City of Cockburn

Town Planning Scheme No. 3

The City of Cockburn, under the powers conferred by the
Planning and Development Act 2005
makes the following Local Planning Scheme.

Disclaimer:

This Scheme was prepared in accordance with the written laws administered by the Western Australian Planning Commission ("Commission"), and the policies and requirements of the Commission. The form of the Scheme was required to conform with the Model Scheme Text, and other requirements of the Commission and the Hon. Minister for Planning and Infrastructure. The Scheme having been compiled in accordance with those requirements, the role of the City therefore is effectively confined to being responsible for the Scheme's implementation.

PART 1 - PRELIMINARY

1.1 Citation

1.1.1 The City of Cockburn Town Planning Scheme No. 3 ('the Scheme') comes **into operation** on its Gazettal date.

1.1.2 The following Scheme is **revoked** -

- a) Town Planning Scheme - District Zoning Scheme No. 2 gazetted on 14 February 1992.

1.2 Responsible Authority

1.2.1 The **City of Cockburn** is the responsible authority for implementing the Scheme.

Note: The Scheme Area is also subject to the Metropolitan Region Scheme (see **clause 1.10**)

1.3 Scheme Area

1.3.1 The Scheme applies to the Scheme Area which covers all of the local government of the **district** of the City of Cockburn as shown on the Scheme Map, with the exception of -

- a) the area referred to in Schedule 1 of the *Hope Valley - Wattleup Redevelopment Act 2000*;
- b) Rottnest Island and Carnac Island;

which are excluded from the Scheme.

1.4 Contents of Scheme

1.4.1 The Scheme comprises –

AMD 81 GG 30/08/11

- a) The Scheme **Text**
- b) The Scheme **Map** (Sheets 1 - 26)

1.4.2 The Scheme is to be read in conjunction with the **Local Planning Strategy**.

Note: The Scheme Map comprises the whole of the district of the City of Cockburn which includes Carnac and Rottnest Islands.

1.5 Purposes of the Scheme

1.5.1 The purposes of the Scheme are to -

- a) set out the local government's planning **aims** and intentions for the Scheme Area;
- b) set aside land as **reserves** for public purposes.
- c) **zone** land within the Scheme Area for the purposes defined in the Scheme;
- d) **control and guide** land use and development;
- e) set out **procedures** for the assessment and determination of planning applications;
- f) make provision for the administration and **enforcement** of the Scheme; and
- g) address **other matters** set out in the Schedule 7 of the *Planning and Development Act 2005*.

1.6 The Aims of the Scheme

1.6.1 The aims of the Scheme are to -

- a) ensure that development and the use of land within the district **complies** with accepted standards and practices for public amenity and convenience;
- b) ensure that the future development and use of land within the district occurs in an **orderly and proper** way so that the quality of life enjoyed by its inhabitants is not jeopardised by poor planning, unacceptable development and the incompatible use of land.

1.7 Definitions

1.7.1 Unless the context otherwise requires, words and expressions used in the Scheme have the same meanings as they have -

- a) in the *Planning and Development Act 2005*; or
- b) if they are not defined in that Act -
 - (i) in the Dictionary of defined words and expressions in **Schedule 1**; or
 - (ii) in the Residential Design Codes.

1.7.2 If there is a **conflict** between the meaning of a word or expression in the Dictionary of defined words and expressions in **Schedule 1** and the meaning of that word or expression in the Residential Design Codes -

- a) in the case of a residential development, the definition in the **Residential Design Codes prevails**; and
- b) in any **other case** the definition in the **Dictionary prevails**.

1.7.3 **Notes and instructions** printed in italics, are not part of the Scheme.

1.7.4 The **symbols for building envelopes and heritage places** are shown on the Scheme Map for information purposes only and are not part of the Scheme.

1.7.5 Notwithstanding anything else in the Scheme, where a use in the **Resource Zone** is defined in the Statement of Planning Policy No. 2 - Peel-Harvey Coastal Plan Catchment Policy or the Statement of Planning Policy No. 6 - Jandakot Groundwater Protection Policy, it shall have the meaning given to it in each respective Policy except that where there is conflict between the two Policies and the Scheme the Statement of Planning Policy No. 6 prevails over Statement of Planning Policy No. 2 and in the Resource Zone both Policies prevail over the use class definitions contained in **Schedule 1** to the Scheme.

Note: Reference to the Residential Design Codes and their application in respect of the Scheme are contained in **clause 5.2**.

1.8 Relationship with local laws

1.8.1 Where a provision of the Scheme is **inconsistent** with a local law, the provision of the **Scheme prevails**.

1.9 Relationship with other Schemes

1.9.1 There are **no other Schemes** of the City of Cockburn which apply to the Scheme Area.

1.10 Relationship with the Metropolitan Region Scheme

1.10.1 The Scheme is **complementary** to the Metropolitan Region Scheme and the provisions of the Metropolitan Region Scheme continue to have effect.

Note: The **authority responsible** for implementing the Metropolitan Region Scheme is the Western Australian Planning Commission.

PART 2 - RESERVES

2.1 Reserves

2.1.1 Certain lands within the Scheme Area are classified as -

- a) Regional Reserves; or
- b) Local Reserves.

2.2 Regional Reserves

2.2.1 The land shown as "Regional Reserves" on the Scheme Map are lands reserved under the **Metropolitan Region Scheme** and are shown on the Scheme Map in order to comply with the Metropolitan Region Town Planning Scheme Act.

Note: The provisions of the Metropolitan Region Scheme continue to apply to such Reserves and **approval is required** under the Metropolitan Region Scheme from the Commission for the commencement or carrying out of any use or development on a Regional Reserve unless specifically excluded by the Region Scheme.

2.2.2 Regional Reserves are not reserved by this **Scheme**.

2.2.3 The **approval** of the local government under the Scheme is **not required** for the commencement or carrying out of any use or development on a Regional Reserve.

2.3 Local Reserves

2.3.1 "Local Reserves" are delineated and depicted on the **Scheme Map** according to the legend on the Scheme Map.

2.4 Use and Development of Local Reserves

2.4.1 A person **must not** -

- a) **use** a Local Reserve; or
- b) commence or **carry out development** on a Local Reserve,

without first having obtained **planning approval** under Part 7 of the Deemed Provisions.

2.4.2 In determining an **application** for planning approval the local government shall have due regard to -

- a) the matters set out in **clause 67** of the Deemed Provisions; and
- b) the **ultimate purpose** intended for the Reserve.

2.4.3 In the case of land reserved for the purposes of a public authority, the **local government is to consult** with that authority before determining an application for planning approval.

PART 3 - ZONES AND THE USE OF LAND

3.1 Zones

3.1.1 The Scheme Area is classified into the **zones** shown on the Scheme Map.

3.1.2 The zones are delineated and **depicted on the Scheme Map** according to the legend on the Scheme Map.

3.2 Objectives of the Zones

3.2.1 The objectives of the zones are –

AMD 96 GG 23/6/15

a) Residential Zone

AMD 149 GG 02/02/2021

- i) To provide for a range of housing and a choice of residential densities to meet the needs of the community.
- ii) To facilitate and encourage high quality design, built form and streetscapes throughout residential areas.
- iii) To provide for a range of non-residential uses, which are compatible with and complementary to residential development.

b) Regional Centre Zone

To provide for a **full range** of shopping, office, administrative, social, recreation, entertainment and community services, consistent with the region-serving role of the centre and including residential uses.

c) District Centre Zone

To provide for **weekly** shopping needs, local offices, health, welfare and community facilities, consistent with the district-serving role of the centre.

d) Local Centre Zone

To provide for **convenience** retailing, local offices, health, welfare and community facilities which serve the local community, consistent with the local-serving role of the centre.

e) Mixed Business Zone

To provide for a **wide range** of light and service industrial, wholesaling, showrooms, trade and professional services, which, by reason of their scale, character, operation or land requirements, are not generally appropriate to, or cannot conveniently or economically be accommodated within the Centre or industry zones.

f) Mixed Use Zone

To provide for a mixed use environment that includes residential development and a range of compatible smaller scale commercial uses such as office, retail and eating establishments.

AMD 96 GG 23/6/15

g) Industry Zone

To provide for **manufacturing** industry, the storage and distribution of goods and associated uses, which by the nature of their operations should be separated from residential areas.

- h) Light and Service Industry Zone
- To provide for **light and service** industries and associated uses which are compatible with and acceptable with close proximity to, residential uses.
- i) Strategic Industry Zone *AMD 144 GG 17/11/2020*
- To provide for Strategic Industrial areas of State or Regional significance; and to provide for a range of industrial activities associated with defence, resource and marine activities.
- j) Development Zone
- To provide for **future residential, industrial or commercial** development to be guided by a comprehensive **Structure Plan** prepared under the Scheme.
- k) Rural Zone
- To provide for a range of **rural pursuits** which are compatible with the capability of the land and retain the rural character and amenity of the locality.
- l) Rural Living Zone
- To provide for **residential** use in a rural environment.
- m) Resource Zone
- To provide for the protection of the Perth Metropolitan **underground water** resource in accordance with the requirements of Statement of Planning Policy No. 6 published by the Western Australian Planning Commission on 12 June 1998.
- n) Special Use Zone
- To provide for uses which have **unique development** requirements that cannot be easily accommodated by the objectives of any of the other zones included in the Scheme.
- o) Conservation Zone *AMD 58 GG 1/5/09*
- To provide for a range of uses which are consistent and compatible with areas of conservation value including wetland, lake and or bushland areas, whilst providing for the ongoing protection and maintenance of those areas.

