About Us

AOT Consulting Pty Ltd is a professional services firm established in 1989 to provide independent commercial, financial, audit, risk, management and technology consulting services.

As an independent professional services firm, we have specifically designed our professional services to assist clients at different stages of an initiative's lifecycle, from conceptual and strategic planning stages through to the implementation of initiatives and beyond. Our independent advice allows the outcomes to be defined based on the business requirements, giving a totally unbiased service.

Since commencing business we have undertaken over 3,000 consulting projects, most of which have been for government agencies.

Skills, Experience and Services

AOT Consulting's financial assessment services are provided in the context of specific requirements.

The service is not intended to be a turn-key service as it is designed to uniquely respond to the requirements of a client for a particular stage or circumstance.

Financial assessment services are often provided as an integral component of undertaking due diligence, which is designed to examine various elements to provide a level of surety that commercial obligations and undertakings comply with what has been agreed either before a contract is executed or periodically during the term of contracts as required.

This service inherently provides a risk mitigation control and examines elements such as financial capacity, business operations, tri-partite dependencies, etc.

Financial assessment include but are not limited to various assessment criteria such as:

- Income Statement
- Ratio Analysis - Profitability
- Balance Sheet – Assets
- Ratio Analysis - Financial Efficiency
- Balance Sheet – Liabilities
- Ratio Analysis – Solvency / Liquidity
- Balance Sheet – Equity
- Gearing
- Cash Flow Adequacy
- Debt Service Coverage

AOT Consulting's financial assessment services can be provided as a stand-alone service or integrated with other services.

Industry Certifications and/or Qualifications Relevant to the Category

AOT Consulting holds the following members and qualifications relevant to financial assessment services:

- Association of Certified Chartered Accountants (ACCA).
- Memberships in Institute of Internal Auditors (IIA).
- Memberships in Risk Management Institution of Australasia (RMIA).
- Memberships in Australasian Evaluation Society (AES).
- Memberships in Chartered Institute of Procurement and Supply (CIPS).

About Us

Specialising in financial viability assessments, credit ratings, and industry benchmarking, Corporate Scorecard has a core competency in undertaking assessments on entities being considered for procurement contracts, major infrastructure projects and funding applications. It has been involved with countless Government infrastructure and strategic procurement projects and now routinely undertakes 600-700 financial assessments every month. It has significantly expanded its online delivery systems, capabilities and technology with a key focus on supporting decision-making relating to procurement, contracts and funding applications.

Corporate Scorecard provides a secure interface for the ordering, tracking, delivery and archiving of all report requests at www.corporatescorecard.com.au. This system also provides a range of online information services, billing data and a communication channel to analysts working on active cases. New users can register on this site for access.

Connected to the largest database in Australia on businesses, directors and related credit, court actions and default data, with links to ASIC and the PPSR and ATO databases, Corporate Scorecard is able to assess risks associated with the people behind the entities and analyse counterparty risks within complex group structures. Its diagnostic tools and extensive financial database enable its analysts to validate and analyse financial data and to pinpoint key risk areas, assess the capacity of organisations to deliver on contracts and to propose suitable risk mitigation strategies.

With 80 active users over 50 accounts across WA State and Local Government, Corporate Scorecard is able to deliver a most authoritative, comprehensive, easy to access, value for money range of financial viability assessment and monitoring services.

Corporate Scorecard treats data security and confidential information as matters of utmost importance. Due to the ongoing sensitivity of the information being assessed, Corporate Scorecard has developed its systems, policies and procedures to ensure data is secure and that there is strict compliance regarding confidentiality, privacy, independence and all other matters relating to probity. Compliance is independently audited under a condition of its ASIC license to deliver Credit Ratings.

Skills, Experience and Services

With its experienced team of specialist qualified financial analysts supported by sophisticated financial diagnostic systems and extensive databases, Corporate Scorecard specialises in assessing the financial capacity of organisations including for pre-qualification, pre-contract award and post contract award monitoring of contracts. The range of financial assessment services provide a due diligence check to assess a contractor has the financial capacity to complete the work or supply the goods and services without becoming insolvent, experiencing capacity or cash flow issues or financial distress and checking out referees on recently completed or current contracts.

