TOWN OF PORT HEDLAND LOCAL PLANNING SCHEME NO. 7 AMENDMENTS

AMD NO.	GAZETT AL DATE	UPDATED		DETAILS
		WHEN	BY	
New Scheme	20/01/2021	16/02/2021	MLD	New Scheme
2	3/11/2023	7/11/2023	GL	Rezone Lot 6270 (No.5) Miller Street, Wedgefield from 'Environmental Conservation' reserve to 'Light Industry' zone. Amend the Scheme Maps accordingly.
1	27/2/2024	6/3/2024	HB	In Schedule A – Supplemental provisions to the deemed provisions, Section 61. delete (1) Development approval of the local government is not required for the following works. In Schedule A – Supplemental provisions to the deemed provisions, Section 61.(1) delete (k) The carrying out of works urgently necessary for safety reasons, the safety or security of plant or equipment or the maintenance of essential services. In Schedule A – Supplemental provisions to the deemed provisions, Section 61.(1) delete (I) The erection of a lot boundary fence other than a street boundary in a zone where the R-Codes do not apply and the fence complies with the requirements of the relevant local planning policy. In Schedule A – Supplemental provisions to the deemed provisions, Section 61.(1) delete (m) Demolition of any building or structure except as otherwise required by the Scheme or the deemed provisions. In Schedule A – Supplemental provisions to the deemed provisions, Section 61.(1) delete (n) A cubby house which has a floor area of 10m2 or less, is no more than 2.4m in height and setback a minimum of 1m from a lot boundary. In Schedule A – Supplemental provisions to the deemed provisions, Section 61.(1) delete (o) A temporary building associated with a construction site, located wholly on site for the duration of time that a valid development approval and/or building permit is in place and where active construction/building work is being undertaken. In Schedule A – Supplemental provisions to the deemed provisions, Section 61.(1) delete (p) A shipping/sea container placed wholly on a residential property for the purposes of relocating personal effects, for a maximum of seven days.

In Schedule A – Supplemental provisions to the deemed provisions, Section 61.(1) delete (q) In a zone where the R-codes do not apply, a satellite dish with a diameter not exceeding 1.2m

In Schedule A – Supplemental provisions to the deemed provisions, Section 61.(1) delete (r) Solar collectors installed on the roof of a building.

In Schedule A – Supplemental provisions to the deemed provisions, Section 61. Development for which development approval not required. Insert (1) Development approval is not required for works if:

the works are of a class specified in Column 1 of an item in the Table; and

if conditions are set out in Column 2 of the Table opposite that item — all of those conditions are satisfied in relation to the works.

In Schedule A – Supplemental provisions to the deemed provisions, Section 61. Insert as per the deemed provisions a Table with the following headers: Column 1 Works and Column 2 Conditions.

In Schedule A – Supplemental provisions to the deemed provisions, Section 61. Insert in the Table Item 22. under Column 1 Works, The erection of a lot boundary fence other than on a street boundary. Insert under Column 2 Conditions:

The works are located in a zone where the R-Codes do not apply.

The fence complies with the requirements of the relevant local planning policy.

In Schedule A – Supplemental provisions to the deemed provisions, Section 61. Insert in the Table Item 23. under Column 1 Works. The erection of a temporary building associated with a construction site, located wholly on site. Insert under Column 2 Conditions:

The temporary building is on site for the duration of time that a valid development approval and/or building permit is in place.

Active construction/building work is being undertaken.

In Schedule A – Supplemental provisions to the deemed provisions, Section 61. Insert in the Table Item 24. under Column 1 Works. The installation of a shipping/sea container placed wholly on a residential property for the purposes of relocating personal effects. Insert under Column 2 Conditions:

The works are located in a zone where the R-Codes do apply.

The shipping container is to be on site for a maximum of seven days.

In Schedule A – Supplemental provisions to the deemed provisions, Section 61. Insert in the Table Item 25. under Column 1 Works.

The installation of a satellite dish with a diameter not exceeding 1.2m. Insert under Column 2 Conditions:

The works are located in a zone where the R-Codes do apply

In Schedule A – Supplemental provisions to the deemed provisions, Section 61. Insert in the Table Item 26. under Column 1 Works. The installation of, or alterations or additions to shade sails. Insert under Column 2 Conditions:

The works are located in a zone where the R-Codes do not apply.

In Schedule A – Supplemental provisions to the deemed provisions, Section 61.(2) delete (g) The keeping of bees;

In Schedule A – Supplemental provisions to the deemed provisions, Section 61.(2) renumber (i) Street trading where the use complies with the parking requirements of any applicable local planning policy adopted by the local government to (a).

In Schedule A - Supplemental provisions to the deemed provisions, replace Section 67. Matters to be considered by local government with 67. Consideration of application by local government.

In Schedule A - Supplemental provisions to the deemed provisions Section 67. Insert (2) In considering an application for development approval (other than an application on which approval cannot be granted under subclause (1)), the local government is to have due regard to the following matters to the extent that, in the opinion of the local government, those matters are relevant to the development the subject of the application.

In Schedule 2 – Structure Plan Areas. Legend and Map where numbers are obscured by dot points are to be corrected

Amend Table 4 - Zoning Table:

Within the 'Centre Zone' change 'Dwelling (grouped)' to 'A' use.

Within zones where 'Family Day Care' is a 'P' use change to 'D' use

Amend Table 5:

Amend A1 in relation to Lot 3794 (14-16) Munda Way, Wedgefield removing the lot from the list of lots for which a caretaker's dwelling is permitted as an additional use. Confirm the address as Lot 3794 (16) Munda Way.

Amend A1 in relation to Lot 3793 (14-16) changing the address to Lot 3793 (14) Munda Way.

Include A4 to apply to Lot 27 (2) Daylesford Road, South Hedland with the additional uses of medical centre ('D'), shop ('D') and office ('D').

Amend Table 6

Workforce Accommodation – 'D' to be deleted from SU2.

Part 1 - Preliminary

1. Citation

This local planning scheme is the Town of Port Hedland Scheme No 7.

2. Commencement

Under section 87(4) of the Act, this local planning scheme comes into operation on the day on which it is published in the Gazette.

3. Scheme revoked

The following local planning scheme is revoked -

Town of Port Hedland Local Planning Scheme No. 5, Gazettal date 31 August 2001 as amended.

4. Notes do not form part of Scheme

Notes, and instructions printed in italics, do not form part of this Scheme.

Note: The *Interpretation Act 1984* section 32 makes provision in relation to whether headings form part of the written law.

5. Responsibility for Scheme

The Town of Port Hedland is the local government responsible for the enforcement and implementation of this Scheme and the execution of any works required to be executed under this Scheme.

6. Scheme area

The Scheme applies to the municipal district of the Town of Port Hedland as generally shown by the Scheme area boundary on the Scheme Maps. All offshore islands are included in the municipal district including Sable Island continuing east to Bedout Island.

7. Contents of Scheme

- (1) In addition to the provisions set out in this document (the scheme text), this Scheme includes the following -
 - (a) the deemed provisions (set out in the *Planning and Development* (Local Planning Schemes) Regulations 2015 Schedule 2) including any supplemental deemed provisions outlined in Schedule A of the scheme text;
 - (b) the Scheme Map;

- (c) the following plans, maps, diagrams, illustrations or materials —
 There are no plans, maps, diagrams, or illustrations or materials in addition to the provisions set out in this document.
- (2) This Scheme is to be read in conjunction with any local planning strategy for the Scheme area.

8. Purposes of Scheme

The purposes of this Scheme are to -

- (a) set out the local government's planning aims and intentions for the Scheme area; and
- (b) set aside land as local reserves for public purposes; and
- (c) zone land within the Scheme area for the purposes defined in this Scheme; and
- (d) control and guide development including processes for the preparation of structure plans, activity centre plans and local development plans; and
- (e) set out procedures for the assessment and determination of development applications; and
- (f) set out procedures for contributions to be made for the costs of providing infrastructure in connection with development through development contribution plans; and
- (g) make provision for the administration and enforcement of this Scheme; and
- (h) address other matters referred to in Schedule 7 of the Act.

9. Aims of Scheme

The aims of this Scheme are -

- (a) Community and Culture
 - (i) Encourage and facilitate the provision of high quality community facilities:
 - (ii) Protect and enhance culturally sensitive areas and places of heritage value;
 - (iii) Celebrate local culture and encourage the provision of public art in developments;
 - (iv) Maintain and enhance the network of open space;
 - (v) Enhance the public health of the community.

(b) Economy

- (i) To recognise, protect and complement the primacy of the port;
- (ii) Encourage local economic development, employment and diversification opportunities while recognising the importance of both mining and pastoral activities;
- (iii) Effectively manage the supply and use of accommodation considering resource sector economic cycles.

(c) Built environment

- (i) Develop and support a hierarchy of activity centres;
- (ii) Ensure subdivision and development achieves high quality design and resilience;
- (iii) Support a diverse range of housing choice for a varied residential population, to establish and maintain community identity with high levels of amenity;
- (iv) Provide areas for urban development free from potential land use conflicts:
- (v) Maintain and enhance established streetscapes with valued amenity;
- (vi) Facilitate efficient supply and use of essential infrastructure.

(d) Natural environment

- (i) Protect, maintain and enhance the values of the natural environment;
- (ii) Provide adaptation planning to address changes in the environment;
- (iii) Protect and enhance important tourist sites with environmental values.

(e) Movement Networks

- Improve access to ensure safe and convenient movement of people, including pedestrians, cyclists, public transport users and motorists;
- (ii) Ensure development and infrastructure as viewed from State and Regional Roads, including the Great Northern Highway and North West Coastal Highway maintains a high level of visual amenity.

(f) Miscellaneous

- (i) Respond to and implement strategic planning directions for the Scheme Area in response to state and local strategic planning instruments:
- (ii) Encourage an appropriate balance between economic and social development, conservation of the natural environment and improvements in lifestyle and amenity.

10. Relationship with local laws

Where a provision of this Scheme is inconsistent with a local law, the provision of this Scheme prevails to the extent of the inconsistency.

11. Relationship with other local planning schemes

There are no other local planning schemes of the Town of Port Hedland which apply to the Scheme area.

Note: Land is subject to the Port Hedland West End Improvement Scheme No. 1 as identified on the Scheme Map.

12. Relationship with region planning scheme

There are no region planning schemes which apply to the Scheme area.

Part 2 - Reserves

13. Regional Reserves

There are no regional reserves in the Scheme area.

14. Local reserves

(1) In this clause -

Department of Main Roads means the department principally assisting in the administration of the *Main Roads Act 1930*;

Western Australian Road Hierarchy means the document of that name available on the website maintained by the Department of Main Roads.

