

## Programme of Work rehabilitation report

Programme of Work (PoW) rehabilitation reports should be submitted through Resources Online ([www.wa.gov.au/service/natural-resources/mineral-resources/access-resources-online](http://www.wa.gov.au/service/natural-resources/mineral-resources/access-resources-online)).

If a hardcopy rehabilitation report is required, this proforma can be used.

PoW Registration Number	Required Action Reference Number (if applicable)
-------------------------	---

RA –

–

Report stage:      **PROGRESSIVE**      **FINAL**

It is a requirement that rehabilitation of prospecting and exploration activities is undertaken within the time specified in relevant tenement conditions.

Please attach the following to this form:

- a map of disturbed and rehabilitated areas;
- before and after photos of the rehabilitation including a significant landmark for comparison purposes, with a brief description including location, data and photo content; and
- any other supporting information you consider relevant (e.g. areas to be rehabilitated, your own rehabilitation reports).

Completed forms can be submitted either:

**Over the counter at any DMPE Office**

**OR**

**Posted to:**

DMPE – Resources and Environmental  
Compliance Division  
Locked Bag 100  
East Perth WA 6892

### Declarations

I confirm that all rehabilitation commitments outlined in the tenement conditions and within this report have been completed.

*If rehabilitation report is final:*

I acknowledge submission of the final rehabilitation report represents completion of this Programme of Work (PoW) and no further works will be undertaken.