3.3 Zoning Table

- 3.3.1 The **Zoning Table** indicates, subject to the provisions of the Scheme, the uses permitted in the Scheme Area in the various zones.
- 3.3.2 The **permissibility** of any uses is determined by cross reference between the list of use classes on the left hand side of the **Zoning Table** and the list of zones at the top of the **Zoning Table**.
- 3.3.3 The symbols used in the cross reference in the **Zoning Table** have the following meanings -
- 'P' means that the use is **permitted** by the Scheme providing the use complies with the relevant development standards and requirements of the Scheme.
- 'D' means that the use is **not permitted unless** the local government has exercised its discretion by granting planning approval.

'A' means that the use is **not permitted unless** the local government has exercised its discretion and has granted planning approval after giving **special notice** in accordance with **clause 64(3)** of the deemed provisions.

'X' means a use that is **not permitted** by the Scheme.

3.3.4 A change in the use of land **from one use to another** is permitted if -

- a) the local government has **exercised its discretion** by granting planning approval;
- b) the change is to a use which is designated with the **symbol 'P'** in the cross reference to that zone in the **Zoning Table** and the proposed use complies with all the relevant development standards and any requirements of the Scheme;
- c) the change is an **extension of a use** within the boundary of the lot which does not change the predominant use of the lot providing that the use is not a non-conforming use in which case **clause 64(1)** of the deemed provisions applies; or
- d) the change is to an **incidental** use that does not change the predominant use of the land.

Note:

1. The **planning approval** of the local government is required for the development of land in addition to any approval granted for the use of land. In normal circumstances one application is made for both the use and development of land.
2. The local government will not refuse a 'P' use because of the unsuitability of the use for the zone but may impose conditions on the use of the land to comply with any relevant development standards or requirements of the Scheme, and may refuse or impose conditions on any development of the land.
3. In considering a 'D' or 'A' use, the local government will **have regard** to the matters set out in **clause 67** of the Deemed Provisions
4. The local government must refuse to approve any **'X'** use of land. Approval to an **'X'** use may only proceed by way of an amendment to the Scheme.

3.4 Interpretation of the Zoning Table

AMD 155 GG 24/5/22

3.4.1 Where a **specific use is mentioned** in the **Zoning Table**, it is deemed to be excluded from the general terms used to describe any other use.

3.4.2 If a person proposes to carry out any use that is **not specifically mentioned** in the:-

- a) **Zoning Table - Table 1** and cannot reasonably be determined as falling within the type, class or genus of activity of any other use category in the table the local government may -
 - (i) determine that the use is consistent with the **objectives** of the particular zone and is therefore permitted;
 - (ii) determine that the use may be consistent with the **objectives** of the zone and thereafter follow the advertising procedures of **clause 64(3)** of the deemed provisions in considering an application for planning approval; or
 - (iii) determine that the use is **not consistent** with the objectives of the particular zone and is therefore not permitted.

3.5 Additional Uses

3.5.1 Despite anything contained in **the Zoning Table**, the land specified in **Table 6** may be used for the specific use or uses that are listed **in addition to any uses permissible in the zone** in which the land is situated subject to the conditions set out in **Table 6** with respect to that land.

Note: An **Additional Use** is a land use that is permitted on a specific portion of land in addition to the uses already permissible in the zone that applies to the land.

3.6 Restricted Uses

3.6.1 Despite anything contained in the **Zoning Table**, the land specified in **Table 7** may only be **used for the specific use** or uses that are listed and subject to the conditions set out in **Table 7** with respect to that land.

Note: A Restricted Use is the only use or uses that are permitted on a specific portion of land and other uses that would otherwise be permissible in the zone are not permitted.

3.7 Special Use Zones

3.7.1 Special use zones are set out in **Table 8** and are in addition to the zones in the Zoning Table.

3.7.2 A person must not use any land, or any structure or buildings on land, in a special use zone except for the purpose set out against that land in Table 8 and subject to compliance with any conditions set out in Table 8 with respect to that land.

Note: Special Use Zones apply to special categories of land use which do not comfortably sit within any other zone in the Scheme.

3.8 Non-Conforming Uses

3.8.1 Except as otherwise provided in the Scheme, no provision of the Scheme **is to be taken to prevent** -

- a) the **continued use of any land** for the purpose for which it was being lawfully used immediately prior to the Gazettal date;
- b) the **carrying out of any development** on that land for which, immediately prior to the Gazettal date, an approval or approvals, lawfully required to authorise the development to be carried out, were duly obtained and are current; or
- c) subject to **clause 80** of the Deemed Provisions, the **continued display of advertisements** which were lawfully erected, placed or displayed prior to the Gazettal date.

Note: "Land" has the same meaning as in the Planning and Development Act 2005 and includes houses, buildings and other works and structures.

3.9 Extensions and changes to a non-conforming use

3.9.1 **A person must not** -

- a) **alter or extend** a non-conforming use;
- b) **erect, alter or extend a building** used in conjunction with or in furtherance of a non-conforming use; or
- c) **change the use of land** from a non-conforming use to another non-conforming use,

without first having applied for and obtained **planning approval** under the Scheme.

- 3.9.2 An application for planning approval under this clause is to be **advertised** in accordance with **clause 64(4)** of the deemed provisions.
- 3.9.3 Where an application is for a change of use from an existing non-conforming use to another non-conforming use, the local government **is not to grant its planning approval unless** the proposed use is less detrimental to the amenity of the locality than the existing non-conforming use and is, in the opinion of the local government, closer to the intended purpose of the zone.

3.10 Discontinuance of Non-Conforming Use

- 3.10.1 Where a non-conforming use of any land or buildings has been **discontinued** for a period of **six months** such land or buildings shall not thereafter be used otherwise than in conformity with the provisions of the Scheme.

3.11 Termination of a Non-Conforming Use

- 3.11.1 The local government may effect the discontinuance of a non- conforming use by the **purchase** of the land and buildings, or by the payment of **compensation** to the owner or the occupier or to both the owner and the occupier of that land, and may enter into an **agreement** with the owner for that purpose.

Note: **Part 11** of the *Planning and Development Act 2005* enables the local government to purchase, or, with the consent of the Governor, compulsorily acquire land for the purpose of a town planning scheme, subject to Part 9 of the *Land Administration Act 1997*, that section and the Scheme.

3.12 Destruction of Non-Conforming Use Buildings

- 3.12.1 If a building used for a non-conforming use is **destroyed to 75% or more** of its value, the buildings shall not be repaired or rebuilt, altered or added to for the purpose of being used for a non-conforming use or in a manner not permitted by the Scheme, except with the planning approval of the local government.

AMD 6 GG 13/6/06
- NOTE 4: (a) In that part of the Regional Centre Zone comprised in Development Area 23, the Zoning Table shall have no application, and the permissibility of land uses shall be governed by the applicable Special Control Area provisions of Table 9 be guided by any approved Structure Plan.
AMD 1 GG 5/1/06
- (b) In that part of the Regional Centre zone comprised in Development Area 24, the permissibility of land uses shall be in accordance with the Zoning Table until such time as a Structure Plan is approved which indicates a different permissibility of land uses. The permissibility of land uses shall be given due regard in the assessment and determination of applications for subdivision and development in accordance with **clause 27(1)** of the Deemed Provisions.

PART 4 - GENERAL DEVELOPMENT REQUIREMENTS

4.1 Compliance with Development Standards and Requirements

- 4.1.1 Any development of land is to **comply** with the provisions of the Scheme.
- 4.1.2 Despite the general development requirements specified in this Part, where different development requirements are provided for in relation to a particular area of land referred to in either Table 6 - Additional Uses, Table 7 - Restricted Uses, Table 8 - Special Use Zones or Table 9 – Additional requirements that apply to land covered by a Structure Plan, Activity Centre Plan or Local Development Plan, the development requirements specified in the Tables shall prevail.

4.2 Residential Design Codes

- 4.2.1 A copy of the Residential Design Codes, as amended, shall be kept and made **available** for public inspection at the offices of the local government.
- 4.2.2 Unless otherwise provided for in the Scheme the development of land for any of the residential purposes dealt with by the Residential Design Codes **is to conform** to the provisions of those Codes.
- 4.2.3 The Residential Design Code **density** applicable to land within the Scheme Area shall be determined by reference to the Residential Design Codes density number superimposed on the particular areas shown on the Scheme Map as being contained within the **solid black line borders** or where such an area abuts another area having a Residential Design Code density, as being contained within the centre-line of those borders.

4.3 Sewerage Connection

- 4.3.1 Notwithstanding any provision of this Scheme to the contrary but subject to **clause 4.3.2** all residential development shall be connected to a comprehensive sewerage system.
- 4.3.2 Where no such system is available, no residential development other than the erection of a single house shall be approved unless:
- a) the Department recommends to the local government that there are exceptional circumstances which warrant a variation of the requirements in **clause 4.3.1** or;
 - b) immediately prior to the gazettal date the land in respect of which approval is sought is used for the purpose of two or more dwellings;
 - c) the development conforms with the Government Sewerage Policy for the Perth Metropolitan Region or any subsequent equivalent State Government policy or amendments to that policy.
- 4.3.3 In this clause "Department" shall have the same meaning as is given to it in the Health Act.

4.4 Special Application of Residential Design Codes

- 4.4.1 In Residential zones coded R20 the local government **may vary the minimum site area per dwelling** and the minimum lot area/ rear battleaxe requirements in Columns 3 and 4 of Table 1 of the Codes by permitting **2 grouped dwellings** on any lot with an area of 900m² or greater but in all other respects the development shall conform with the **requirements of the R20 code**.

4.4.2 In respect of land in the **R30 to R60 codes** where a local development plan has been approved by the local government the minimum requirements of Table 1 regarding the **total percentage of open space** can be reduced up to a maximum of **5% below the Code** requirement, subject to: -

- a) the land being located **adjacent to a parks and recreation** reserve or within a **commercial or railway precinct**; and
- b) the development providing for **solar orientated design**.