In addition to the specified Detailed and Standard Financial Assessment Reports, Corporate Scorecard also provides comprehensive Credit Rating Reports and Advanced Financial Assessments that are typically used in assessing tenderers on critical or strategic infrastructure projects. These in-depth forward-looking reports are prepared by senior analysts and reviewed by our ratings committee.

Corporate Scorecard also provides customised reports that are used in assessing funding applications and/or Registered Training Organisations. Utilising Equifax, ASIC and PPSR data, it is able to provide a range of online risk assessment searches, ASIC extracts and Alert (Monitoring) services and database matching and cleansing services.

Through data mining of ASIC, Corporate Scorecard is able to map corporate structures and identify related entities and the people behind the organisation. This is frequently used as a proactive anti-corruption measure and audit tool.

Industry Certifications and/or Qualifications Relevant to the Category

Corporate Scorecard currently employs 34 analysts, the majority of which are qualified Chartered Accountants or CPAs.

It is licensed by ASIC under its Financial Services License [AFSL 341391] to provide Credit Ratings in Australia. This requires annual independent audit of compliance to strict protocols relating to probity, confidentiality, privacy and rating process. Corporate Scorecard's Rating Services team has adopted a strict Code of Conduct that complies with the International Organisation of Securities Commissions (IOSCO) 'Code of Conduct for Credit Rating Agencies'. Corporate Scorecard is certified under AS/NZS ISO9001-2000: Quality Management Requirements. The scope of Certification is Financial and procurement analysis, risk management, benchmarking and consulting services.

Industry Partners or Affiliations

Corporate Scorecard is part of the Equifax Corporation, a global information solutions company that uses trusted unique data, innovative analytics, technology and industry expertise to power organizations and individuals around the world. This gives us access to a significant level information and data related to businesses and the people behind the businesses, both globally and within Australia. This gives our analysts greater insights when assessing risk.

Crowe has extensive experience with providing financial assessment services to government agencies, and has the capacity and capability to deliver reports based on the requirements.

Skills, Experience and Services

Crowe understands the requirements of government agencies in relation to the financial assessments, the level of detail required for each type of financial assessment, and the timeframes for delivery.

Crowe provides a risk based value added service to assist clients with performing their due diligence and assess the financial capacity and viability of an organisation, our approach includes:

- **Customised financial assessments** – Development of a customised financial assessment, to meet the specific requirements of the client, and to consider the industry the organisation operates in and identify the associated risks.
- **Ongoing Management** – Although financial assessments provide a view on the financial capacity and viability of the organisation, this information is based on historical data. The ongoing management of contracts to ensure the ongoing financial viability for important, sensitive, complex and long contracts are essential to manage the risks associated. The Crowe team assists our clients by identifying industry specific risks, and ongoing monitoring of the organisation to promptly identify any risks to our clients.

- **Advisory Services** – Crowe provides advisory services to clients to enable organisations to leverage on our extensive experience and expertise to manage the identified risks, and ensure a continuity of contract, or to provide alternative options to our clients.

Our approach to financial assessments gives our clients with options to sufficiently manage their risks by conducting pre-qualification, pre-contract award, post contract award continuous monitoring of contracts and provide advisory services to manage any identified risks. This enables our clients to benefit from our holistic risk based approach to ensuring the financial capability, capacity and viability of contracts.

Industry Certifications and/or Qualifications Relevant to the Category

Our Crowe team have professional memberships from recognised professional bodies such as the Institute of Chartered Accountants Australia and New Zealand, Certified Practising Accountants Australia, Institute of Internal Auditors and Information Systems Audit and Control Association.

Industry Partners or Affiliations

With affiliations to our global network, Crowe relies on an approach to providing impeccable professional service that brings together teams of experts within each service discipline to act as thought leaders and advisors to the network. These network leaders provide global thought leadership on key issues and opportunities impacting multinational clients as well as set standards and best practices for service delivery.

About Us

Paxon Group (Paxon) is a leading Australian advisory firm providing innovative commercial and financial advice on projects across Australia. Paxon specialises in the design and delivery of bespoke financial and commercial solutions for our clients.

Paxon is a leading adviser to WA Government on large and complex projects and readily provides advice on procurement and tendering strategies that seek to deliver value to the WA community. The firm has over 50 specialist advisers across offices in Perth, Sydney, Melbourne, Brisbane, Adelaide and Darwin.

