KEEP YOUR RIDE SAFE.

REMEMBER TO SECURE IT TO AVOID LOSING IT

Motorbikes and scooters are affordable, fuel-efficient, and easy to park, but their convenience also makes them attractive to steal.

- Use a D-lock to secure the wheel to the shock absorber.
- Boost security by using a chain and attaching it to something fixed so your ride can't be picked up and carried away.
- Use multiple locks, like a steering lock or disc brake lock
- Keep your scooter locked away at all times, even when you're home.
- Install a hidden GPS locator.