4.4.3 In respect of **Lot 61 Beenyup Road, Atwell**, the minimum requirements of Table 1 in respect of the **total percentage of open space** in the R25 code can be **reduced by a maximum 5%** below the code requirement subject to: -

- a) the land being either located adjacent to a parks and recreation reserve or within a **commercial or railway precinct**; *AMD 6 GG 13/6/06*
- b) the development providing for solar orientated design; and *AMD 6 GG 13/6/06*
- c) the development being in accordance with a **local development plan** approved by the local government.

4.4.4 Medium Density Residential Development

- a) When considering applications for the development of grouped and/or multiple dwellings, the Council shall have due regard to Local planning Policy No. 1.2 (Residential Design Guidelines). Where an application is not consistent with the provisions or objectives of Local Planning Policy No. 1.2 (Residential Design Guidelines), Council may refuse the application notwithstanding its level of compliance with the Residential Design Codes.
- b) In considering applications for the subdivision of land within any of the split coded areas depicted on the Scheme Map, the Council may only support subdivision (in the absence of built development) up to a maximum density of R30.
- c) In considering applications for the development of land within any of the split coded areas depicted on the Scheme Map, the Council may support development up to the maximum density of the split code subject to the application being consistent with the provisions and objectives of the Local Planning Policy No. 1.2 (Residential Design Guidelines).
- d) Where residential land abuts a regional road reserve or major road as prescribed by Local Planning Policy No. 1.2 (Residential Design Guidelines), vehicle access to that road shall be subject to the approval of the local government and the relevant responsible authority (if any). *AMD 76 GG 31/08/10*

4.4.5 Grouped Dwelling Requirements *AMD 149 GG 02/02/2021*

- a) Notwithstanding the minimum and average site area requirements of clause 5.1.1 and table 1 of the Residential Design Codes, Grouped Dwellings must comply with the following criteria:

A Garden Area shall be provided for each grouped dwelling to support and sustain the development of tree canopy, provide amenity for residents, and contribute positively to neighbourhood character; as follows:

- i) Minimum area of 9m² located wholly on site for each dwelling;
- ii) Be a minimum length and width dimension of 3m;
- iii) Be in addition to the minimum outdoor living area requirements of the Residential Design Codes;

- iv) Be landscaped, uncovered, unpaved, free draining soil;
 - v) Not be used for vehicle parking or access;
 - vi) Contain no structure such as – buildings, patios, pergolas, swimming pools or external fixtures; and
 - vii) Distributed appropriately throughout the development.
- b) In relation to 4.4.5 a) this clause shall remain in effect until the medium density state planning policy is gazette.

4.4.6 Special Purpose – Small Dwellings

AMD 149 GG 02/02/2021

Special Purpose – Small Dwelling is a single house or grouped dwelling with a maximum plot ratio of 70m² containing no more than two habitable rooms capable of use as a bedroom. The dwelling shall be designed to meet the Liveable Housing Design Guidelines (Australia) Silver Performance Level at a minimum.

For the purposes of a 'Special Purpose – Small Dwelling' the minimum and average site area as set out in Table 1 of the Residential Design Codes may be reduced by up to one third, which shall only be applied where development is proposed.

In relation to clause 4.4.6, this clause shall remain in effect until the medium density state planning policy is gazette.

4.5 Restrictive Covenants

- 4.5.1 Subject to **clause 4.5.2**, a restrictive covenant affecting any land in the Scheme Area by which, or the effect of which, is that the **number of residential units** which may be constructed on the land is limited or restricted to less than that permitted by the Scheme, is extinguished or varied to the extent that it is inconsistent with the provisions of the Residential Design Codes which apply under the Scheme.
- 4.5.2 Where **clause 4.5.1** operates to extinguish or vary a restrictive covenant the local government is **not to grant planning approval** to the development of the land which would, but for the operation of **clause 4.5.1**, have been prohibited unless the application has been dealt with as an 'A' use and has complied with all of the advertising requirements of **clause 64(3)** of the Deemed Provisions.

4.6 Variations to Site and Development Requirements

- 4.6.1 Except for development in respect of which the Residential Design Codes apply, if a development is the subject of an application for planning approval and **does not comply** with a standard prescribed under the Scheme, the local government may, despite the non-compliance, approve the application unconditionally or subject to such conditions as the local government thinks fit.
- 4.6.2 In considering an application for planning approval under this clause, where, in the opinion of local government, the variation is likely to **affect any owners or occupiers** in the general locality or adjoining the site which is subject of consideration for the variation, the local government shall -
- a) **consult** the affected parties by following one or more of the provisions for advertising uses under **clause 64(3)** of the Deemed Provisions; and
 - b) have regard to any **expressed views** prior to making its decision to grant the variation.

- 4.6.3 The **power** conferred by this clause may only be exercised if the local government is satisfied that -
- a) approval of the proposed development would be appropriate having regard to the **criteria** set out in **clause 67** of the Deemed Provisions; and
 - b) the non-compliance **will not have** an adverse effect upon the occupiers or users of the development, the inhabitants of the locality or the likely future development of the locality.

4.7 Environmental Conditions

- 4.7.1 Environmental conditions to which the Scheme is, or amendments to the Scheme are, subject are incorporated into the Scheme by **Schedule 1** of the Scheme.
- 4.7.2 Where appropriate, the environmental conditions are indicated on the **Scheme Map** by the **symbol EC** to indicate that environmental conditions apply to that land.
- 4.7.3 The local government is to -
- a) maintain a **register** of all relevant statements published under sections 48F and 48G of the EP Act; and
 - b) make the statements **available for public inspection** at the offices of the local government.

Note: **Environmental conditions** are those required to be incorporated into a Scheme or an amendment to a Scheme following assessment under the Environmental Protection Act.

4.8 Residential Uses

- 4.8.1 Tenure
- a) Single house allotments created as freehold or survey strata lots **should comply** with the minimum area of lot per dwelling as prescribed under Table 1 of the Residential Design Codes.
- 4.8.2 Convenience and Functionality
- a) Every development shall be **designed** to ensure that it is convenient and functional for those who will use the development particularly in respect to -
 - (i) the **relationship** of the development to the use and enjoyment of the adjoining lots;
 - (ii) the convenient **location** of public and resident facilities provided on the lot;
 - (iii) **safety and amenity**;
 - (iv) **accessibility** of driveways, footpaths, car parking bays, service bays and storage areas.
 - b) A development which requires planning approval under the Scheme, that complies with or may be approved under the provisions of the Residential Design Codes but cannot demonstrate convenience and functionality, **will not be approved**, unless the local government determines otherwise in any particular case.

4.8.3 Other Residential Development

- a) Residential development which is not provided for under the Residential Design Codes shall **conform** to the development Standards and requirements determined by the local government in each particular case.
- b) Where residential development is permitted, other than in the Residential Zone and Regional Centre Zone and a Residential Density Code has not been prescribed, all residential development shall be in accordance with the R60 Residential Density Code. *AMD 6 GG 13/6/06*

4.8.4 Parking of Commercial Vehicles

- a) Despite any other provision of this Scheme, **no commercial vehicle** is permitted to remain on privately owned land within the Residential Zone for a period longer than is necessary for loading or unloading unless the local government has issued a planning **approval** permitting the parking of such a vehicle.
- b) A commercial vehicle may be **permitted** to be parked within a Residential Zone, provided that -
 - (i) the vehicle is parked on a lot containing only a **single house**;
 - (ii) the vehicle forms an essential part of the **occupation** of an occupant of the dwelling;
 - (iii) vehicles **exceeding 8 metres** in length are parked parallel to the side boundary of the lot and behind the building line;
 - (iv) **no repairs** are to be undertaken on the lot;
 - (v) in the opinion of the local government, it is not likely to adversely affect the **amenity** of the surrounding land;
 - (vi) the local government may apply any **conditions** to the approval it sees fit;
 - (vii) the local government has the ability to **withdraw** its approval at any time for any reason.
- c) An approval granted under **clause 68(2)** of the Deemed Provisions -
 - (i) is granted to the **person** to whom it is issued;
 - (ii) is **not capable** of being transferred or assigned to any other person;
 - (iii) does **not run** with the land in respect of which it is granted.

4.8.5 Home Occupation and Home Business

- a) Application -
 - (i) Unless exempt under clause 61 of the deemed provisions no person shall commence a home occupation or home business without first having applied for and received the planning **approval** of the local government.
 - (ii) A home occupation or home business can be undertaken subject to clause 4.8.5 a)(ii) by the occupier of the land and is not transferable.

- (iii) On the sale of the property or change in ownership of the land the home occupation or home business entitlement **ceases**.

4.8.6 Vehicle Parking

- a) The following vehicle parking provisions apply to the **Residential Use Classes**.

TABLE 2 - RESIDENTIAL USE CLASSES - VEHICLE PARKING

4.9 Commercial and Industrial Uses

4.9.1 Building Setback

- a) A building shall be setback from lot boundaries in accordance with the provisions of the **Building Code** of Australia.
- b) A building shall be setback from boundaries or erected on boundaries so that the **impact** on the use and amenity of the adjoining buildings is minimised and the scale and bulk of the building is compatible with the streetscape.

