless the local government has exercised its discretion by granting development approval;

- (c) the change is an extension of a use within the boundary of the lot which does not change the predominant use of the lot; or
- (d) the change is to an incidental use that does not change the predominant use of the land.

Note:

1. *The development approval of the local government is required for the development of land in addition to any approval granted for the use of land. In normal circumstances one application is made for both the use and development of land.*
2. *The local government will not refuse a 'P' use because of the unsuitability of the use for the zone but may impose conditions on the use of the land to comply with any relevant development standards or requirements of the Scheme, and may refuse or impose conditions on any development of the land.*
3. *In considering a 'D' or 'A' use, the local government will have regard to the matters set out in clause 67 of the deemed provisions.*
4. *The local government must refuse to approve any 'X' use of land. Approval to an 'X' use of land may only proceed by way of an amendment to the Scheme.*

without first having applied for and obtained development approval under the Scheme.

3.9.2. An application for development approval under this clause is to be advertised in accordance with Clause 64 of the deemed provisions. *AMD 2 GG 12/09/17*

3.9.3. Where an application is for a change of use from an existing non-conforming use to another non-conforming use, the local government is not to grant its development approval unless the proposed use is less detrimental to the amenity of the locality than the existing non-conforming use and is, in the opinion of the local government, closer to the intended purpose of the zone.

3.10. DISCONTINUANCE OF NON-CONFORMING USE

Where a non-conforming use of any land has been discontinued for a period of 6 months the land must not be used after that period otherwise than in conformity with the provisions of the Scheme.

3.11. TERMINATION OF A NON-CONFORMING USE

The local government may effect the discontinuance of a non-conforming use by the purchase of the land, or by the payment of compensation to the owner or occupier or to both the owner and occupier of that land, and may enter into an agreement with the owner for that purpose.

Note: Section 190 and 191 of the Planning and Development Act enables the local government to purchase, or, with the consent of the Governor, compulsorily acquire land for the purpose of a town planning scheme, subject to Part 9 of the Land Administration Act 1997, that section and the Scheme.

3.12. DESTRUCTION OF NON-CONFORMING USE BUILDINGS

If a building used for a non-conforming use is destroyed to 75% or more of its value, the building is not to be repaired, rebuilt, altered or added to for the purpose of being used for a non-conforming use or in a manner not permitted by the Scheme, except with the development approval of the local government.

PART 4 — GENERAL DEVELOPMENT REQUIREMENTS

4.1. COMPLIANCE WITH DEVELOPMENT STANDARDS AND REQUIREMENTS

Any development of land is to comply with the provisions of the Scheme.

4.2. RESIDENTIAL DESIGN CODES

4.2.1. A copy of the Residential Design Codes is to be kept and made available for public inspection at the offices of the local government.

4.2.2. Unless otherwise provided for in the Scheme, the development of land for any of the residential purposes dealt with by the Residential Design Codes is to conform with the provisions of those Codes.

4.2.3. The Residential Design Codes density applicable to land within the Scheme area is to be determined by reference to the Residential Design Codes density number superimposed on the particular areas contained within the borders shown on the Scheme Map or where such an area abuts another area having a Residential Design Code density, as being contained within the area defined by the centre-line of those borders.

4.3. SPECIAL APPLICATION OF RESIDENTIAL DESIGN CODES

4.3.1. The Residential Design Code for land zoned 'Residential' and 'Commercial' shall be R10/40 unless otherwise indicated on the Scheme Maps.

4.3.2. Residential development with the R10/40 code shall be permitted at the R10 density, however the local government may approve developments up to the R40 density as a 'D' use.

4.3.3. The local government shall only support subdivision in accordance with the R10 Coding, unless a development approval at the higher coding of R40 has been approved.

4.4. RESTRICTIVE COVENANTS

4.4.1. Subject to clause 4.4.2, a restrictive covenant affecting any land in the Scheme area by which, or the effect of which is that the number of residential dwellings which may be constructed on the land is limited or restricted to less than that permitted by the Scheme, is hereby extinguished or varied to the extent that it is inconsistent with the provisions of the Residential Design Codes which apply under the Scheme.

- 4.4.2. Where clause 4.4.1 operates to extinguish or vary a restrictive covenant the local government is not to grant development approval to the development of the land which would, but for the operation of clause 4.4.1, have been prohibited unless the application has been dealt with as an 'A' use and has complied with all of the advertising requirements of Clause 64 of the deemed provisions. *AMD 2 GG 12/09/17*

4.5. VARIATIONS TO SITE AND DEVELOPMENT STANDARDS AND REQUIREMENTS

- 4.5.1. Except for development in respect of which the Residential Design Codes apply, if a development is the subject of an application for development approval and does not comply with a standard or requirement prescribed under the Scheme, the local government may, despite the non-compliance, approve the application unconditionally or subject to such conditions as the local government thinks fit.
- 4.5.2. In considering an application for development approval under this clause, where, in the opinion of the local government, the variation is likely to affect any owners or occupiers in the general locality or adjoining the site which is the subject of consideration for the variation, the local government is to —
- (a) consult the affected parties by following one or more of the provisions for advertising uses under Clause 64 of the deemed provisions; and *AMD 2 GG 12/09/17*
 - (b) have regard to any expressed views prior to making its determination to grant the variation.
- 4.5.3. The power conferred by this clause may only be exercised if the local government is satisfied that —
- (a) approval of the proposed development would be appropriate having regard to the criteria set out in Clause 67 of the deemed provisions; and *AMD 2 GG 12/09/17*
 - (b) the non-compliance will not have an adverse effect upon the occupiers or users of the development, the inhabitants of the locality or the likely future development of the locality.

4.6. ENVIRONMENTAL CONDITIONS

- 4.6.1 Environmental conditions to which the Scheme is, or amendments to the Scheme are subject are incorporated into the Scheme by Schedule 6 of the Scheme.

- 4.6.3 The local government is to —
- (a) maintain a register of all relevant statements published under sections 48F and 48G of the EP Act; and
 - (b) make the statements available for public inspection at the offices of the local government.

- (a) the lots have already been physically divided by significant natural or man-made features which preclude the continued operation of a farming property as a single unit (unless adjoining land could similarly be subdivided and thereby, by the process of precedent, lead to an undesirable pattern of land use in the area or in lots too small for uses compatible with the prevailing use in the area or in ribbon development alongside roads);
- (b) the lots are for farm adjustment and the erection of dwellings is restricted by memorials on titles;
- (c) the lots are for specific uses such as recreation facilities and public utilities; or
