Mining Industry Summit
Driving Respect
Welcome

Welcome to the Mining Industry Summit: Driving Respect.

Hosting this event is one of the important steps we are taking to help tackle workplace harassment and discrimination in the mining sector.

While the sector has made significant progress on changing workplace culture, the State Government acknowledges there is more work to be done.

We welcome the mining industry's commitment to work alongside the State Government in driving cultural and legislative change to better educate WA's existing and future workforce.

Today will inspire and empower you to take meaningful action to ensure all WA workplaces are safe and respectful.

Hon Bill Johnston MLA
Minister for Industrial Relations

Hon Sue Ellery MLC
Minister for Women's Interests