4.9.2 Landscaping

- a) A minimum **on-site** provision of **ten percent (10%)** of the total area of the lot or of a defined portion of the lot, the subject of an Application for Planning Approval, shall be set aside, developed and maintained as a landscaped area.
- b) Despite **clause 4.9.2 a)** the local government may reduce the minimum **on-site** provision to not less than **five percent (5%)** of the total area of the lot to be set aside, developed and maintained as a landscaped area where the owner agrees in writing either as part of the Application for Planning Approval or separately that all of the street verge abutting the lot shall be included in the landscape area in accordance with **clause 4.9.2 c)**.
- c) Where the **street verge** is included in the landscaped area it shall be developed and maintained by the owner as an integral part of the on-site provision referred to in **clause 4.9.2 b)**.
- d) The landscaped area provided on the lot shall have a minimum width of not less than **1.5 metres** and distributed in areas of not less than **4.0 square metres**.
- e) There shall be not less than one **(1) shade tree** planted for every 10 linear metres of verge frontage or for every 50 square metres of the total landscaped area provided on the lot and within street verge, whichever results in the greater number of trees.
AMD 157 GG 13/10/23
- f) There shall be not less than one **(1) shade tree** planted in the car parking area for every (3) side-by-side car parking spaces provided on the lot.
AMD 157 GG 13/10/23
- g) The landscaping is to be **confined** to the area of the lot between the building or the use of the land and the boundaries of the lot adjoining the public road reserve, or other public reserve, unless the local government agrees otherwise in any special circumstance.

4.9.3 Amenity

- a) Buildings shall be located on land abutting a residential zone so as to minimise **overshadowing** on, and to maximise **privacy** within adjoining, existing or future residences.
- b) Buildings shall be **designed** so that they are complementary with their surroundings and adjoining development in terms of their external appearance, design, height, scale and bulk.
- c) Buildings shall be located on the lot and provide landscaped areas which enhance the **streetscape** and add to the attractiveness of the locality of which they form part.
- d) Advertising **signs** shall be -
 - (i) **attached** to the walls or facade of a building or structure so as not to protrude above the height of the wall to the building or the structure;

- (ii) **limited** to a common pylon sign or hoarding for developments comprising more than two units, strata titled units or businesses up to a maximum of six (6) advertisements to each sign where units, strata title units or businesses exceed 6 in number or the development comprises a service station as one component then a maximum of two pylon signs or hoardings are permitted for that site;
 - (iii) erected on the property to which they **relate**;
 - (iv) professionally designed and installed and not detract from the **streetscape** within which they are located.
- e) Each premises will clearly display their street number and where there is no **street number** allocated to the property, the lot number shall be displayed instead.

4.9.4 Convenience and Functionality

- a) Every development shall be **designed** to ensure that it is convenient and functional for those who will use the development particularly in respect to -
- (i) the **relationship** of the development to the use and enjoyment of the adjoining lots;
 - (ii) the **convenient** location of public and employee facilities provided on the lot;
 - (iii) **safety and amenity**;
 - (iv) **accessibility** of driveways, footpaths, car parking bays, service bays and storage areas.
- b) A development which requires planning approval under the Scheme that complies with the development standards and requirements of the Scheme, but cannot demonstrate convenience and functionality will **not be approved**, unless the local government determines otherwise in any particular case.

4.9.5 Vehicle Parking

- a) A person shall not use land for a purpose specified in **Table 3 and Table 4** unless **car parking** spaces, **delivery** bays and **bicycle** racks of the number specified in the **Table** are provided and maintained and are sealed, drained and marked to the local government's specifications.

4.9.6 Cash Payment in Lieu of Providing Car Parking Spaces

- a) Except as provided in **clause 4.9.5** the local government **may agree** with an applicant for approval to commence development to accept a cash payment in lieu of the provision of paved car parking spaces, subject to -
- (i) a cash-in-lieu payment shall be not less than the **estimated cost** to the owner of providing and constructing the car parking spaces required by the Scheme, plus the value, as estimated by a licensed valuer appointed by the local government, of that area of land which would have been occupied by the parking spaces and manoeuvring area;
 - (ii) the local government having either provided, or having made **firm proposals** for providing a public car parking station in the vicinity of the land the subject of the application, before the local government agrees to accept a cash payment in lieu of the provision of car parking spaces;

- (iii) payments under this clause shall be paid into a **special fund** to be used to provide public car parking stations within the locality from which it was collected;
- (iv) all costs incurred in obtaining the **valuation** shall be borne by the applicant for approval to commence development.

4.9.7 Joint Use of Car Parking Facilities

- a) Car parking facilities may be provided jointly by two or more owners or users of land or by one owner or user in respect of **separate buildings** or uses, subject to the satisfaction of the standards and requirements hereinafter set out in this clause.
- b) If there is a deficiency in the number of car parking spaces provided to serve any building or use, the local government may permit the car parking spaces for that building or use to be provided jointly with any one or more other buildings or uses whether or not those others separately have the **prescribed number** of car parking spaces provided that the peak hours of operation of the buildings or uses so sharing are different and do **not substantially overlap**.
- c) The local government may require that **reciprocal access** and circulation arrangements are provided for any buildings or uses affected by this clause when, in the opinion of the local government, such arrangements are deemed necessary to improve design, functionality or amenity.
- d) The following **requirements** shall be complied with by any person seeking to take advantage of the provisions of this clause -
 - (i) **evidence** shall be provided sufficient to satisfy the local government that **no substantial conflict** will exist in the peak hours of operation of the buildings or uses for which the joint use of car parking spaces or the reciprocal access and circulation arrangements is proposed;
 - (ii) the number of car parking spaces which may be **credited from one building or use to another** building or use shall not exceed the number of spaces reasonably anticipated to be in excess of the requirement of the first building or use during its **off-peak hours** of operation;
 - (iii) the local government may require a **legal agreement** to be prepared at **the expense of the person** seeking to take advantage of the provisions of this clause, detailing the relevant arrangements of the joint usage, and executed by all parties concerned;
 - (iv) Any such agreement shall be capable of operating as a restrictive covenant against any land providing parking spaces, reciprocal access or circulation arrangements and shall ensure that the restraint cannot be removed without the consent of the local government upon the local government being satisfied that the joint use of parking facilities is no longer required.

4.10 Rural Uses

4.10.1 Water Supply

- a) The use and development of land within the Rural Zone shall be in accordance with the provisions of The Statement of Planning Policy No. 2.5 – Agricultural and Rural Land Use Planning.
AMD 6 GG 13/6/06

- b) Where reticulated water supply is not provided to a lot the landowner, or the subdivider shall be **responsible** for providing a **potable water supply** where it is proposed to use the land for the agistment of stock or for residential uses in the Rural Zone. *AMD 157 GG 13/10/23*
- c) Where it is proposed to use the land for residential purposes and a potable water supply is not available then the landowner shall be responsible for providing a **rainwater storage tank** with a minimum capacity of 90,000 litres.
- d) Where it is proposed to use the land for residential uses in the Rural Zone and the land is in a Bushfire Prone Area, the landowner shall be responsible for providing a water tank(s) dedicated for firefighting purposes (of a size and constructed in accordance with the technical requirements of the Guidelines for Planning in Bushfire Prone Areas). *AMD 157 GG 13/10/23*

4.10.2 Building Envelopes

- a) Only **one** single house may be erected on a lot.
- b) Where a building envelope is shown on a lot in accordance with **clause 4.10.12a) and Clause 4.10.12 b)**, every building erected on that lot shall be **located** within the boundaries of the building envelope. *AMD 72 GG 07/09/10*
- c) The local government may on the written request of the landowner **relocate** or **modify** the shape or area of a building envelope if in the opinion of the local government the relocation or modification of the building envelope will not have a detrimental impact on the neighbours, the amenity of the area, the use of the land or the environment.
- d) Where **no building envelope** is shown on a lot, no building shall be erected within **10 metres** of any boundary of the lot or **20 metres** from any road reserve.
- e) Despite **clauses 4.10.2 b), c) and d)** no person shall -
 - (i) clear or suffer to permit to be cleared any flora within a distance of **50 metres** from the lot boundary adjoining the road reserve of Berrigan Drive Jandakot, **Tapper Road** Banjup and **Warton Road** Banjup except for the purpose of complying with the requirements of the Bush Fires Act, constructing a dedicated road or vehicular accessway;
 - (ii) erect a building on Lots 101, 103, 104, 105, 106, 107 and 119 closer to **Solomon Road** Jandakot than **30 metres** from the lot boundary adjoining the Solomon Road road reserve. *AMD 6 GG 13/6/06*
- f) Despite **clause 4.10.2 a)** the local government may allow ancillary dwelling on a lot where - *AMD 116 GG 06/01/17*
 - (i) a **single house** already exists on the lot;
 - (ii) in the **Rural Zone** and the **Rural Living Zone** the net area of the ancillary dwelling does not exceed **100m²**;
 - (iii) in the **Resource Zone** the net area of the ancillary dwelling does not exceed **60m²** and the area of the lot is to be greater than **2 ha**.

4.10.3 Fencing

- a) Fencing shall be erected in **accordance** with the Local Law - Fencing.

4.10.4 Rehabilitation

- a) The local government may **require** the owner of any land to rehabilitate land, which in its opinion has been eroded, neglected, degraded or cleared in such a way as to harm the environment or reduce the amenity of the adjoining, nearby or surrounding land.

4.10.5 Protection of Land and Existing Vegetation

- a) **No existing vegetation** existing on a lot shall be cleared except for the purposes of -
 - (i) erecting an approved **building** or structure on the lot;
 - (ii) providing vehicular **access**;
 - (iii) complying with the **Bush Fires Act**;
 - (iv) complying with an **approval** issued by the local government.
 - (v) a **rural pursuit** being established for commercial purposes.
- b) The clearing of vegetation on any lot other than for the purposes nominated in **clause 4.10.5 a)** shall require the **approval** of the local government.
- c) The local government may **serve notice** on any owner or occupier of land within the **Rural Zone, Rural Living Zone or Resource Zone** -
 - (i) to **preserve** any specified vegetation and the maintenance and protection of the vegetation so specified shall continue until the local government determines otherwise;
 - (ii) to **plant** vegetation;
 - (iii) to **remove stock** where in the opinion of the Department of Primary Industries and Regional Development the land has been overgrazed.

4.10.6 Protection of Wetlands

- a) The local government may **require** wetlands and their fringing phreatophytic vegetation to be preserved and protected from pollution, destruction and inappropriate use and management.
- b) **Any wetland** which is identified for protection under a policy of the Environmental Protection Authority shall be preserved and protected in accordance with any conditions imposed by the local government or the Authority.