- (2) Local reserves are shown on the Scheme Map according to the legend on the Scheme Map.
- (3) The objectives of each local reserve are as follows -

Table 1 - Reserve objectives

Reserve name	Objectives
Public Open Space	 To set aside areas for public open space, particularly those established under the <i>Planning and Development Act 2005</i> s. 152. To provide for a range of active and passive recreation uses such as recreation buildings and courts and associated car parking and drainage.
Environmental Conservation	 To identify areas with biodiversity and conservation value, and to protect those areas from development and subdivision. To identify and protect areas of biodiversity conservation significance within National Parks and State and other conservation reserves.
Civic and Community	 To provide for a range of community facilities which are compatible with surrounding development. To provide for public facilities such as halls, theatres, art galleries, educational, health and social care facilities, accommodation for the aged, and other services by organisations

	involved in activities for community benefit.
Infrastructure Services	 Public Purposes which specifically provide for a range of essential infrastructure services.
Education	 Public Purposes which specifically provide for a range of essential education facilities.
Emergency Services	 Public Purposes which specifically provide for a range of essential emergency services.
Cemetery	 To set aside land required for a cemetery.
Drainage / Waterway	 To set aside land required for significant waterways and drainage.
Railways	 To set aside land required for passenger rail and rail freight services.
Primary Distributor Road	 To set aside land required for a primary distributor road being a road classified as a Regional Distributor or Primary Distributor under the Western Australian Road Hierarchy.
District Distributor Road	To set aside land required for a district distributor road being a road classified as a Distributor A or Distributor B under the Western Australian Road Hierarchy.
Local Road	To set aside land required for a local road being a road classified as an Access Road under the Western Australian Road Hierarchy.
Strategic infrastructure	 To set aside land required for port or airport facilities.
Special Purpose Reserve	 To set aside land for a special purpose. Purposes that do not comfortably fit in any other reserve classification.

15. Additional uses for local reserves

- (1) Table 2 sets out -
 - (a) classes of use for specified land located in local reserves that are additional to classes of use determined in accordance with the objectives of the reserve; and
 - (b) the conditions that apply to that additional use.

Table 2 - Specified additional uses for land in local reserves in Scheme area

No.	Description of land	Additional use	Conditions
1	Lot 5164 Shoata Road, South Hedland	Recreation – PrivateAnimal establishment	(1) The additional use specified shall be deemed 'I' for the purposes of the Scheme.
	Lot 254 Shoata Road, Boodarie		(2) Due regard shall be given to the requirements of the Boodarie Industrial Buffer Special Control Area.
			(3) Development applications shall demonstrate the proposed development does not prevent, inhibit or adversely affect, or itself be affected by, the development of any potential use within the Boodarie Strategic Industrial Area.

(2) Despite anything contained in clause 14, land that is specified in the Table to subclause (1) may be used for the additional class of use set out in respect of that land subject to the conditions that apply to that use.

Part 3 - Zones and use of land

16. Zones

- (1) Zones are shown on the Scheme Map according to the legend on the Scheme Map.
- (2) The objectives of each zone are as follows -

Table 3 - Zone objectives

Zone name	Objectives
Residential	 To provide for a range of housing and a choice of residential densities to meet the needs of the community. To facilitate and encourage high quality design, built form and streetscapes throughout residential areas. To provide for a range of non-residential uses, which are compatible with and complementary to residential development.
Urban Development	 To provide an intention of future land use and a basis for more detailed structure planning in accordance with the provisions of this Scheme. To provide for a range of residential densities to encourage a variety of residential accommodation. To provide for the progressive and planned development of future urban areas for residential purposes and for commercial and other uses normally associated with residential development.
Settlement	To identify existing and proposed Aboriginal settlements and to collaboratively plan for the orderly and proper development of those places by — (a) requiring preparation and endorsement of a layout plan in accordance with State Planning Policy 3.2; and (b) ensuring that development accords with a layout plan.
Rural	 To provide for the maintenance or enhancement of specific local rural character. To protect broad acre agricultural activities such as cropping and grazing and intensive uses such as horticulture as primary uses, with other rural pursuits and rural industries

	as secondary uses in circumstances where they demonstrate compatibility with the primary use. To maintain and enhance the environmental qualities of the landscape, vegetation, soils and water bodies, to protect sensitive areas especially the natural valley and watercourse systems from damage. To provide for the operation and development of existing, future and potential rural land uses by limiting the introduction of sensitive land uses in the Rural zone. To provide for a range of non-rural land uses where they have demonstrated benefit and are compatible with surrounding rural uses.
Rural Residential	 To provide for lot sizes in the range of 1 ha to 4 ha. To provide opportunities for a range of limited rural and related ancillary pursuits on rural-residential lots where those activities will be consistent with the amenity of the locality and the conservation and landscape attributes of the land. To set aside areas for the retention of vegetation and landform or other features which distinguish the land.
Light Industry	 To provide for a range of industrial uses and service industries generally compatible with urban areas, that cannot be located in commercial zones. To ensure that where any development adjoins zoned or developed residential properties, the development is suitably set back, screened or otherwise treated so as not to detract from the residential amenity.
General Industry	 To provide for a broad range of industrial, service and storage activities which, by the nature of their operations, should be isolated from residential and other sensitive land uses. To accommodate industry that would not otherwise comply with the performance standards of light industry. Seek to manage impacts such as noise, dust and odour within the zone.
Industrial Development	To designate land for future industrial development.

	To provide a basis for future detailed
	planning in accordance with the structure
	planning provisions of this Scheme.
Strategic Industry	To designate industrial sites of State or
	regional significance.
Commercial	 To provide for a range of shops, offices,
	restaurants and other commercial outlets in
	defined townsites or activity centres.
	 To maintain the compatibility with the general streetscape, for all new buildings in
	terms of scale, height, style, materials,
	street alignment and design of facades.
	To ensure that development is not
	detrimental to the amenity of adjoining
	owners or residential properties in the
Mixed Use	locality.To provide for a wide variety of active uses
Wilked OSC	on street level which are compatible with
	residential and other non-active uses on
	upper levels.
	To allow for the development of a mix of
	varied but compatible land uses such as
	housing, offices, showrooms, amusement centres, eating establishments and
	appropriate activities which do not generate
	nuisances detrimental to the amenity of the
	district or to the health, welfare and safety
	of its residents.
Service Commercial	To accommodate commercial activities
	which, because of the nature of the business, require good vehicular access
	and/or large sites.
	 To provide for a range of wholesale sales,
	showrooms, trade and services which, by
	reason of their scale, character, operational
	or land requirements, are not generally
	appropriate in, or cannot conveniently or economically be accommodated in, the
	central area, shops and offices or industrial
	zones.
Centre	To designate land for future development
	as a town centre or activity centre.
	To provide a basis for future detailed
	planning in accordance with the structure planning provisions of this Scheme or the
	Activity Centres State Planning Policy.
Tourism	To promote and provide for tourism
	opportunities.
	To provide for a variety of holiday
	accommodation styles and associated

	uses, including retail and service facilities where those facilities are provided in support of the tourist accommodation and are of an appropriate scale where they will not impact detrimentally on the surrounding or wider area. To allow limited residential uses where appropriate. To encourage the location of tourist facilities so that they may benefit from existing road services, physical service infrastructure, other tourist attractions, natural features and urban facilities.
Private Clubs, Institutions and Places of Worship	 To provide sites for privately owned and operated recreation, institutions and places of worship. To integrate private recreation areas with public recreation areas wherever possible. To separate potentially noisy engine sports from incompatible uses. To provide for a range of privately owned community facilities and uses that are incidental and ancillary to the provision of those facilities, which are compatible with surrounding development. To ensure that the standard of development is in keeping with surrounding development
Special Use	 and protects the amenity of the area. To facilitate special categories of land uses which do not sit comfortably within any other zone. To enable the local government to impose specific conditions associated with the special use.

17. Zoning table

The zoning table for this Scheme is as follows -

Table 4 - Zoning Table

18. Interpreting zoning table

- (1) The permissibility of uses of land in the various zones in the Scheme area is determined by cross-reference between the list of use classes on the left hand side of the zoning table and the list of zones at the top of the zoning table.
- (2) The symbols used in the zoning table have the following meanings -
 - P means that the use is permitted if it complies with any relevant development standards and requirements of this Scheme;
 - I means that the use is permitted if it is consequent on, or naturally attaching, appertaining or relating to the predominant use of the land and it complies with any relevant development standards and requirements of this Scheme;
 - D means that the use is not permitted unless the local government has exercised its discretion by granting development approval;
 - A means that the use is not permitted unless the local government has exercised its discretion by granting development approval after giving notice in accordance with clause 64 of the deemed provisions;
 - X means that the use is not permitted by this Scheme.
- Note: 1. The development approval of the local government may be required to carry out works on land in addition to any approval granted for the use of land. In normal circumstances one application is made for both the carrying out of works on, and the use of, land. For development on land that does not require development approval see clause 61 of the deemed provisions.
 - 2. In considering an application for development approval, the local government will have regard to clause 67 of the deemed provisions.
- (3) A specific use class referred to in the zoning table is excluded from any other use class described in more general terms.
- (4) The local government may, in respect of a use that is not specifically referred to in the zoning table and that cannot reasonably be determined as falling within a use class referred to in the zoning table -
 - (a) determine that the use is consistent with the objectives of a particular zone and is therefore a use that may be permitted in the zone subject to conditions imposed by the local government; or

- (b) determine that the use may be consistent with the objectives of a particular zone and give notice under clause 64 of the deemed provisions before considering an application for development approval for the use of the land; or
- (c) determine that the use is not consistent with the objectives of a particular zone and is therefore not permitted in the zone.
- (5) If a use of land is identified in a zone as being a class P or class I use, the local government may not refuse an application for development approval for that use in that zone but may require works that are to be undertaken in connection with that use to have development approval.
- (6) If a use of land is identified in a zone as being a class X use, the local government must refuse an application for development approval for that use in that zone unless -
 - (a) the development approval application relates to land that is being used for a non-conforming use; and
 - (b) the local government considers that the proposed use of the land would be less detrimental than the non-conforming use.
- (7) If the zoning table does not identify any permissible uses for land in a zone the local government may, in considering an application for development approval for land within the zone, have due regard to any of the following plans that apply to the land -
 - (a) a structure plan;
 - (b) an activity centre plan;
 - (c) a local development plan.

19. Additional uses

- (1) Table 5 sets out -
 - classes of use for specified land that are additional to the classes of use that are permissible in the zone in which the land is located;
 and
 - (b) the conditions that apply to that additional use.

