Last updated 30 November 2020

The preferred provider panel lists

Registered Training Organisations (RTOs) who are contracted by the Department of Training and Workforce Development to deliver funded vocation education and training in Western Australia are registered on preferred provider panels for the program(s) they successfully applied for and have a current year contract for.

At no cost, contracted RTOs can advertise through the Department the qualifications they are contracted to deliver under the programs on preferred provider panel lists. RTOs delivering in more than one program can advertise on more than one preferred provider panel list.

Preferred provider panel lists are advertised to the public on the Departments Jobs and Skills WA website and are available on the Department's website. <https://www.dtwd.wa.gov.au/>