4.10.7 Over-grazing

- a) Where, in the opinion of the local government, land is being grazed or stocked which causes topsoil to be exposed or trees to be ring-barked to the general detriment of the natural beauty of the area or use of the land, the local government may refer the matter to the Department of Primary Industries and Regional Development for investigation and recommendation, and having had regard to the recommendations, the local government may by notice to the owner or occupier order the reduction of number of, or removal of stock or the protection of trees by fencing or lattice binding within the time limited by the notice.

- a) **Two commercial vehicles** may be parked on land owned by the owner of the vehicles in the **Rural Zone** without the approval of the local government.
- b) **One commercial vehicle** may be parked on land owned by the owner of the vehicle without the approval of the local government within the **Rural Living Zone** and the **Resource Zone**.
- c) A commercial vehicle may be permitted to be parked within the **Rural Living Zone** and the **Resource Zone**, provided that -
 - (i) the vehicle is parked on a lot containing only a **single house**;
 - (ii) the vehicle forms an essential part of the **occupation** of an occupant of the dwelling;
 - (iii) any **repairs** undertaken on the lot, must be carried out in an area which is fully screened from the street and adjoining properties;
 - (iv) in the opinion of the local government, it is not likely to adversely affect the **amenity** of the surrounding land;
 - (v) the local government may apply any **conditions** to the approval it sees fit;
 - (vi) the local government has the ability to withdraw its approval at any time for any reason.
- d) Despite **clause 4.10.8 a)** and **clause 4.10.8 b)** to park **more than two** commercial vehicles on land in the Rural Zone or to permit **more than one** commercial vehicle to remain longer than is necessary for loading and unloading on land in the Rural Living Zone and the Resource Zone, **an application must be applied** for and obtained from the local government.
- e) An approval granted under **clause 4.10.8 d)** -
 - (i) is granted to the **person** to whom it is issued;
 - (ii) is **not capable** of being transferred or assigned to any other person;
 - (iii) does **not run** with the land in respect of which it is granted.

4.10.9 Water Table and Effluent Disposal

- a) The minimum **vertical distance** of land on which a building is to be erected above the highest known water table as determined by the Department of Water and Environmental Regulation or the Department of Health shall be **1.2 metres**.
- b) **Every Single House** and dwelling in the **Rural Zone** and **Rural Living Zone** shall be connected to an approved domestic waste effluent disposal system where -
 - (i) the **vertical distance** between the bottom of the domestic waste effluent disposal system is greater than **1.2 metres** above the highest known water table for the land, and the horizontal distance between the proposed system and a wetland or a public water supply bore is greater than **100 metres**, the local government may approve the installation of a septic effluent disposal system.

- (ii) the **vertical distance** between the bottom of the domestic waste effluent disposal system is less than **1.2 metres** above the highest known water table for the land, and the horizontal distance between the proposed system and a wetland or a public water supply bore is less than **100 metres**, the owner of the land shall install an alternative domestic waste water treatment system, subject to the approval of the local government and the Department of Health.
- c) **Every Single House** and dwelling in the **Resource Zone** shall be connected to an approved domestic waste effluent disposal system where -
- (i) the **vertical distance** between the bottom of the domestic waste effluent disposal system is greater than **2 metres** above the highest known water table for the land, and the horizontal distance between the proposed system and a wetland or a public water supply bore is greater than **100 metres**, the local government may approve the installation of a septic effluent disposal system.
- (ii) the **vertical distance** between the bottom of the domestic waste effluent disposal system is less than **2 metres**, and the horizontal distance between the proposed system and a wetland or a public water supply bore is less than **100 metres**, the owner of the land shall install an alternative domestic waste water treatment system, subject to the approval of the local government and the Department of Health.

- a) Unless the local government waives any particular requirement each application for planning approval for an extractive industry shall include the following **information** in addition to the requirements of **clause 67** of the Deemed Provisions -
- (i) **a report detailing** the existing physical environment including geology, soil profiles, surface and ground water hydrology, identified sites of historic / heritage or cultural significance, current land use, zoning, surrounding land use and potential external impacts;
 - (ii) **a flora and fauna report** for the site prepared by a qualified botanist to the specifications and satisfaction of local government, and is to include, but not limited to, consideration of any declared rare flora or priority species and declared sites of environmental and biological significance;
 - (iii) **a vehicle access plan** detailing site ingress / egress, road haulage routes, frequency of vehicle movements and proposals for any vehicle maintenance and fuel storage facilities;
 - (iv) a plan showing **excavation stages**, existing and final site levels together with cross-sections;
 - (v) **a management plan** detailing the measures to be taken to control dust, noise, erosion, soil and groundwater pollution, fire and weeds, including demonstrated compliance with any relevant standard and the protection of any features of the land to be retained or preserved;
 - (vi) **a rehabilitation plan** and implementation programme to either restore the land as close as possible to its condition prior to the extraction of materials or to provide for a future use appropriate to, and consistent with the zoning of the land;
 - (vii) details of the proposed **times of operation**.
- b) The information provided under **clause 63(1) of the Deemed Provisions** and the requirements of **clauses 4.12.1, 4.12.2 and 4.12.3** form the basis of local government's determination of the application for planning approval.
AMD 6 GG 13/6/06
- c) The local government is to have due regard to the provisions of the Statement of Planning Policy No. 2.4 in considering any application for planning approval for an extractive industry.
AMD 6 GG 13/6/06

4.12.2 Setbacks and Screening

- a) A setback of not less than **40 metres wide** to a road reserve or other public reserve and not less than **20 metres wide** to all other boundaries to the lot is to be provided unless determined otherwise by the local government.

- b) The setback shall comprise the **existing vegetation** which shall remain undisturbed **except for** -
 - (i) **accessways** for entering and leaving the extractive industry site;
 - (ii) **firebreaks** as may be required under the Bush Fires Act;
 - (iii) **re-vegetation** to reinstate or supplement the existing vegetation to provide an effective visual screen from adjoining and nearby public and private owned land;
 - (iv) public and private utility **infrastructure**.

4.12.3 Rehabilitation

- a) Permanent rehabilitation of the site is to occur **progressively** at a similar rate as the extraction or at a time agreed between the quarry operator and the local government.
- b) Soil profiles are to be reconstructed to facilitate rehabilitation of the site.
- c) Revegetation is to be based on the planting of **native flora typical of the locality** with the species and plant density to be determined by the local government having regard to the rehabilitation plan submitted under **clause 4.12.1 a)(vi)**.
- d) The rehabilitation and stabilising of completed excavation are to be **progressively implemented** in accordance with the approved rehabilitation plan and shall be managed, maintained and monitored by the landowner for a **minimum of 2 years** to the local government's satisfaction.
- e) Annual Rehabilitation Reports are to be completed outlining the progressive implementation of rehabilitation and stabilising of completed excavation to the local government's satisfaction. *AMD 6 GG 13/6/06*

4.13 Development Zone

- 4.13.1 There shall be no change to any land use or development existing on land within the Development Zone without the owner of the land having made an application for and received the approval of the local government.
- 4.13.2 As set out in clause 3.8 existing land use and development within the Development Zone which were legally approved prior to the gazettal of the Scheme may continue to operate in accordance with the approval, licence or permit granted.

4.14 Protection of Native Fauna

- 4.14.1 Where land is to be cleared of vegetation for development which requires planning approval, and the area and type of vegetation in the opinion of the local government may provide habitats for terrestrial native fauna, the owner of the land is to prepare a Native Fauna Management Plan to the satisfaction of the local government on the advice of the Department of Biodiversity, Conservation and Attractions prior to clearing the land.
- 4.14.2 The Native Fauna Management Plan is to be prepared by a suitably qualified person acceptable to the local government on the advice of the Department of Biodiversity, Conservation and Attractions

4.14.3 The **Native Fauna Management Plan** is to include, but not limited to the following -

- a) a description of the **field survey** and recording methodology;
- b) a description of the **"trapping"** procedure if required;
- c) the identification of a suitable **alternative habitat** for the terrestrial native fauna if required;
- d) a time frame and **programme** for undertaking the surveys, trapping and relocation of any terrestrial native fauna;
- e) the field **survey results** and recommendations;
- f) the **method of relocating** the terrestrial native fauna if appropriate;
- g) the **method of protecting** and conserving the existing habitat where any terrestrial native fauna is to be retained on-site.

4.15 Protection of Native Flora

AMD 6 GG 13/6/06

4.15.1 Where a total area of 1.0 hectare or more of land is to be cleared of vegetation for the full development of a lot which requires planning approval, a flora report for the site must be prepared by a qualified botanist to the specifications and satisfaction of the local government, and is to include, but not limited to, the identification of local significant bushland, the defining the floristic community types, the identification of any declared rare flora by conducting a spring survey, and follow up surveys if required, so as to determine priority species and declared sites of environmental and biological significance.

4.15.2 No land shall be cleared of vegetation that contains declared rare flora or priority species or declared sites of environmental and biological significance, as determined by the local government, or where land is set aside as future public open space within an adopted structure plan under **clause 22** of the Deemed Provisions.

4.16 Protection of Wetlands

AMD 6 GG 13/6/06

4.16.1 Where the land contains a wetland of the Swan Coastal Plain classed as Conservation Category Wetland, Resource Enhancement Wetland, or Multiple Use Wetland classified by the Department of Biodiversity Conservation and Attractions, the wetland must not be cleared of existing vegetation, filled drained or developed by any person without first having applied for and obtained the planning approval of the local government.

4.16.2 No development shall occur by any person within a wetland buffer area measured from the edge of the wetland dependant vegetation without first having applied for and obtained the planning approval of the local government.