Table 5 - Specified additional uses for zoned land in Scheme area

No.	Description of Land	Additional Use	Conditions
A1	Lot 5543 (10), Lot 1003 (9), Lot 1004 (7), Lot 1005 (5), Lot 3 (3), Lot 2 (1) Trig Street, Wedgefield Lot 4 (11), Lot 3 (13), Lot 2 (15), Lot 1 (17), Lot 100 (19), Lot 2600 (21), Lot 2501 (23), Lot 2502 (25), Lot 2503 (27), Lot 5407 (12), Lot 972 (14) Leehey Street, Wedgefield Lot 5539 (27), Lot 5540 (25), Lot 5208 (21), Lot 3011 (19), Lot 3013 (15), Lot 5834 (40), Lot 2113 (38), Lot 2114 (36), Lot 1642 (34), Lot 2445 (32), Lot 2446 (30), Lot 2447 (28), Lots 1807 and 2450 (20-22), Lot 1808 (18), Lot 2508 (12), Lot 2509 (10), Lot 2510 (8), Lot 2505 (21), Lot 2506 (5) Moorambine Street, Wedgefield Lot 50 (9), Lot 4 (1), Lot 981 (6) Sandhill Street, Wedgefield Lot 2051 (4) Miller Street,	Caretaker's dwelling	 (1) In considering applications for development approval, the local government shall have regard for: (a) The potential impacts of emissions of light, noise, electrical interference, vibration, smell, fumes, smoke, vapour, steam, soot, ash dust, waste water or other waste products from existing or proposed developments on any existing or proposed caretaker's dwelling; and (b) the potential for exposure to risks and hazards associated with the location of a caretaker's dwelling in proximity to any other development, and in this regard may refer an application for planning approval to the Environmental Protection Authority for advice or assessment of risks and hazards.
	Lot 5516 (3), Lot 2476 (5), Lot 119 (9), Lot 116 (17), Lot 2485 (23-23a), Lot 5778 (10- 12), Lot 5779 (10-12), Lot 5279 (8), Lot 3820 (6), Lot 1029 (4) Ridley Street, Wedgefield Lot 1401 (36), Lot 1402 (24), Lot 6 (24), Lot 1024 (20), Lot 1023 (18), Lot 3264 (16), Lot 3265 (14), Lot 1021 (12), Lot 1020 (10), Lot 1011 (6), Lot 2 (4) Pinnacles Street, Wedgefield Lot 1028 (4), Lot 1 (2), Lot 1002 (3) Taaffee Street, Wedgefield		 (2) When assessing applications for development approval the local government may require applicants to provide information and technical assessments of the potential emissions, risks and hazards of existing and proposed non-residential development on existing and proposed caretaker's dwellings. (3) The local government may require a notification pursuant to section 70A of the Transfer of Land Act 1983 to be placed on the Certificate(s) of Title of the subject land, at the cost of

Lot 3001 (20), Lot 50 (18), Lot 1032 (16), Lot 1033 (14), Lot 1012 (15), Lot 1013 (13), Lot 1014 (11), Lot 2 (9), Lot 1016 (7), 1017 (5), Lot 1019 (1), Lot 10 (4) Murrena Street, Wedgefield

(2) Despite anything contained in the zoning table, land that is specified in the Table to subclause (1) may be used for the additional class of use set out in respect of that land subject to the conditions that apply to that use.

20. Restricted uses

There are no restricted uses which apply to this Scheme.

21. Special use zones

- (1) Table 6 sets out -
 - (a) special use zones for specified land that are in addition to the zones in the zoning table; and
 - (b) the classes of special use that are permissible in that zone; and
 - (c) the conditions that apply in respect of the special uses.

Table 6 - Special use zones in Scheme area

No.	Description of land	Special Use	Conditions
SU1	Port Hedland International Airport	 Abattoir – 'A' Aerodrome – 'P' Agriculture – intensive – 'A' Amusement parlour – 'D' Animal establishment – 'A' 	(1) Development shall be consistent with a Structure Plan, Local Development Plan or Local Planning Policy for the area.
		 Bulky goods showroom – 'D' Carpark – 'D' Child care premises – 'I' Civic use – 'D' 	(2) Land uses shall be compatible with surrounding development.
		 Club premises – 'D' Commercial vehicle parking – 'D' Community purpose – 'D' Convenience store – 'D' Educational establishment – 'D' 	(3) Development shall be in accordance with an approved precinct scale urban water management plan.
		 Emergency services – 'D' Fast food outlet/lunch bar – 'D' Fuel depot – 'D' Hotel – 'A' Industry – 'D' 	(4) Development shall not detract from the transportation functions of the airport.
		 Industry – light – 'D' Industry – Primary Production – 'D' Motel – 'A' Motor vehicle repair – 'D' Motor vehicle wash – 'D' 	(5) The distribution of land uses shall be generally consistent with the land use precincts identified within the Port Hedland

		Motor vehicle, boat or	International Airport

---	---

(2) A person must not use any land, or any structure or buildings on land, in a special use zone except for a class of use that is permissible in that zone and subject to the conditions that apply to that use.

Note: Special use zones apply to special categories of land use which do not comfortably sit within any other zone in the scheme.

22. Non-conforming uses

- (1) Unless specifically provided, this Scheme does not prevent -
 - (a) the continued use of any land, or any structure or building on land, for the purpose for which it was being lawfully used immediately before the commencement of this Scheme; or
 - (b) the carrying out of development on land if -
 - (i) before the commencement of this Scheme, the development was lawfully approved; and
 - (ii) the approval has not expired or been cancelled.
- (2) Subclause (1) does not apply if -
 - (a) the non-conforming use of the land is discontinued; and
 - (b) a period of 6 months, or a longer period approved by the local government, has elapsed since the discontinuance of the non-conforming use.

- (3) Subclause (1) does not apply in respect of a non-conforming use of land if, under Part 11 of the Act, the local government -
 - (a) purchases the land; or
 - (b) pays compensation to the owner of the land in relation to the nonconforming use.

23. Changes to non-conforming use

- (1) A person must not, without development approval-
 - (a) alter or extend a non-conforming use of land; or
 - (b) erect, alter or extend a building used for, or in conjunction with, a non-conforming use; or
 - (c) repair, rebuild, alter or extend a building used for a nonconforming use that is destroyed to the extent of 75% or more of its value; or
 - (d) change the use of land from a non-conforming use to another use that is not permitted by the Scheme.
- (2) An application for development approval for the purposes of this clause must be advertised in accordance with clause 64 of the deemed provisions.
- (3) A local government may only grant development approval for a change of use of land referred to in subclause (1)(d) if, in the opinion of the local government, the proposed use -
 - (a) is less detrimental to the amenity of the locality than the existing non-conforming use; and
 - (b) is closer to the intended purpose of the zone in which the land is situated.

24. Register of non-conforming uses

- (1) The local government may prepare a register of land within the Scheme area that is being used for a non-conforming use.
- (2) A register prepared by the local government must set out the following
 - (a) a description of each area of land that is being used for a nonconforming use;
 - (b) a description of any building on the land;

- (c) a description of the non-conforming use;
- (d) the date on which any discontinuance of the non-conforming use is noted.
- (3) If the local government prepares a register under subclause (1) the local government -
 - (a) must ensure that the register is kept up-to-date; and
 - (b) must make a copy of the register available for public inspection during business hours at the offices of the local government; and
 - (c) may publish a copy of the register on the website of the local government.
- (4) An entry in the register in relation to land that is being used for a nonconforming use is evidence of matters set out in the entry, unless the contrary is proved.

Part 4 - General development requirements

25. R-Codes

- (1) The R-Codes, modified as set out in clause 26, are to be read as part of this Scheme.
- (2) The local government -
 - (a) must make a copy of the R-Codes available for public inspection during business hours at the offices of the local government; and
 - (b) may publish a copy of the R-Codes on the website of the local government.
- (3) The coding of land for the purposes of the R-Codes is shown by the coding number superimposed on a particular area contained within the boundaries of the area shown on the Scheme Map.
- (4) The R-Codes apply to an area if the area has a coding number superimposed on it in accordance with subclause (3).

26. Modification of R-Codes

- (1) Clause 5.4.4 (External fixtures, utilities and facilities) of the R-codes is modified by replacing C4.5 with:
 - C4.5 Every dwelling shall be provided with a store room of not less than four square metres in floor area, with a minimum internal dimension of 1.5 metres. The store room shall be fully enclosed.

27. State Planning Policy 3.6 to be read as part of Scheme

- (1) State Planning Policy 3.6 Development Contributions for Infrastructure, modified as set out in clause 28, is to be read as part of this Scheme.
- (2) The local government -
 - (a) must make a copy of State Planning Policy 3.6 available for public inspection during business hours at the offices of the local government; and
 - (b) may publish a copy of State Planning Policy 3.6 on the website of the local government.

28. Modification of State Planning Policy 3.6

There are no modifications to State Planning Policy 3.6.

29. Other State planning policies to be read as part of Scheme

There are no other State planning policies that are to be read as part of the Scheme.

30. Modification of State planning policies

There are no modifications to a State planning policy that, under clause 29 is to be read as part of the Scheme.

31. Environmental conditions

There are no environmental conditions imposed under the *Environmental Protection Act 1986* that apply this Scheme.

32. Additional site and development requirements

(1) Table 7 sets out requirements relating to development that are additional to those set out in the R-Codes, activity centre plans, local development plans or State or local planning policies.

Table 7 - Additional requirements that apply to land in Scheme area

No.	Description of land	Requirement
No.	Description of land All zones	Requirement Car Parking (1) Except for development to which the R-Codes apply, every development shall provide on-site car parking spaces in accordance with Schedule 1. All parking requirements are to be calculated by rounding up to the nearest whole number. (2) The requirement to provide on-site car parking spaces is subject to: (a) the local government agreeing to or requiring a
		 (a) the local government agreeing to or requiring a cash-in-lieu payment pursuant to sub-clause 3; and (b) any requirement to provide car parking spaces in a structure plan, local development plan or activity centre plan which applies to the development, in which case the requirement in the structure plan, local development plan or activity centre plan prevails to the extent of any inconsistency.

