

BIN STICKERS

Keep Australia Beautiful Council (KABC) is delighted to offer all WA schools and remote and regional towns in Western Australia complimentary custom designed bin stickers.

KABC will provide up to 18 stickers, free of charge, through Clean Schools (for schools) and Tidy Towns Sustainable Communities (for regional and remote communities).

Firstly check you have permission to put the stickers on the bins.

Check the size of your bins. These will generally be 240L or 120L.

If your bins are 240L or 120L, use your choice of the template from the next two page.

If not, contact kabc@kabc.wa.gov.au for another template.

Look through the presentation **Designing an effective bin sticker.**

Scan designs and email to kabc@kabc.wa.gov.au

Include high resolution versions of any logos.

We're looking forward to receiving your designs!

Design a Bin Sticker

Messaging of the sticker is about putting rubbish in the bin to keep the school or community beautiful.

*These are **not** about recycling and composting. Please see **WasteSorted Schools** or **WasteSorted Toolkits** for information about waste separation.*

Leave space for your school or other logo to be included in the top right corner.

Leave blank for KAB logos.