4.16.3 Land use adjacent to a Conservation Category Wetland or Resource Enhancement Wetland shall not have any adverse environmental effect on the ecological processes and functions of the wetland or the wetland buffer area.

4.17 Conservation Zone

AMD 58 GG 1/5/09

4.17.1 For the purposes of this clause, "conservation area" means any area within the Conservation Zone identified by the local government in consultation with the Department of Planning Lands and Heritage and the Department of Biodiversity, Conservation and Attractions to be of high conservation value and may include but is not limited to areas of bushland, wetlands and lakes and their associated buffers;

"conservation agreement" means the agreement required by sub-clause 4.17.8 d) of this clause.

- 4.17.2 The use and development of land within the Conservation Zone shall be limited to the building envelope and shall be compatible and consistent with the protection and preservation of conservation areas and comply with the requirements of relevant State government policy guidelines or statements pertaining to the conservation of bushland, wetlands and lakes.
- 4.17.3 Every lot, strata or survey strata lot in the Conservation Zone shall have located on it a building envelope of not less than 600m² in area located on compatible and suitable land outside the conservation area except as otherwise agreed to by the local government in writing having regard to advice from the Department of Planning Lands and Heritage and the Department of Biodiversity, Conservation and Attractions, if any.
- 4.17.4 Development shall be limited to the defined building envelope which shall be set back a minimum of 6 metres from any street boundary and 1.5 metres from side and rear boundaries.
- 4.17.5 The local government shall consider and determine development applications having regard to advice provided by the Department of Planning Lands and Heritage and the Department of Biodiversity, Conservation and Attractions, if any, in addition to the matters to which the local government is required to have regard by **clause 67** of the Deemed Provisions.
- 4.17.6 Development applications shall be accompanied by the following information to the satisfaction of the local government in addition to the requirements of **clause 63(1)** of the Deemed Provisions -
- a) a plan showing the entirety of the land the subject of the development application, including the building envelope and conservation area(s) located on the land;
 - b) a plan showing access tracks, servicing corridors, fire breaks including any strategic fire breaks and the location and type of fences to be erected around any conservation area(s);
 - c) a weed management program;
 - d) a bushland, wetland and or lake rehabilitation program to restore or enhance the environmental qualities of degraded areas within the conservation area;
 - e) a fire management plan, which plan shall require the provision and maintenance of strategic fire breaks; and
 - f) a nutrient management plan.
- 4.17.7 The following uses are not permitted within any conservation area:
- a) the keeping of livestock or other animals;
 - b) the clearing of vegetation except for the purpose of complying with relevant fire break, rehabilitation and/or management requirements;
 - c) filling or excavation including the construction of drainage facilities, artificial lakes, dams, swimming pools or waterholes;
 - d) the erection of any building or structure other than a board walk or viewing platform that in the opinion of the local government will be consistent and compatible with the protection and preservation of the conservation area(s);
 - e) the storage or placement of any vehicles, materials or other items; and
 - f) and other uses that in the opinion of the local government are not consistent and compatible with the protection and preservation of the conservation area(s).

4.17.8 Where development is approved, the private land owner shall prior to the commencement of development or within such other period of time as is approved by the local government:

- a) implement the weed management program required by sub-clause 4.17.6 c) to the satisfaction of the local government;
- b) implement the approved bushland, wetland and or lake rehabilitation program required by sub-clause 4.17.6 (iv) to the satisfaction of the local government;
- c) implement the fire management plan required by sub-clause 4.17.6 e) to the satisfaction of the local government;
- d) ensure the boundaries of any conservation area on the land the subject of the development approval are made clearly visible by either the provision and maintenance of fencing or the appropriate marking of the boundaries; and
- e) enter into a conservation agreement, prepared at the private landowner(s)' expense by the local government's solicitors, to secure compliance with any of the requirements of clause 4.17 and authorising the local government to lodge a caveat on the certificate of title of the land the subject of the approval as further security for such compliance.

4.17.9 Without affecting the generality of clause 80 of the Deemed Provisions, upon the provision of 7 days written notice to the private landowner(s) within the Conservation Zone, an authorised officer of the local government shall be permitted to enter upon such land for the purpose of inspecting the conservation area and to ensure compliance with the requirements of the Scheme and/or the conservation agreement.

4.17.10 Where a private landowner has failed to comply with the requirements of the Scheme and/or the conservation agreement, the local government may at the expiry of 1 calendar month after serving notice on the owner, undertake whatever action and works are necessary to achieve compliance with either the requirements of the Scheme and/or the conservation agreement and recover all associated costs from the owner.

4.18 Planning approval is required prior to the removal, destruction of and/or interference with any tree included on the local government Inventory Significant Tree list. *AMD 86 GG 14/9/12*

PART 5 - SPECIAL CONTROL AREAS

5.1 Operation of Special Control Areas

5.1.1 The following Special Control Areas are shown on the Scheme Map -

- a) **Development Areas** shown on the Scheme Map as **DA** with a number and included in **Table 9**.
- b) **Development Contribution Areas** shown on the Scheme Map as **DCA** with a number and included in **Table 10**.

5.1.2 In respect of a special control area shown on a Scheme Map, the provisions applying to the special control area apply in addition to the provisions applying to any underlying zone or reserve and any general provisions of the Scheme.

5.2 Development Areas

5.2.1 **Table 9** describes the Development Areas in detail and sets out the specific purposes and requirements that apply to the Development Areas.

5.2.2 Subdivision and Development in Development Areas

5.2.2.1 The development of land within a Development Area is to comply with **Table 9**.

5.2.2.2 The subdivision and development of land within a Development Area is to generally be in accordance with any structure plan that applies to the land.

5.3 Development Contribution Areas (DCA)

5.3.1 Interpretation

In clause 5.3 unless the context otherwise requires –

‘Administrative costs’ means such costs as are reasonably incurred for the preparation and (with respect to standard infrastructure items) implementation of the development contribution plan.

‘Administrative items’ means the administrative matters required to be carried out by or on behalf of the local government in order to prepare and (with respect to standard infrastructure items) implement the development contribution plan, including legal, accounting, planning engineering, and other professional advice.

‘Cost apportionment schedule’ means a schedule prepared and distributed in accordance with clause 5.3.10.

‘Cost contribution’ means the contribution to cost of infrastructure and administrative costs.

‘Development contribution area’ means an area shown on the scheme map as DCA with a number and included in Table 10.

‘Development contribution plan’ means a development contribution plan prepared in accordance with the provisions of *State Planning Policy 3.6 Development Contributions for Infrastructure* and the provisions of this clause 6 of the scheme (as incorporated in Table 10 of this scheme).

'Development contribution plan report' means a report prepared and distributed in accordance with clause 5.3.10.

'Infrastructure' means the standard infrastructure items (services and facilities set out in appendix 1 of State Planning Policy 3.6 'Development Contributions for Infrastructure') and community infrastructure, including recreational facilities; community centres; child care and after school centres; libraries and cultural facilities and such other services and facilities for which development contributions may reasonably be requested having regard to the objectives, scope and provisions of State Planning Policy 3.6 'Development Contributions for Infrastructure'.

'Infrastructure costs' means such costs as are reasonably incurred for the acquisition and construction of infrastructure.

'Local government' means the local government or local government's in which the development contribution area is located or through which the services and facilities are provided.

'Owner' means an owner of land that is located within a development contribution area.

5.3.2 Purpose

The purpose of having development contribution areas is to –

- a) provide for the equitable sharing of the costs of infrastructure and administrative costs between owners;
- b) ensure that the cost contributions are reasonably required as a result of the subdivision and development of land in the development contribution area; and
- c) coordinate the timely provision of infrastructure.

5.3.3 Development contribution plan required

A development contribution plan is required to be prepared for each development contribution area.

5.3.4 Development contribution plan part of scheme

The development contribution plan is incorporated in Table 10 as part of this scheme.

5.3.5 Subdivision, strata subdivision and development

The local government shall not withhold its support for subdivision, strata subdivision or refuse to approve a development solely for the reason that a development contribution plan is not in effect, there is no approval to advertise a development contribution plan, or that there is no other arrangement with respect to an owner's contribution towards the provision of community infrastructure.

5.3.6 Guiding principles for development contribution plans

The development contribution plan for any development contribution area is to be prepared in accordance with the following principles –

- a) Need and the nexus
The need for the infrastructure included in the plan must be clearly demonstrated (need) and the connection between the development and the demand created should be clearly established (nexus).

- b) **Transparency**
Both the method for calculating the development contribution and the manner in which it is applied should be clear, transparent and simple to understand and administer.
- c) **Equity**
Development contributions should be levied from all developments within a development contribution area, based on their relative contribution to need.
- d) **Certainty**
All development contributions should be clearly identified and methods of accounting for cost adjustments determined at the commencement of a development.
- e) **Efficiency**
Development contribution should be justified on a whole of life capital cost basis consistent with maintaining financial discipline on service providers by precluding over recovery of costs.
- f) **Consistency**
Development contributions should be applied uniformly across a development contribution area and the methodology for applying contributions should be consistent.
- g) **Right of consultation and review**
Owners have the right to be consulted on the manner in which development contributions are determined. They also have the opportunity to seek a review by an independent third party if they believe the calculation of the costs of the contributions is not reasonable.
- h) **Accountable**
There must be accountability in the manner in which development contributions are determined and expended.

5.3.7 **Recommended content of development contribution plans**

5.3.7.1 The development contribution plan is to specify -

- (i) The development contribution area to which the development contribution plan applies;
- (ii) the infrastructure and administrative items to be funded through the development contribution plan;
- (iii) the method of determining the cost contribution of each owner; and
- (iv) the priority and timing for the provision of infrastructure.

5.3.8 **Period of development contribution plan**

A development contribution plan shall specify the period during which it is to operate.