- (3) An application for development approval for a nonresidential development may, if the local government agrees or requires, make a cash payment to the local government in-lieu of providing all or any of the car parking spaces required for the development for which approval has been sought.
- (4) The amount of the cash-in-lieu payment shall be determined by the local government by reference to the cost to the local government of providing and constructing the shortfall in car parking spaces that would otherwise have been constructed on the development site in accordance with sub-clause 1 or 2(b) and may include, without limitation:
 - (a) the value of land required for the car parking spaces, including any manoeuvring areas, as estimated by a licenced valuer appointed by the local government;
 - (b) the cost of constructing the car parking spaces including manoeuvring areas;
 - (c) any costs ancillary to providing and constructing the car parking spaces, such as the installation of signs and lighting; and
 - (d) any other cost incurred by the local government in determining the cash-in-lieu payment.
- (5) Payments made to the local government pursuant to this clause must be held in trust and used by the local government only for:
 - (a) the provision and maintenance of public parking infrastructure; and
 - (b) any ancillary expenses incurred for the purposes of this clause, including loan repayments.
- (6) In this clause, public parking infrastructure includes but is not limited to land and facilities for public parking, whether on-street or in a designated car parking station, and includes facilities, technologies and infrastructure ancillary to this land use.

Design and Maintenance of Car Parking

- (7) All car parking bays and circulation areas shall be designed to a 'User class 3A' with the B99 vehicle in accordance with the Australian Standards 2890.1:2004 (or as amended) and the Building Codes.
- (8) All vehicle parking bays shall be accommodated within the lot boundaries unless otherwise approved by the local government. Parking within the verge shall not be permitted in areas with open drainage swales or that adjoin roads on the Restricted Access Vehicle network.

	 (9) When considering any application for development approval the local government shall have regard to and may impose conditions concerning: (a) the proportion of car parking bays to be roofed or covered and the design criteria for this covering; (b) the means of access to each car parking bay and the adequacy of any vehicular manoeuvring area; (c) the provision and location of disabled car parking bays as required by the Building Code of Australia; (d) the location of the parking bays and the impact upon the aesthetic character of adjoining development; (e) the extent to which parking bays are located within required building setbacks; (f) the location of proposed public footpaths, vehicular crossings, private footpaths within the lot, and the effect of both pedestrian and vehicular traffic movement and safety; and (g) materials for the sealing, paving and kerbing of surfaces, associated islands and pedestrian spaces and the landscaping of these areas. (10) The owner and occupier of premises on which parking areas are developed shall ensure that the carpark, its markings, associated structures,
	landscaping and drainage are provided and maintained to the specification and satisfaction of the local government. (11) Where vehicle areas are located adjacent to
2 All zonce	footpaths or landscaping, barriers to prevent vehicle overhang and intrusion shall be designed and installed. These shall be thereafter maintained to the specification and satisfaction of the local government.
2 All zones	Sealed Areas and Stormwater Management
	(1) Stormwater is to be managed so as to not discharge onto neighbouring private property and in accordance with the applicable the Local Planning Policy or local government Design Guidelines.
	(2) All areas to be used for vehicle parking, accessways, loading bays and for turning or manoeuvring of vehicles shall be sealed, drained, curbed, marked and signposted to the specification and satisfaction of the local government.
	(3) Within the industrial and rural zones the local government may permit an alternative method of surface treatment/dust suppression where, by reason of the development characteristics or the area of bitumen required, the local government considers the seal required in subclause (2) would be either impractical or unduly expensive and the alternative

		would serve the same function without unacceptable reduction in the standards of health and safety. Applications under this clause will require dust management and sediment control plans to be prepared to the specification and satisfaction of the local government to mitigate off-site impacts.
		(4) All sealed areas shall be permanently maintained to the satisfaction of the local government and the local government may order an owner to effect repairs where it considers that the sealed area has deteriorated.
		(5) Outdoor displays, industrial hire services, storage facilities, depots, laydown areas and any other open area shall be sealed to the satisfaction of the local government and maintained in good condition.
		(6) Stormwater management infrastructure and treatments, including where private infrastructure intersects with the public system, shall be maintained by the applicant and/or landowner to the specification and satisfaction of the local government.
3	All zones	Landscaping and screening
		 (1) All applications for development approval shall indicate the landscaping elements of the proposal and in particular a plan showing: (a) external lighting; (b) the areas subject to landscaping works; (c) the location and species of plants; (d) other materials imported, arranged and/or constructed on the site; (e) areas to be irrigated and the systems to be used; and (f) the proposed staging, if any, of works.
		(2) The local government may require modifications or additions to the landscaping work proposed by any development application.
		(3) The owner or occupier of the land shall not use the area shown as landscaping on an approved plan for any purpose other than landscaping unless otherwise approved by the local government. All elements of the landscaped area shall be maintained to the satisfaction and specification of the local government.
		(4) Within the Centre, Commercial, Tourism, Mixed Use and Service Commercial zones, any outside area which the local government considers detrimental to the amenity of the locality or adjoining lots, shall be screened by a wall, fence or planting, including gates where access is required, to the satisfaction of the local government.
	I	

		(5) Within the General Industry, Light Industry and Industrial Development zones, any outside storage area which the local government considers may lower amenity when visible from the street shall be screened by a wall, fence or planting, including gates where access is required, to the satisfaction of the local government.
		(6) A minimum of 10% of the total property area shall be landscaped within the Strategic Industry, General Industry, Light Industry and Tourism zones. A portion of this landscaping may be considered for approval within the verge immediately adjoining the site, subject to approval and ongoing maintenance by the applicant and/or landowner.
4	All zones	Obstacle Limitation Surfaces map and Australian Noise Exposure Forecast
		 (1) In considering applications for development approval, due regards shall be given to: (a) The Obstacle Limitation Surfaces map and Australian Noise Exposure Forecast (ANEF) contours for the Port Hedland International Airport, as contained within an adopted local planning policy; (b) Australian Standards 2021-2000: Acoustics – Aircraft Noise Intrusion – Building Siting and Construction; and (c) Advice of the relevant State Government authorities.
		(2) All development and structures, including flood lights and cranes, shall comply with the height limitations associated with the Obstacle Limitation Surfaces. Any temporary intrusions shall receive written consent from the local government prior to erection.
5	All zones	Workforce Accommodation
		(1) The local government may exercise its discretion by granting development approval for workforce accommodation after giving notice in accordance with clause 64 of the deemed provisions where it is proposed within the Rural zone and is located outside a 30-minute drive of the Port Hedland / South Hedland townsite boundary. Where workforce accommodation is proposed within the Rural zone and is located within a 30-minute drive of the Port Hedland / South Hedland townsite boundary, the use is not permitted.
		(2) In exercising discretion in relation to a development application for workforce accommodation, the local government shall have regard to the following: (a) the applicable Local Planning Policies; and (b) appropriateness of the scale design and standard of the accommodation in the context of

	1	46. 1. 2. 1. 9. 1. 0. 0. 0.
		the location and its integration with the surrounding development.
		(3) Development applications for all time-limited workforce accommodation shall, to the local government's satisfaction, be accompanied by information and plans indicating how and when the development will be removed and the site rehabilitated or developed for a subsequent use which is consistent with the intent of the zone.
		(4) The local government may require, by signed agreement, a commitment to the date and details of rehabilitation and development of a subsequent use the subject of subclause (3).
	desidential zone and (dural Residential	Commercial Vehicle Parking
1 -		 (1) No more than two commercial vehicles, of which only one may exceed two tonnes tare weight, may be parked on a lot in the Residential zone provided that the local government has granted development approval, in accordance with Part 9 of the deemed provisions, for the parking on the lot and: (a) the vehicles form an essential part of the occupation of a resident on the lot; (b) no vehicle exceeds either 2.7 metres in height or 16 metres in length; (c) any vehicle exceeding 8 metres in length is screened from view from outside the lot; (d) no vehicle is brought to or taken from the lot between the hours of 10pm and 6am; (e) major repairs to the vehicles are not undertaken on the lot; and (f) minor repairs, servicing or cleaning of the vehicles are carried out in areas which are screened from view from outside the lot.
		(2) A development approval granted under (1) shall apply only to a specified person or persons, and to a specified land. The development approval shall not be transferred or assigned to another person or persons, or to other land. A person or persons whom development approval has been granted shall not park, or allow to be parked, a commercial vehicle on any lot within the Residential zone other than the lot subject to a development approval.
7 C	entre zone	(1) A structure plan may be prepared to guide subdivision and/or development of land within the Centre zone.
		(2) Subdivision and development shall have due regard to any structure plan approved by the Western Australian Planning Commission.
		(3) Development shall be designed in accordance with an approved Local Planning Policy.

		(4) The height of development is to be a minimum of tweether storeys with a minimum facade height of 7.5 metre. The upper floor shall consist of useable floor sparfor the entire width of all street frontages.
		(5) Ground floor multiple dwelling units are to l designed with adequate depth and ceiling height f future adaptation to non-residential uses.
8	Tourism	(1) Development standards are to be set by the loc government in each case having regard to the like impact of the development on adjoining properti- and the requirements of the Scheme in relation to the subject land.
9	Mixed Use, Commercial and	 Development shall be designed in accordance was an approved Local Planning Policy.
	Service Commercial	(2) Buildings shall address all street frontages, w design elements to increase street surveillance.
		(3) Awnings shall be incorporated into the design whe
10	General industry,	deemed appropriate by the local government. (1) A structure plan may be prepared to guide subdivision
	Strategic Industry and Light industry	and/or development of land within the General Industry, Strategic Industry and Light Industry zone
		(2) Subdivision and development shall have due regator to any structure plan approved by the Wester Australian Planning Commission.
		 (3) Unless otherwise prescribed in a structure plan Local Planning Policy, the following developme standards shall apply: (a) Buildings to be set back a minimum of 6 metro from the street boundary.
		(4) Storage of materials shall not occur within the stre setback unless for a temporary period as determine by the local government.
		(5) Unless otherwise specified within an approve structure plan, lots shall not be less than 4,000m ² include battleaxe access legs.
		(6) Development within the Strategic Industry zone sh optimise the effectiveness of the strategic industry area by utilising existing infrastructure, create symbiosis with other resource processing industrial and provide goods and services which direct support or complement strategic industry.
		(7) Development applications for Industry, Transport depot, Warehouse/ storage or any other land use involving the use of heavy vehicles as determined the local government, shall be accompanied by Transport Impact Assessment/Transport Impact Statement, prepared in accordance with the Wester Australian Planning Commission's Transport Impact Assessment Guidelines, by a suitably qualification.