Established over 30 years ago, Paxon has consolidated its position as a market leader in the development of cutting-edge commercial and procurement structures that extract value for the public purse. Paxon has extensive experience providing financial due diligence and advisory services to government on a range of projects, most notably services contracting healthcare and hospitals, social and affordable housing, energy, water, waste, ports and maritime, passenger rail, freight rail and logistics, justice, arts and culture, sports and recreation, education, land development and urban renewal and manufacturing.

Paxon has provided briefs to Department Heads, Ministerial Advisors, Ministers and Committees of Cabinet. This high-level experience has provided Paxon with a strong understanding of the level of communication required and the management of sensitivity within a strategic context when providing advice to government.

Skills, Experience and Services

Paxon has extensive professional expertise and capability in performing financial due diligence services for a range of projects, having recently provided advice on contracts valued at over \$500 million as part of evaluation and award processes.

Our personnel are appropriately qualified and have performed over 500 financial assessments in the last 5 years. We are skilled in financial modelling and high-valued financial assessments.

Our consultants clearly and succinctly communicate to non-finance professionals the key financial risks and issues, as well as any risk mitigation strategies to implement.

Our financial assessments are tailored to meet individual client's needs and use a risk-based approach. This includes consideration of the assessed entity's financial capacity to successfully fulfill the specific financial obligations, responsibilities and liabilities that arise as a result of the relationship with the WA Government.

Paxon offers the following types of financial assessment reports:

Detailed Financial Assessment

A detailed financial assessment includes:

- Review of financial reports for the last three financial years, including full financial statements and accompanying notes of the lead respondent and their ultimate parent entity (where relevant).
- Performance of horizontal and vertical financial statement analysis to assess financial strength in relation to the contractual obligations and to identify trends in financial performance.
- Perform financial ratio analysis to assess financial strength, including the adequacy of working capital in relation to the contractual obligations. This will include analysis of:
 - Liquidity – this will measure the respondent’s ability to meet current liabilities as they become due, as well as their long-term liabilities as they become current.
 - Solvency – this will measure the respondent’s ability to sustain operations indefinitely by comparing debt levels with equity, assets, and earnings. Solvency ratios show a respondent’s ability to make payments and pay off its long-term obligations to creditors, bondholders, and banks.
 - Profitability – the respondent’s ability to manage expenses to generate profits from its operations.

Standard Financial Assessment

The standard financial assessment includes:

- Review of financial reports for the last three financial years, including full financial statements and accompanying notes, and
- Performance of horizontal and vertical financial statement analysis to assess financial strength in relation to the contractual obligations and to identify trends in financial performance.

About Us

William Buck is a leading consulting firm with a proud 120 year history. While we are a firm of Chartered Accountants we have a growing reputation for delivering value driven audit and assurance engagements across the private and public sector.

We invest heavily in our people and have a team of public sector audit experts to ensure we provide the best possible services to our WA State and Local Government clients.

While we are part of a National network and we have the ability to draw upon the knowledge and experience of team members throughout Australasia, William Buck Consulting (WA) Pty Ltd, based in South Perth would be responsible for delivering services under CUA AFA2018. The Directors of William Buck Consulting (WA) Pty Ltd have established a governance framework that promotes our strategic objectives and our focus on “changing lives”. This allows our business units to share knowledge, skills and experience, maximising our capacity to respond to our client’s needs.

Program Reviews

Our Audit and Assurance team provides financial assessment services through our Risk and Assurance function to a range of State and Local Government entities.

Skills, Experience and Services

William Buck delivers a range of Financial Assessment Services to its State and Local Government clients.

Financial Assessments and diligence reviews include assessments of the financial capacity of organisations during pre-qualification, pre-contract award and post contract award monitoring of contracts to ensure that contractors have the financial capacity to complete the work or supply the goods and services without becoming insolvent or experiencing financial distress.

Our financial assessments are easily customised to our client’s need based on the project size and complexity, contract or any other legislative requirements applicable to the service provider.

We can furthermore perform period reviews to monitor changes to a company’s “state of health”.

We furthermore deliver a range of financial assessments and diligence reviews on for projects and buying and selling of organisations to determine the financial viability of the specific projects/organisations using various methodologies which include methods of financial and economic analyses such as discounted cashflows, discounted rates, cost benefit, cost sensitivity, cost effectiveness and economic analyses.