5.3.9 **Land excluded**

In calculating both the area of an owner's land and the total area of land in a development contribution area, the area of land provided in that development contribution area for –

- a) roads designated under the Metropolitan Region Scheme as primary regional roads and other regional roads;
- b) existing open public open space;
- c) existing government primary and secondary schools; and

d) such other land as is set out in the development contribution plan,
is to be excluded.

5.3.10 Development contribution plan report and cost apportionment schedule

5.3.10.1 Within 90 days of the development contribution plan coming into effect, the local government is to adopt and make available a development contribution plan report and cost apportionment schedule to all owners in the development contribution area.

5.3.10.2 The development contribution plan report and the cost apportionment schedule shall set out in detail the calculation of the cost contribution for each owner in the development contribution area, based on the methodology provided in the development contribution plan, and shall take into account any proposed staging of the development.

5.3.10.3 The development contribution plan report and the cost apportionment schedule do not form part of the scheme, but once adopted by the local government they are subject to review as provided under clause 5.3.11.

5.3.11 Cost contributions based on estimates

5.3.11.1 The determination of Infrastructure costs and administrative costs is to be based on amounts expended, but when expenditure has not occurred, it is to be based on the best and latest estimated costs available to the local government and adjusted accordingly, if necessary.

5.3.11.2 Where a cost apportionment schedule contains estimated costs, such estimated costs are to be reviewed at least annually by the local government -

- (i) in the case of land to be acquired, in accordance with clause 5.3.12; and
- (ii) in all other cases, in accordance with the best and latest information available to the local government, until the expenditure on the relevant item of infrastructure or administrative costs has occurred.

5.3.11.3 The local government is to have such estimated costs independently certified by appropriate qualified persons and must provide such independent certification to an owner when requested.

5.3.11.4 Where any cost contribution has been calculated on the basis of an estimated cost, the local government -

- (i) is to adjust the cost contribution of any owner in accordance with the revised estimated costs; and
- (ii) may accept a cost contribution, based upon estimated costs, as a final cost contribution and enter into an agreement with the owner accordingly.

5.3.11.5 Notwithstanding clauses 5.3.11.1, 5.3.11.2(ii), 5.3.11.3 and 5.3.11.4, where the development contribution plan relates to community infrastructure, the local government may adopt a lesser rate than the independent certification recommends and make up the shortfall in accordance with clause 5.3.17.1.

AMD 148 GG 16/6/2020

5.3.11.6 Where an owner's cost contribution is adjusted under clause 5.3.11.4, the local government, on receiving a request in writing from an owner, is to provide the owner with a copy of estimated costs and the calculation of adjustments.

5.3.11.7 If an owner objects to the amount of a cost contribution, the owner may give notice to the local government requesting a review of the amount of the cost contribution by an appropriate qualified person ('independent expert') agreed by the local government and the owner at the owner's expense, within 28 days after being informed of the cost contribution.

5.3.11.8 If the independent expert does not change the cost contribution to a figure acceptable to the owner, the cost contribution is to be determined -

- (i) by any method agreed between the local government and the owner;
- or
- (ii) if the local government and the owner cannot agree on a method pursuant to (i) or on an independent expert, by arbitration in accordance with the *Commercial Arbitration Act 1985*, with the costs to be shared equally between the local government and owner.

5.3.12 Valuation

5.3.12.1 Clause 5.3.12 applies in order to determine the value of land to be acquired for the purpose of providing Infrastructure.

5.3.12.2 In clause 5.3.12 –

'Value', in the case of development contribution plans for development contribution areas 1 to 7 and 11, means the capital sum which an unencumbered estate in fee simple of the land might reasonably be expected to realise if offered for sale on such reasonable terms and conditions as a bona fide seller would require:

- (i) on the basis that there are **no buildings, fences or other improvements** of a like nature in the land;
- (ii) on the assumption that **any rezoning necessary** for the purpose of development has come into force; and
- (iii) taking into account the **added value of all other improvements** on or appurtenant to the land.

'Value', in all other development contribution plans, means the fair market value of land, at a specified date, which is defined as the capital sum that would be negotiated in an arm's length transaction in an open and unrestricted market, assuming the highest and best use of the land with all its potential and limitations (other than the limitation arising from the transaction for which the land is being valued), wherein the parties act knowledgeably, prudently and without compulsion to buy or sell.

The net land value is to be determined by a static feasibility valuation model, using the working sheet model attached to this scheme as Table 11. As part of that feasibility an appropriate profit and risk factor is to be determined from which a 10 per cent profit factor is to be excluded from the calculation.

'Valuer' means a licensed valuer agreed by the local government and the owner, or where the local government and the owner are unable to reach agreement, by a valuer appointed by the President of the Western Australian Division of the Australian Property Institute.

5.3.12.3 If an owner objects to a valuation made by the valuer, the owner may give notice to the local government requesting a review of the amount of the value, at the owner's expense, within 28 days after being informed of the value.

5.3.12.4 If, following a review, the valuer's determination of the value of the land is still not a figure acceptable to the owner, the value sit be determined -

- (i) By any method agreed between the local government and the owner; or
- (ii) if the local government and the owner cannot agree, the owner may apply to the State Administrative Tribunal for a review of the matter under part 14 of the *Planning and Development Act 2005*.

5.3.13 Liability for cost contributions

5.3.13.1 An owner must make a cost contribution in accordance with the applicable development contribution plan and the provisions of clause 5.3.

5.3.13.2 An owner's liability to pay the owner's cost contribution to the local government arises on the earlier of -

- (i) the Western Australian Planning Commission endorsing its approval on the deposited plan or survey strata plan of the subdivision of the owner's land within the development contribution area;
- (ii) the commencement of any development on the owner's land within the development contribution area;
- (iii) the approval of any strata plan by the local government or Western Australian Planning Commission on the owner's land within the development contribution area; or
- (iv) the approval of a change or extension of use by the local government on the owner's land within the development contribution area.

The liability arises only once upon the earliest of the above listed events.

5.3.13.3 Notwithstanding clause 5.3.13.2, an owner's liability to pay the owner's cost contribution does not arise if the owner: *AMD 128 GG 11/01/19*

- (i) commences development of the first single house or outbuildings associated with that first single house on an existing lot which has not been subdivided or strata subdivided since the coming into effect of the development contribution plan;
- (ii) commences a temporary or time limited approval;
- (iii) commences any site preparation works such as retaining walls, demolition, clearing of vegetation, bulk earthworks, temporary fencing, remediation, advertising and signage that does not result in development that will place demand on infrastructure included in a development contribution plan;
- (iv) commences any other minor or incidental development or subdivision which does not have a connection (nexus) to the infrastructure included in the development contribution plan;
- (v) lodges Deposited Plans for the consolidation of land parcels (amalgamation) or for the sole purpose of ceding land required for a development contribution plan item.

5.3.13.4 Where a development contribution plan expires in accordance with clause 5.3.8, an owner's liability to pay the owner's cost contribution under the development contribution plan shall be deemed to continue in effect and be carried over into any subsequent development contribution plan which includes the owner's land, subject to such liability.

5.3.14 **Payment of cost contribution**

5.3.14.1 The owner, with the agreement of the local government, is to pay the owner's cost contribution by -

- (i) cheque or cash;
- (ii) transferring to the local government or a public authority land in satisfaction of the cost contribution;
- (iii) the provision of physical infrastructure;
- (iv) some other method acceptable to the local government; or
- (v) any combination of these methods.

5.3.14.2 The owner, with the agreement of the local government, may pay the owner's cost contribution in a lump sum, by instalments or in such other manner acceptable to the local government.

5.3.14.3 Payment by an owner of the cost contribution, including a cost contribution based upon estimated costs in a manner acceptable to the local government constitutes full and final discharge of the owner's liability under the development contribution plan and the local government shall provide certification in writing the owner of such discharge if requested by the owner.

5.3.15 **Charge on land**

5.3.15.1 The amount of any cost contribution for which an owner is liable under clause 5.3.13, but has not paid, is a charge on the owner's land to which the cost contribution relates, and the local government may lodge a caveat, at the owner's expense, against the owner's certificate of title to that land.

5.3.15.2 The local government, at the owner's expense and subject to such other conditions as the local government thinks fit, can withdraw a caveat lodged under clause 5.3.15.1 to permit dealing and may then re-lodge the caveat to prevent further dealings.

5.3.15.3 If the cost contribution is paid in full, the local government, if requested to do so by the owner and at the expense of the owner, is to withdraw any caveat lodged under clause 5.3.15.

5.3.16 **Administration of funds**

5.3.16.1 The local government is to establish and maintain a reserve account in accordance with the *Local Government Act 1995* for each development contribution area into which cost contributions for that development contribution area will be credited and from which all payments for the infrastructure costs and administrative costs within that development contribution area will be paid.

The purpose of such a reserve account or the use of money in such a reserve account is limited to the application of funds for that development contribution area.

5.3.16.2 Interest earned on cost contributions credited to a reserve account in accordance with clause 5.3.16.1 is to be applied in the development contribution area to which the reserve account relates.

5.3.16.3 The local government is to public an audited annual statement of accounts for that development contribution area as soon as practicable after the audited annual statement of accounts being available.

5.3.17 **Shortfall or excess in cost contributions**

5.3.17.1 If there is a shortfall in the total of cost contributions when all cost contributions have been made or accounted for in a particular development contribution area, the local government may -

- (i) make good the shortfall;
- (ii) enter into agreements with owners to fund the shortfall; or
- (iii) raise loans or borrow from a financial institution, but nothing in paragraph 5.3.17.1(i) restricts the right or power of the local government to impose a differential rate to a specified development contribution area in that regard.

5.3.17.2 If there is an excess in funds available to the development contribution area when all cost contributions have been made or accounted for in a particular development contribution area, the local government is to refund the excess funds to contributing owners for that development contribution area. To the extent, if any, that it is not reasonably practicable to identify owners and/or their entitled amount of refund, any excess in funds shall be applied, to the provision of additional facilities or improvements in that development contribution area.