		person, and to the satisfaction of the local government.
		(8) The responsible authority may condition any development approval for Industry, Transport depot or Warehouse/ storage to require the proponent to mitigate any potential dust and/or noise impacts that could be generated by the proposed use or development on any sensitive land uses in proximity to the site.
11	Rural Residential	(1) Where connection to reticulated sewerage is not available, the minimum lot size shall be determined with regard to the Government Sewerage Policy, but shall be not less than 1 hectare.
12	Settlement	(1) Development standards shall be as per the corresponding zone as specified on the relevant Layout Plan. Where the relevant zone is not specified on the Layout Plan the development standards will be determined by the local government using the most appropriate zone standard as a guide.
13	Environmental Conservation reserve	(1) In considering applications for development approval, due regard shall be given to an approved management plan which permits limited uses or activities within the Environmental Conservation reserve.
14	Former Recreation Club and Detention Centre Structure Plan Area as identified by Schedule 2 Lot 1227 Keesing Street and Lot 2 Dempster Street, Port Hedland	 (1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission which shall address the following requirements: (a) Land identified in the Structure Plan(s) will be restricted to a built height limit that prevents light spill onto Cemetery Beach and Pretty Pool Beach and adjacent area; (b) The Structure Plan(s) shall address the relevant provisions of State Planning Policy No. 2.6 - State Coastal Planning Policy and demonstrate that future development of the site will incorporate adequate coastal erosion and inundation protection and management measures approved by the local government consistent with the Port Hedland Townsite Coastal Hazard Risk Management and Adaptation Plan (CHRMAP); (c) Land uses shall be compatible with surrounding development; (d) Lot sizes shall be capable of supporting a diverse range of housing types and appropriate mix of land uses; (e) Movement networks shall be integrated between Lot 2 and Lot 1227; (f) Provision of public open space or environmental conservation reserve seaward of the 100 year coastal erosion risk line; and (g) The following documentation and management plans are to be prepared, as applicable, to the

satisfaction to the relevant authority outlined below:

- Construction Management Plan prior to commencement of subdivision or development site works to the satisfaction of the local government;
- ii. Urban Water Management Plan (as a condition of subdivision approval) to the satisfaction of the Department of Water and Environmental Regulation;
- iii. Marine Turtle Management (as a condition of subdivision approval) to the satisfaction of the Department of Biodiversity, Conservation and Attractions:
- iv. Acid Sulfate Soil Management (as a condition of subdivision approval) to the satisfaction of the local government; and
- v. Other management plans as considered necessary on the advice from the relevant State Government agency.
- (2) Applications for subdivision and/or development approval shall be accompanied by:
 - (a) Line of sight modelling for the proposed development, to determine from what locations direct and indirect light (including skyglow) would be visible from Cemetery Beach and Pretty Pool Beach. Any portion of a building with line of sight from/to Pretty Pool Beach and/or Cemetery Beach shall be designed to restrict artificial light emission as visible from the beach front to the satisfaction of the Department of Biodiversity, Conservation and Attractions: and
 - (b) Lighting Management Plan to be prepared to the satisfaction of the local government in consultation with the Department of Biodiversity, Conservation and Attractions in accordance with the Environmental Assessment Guideline for Protecting Marine Turtles from Light Impacts (EPA 2010) (or as updated) and the Commonwealth Light Pollution Guidelines for Wildlife – Including Marine Turtles, Seabirds and Migratory Shore birds (Department of the Environment and Energy and Department of Biodiversity, Conservation and Attractions, 2020) (or as updated) to ensure protection of marine turtle habitats.

15 Telstra Site
Structure Plan Area
as identified by
Schedule 2

Lots 101 and 102 Clark Street and Lot 5474 Thompson Street, Port Hedland

- (1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission which shall address the following requirements:
 - (a) A Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation;
 - (b) Land uses shall be compatible with surrounding development;

		 (c) Lot sizes shall be capable of supporting a diverse range of housing typologies and appropriate mix of land uses; and (d) Provision and protection of services (including underground services) and access for ongoing maintenance of infrastructure relating to Telstra's exchange of Lot 101 Clark Street.
16	Former Wastewater Treatment Plant Structure Plan Area as identified by Schedule 2 Lot 952 and Lot 2046 Tindale Street, Port Hedland	 Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission which shall address the following requirements: (a) A Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation; (b) A Bushfire Management Plan to the satisfaction of the Department of Fire and Emergency Services; (c) Coastal Hazard Risk Management and Adaptation Plan which addresses the relevant policy measures of State Planning Policy 2.6 – State Coastal Planning Policy and associated guidelines to the satisfaction of the Western Australian Planning Commission; (d) Land uses shall be compatible with surrounding development; (e) Lot sizes shall be capable of supporting a diverse range of housing typologies; and (f) Lot configuration, public realm and movement networks to integrate with adjacent McGregor Street Sporting Precinct.
17	Athol Street and Stables Structure Plan Area as identified by Schedule 2. Land bound by Cooke Point Road Athol Street, Pretty Pool Creek and Styles Road.	 (1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission which shall address the following requirements: (a) Land identified in the Structure Plan(s) will be restricted to a built height limit that prevents light spill onto Cemetery Beach and Pretty Pool Beach and adjacent area; (b) The finished floor level of all habitable development shall be a minimum of 6.7 metres Australian Height Datum, or any other level following approval of further modelling; (c) The Structure Plan(s) shall address the relevant provisions of State Planning Policy No. 2.6 - State Coastal Planning Policy and demonstrate that future development of the site will incorporate adequate coastal erosion and inundation protection and management measures approved by the local government consistent with the Port Hedland Townsite Coastal Hazard Risk Management and Adaptation Plan (CHRMAP); (d) Land uses shall be compatible with surrounding development;

- (e) Lot sizes shall be capable of supporting a diverse range of housing types and appropriate mix of land uses:
- (f) Provision of public open space or environmental conservation reserve seaward of the 100 year coastal erosion risk line; and
- (g) The following documentation and management plans are to be prepared, as applicable, to the satisfaction to the relevant authority outlined below:
 - Construction Management Plan prior to commencement of subdivision or development site works to the satisfaction of the local government;
 - ii. Mangrove Management (as a condition of subdivision approval) to the satisfaction of the Department of Biodiversity, Conservation and Attractions;
 - iii. Urban Water Management Plan (as a condition of subdivision approval) to the satisfaction of the Department of Water and Environmental Regulation;
 - Marine Turtle Management (as a condition of subdivision approval) to the satisfaction of the Department of Biodiversity, Conservation and Attractions; and
 - v. Acid Sulfate Soil Management (as a condition of subdivision approval) to the satisfaction of the local government.
 - vi. Other management plans as considered necessary on the advice from the relevant State Government agency.
- (2) Subdivision and development of the land shall be consistent with a Foreshore Management Plan prepared in accordance with the provisions of State Planning Policy No. 2.6 State Coastal Planning Policy to the satisfaction of the Western Australian Planning Commission.
- (3) Applications for subdivision and/or development approval shall be accompanied by:
 - (a) Line of sight modelling for the proposed development, to determine from what locations direct and indirect light (including skyglow) would be visible from Cemetery Beach and Pretty Pool Beach. Any portion of a building with line of sight from/to Pretty Pool Beach and/or Cemetery Beach shall be designed to restrict artificial light emission as visible from the beach front to the satisfaction of the Department of Biodiversity, Conservation and Attractions; and
 - (b) Lighting Management Plan to be prepared to the satisfaction of the local government in consultation with the Department of Biodiversity, Conservation and Attractions in

		accordance with the Environmental Assessment Guideline for Protecting Marine Turtles from Light Impacts (EPA 2010) (or as updated) and the Commonwealth Light Pollution Guidelines for Wildlife – Including Marine Turtles, Seabirds and Migratory Shore birds (Department of the Environment and Energy and Department of Biodiversity, Conservation and Attractions, 2020) (or as updated) to ensure protection of marine turtle habitats.
18	Trumpet Way Structure Plan Area as identified by Schedule 2	 Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission. Structure Plan(s) prepared over the structure plan area shall be consistent with and incorporate the findings and recommendations of the following technical reports: (a) Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation.
		 (3) Structure Plan(s) prepared over the structure plan area shall be consistent with the following requirements: (a) Land uses shall be compatible with surrounding development; (b) Lot sizes shall be capable of supporting a diverse range of housing typologies; (c) Movement networks shall address connectivity and avoid the creation of cul-de-sac streets.
19	Koombana Structure Plan Area as identified by Schedule 2 Lot 3509 Kabbarli Loop, Lots 3505, 3506 and 3508 Koojarra Crescent, Lots 195, 196, 197 and 198 Skippers Loop, South Hedland	 (1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission. (2) Structure Plan(s) prepared over the structure plan area shall be consistent with and incorporate the findings and recommendations of the following technical reports: (a) Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation; (3) Structure Plan(s) prepared over the structure plan area shall be consistent with the following requirements: (a) Land uses shall be compatible with surrounding development; (b) Lot sizes shall be capable of supporting a diverse range of housing typologies; and (c) Movement networks shall address connectivity and avoid the creation of cul-de-sac streets.

20	Pundulmurra Structure Plan Area as identified by Schedule 2 Lot 5954 Kennedy Street and Lot 2940 Coppin Place, South Hedland	 (1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission. (2) Structure Plan(s) prepared over the structure plan area shall be consistent with and incorporate the findings and recommendations of the following technical reports: (a) Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation.
		 (3) Structure Plan(s) prepared over the structure plan area shall be consistent with the following requirements: (a) Land uses shall be compatible with surrounding development; (b) Lot sizes shall be capable of supporting a diverse range of housing typologies; and (c) Movement networks shall address connectivity and avoid the creation of cul-de-sac streets.
21	Osprey Structure Plan Area as identified by Schedule 2	(1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission.
	Lot 9003 Masters Way, South Hedland	 (2) Structure Plan(s) prepared over the structure plan area shall be consistent with and incorporate the findings and recommendations of the following technical reports: (a) Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation.
		 (3) Structure Plan(s) prepared over the structure plan area shall be consistent with the following requirements: (a) Land uses shall be compatible with surrounding development; (b) Lot sizes shall be capable of supporting a diverse range of housing typologies; and (c) Movement networks shall address connectivity and avoid the creation of cul-de-sac streets.
22	Osprey Rural Structure Plan Area as identified by Schedule 2	(1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission.
	Lots 9001, 570-572 and 574 Murdoch Drive, South Hedland	 (2) Structure Plan(s) prepared over the structure plan area shall be consistent with and incorporate the findings and recommendations of the following technical reports: (a) Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation; (b) Acoustic assessment in accordance with State Planning Policy 5.4 – Road and Rail Noise; and

	,	
		(c) Detailed site investigation and sampling and analysis quality plan.
		 (3) Structure Plan(s) prepared over the structure plan area shall be consistent with the following requirements: (a) Lot sizes shall be capable of accommodating a diverse range of housing typologies, inclusive of larger special residential lifestyle lots; and (b) Incompatible odour and dust sensitive land uses shall not be established within relevant Special Control Area buffers.
23	Western Edge Structure Plan Area as identified by Schedule 2	(1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission.
	Structure Plan Area as shown in Schedule 2	 (2) Structure Plan(s) prepared over the structure plan area shall be consistent with and incorporate the findings and recommendations of the following technical reports: (a) Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation; (b) Traffic Impact Assessment to the satisfaction of the Western Australian Planning Commission.
		 (3) Structure Plan(s) prepared over the structure plan area shall be consistent with the following requirements: (a) Land uses shall be compatible with surrounding development; (b) Lot sizes shall be capable of supporting a diverse range of housing typologies, with higher density housing located in walkable catchment of the adjacent Centre zone; (c) Movement networks shall address connectivity and avoid the creation of cul-de-sac streets.
24	Forrest Circle Structure Plan Area as identified by Schedule 2	(1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission.
	Lots 901 – 903 Forrest Circle, South Hedland	 (2) Structure Plan(s) prepared over the structure plan area shall be consistent with and incorporate the findings and recommendations of the following technical reports: (a) Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation.
		 (3) Structure Plan(s) prepared over the structure plan area shall be consistent with the following requirements: (a) Land uses shall be compatible with surrounding development; (b) Lot sizes shall be capable of supporting a diverse range of housing typologies, with higher density

		housing located in walkable catchment of the adjacent Centre zone; and (c) Lot configuration, public realm and movement networks to integrate with adjacent South Hedland Integrated Sporting Precinct and former North West TAFE Site.
25	Club Hamilton Structure Plan Area as identified by Schedule 2	(1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission.
	Lot 2053 Hamilton Road, South Hedland	 (2) Structure Plan(s) prepared over the structure plan area shall be consistent with and incorporate the findings and recommendations of the following technical reports: (a) Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation.
		 (3) Structure Plan(s) prepared over the structure plan area shall be consistent with the following requirements: (a) Land uses shall be compatible with surrounding development; (b) Lot sizes shall be capable of supporting a diverse range of housing typologies; and (c) Lot configuration, public realm and movement networks to integrate with adjacent South
		Hedland Integrated Sporting Precinct.
26	Hamilton Road Structure Plan Area as identified by Schedule 2	(1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission.
	Lots 331 and 506 Hamilton Road, South Hedland	 (2) Structure Plan(s) prepared over the structure plan area shall be consistent with and incorporate the findings and recommendations of the following technical reports: (a) Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation; and (b) Acoustic assessment in accordance with State Planning Policy 5.4 – Road and Rail Noise.
		 (3) Structure Plan(s) prepared over the structure plan area shall be consistent with the following requirements: (a) Land uses shall be compatible with surrounding development; (b) Lot sizes shall be capable of supporting a diverse range of housing typologies; and (c) Movement networks shall address connectivity and avoid the creation of cul-de-sac streets.
27	Boodarie Strategic Industrial Area as identified by Schedule 2	(1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission.

		 (2) Structure Plan(s) prepared over the structure plan area shall be consistent with and incorporate the findings and recommendations of the following technical reports: (a) Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation.
		 (3) Structure Plan(s) prepared over the structure plan area shall be consistent with the following requirements: (a) Onsite and offsite buffers required to separate uses within the industrial precincts and the Special Control Area from adjacent incompatible industrial or sensitive uses; (b) Coordination of proponent provided infrastructure including road access, wastewater management, water supply, power supply and other key infrastructure services; and (c) Identification of shared infrastructure corridors.
28	Hedland Junction Structure Plan Area as identified by Schedule 2	(1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission.
		 (2) Structure Plan(s) prepared over the structure plan area shall be consistent with and incorporate the findings and recommendations of the following technical reports: (a) Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation; and (b) Traffic Impact Assessment to the satisfaction of the Western Australian Planning Commission.
		 (3) Structure Plan(s) prepared over the structure plan area shall be consistent with the following requirements: (a) Land uses shall be compatible with surrounding development, inclusive of a mix of General Industry and Light Industry zones; (b) Additional screening and landscaping requirements for lots adjacent to Wallwork Road / Powell Road and main entry roads; and (c) Movement networks to integrate with adjacent Wedgefield North Structure Plan Area.
29	Wedgefield North Structure Plan Area as identified by Schedule 2	(1) Subdivision and development shall have due regard to the requirements of a Structure Plan(s) approved by the Western Australian Planning Commission.
	Solitodalo E	 (2) Structure Plan(s) prepared over the structure plan area shall be consistent with and incorporate the findings and recommendations of the following technical reports: (a) Local Water Management Strategy to the satisfaction of the Department of Water and Environmental Regulation; and

		(b) Traffic Impact Assessment to the satisfaction of the Western Australian Planning Commission.
		 (3) Structure Plan(s) prepared over the structure plan area shall be consistent with the following requirements: (a) Land uses shall be compatible with surrounding development, inclusive of a mix of General Industry and Light Industry zones; (b) Light Industry zone shall be located adjacent to Great Northern Highway. General Industry Zone shall be located to the southern end of the Structure Plan area; (c) Additional screening and landscaping requirements for lots adjacent to Great Northern Highway, Wallwork Road and main entry roads; and (d) Movement networks to connect Great Northern Highway with adjacent Hedland Junction
		Structure Plan Area.
30	Former Lock Hospital site Lot 841 Sutherland Street, Port Hedland	 (1) Development applications shall be accompanied by details to the satisfaction of the local government to ensure the following matters are addressed: (a) Environmental Management Plan to be prepared to the satisfaction of the local government in consultation with the Department of Biodiversity, Conservation and Attractions, which addresses
		the following matters: i. construction management; ii. marine turtle management; iii. nutrient and irrigation management; iv. mangrove management; v. acid sulphate soil management (if required); and vi. other management plans as considered necessary on the advice from relevant State Government agency. (b) Line of sight modelling from proposed development sites within the structure plan area to determine from what locations direct and indirect light (including skyglow) would be visible from Cemetery Beach and Pretty Pool Beach. Any portion of a building with line of sight from/to Pretty Pool Beach and/or Cemetery Beach shall be designed to restrict artificial light emission as visible from the beach front to the satisfaction of the Department of Biodiversity, Conservation and Attractions; and (c) Lighting Management Plan to be prepared to the satisfaction of the local government in consultation with the Department of Biodiversity, Conservation and Attractions in accordance with the Environmental Assessment Guideline for Protecting Marine Turtles from Light Impacts (EPA 2010) (or as updated) and the Commonwealth Light Pollution Guidelines for

Wildlife – Including Marine Turtles, Seabirds and Migratory Shore birds (Department of the Environment and Energy and Department of Biodiversity, Conservation and Attractions, 2020) (or as updated) to ensure protection of marine
turtle habitats.

(2) To the extent that a requirement referred to in subclause (1) is inconsistent with a requirement in the R-Codes, an activity centre plan, a local development plan or a State or local planning policy the requirement referred to in subclause (1) prevails.

33. Additional site and development requirements for areas covered by structure plan, activity centre plan or local development plan

There are no additional site and development requirements that apply to this Scheme.

34. Variations to site and development requirements

(1) In this clause -

additional site and development requirements means requirements set out in clauses 32 and 33.

- (2) The local government may approve an application for a development approval that does not comply with an additional site and development requirements.
- (3) An approval under subclause (2) may be unconditional or subject to any conditions the local government considers appropriate.
- (4) If the local government is of the opinion that the non-compliance with an additional site and development requirement will mean that the development is likely to adversely affect any owners or occupiers in the general locality or in an area adjoining the site of the development the local government must -
 - (a) consult the affected owners or occupiers by following one or more of the provisions for advertising applications for development approval under clause 64 of the deemed provisions; and
 - (b) have regard to any expressed views prior to making its determination to grant development approval under this clause.

- (5) The local government may only approve an application for development approval under this clause if the local government is satisfied that -
 - (a) approval of the proposed development would be appropriate having regard to the matters that the local government is to have regard to in considering an application for development approval as set out in clause 67 of the deemed provisions; and
 - (b) the non-compliance with the additional site and development requirement will not have a significant adverse effect on the occupiers or users of the development, the inhabitants of the locality or the likely future development of the locality.

35. Restrictive covenants

- (1) A restrictive covenant affecting land in the Scheme area that would have the effect of limiting the number of residential dwellings which may be constructed on the land is extinguished or varied to the extent that the number of residential dwellings that may be constructed is less than the number that could be constructed on the land under this Scheme.
- (2) If subclause (1) operates to extinguish or vary a restrictive covenant -
 - (a) development approval is required to construct a residential dwelling that would result in the number of residential dwellings on the land exceeding the number that would have been allowed under the restrictive covenant; and
 - (b) the local government must not grant development approval for the construction of the residential dwelling unless it gives notice of the application for development approval in accordance with clause 64 of the deemed provisions.

Part 5 - Special control areas

36. Special control areas

- (1) Special control areas are marked on the Scheme Map according to the legend on the Scheme Map.
- The purpose, objectives and additional provisions that apply to each (2) special control area is set out in the Table.

Table 8 - Special control areas in Scheme area

Name of area	Purpose	Objectives	Additional Provisions
SCA 1 – Boodarie Industrial Buffer	To separate industry and other essential infrastructure services from sensitive land uses.	Ensure incompatible land uses do not hinder the development of heavy industries within the Boodarie Industrial Estate.	(1) Sensitive land uses, as defined by EPA Guidance Statement No. 3 (Separation Distances Between Industrial and Sensitive Land Uses, June 2005) as amended, shall not be permitted in the Boodarie Industrial Buffer Special Control Area.
			 (2) Applications for development approval within the Boodarie Industrial Buffer Special Control Area, shall demonstrate the following: (a) The proposal is compatible with any existing or proposed future use or development within the Boodarie Strategic Industrial Area; (b) The proposed development shall not generate conflict from existing, proposed or likely risks, hazards and nuisance (including but not limited to noise, odour and light) associated with the Strategic Industry Zone; (c) The proposal shall not create potential impacts on the efficient development of the Boodarie Strategic Industrial Area; (d) The likelihood of the proposed development adversely affecting the

			efficiency and capacity of Turner River and surrounding landscape to safely carry and discharge floodwaters, including any backwater flows; (e) The likelihood of the proposed development adversely affecting the safety of land zoned 'Strategic Industry' during flood events; and (f) The likelihood of the proposed development adversely affecting the safety of Pilbara Port Authority land and any other adjoining land areas during flood events.
			(3) In considering an application for development approval with respect to land wholly or partly within the Boodarie Industrial Buffer Special Control Area, the Local Government shall refer the proposal to the relevant State Government Agencies and other stakeholders for comment.
SCA 2 – Gas Power Station	To ensure compatibility of land use and development with the power station.	To avoid incompatible or odour sensitive land use or development being established within the odour buffer.	(1) Sensitive land uses, as defined by EPA Guidance Statement No. 3 (Separation Distances Between Industrial and Sensitive Land Uses, June 2005) as amended, shall not be permitted within the Gas Power Station SCA.
		To protect the long term operation of the gas power station plant.	 (2) When considering applications for development approval within the Gas Power Station Buffer Special Control Area, the local government shall have regard to the: (a) compatibility of the development with the operations of the power station, (b) impact of the proposal on the operations of the power station, and