5.3.18 **Powers of the local government**

The local government in implementing the development contribution plan has the power to -

- a) acquire any land or buildings within the scheme area under the provisions of the *Planning and Development Act 2005*; and
- b) deal with or dispose of any land which it has acquired under the provisions of the *Planning and Development Act 2005* in accordance with the law and for such purpose may make such agreements with other owners as it considers fit.

5.3.19 **Arbitration**

Subject to clauses 5.3.12.3 and 5.3.12.4, any dispute between an owner and the local government in connection with the cost contribution required to be made by an owner is to be resolved by arbitration in accordance with the *Commercial Arbitration Act 1985*.

5.3.20 **Development Contribution Areas 1 to 7 and 9 to 11**

AMD 28 GG 16/12/14

For Development Contribution Areas 1 to 7 and 9 to 11 the Cost contributions for the owners of land for which a contribution is to be made shall be the proportion that the land the subject of the contribution bears to the total area of land within the Development Contribution Area for which the Cost Contributions have yet to be made unless otherwise specified.

5.4 **The Peel-Harvey Coastal Plain Catchment (PHC)**

5.4.1 Purpose

- a) The purpose of the Peel Harvey Coastal Plain Catchment is to give effect to the provisions of **Statement of Planning Policy No. 2.1 - The Peel-Harvey Coastal Plain Catchment** made under the Town Planning and Development Act 1928, which was published in the Western Australian Government Gazette on 21 February 1992, together with any amendments thereto. *AMD 6 GG 13/6/06*
- b) The Peel-Harvey Coastal Plain Catchment is delineated on the Scheme Map as contained in the legend and identified by the reference "**PHC**".

5.4.2 Use and Development

- a) The local government shall be guided by the **Objectives and Policy** Statements contained in the draft Environmental Protection Policy (Peel-Harvey Estuarine System) 1992 and the Peel-Harvey Coastal Plain Catchment Statement of Planning Policy, as amended, a copy of which shall be kept and made available for public inspection at the offices of the local government.
- b) For the purposes of the definition of development under the Act **"Intensive Agriculture"** shall be deemed to be a material change of use requiring approval of the local government.
- c) In considering a proposal to develop land for **Intensive Agriculture** the local government shall -
 - (i) **take account** of soil types, slope and surface water drainage and proximity to the estuary, and associated wetlands and draining and riparian vegetation.
 - (ii) **take account of the objectives** of the Peel-Harvey Coastal Plain Catchment Statement of Planning Policy, as amended, with respect to the potential impact of the proposal on the environment and surface and groundwater quality.
 - (iii) **seek advice** from the Department of Water and Environmental Regulation and Department of Primary Industries and Regional Development.
AMD 154 GG 15/7/22
and take account of that advice in making its determination or defer the decision pending a formal assessment under Part IV of the Environmental Protection Act.

5.5 Jandakot Airport (JA)

5.5.1 Purpose

- a) The Jandakot Airport is **owned** by the Federal Government, is **leased** and operated by a private company and is the subject of an **airport master plan**.
- b) The Jandakot Airport is delineated on the Scheme Map as contained in the legend and identified by the reference **"JA"**.

5.5.2 Use and Development

- a) In considering any proposal for the subdivision, use or development of land within the boundaries of the Airport, referred to the local government by the lessee, the local government shall have regard to the **Jandakot Airport Master Plan and Environmental Strategy** for the airport land, approved by the Federal Government, when providing advice on a proposal.
- b) In considering any proposal for the airport referred to the local government for consideration and advice by the lessee, the local government shall have **regard for the -**
 - (i) recommendation made for the airport in the Darling System - **System 6** Report, reference M94;
 - (ii) **Water Catchment Reserve** under the Metropolitan Region Scheme;
 - (iii) Statement of Planning Policy No. 6 - **Jandakot Groundwater Protection Policy**;
 - (iv) Perth's **Bushplan** - Regionally Significant Bushland reference 388;

- (v) **potential impact**, if any, on the safety, convenience and amenity of the adjoining and nearby residents in proximity to the airport;
- (vi) **any other matter** the local government considers appropriate to adequately consider the proposal.
- c) The referral of and processing of any proposals for the airport is to be undertaken in accordance with any informal or formal protocol established and agreed between the airport lessee and the local government.
- d) For development or land use proposals submitted to the local government for advice that part of the airport reserved under the **Metropolitan Region Scheme**, the proposal shall be referred to the Commission in accordance with **clause 2.2**.
- e) For development or land use proposals submitted to the local government for advice for that part of the airport land **zoned under the Scheme**, the proposal shall be forwarded to the Commission with the local government's recommendation for its consideration.

<p>Infrastructure and administrative items to be funded</p>	<p>Contributions shall be made towards the following items:</p> <p>Landowners shall generally be required to contain drainage on their own site. However, where a landowner(s) is required to provide additional capacity within their subdivision or development that is to serve adjoining landowners then all landowners whose land is to be serviced by designated drainage area shall make a proportional contribution to the required drainage land and works. Such proportion is to be calculated on the basis of the area of land within the drainage catchment areas.</p> <p>Drainage works referred to above include internal and offsite arterial groundwater control and drainage infrastructure including detention basins, gross pollutant traps, nutrient stripping and landscaping. Infrastructure within subdivision roads and development sites is the responsibility of the land developer and is not a DCA responsibility.</p> <p>Landowners(s) are required to provide 10% of their landholding(s) for public open space (POS) in accordance with Element 4 of Liveable Neighbourhoods. The structure plan will generally locate POS such that the 10% requirement is satisfied on each owner or group of owners land holdings. However, where the adopted structure plan requires landowners(s) to provide more than their required 10% POS within their subdivision then the over and above POS land area shall be a DCA cost item which is contributed to by those landowners not providing 10% of their land. The above liability for POS is to be based on the value of the POS being over provided which is determined in accordance with clause 5.3.9 of the Scheme and apportioned to under providing owners on the basis of the area of a landowner(s) shortfall in meeting the 10% requirement.</p> <p>The cost of landscaping public open space including wetland restoration.</p> <p>The costs of any traffic management device on Integrator or Neighbourhood Connector roads as defined by Element 2 of Liveable Neighbourhoods which are required as part of the development of the DCA area. This includes existing and proposed internal and abutting roads.</p> <p>Preliminary professional services prefunded by the City including drainage, engineering, environmental, servicing, traffic and planning which relate to the DCA area.</p> <p>Costs to implement and administer cost sharing arrangements of the DCA including design, cost estimates and schedules, valuations, annual reviews of land and works, audits, legal advice and administrative costs.</p> <p>The DCA costs shall not apply to Lot 6 Rockingham Road or Lots 16, 17 and 18 Mell Road unless they are the subject of further development in addition to that which already exists or is the subject of a current approval. Cost including fees and interest on any loans raised by the local government to purchase land or undertake any of the DCA12 works.</p>
<p>Method for calculating contributions</p>	<p>All landowners within DCA 12 shall make a proportional contribution to land, infrastructure, works and all associated costs required as part of the development and subdivision of the Packham North Development Contribution Area.</p> <p>The proportional contribution is to be determined in accordance with the provisions of Clause 5.3 and this Development Contribution Plan.</p> <p>Contributions shall be calculated on a per hectare basis.</p> <p>Lots 480-482 Mell Road and Lot 483 Rockingham Road will be required to make only a pro-rata contribution toward the District/Local Water Management Strategy (35.5% for the District level portion of the Strategy</p>

Relationship to other planning instruments	<p>The development contribution plan generally conforms to the following endorsed plans –</p> <ul style="list-style-type: none"> • Cockburn Coast District Structure Plan 2009 • Cockburn Coast District Structure Plan – Part 2 • Strategic Community Plan • Robb Jetty Local Structure Plan • Emplacement Local Structure Plan
Infrastructure and administrative items to be funded	<p>Contributions shall be made towards the following items by all landowners within DCA 14 -</p> <ul style="list-style-type: none"> • Contribution to the upgrading of Cockburn Road between Rollinson Road and MacTaggart Cove including the cost of land required for road widening, verge and median landscaping between Rollinson Road and MacTaggart Cove, construction of the Robb Jetty Main Street signalised intersection, construction of drainage and service relocation where necessary. Earthworks, service relocation and construction of dual carriageways will be funded and constructed by Main Roads Western Australia. • The cost of land and works (including landscaping) associated with the construction of the proposed Robb Jetty Main Street between the Cockburn Road intersection and Robb Road intersection. The works include construction of an at-grade rail crossing including vehicle and pedestrian signalisation associated with the new Robb Road intersection (including sufficient fencing to deter pedestrians from unsafe crossing). The cost of works is the cost over and above that of providing a normal 20m wide local subdivision road whereby drainage, lighting, footpaths, lower specification landscaping and parking embayment's provided at the cost of adjoining landowners. • The cost of land and works (including landscaping) associated with the construction of the proposed Bus Rapid Transit (BRT) route which extends between the Rollinson Road / Cockburn Road intersection and the intersection of MacTaggart Cove and the proposed BRT route. The cost includes acquisition of Lot 18 Garston Way and provision of bus stops and associated infrastructure. The cost of works is the cost over and above that of providing a normal 20m wide local subdivision road whereby drainage, lighting, footpaths, lower specification landscaping and parking embayment's provided at the cost of adjoining landowners. • Provision of pedestrian signals at the Rollinson Road railway crossing (including sufficient fencing to deter pedestrians from unsafe crossing). • Provision of land for public open space area as detailed in the Robb Jetty and Emplacement Precinct Local Structure Plan(s) and the cost of landscape construction (including minor earthworks and drainage). • The cost of land and construction of a multistorey local community building and associated landscaping, play equipment and car parking areas.