			(c) the need for the proposal to connect to the power supply from the station.
			(3) When determining applications for development approval within the Gas Power Station Buffer Special Control Area, the local government may approve, with or without conditions, or refuse a proposal for reasons relevant to the operations of the Gas Power Station.
SCA 3 – Waste Water Treatment Plant Odour Buffer	To ensure compatibility of land use and development with Water and Wastewater Infrastructure.	 To avoid incompatible or odour sensitive land use or development being established within the odour buffer. To protect the 	(1) Sensitive land uses, as defined by EPA Guidance Statement No. 3 (Separation Distances Between Industrial and Sensitive Land Uses, June 2005) as amended, shall not be permitted within the Waste Water Treatment Plant Odour Buffer Special Control Area.
		• To protect the long term operation of the plant which provides an essential service to the community through the treatment, reuse and safe disposal of the Town's treated waste water.	(2) The Waste Water Treatment Plant and its associated infrastructure may create odour and/or noise nuisance to surrounding land uses. Therefore, when determining applications for Development Approval for development or land use within the Special Control Area, the local government shall: (a) Consider the compatibility of the use or development with wastewater treatment plant infrastructure having regard to potential odour and noise emissions from the waste water treatment plant; (b) Consider whether the use or development would have a detrimental impact on the long term operation of the waste water treatment plant; (c) Obtain and have regard to the advice and recommendations of the Water Corporation, Department of Water and

SCA 4 – South Hedland Landfill Odour Buffer To ensure compatibility of land use and development with the landfill facility.	To avoid incompatible or odour sensitive land uses or development being established within the odour buffer. To protect the long term operation of the landfill facility.	Environmental Regulation, Western Australian Planning Commission, and other relevant authority, and any policies related thereto; (d) Impose conditions as appropriate on any planning approval to attenuate or minimize odour and noise impacts; and (e) Not approve any development application within the buffer that would suffer unacceptable impacts from odour or noise emissions, or which by its nature may adversely impact on the continued operation of the waste water treatment plant. (1) Sensitive land uses, as defined by EPA Guidance Statement No. 3 (Separation Distances Between Industrial and Sensitive Land Uses, June 2005) as amended, shall not be permitted within the SCA. (2) The South Hedland Landfill Facility and its associated infrastructure may create odour and/or nuisance to surrounding land uses. When determining any application for development approval or subdivision within the Special Control Area, the determining authority shall: (a) Consider the compatibility of the use or development with landfill infrastructure having regard to potential odour emissions from the landfill facility; (b) Consider whether the use or development would have a detrimental impact on the long term operation of the landfill facility;
--	--	--

			(c) Obtain and have regard to the advice and recommendations of the Department of Water and Environmental Regulation, and other relevant authority, and any policies related thereto; and (d) Not approve any application for land use or development within the buffer that would suffer unacceptable impacts from odour emissions, or which by its nature may adversely impact on the continued operation of the landfill facility.
SCA 5 - Mining Dust Buffer	To identify and protect approved mining operations from encroachment of sensitive land uses.	To avoid incompatible or dust sensitive land use or development being established within the dust buffer. To protect the long term operation of approved mining operations.	(1) Mining tenements M45/531 and M45/689 and their associated infrastructure may create dust and/or nuisance to surrounding land uses. Therefore, when determining applications for development approval within the Special Control Area, the local government shall: (a) Consider the compatibility of the use or development with mining infrastructure having regard to potential dust emissions from mining operations; (b) Consider whether the use or development would have detrimental impact on the long term operation of the mine; (c) Obtain and have regard to the advice and recommendations Department of Water and Environmental Regulation, Department of Mines, Industry Regulation and Safety and other relevant authority, and any policies related thereto; (d) Impose conditions as appropriate on any development approval to

			attenuate or mini	mise
			dust impacts; and (e) Not approve any	d
			application for lar development with	
			buffer that would	suffer
			unacceptable imp from dust emission

SCA 7 - Coastal Hazard and Risk Management Adaptation Area	To provide guidance for land use and development within areas subject to coastal erosion and inundation	To protect new development from the impacts of flooding, coastal erosion and inundation. To provide for implementation of the Port Hedland Townsite Coastal Hazard and Risk Management Adaptation Plan. To minimise the risks of coastal processes on community.	 drainage. (1) Notwithstanding any other provision of the Scheme, all proposed development within SCA 7 requires the approval of local government, unless the development is specified in a local planning policy as a type that does not require approval. (2) In considering proposed structure plans, subdivision or development applications due regard shall be given to – (a) Port Hedland Townsite Coastal Hazard and Risk Management Adaptation Plan; (b) State Planning Policy 2.6 – State Coastal Planning Policy; (c) Relevant local planning policies.
			(3) Where subdivision applications are received within SCA 7, a notification pursuant to section 165A of the <i>Planning and Development Act 2005</i> is to be placed on the Certificate(s) of Title of the subject land, at the cost of the landowner, advising that the lot is located in an area likely to be subject to coastal erosion and/or inundation over the next 100 years.
			(4) Where development applications are received within SCA 7, the local government may require a notification pursuant to section 70A of the <i>Transfer of Land Act 1983</i> to be placed on the Certificate(s) of Title of the subject land, at the cost of the landowner, advising that the lot is located in an area likely to be subject to coastal erosion and/or inundation over the next 100 years.

Part 6 - Terms referred to in Scheme

Division 1 - General definitions used in Scheme

37. Terms used

(1) If a word or expression used in this Scheme is listed in this clause, its meaning is as follows –

building envelope	means the area of land within which all buildings and
	effluent disposal facilities on a lot must be contained;
building height	in relation to a building -
	(a) if the building is used for residential purposes, has
	the meaning given in the R-Codes; or
	(b) if the building is used for purposes other than
	residential purposes, means the maximum vertical
	distance between the natural ground level and the
	finished roof height directly above, excluding minor
	projections as that term is defined in the R-Codes;
cabin	means a dwelling forming part of a tourist development
	or caravan park that is -
	(a) an individual unit other than a chalet; and
	(b) designed to provide short-term accommodation for
	guests;
chalet	means a dwelling forming part of a tourist development
	or caravan park that is -
	(a) a self-contained unit that includes cooking facilities,
	bathroom facilities and separate living and sleeping
	areas; and
	(b) designed to provide short-term accommodation for
	guests;
commencement	means the day this Scheme comes into effect under
day	section 87(4) of the Act;
commercial	means a vehicle, whether licenced or not, that has a
vehicle	gross vehicle mass of greater than 4.5 tonnes including -
	(a) a utility, van, truck, tractor, bus or earthmoving
	equipment; and
	(b) a vehicle that is, or is designed to be an
	attachment to a vehicle referred to in paragraph (a);
floor area	has meaning given in the Building Code;
frontage	in relation to a building -
	(a) if the building is used for residential purposes, has
	the meaning given in the R-Codes; or

	(b) if the building is used for purposes other than
	residential purposes, means the road alignment at
	the front of a lot and, if a lot abuts 2 or more roads,
	the one to which the building or proposed building
	faces;
incidental use	means a use of premises which is consequent on,
moraomar acc	or naturally attaching, appertaining or relating to, the
	predominant use;
minerals	has the meaning given in the <i>Mining Act 1978</i> section
IIIIIeiais	8(1);
net lettable area	means the area of all floors within the internal finished
or nla	
Of file	surfaces of permanent walls but does not include the
	following areas -
	(a) stairs, toilets, cleaner's cupboards, lift shafts and
	motor rooms, escalators, tea rooms and plant
	rooms, and other service areas;
	(b) lobbies between lifts facing other lifts serving the
	same floor;
	(c) areas set aside as public space or thoroughfares
	and not for the exclusive use of occupiers of the
	floor or building;
	(d) areas set aside for the provision of facilities or
	services to the floor or building where those facilities
	are not for the exclusive use of occupiers of the floor
	or building;
non-conforming	has the meaning given in the <i>Planning and</i>
use	Development Act 2005 section 172;
plot ratio	means the ratio of the floor area of a building to an
	area of land within the boundaries of the lot or lots on
	which the building is located;
precinct	means a definable area where particular planning
	policies, guidelines or standards apply;
predominant use	means the primary use of premises to which all other
	uses carried out on the premises are incidental;
retail	means the sale or hire of goods or services to the public;
short-term	means temporary accommodation provided either
accommodation	continuously or from time to time with no guest
	accommodated for periods totalling more than 3 months
	in any 12 month period;
wall height	in relation to a wall of a building –
101911	(a) if the building is used for residential purposes, has
	the meaning given in the R-Codes; or
	(b) if the building is used for purposes other than
	residential purposes, means the vertical distance
	residential purposes, means the vertical distance

	from the natural ground level of the boundary of the
	property that is closest to the wall to the point where
	the wall meets the roof or parapet;
wholesale	means the sale of goods or materials to be sold by
	others;

- (2) A word or expression that is not defined in this Scheme -
 - (a) has the meaning it has in the Planning and Development Act 2005; or
 - (b) if it is not defined in that Act has the same meaning as it has in the R-Codes.

Division 2 - Land use terms used in Scheme

38. Land use terms used

If this Scheme refers to a category of land use that is listed in this provision, the meaning of that land use is as follows -

Abattoir	means premises used commercially for the
	slaughtering of animals for the purposes of
	consumption as food products;
Aerodrome	means an area of land or water (including any buildings,
	installations and equipment), the use of which as an
	aerodrome is certified under the regulations made
	under the <i>Civil Aviation Act 1998</i> , being such an area
	intended for use wholly or partly for the arrival,
	departure or movement of aircraft;
Agriculture -	means premises used for the raising of stock or crops
extensive	including outbuildings and earthworks, but does not
	include agriculture - intensive or animal husbandry -
	intensive;
Agriculture -	means premises used for commercial production
intensive	purposes, including outbuildings and earthworks,
	associated with any of the following -
	(a) the production of grapes, vegetables, flowers,
	exotic or native plants, or fruit or nuts;
	(b) the establishment and operation of plant or fruit
	nurseries;
	(c) the development of land for irrigated fodder
	production or irrigated pasture (including turf
	farms);
	(d) aquaculture;
Amusement parlour	means premises -
	(a) that are open to the public; and
	(b) that are used predominantly for amusement by
	means of amusement machines including
	computers; and
	(c) where there are 2 or more amusement machines;
Animal	means premises used for the breeding, boarding,
establishment	training or caring of animals for commercial purposes
	but does not include animal husbandry - intensive or
A character of	veterinary centre;
Animal husbandry -	means premises used for keeping, rearing or fattening
intensive	of pigs, poultry (for either egg or meat production),
	rabbits (for either meat or fur production) or other
	livestock in feedlots, sheds or rotational pens;

Art gallery	means premises -
	(a) that are open to the public; and
	(b) where artworks are displayed for viewing or sale;
Bed and breakfast	means a dwelling -
	(a) used by a resident of the dwelling to provide short-
	term accommodation, including breakfast, on a
	commercial basis for not more than 4 adult
	persons or one family; and
	(b) containing not more than 2 guest bedrooms;
Betting agency	means an office or totalisator agency established under
_	the Racing and Wagering Western Australia Act 2003;
Brewery	means premises the subject of a producer's
	licence authorising the production of beer, cider or
Dallar acada	spirits granted under the <i>Liquor Control Act 1988;</i>
Bulky goods showroom	means premises -
Showroom	(a) used to sell by retail any of the goods and accessories of the following types that are
	principally used for domestic purposes -
	(i) automotive parts and accessories;
	(ii) camping, outdoor and recreation goods;
	(iii) electric light fittings;
	(iv) animal supplies including equestrian and
	pet goods;
	(v) floor and window coverings;
	(vi) furniture, bedding, furnishings, fabrics,
	manchester and homewares;
	(vii) household appliances, electrical goods
	and home entertainment goods;
	(viii) party supplies;
	(ix) office equipment and supplies;
	(x) babies' and children's goods, including play
	equipment and accessories;
	(xi) sporting, cycling, leisure, fitness goods and
	(xii) accessories;
	(xiii) swimming pools;
	or
	(b) used to sell goods and accessories by retail if -
	(i) a large area is required for the handling,
	display or storage of the goods; or
	(ii) vehicular access is required to the premises
	for the purpose of collection of purchased
	goods;

0	
Caravan park	means premises that are a caravan park as defined in
	the Caravan Parks and Camping Grounds Act 1995
	section 5(1);
Caretaker's dwelling	means a dwelling on the same site as a building,
	operation or plant, and occupied by a supervisor of that
	building, operation or plant;
Car park	means premises used primarily for parking vehicles
	whether open to the public or not but does not include -
	(a) any part of a public road used for parking or for a
	taxi rank; or
	(b) any premises in which cars are displayed for sale;
Child care premises	means premises where -
P 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2	(a) an education and care service as defined in the
	Education and Care Services National Law
	(Western Australia) Section 5(1), other than a
	family day care service as defined in that section,
	is provided; or
	(b) a child care service as defined in the <i>Child Care</i>
	Services Act 2007 Section 4 is provided;
Cinema/theatre	•
Cinema/meatre	means premises where the public may view a motion
Ointe man	picture or theatrical production;
Civic use	means premises used by a government
	department, an instrumentality of the State or the local
	government for administrative, recreational or other
	purposes;
Club premises	means premises used by a legally constituted club or
	association or other body of persons united by a
	common interest;
Commercial vehicle	means premises used for parking of one or 2
parking	commercial vehicles but does not include -
	(a) any part of a public road used for parking or for a
	taxi rank; or
	(b) parking of commercial vehicles incidental to the
	predominant use of the land;
Community purpose	means premises designed or adapted primarily for the
	provision of educational, social or recreational facilities
	or services by organisations involved in activities for
	community benefit;
Consulting rooms	means premises used by no more than 2 health
	practitioners at the same time for the investigation or
	treatment of human injuries or ailments and for general
	outpatient care;

Convenience store	moone promises
Convenience Store	means premises -
	(a) used for the retail sale of convenience goods commonly sold in supermarkets, delicatessens or newsagents; and
	(b) operated during hours which include, but may extend beyond, normal trading hours; and
	(c) the floor area of which does not exceed 300 m ² net lettable area;
Corrective	means premises used to hold and reform persons
institution	committed to it by a court, such as a prison or other type of detention facility;
Educational	means premises used for the purposes of providing
establishment	education including premises used for a school, higher education institution, business college, academy or other educational institution;
Exhibition centre	means premises used for the display, or display and
	sale, of materials of an artistic, cultural or historical
	nature including a museum;
Family day care	means premises where a family day care service as
	defined in the Education and Care Services National
	Law (Western Australia) is provided;
Fast food outlet/ lunch bar	means premises, including premises with a facility for
lulicii bai	drive- through service, used for the preparation, sale
	and serving of food to customers in a form ready to be eaten -
	(a) without further preparation; and
	(b) primarily off the premises;
Fuel depot	means premises used for the storage and sale in bulk
	of solid or liquid or gaseous fuel but does not include
	premises used -
	(a) as a service station; or
	(b) for the sale of fuel by retail into a vehicle for use
Francisco de	by the vehicle;
Funeral parlour	means premises used
	(a) to prepare and store bodies for burial or
	cremation; (b) to conduct funeral services;
Garden centre	means premises used for the propagation, rearing and
	sale of plants, and the storage and sale of products
	associated with horticulture and gardens;
Holiday	means 2 or more dwellings on one lot used to provide
accommodation	short term accommodation for persons other than the
	owner of the lot;
	owner of the lot;

household; and (b) will not cause injury to or adversamenity of the neighbourhood; ar (c) does not occupy an area greater (d) does not involve the retail sale, of any goods unless the sale, displated only by means of the Internet; and the inadequacy of parking or an involumes in the neighbourhood; and the inadequacy of parking or an involumes in the neighbourhood; and the inadequacy of parking or an involumes in the neighbourhood; and the inadequacy of parking or an involumes in the neighbourhood; and the inadequacy of parking or an involume than 4.5 tonnes tare (g) does not involve the use of an experience of the dwelling is involved the use of an experience of the dwelling; and (b) does not entail clients or custom and from the dwelling; and (c) does not involve the display of premises; and (d) does not require any change appearance of the dwelling;	used to provide
means a dwelling or land around a dwe occupier of the dwelling to carry out a boor profession if the carrying out of the boor profession - (a) does not involve employing monwho are not members of household; and (b) will not cause injury to or adveramently of the neighbourhood; are (c) does not occupy an area greater (d) does not involve the retail sale, of any goods unless the sale, displated only by means of the Internet; and (e) does not result in traffic difficulties the inadequacy of parking or an involumes in the neighbourhood; and (f) does not involve the presence, us we hicle more than 4.5 tonnes tare (g) does not involve the use of an expectation of the dwelling is less than the use normous the zone in which the dwelling is less to carry out a home occupation if the concupation - (a) is solely within the dwelling; and (b) does not involve the display of premises; and (d) does not require any change appearance of the dwelling;	ot include a bed

Schedule A – Supplemental provisions to the deemed provisions

These provisions are to be read in conjunction with the deemed provisions (Schedule 2) contained in the *Planning and Development (Local Planning Schemes) Regulations 2015*.

- 61. Development for which development approval not required
- (1) Development approval is not required for works if AMD 1 GG 27/2/2024
 - (a) The works are of a class specified in Column 1 of an item in the table, and
 - (b) If conditions are set out in Column 2 of the Table opposite that item all of those conditions are satisfied in relation to the works

Exempted Item No.	Column 1 Works	Column 2 Conditions
22. AMD 1 GG 27/2/2024	The erection of a lot boundary fence other than on a street boundary.	 (a) The works are located in a zone where the R-Codes do not apply. (b) The fence complies with the requirements of the relevant local planning policy.
23. AMD 1 GG 27/2/2024	The erection of a temporary building associated with a construction site, located wholly on site.	 (a) The temporary building is on site for the duration of time that a valid development approval and/or building permit is in place. (b) Active construction/building work is being undertaken.
24. AMD 1 GG 27/2/2024	The installation of a shipping/sea container placed wholly on a residential property for the purposes of relocating personal effects.	(a) The works are located in a zone where the R-Codes do apply.(b) The shipping container is to be on site for a maximum of seven days.
25. AMD 1 GG 27/2/2024	The installation of a satellite dish with a diameter not exceeding 1.2m.	The works are located in a zone where the R-Codes do apply.

26	•	The works are located in a zone where the R-
AMD 1 GG 27/2/2024	additions to shade sails.	Codes do not apply.

Advice Note re Mining Operations:

Where any mining operations, as that term is defined in section 8 of the Mining Act 1978, or any lawful act, incidental or conducive to mining operations, or any activity under a State Agreement, is exempt from the requirement of development approval. Assessment of the proposal from a planning perspective may nevertheless be required under the State Agreement, State Agreement Act, the Mining Act 1978 or pursuant to a grant, approval or permit under that Act. If so, the proposal must be submitted to the local government to give due consideration to the effects and planning significance of the activity so as to enable informed comment to be given to the State or the relevant agency.

Advice Note re Port Operations:

Where any port works and port facilities, as that term is defined in the Port Authorities Act 1999, or any activity under a State Agreement, is exempt from the requirement of development approval. Assessment of the proposal from a planning perspective may nevertheless be required under the State Agreement or State Agreement Act. If so, the proposal must be submitted to the local government to give due consideration to the effects and planning significance of the activity so as to enable informed comment to be given to the State or the relevant agency.

- (2) Development approval of the local government is not required for the following uses
 - (i) Street trading where the use complies with the parking requirements of any applicable local planning policy adopted by the local government.

 AMD 1 GG 27/2/2024
- 67. Consideration of application by local government
- (2) In considering an application for development approval (other than an application on which approval cannot be granted under subclause (1)), the local government is to have due regard to the following matters to the extent that, in the opinion of the local government, those matters are relevant to the development the subject of the application —

 AMD 1 GG 27/2/2024

- (zc) The extent to which any proposed development may prejudice current or planned strategic urban or industrial proposals.
- (zd) Whether stormwater management has been adequately designed for and suitable systems are in place to protect land and infrastructure, on both private property and within the local government drainage network.
- (ze) Demonstration that additional workforce accommodation is required.
- (zf) Community impacts associated with the development including a social impact statement.

85A. Transitional arrangements for local planning policies

Where a local planning policy has been prepared in accordance with the requirements of Local Planning Scheme No. 5, it shall continue to have effect, and may be amended or revoked as if it were a local planning policy adopted under Local Planning Scheme No. 7.

85B. Planning instruments in course of preparation

Any step taken under Local Planning Scheme No. 5 before commencement day in the preparation of a planning instrument is to be taken to be a step taken in the preparation of a planning instrument of that type under this Scheme.
