1. Introduction

This Governance Charter (Charter) defines the role, responsibilities, structure and administrative processes of the Road Safety Council (Council) and the obligations of Council Members, both individually and collectively, in providing advice to the Minister for Road Safety (Minister). This Charter also defines the roles and responsibilities of the Road Safety Commissioner (Commissioner) and the Road Safety Commission (Commission).

It is the responsibility of all Council Members appointed to the Council to read, acknowledge and understand the information contained within this Charter and to keep themselves informed of best practice in governance and accountability. This Charter is a tool to assist Members to understand their role and responsibilities, obligations and scope so that they may provide advice to the Minister effectively.

The Council recognises that ‘good governance’ is about operating according to legislative and other government requirements, and current best practice. The Council considers good governance to be essential in making recommendations to the Minister under the Road Trauma Trust Account (RTTA) and undertaking its functions specified in the *Road Safety Council Act 2002* (Act).

It is also intended that this Charter assist internal and external stakeholders, and the broader community, to understand the relationship and interdependencies between the Commissioner, Commission and the Council, underpinned by the Act and other relevant statutory requirements. It also consolidates key corporate government documents. A list of these documents is provided in the References section and, where appropriate, hyperlinks have been provided in the electronic versions.

2. Road Safety

Road trauma has significant and long lasting impacts on the community and costs the state an estimated \$2.4 billion a year. Improving road safety is a priority for governments across Australia and internationally. New directions in road safety are emerging, including improved technology and AI, road infrastructure design, and vehicle safety. Effective leadership and agency collaboration are required to mobilise action for the implementation of effective, evidence-based road safety strategies and programs. The Council shapes and leads the implementation of strategic initiatives to enhance road safety.

3. Road Trauma Trust Account

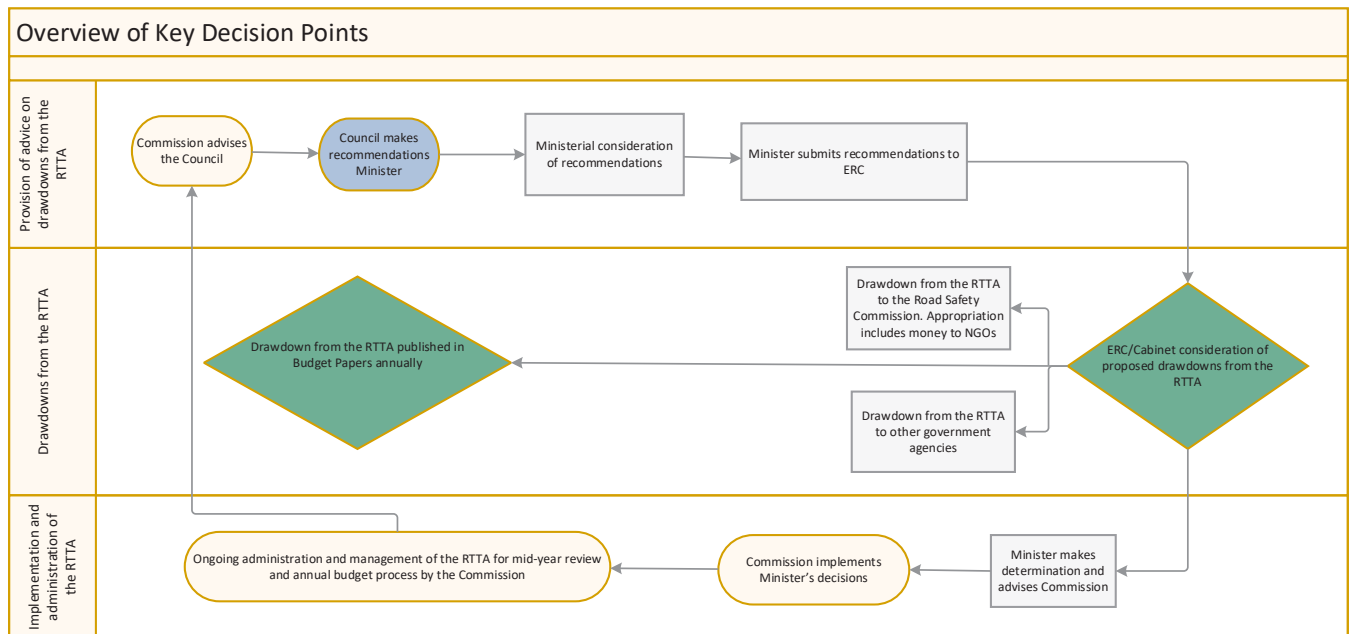

Section 12 of the Act establishes the RTTA. The Government commits money from the RTTA for initiatives to improve the safety of roads in Western Australia, reduce deaths and serious injuries, and damage to property resulting from road crashes.

The Commissioner is responsible for the administration and management of the RTTA under section 12(5), which states that, ‘For the purposes of the *Financial Management Act 2006* and the *Auditor General Act 2006* the Account is to be administered by the department of the Public Service principally assisting the Minister in the administration of this Act’.

Diagram 1 gives an overview of key decisions necessary for the allocation of money from the RTTA. It shows that the Commission’s operations are funded by an annual appropriation from the RTTA. The

appropriation to the Commission includes any money allocated to a non-government agency, such as the WA Local Government Association.

Diagram 1

Further details are documented in the RTTA Administration Framework.

In accordance with its functions under the Act, the Council provides advice and makes recommendations to the Minister with respect to the RTTA. The Minister makes determinations after considering that advice and in the context of any decisions taken by the Expenditure Review Committee (ERC) or Cabinet through government budget processes.

The Minister advises the Commissioner of their decision and the Commission executes the decisions of the Minister as it pertains to the administration of the RTTA.

The Council will have quarterly meetings. The dates are set at the commencement of the calendar year and sent to all Council Members.

1.2 Attendance at Meetings

Council Members are required to regularly participate in meetings. The Chair is responsible for approving any leave of absence for Council Members. The Minister will approve any leave of absence for the Chair.

Council Members should make every effort to attend meetings in person. If a Member is unable to attend a meeting in person, they may attend via telephone or video conference if agreed in advance with the Chair.

1.3 Special Meetings

A special meeting may be called by the Chair to address urgent and special business. In such cases, timeframes regarding agendas and agenda papers specified by this Schedule may need to be disregarded.

1.4 Quorums

At any meeting of the Council, seven (7) participating Council Members, either in person, remotely or via a duly appointed Deputy Member, constitutes a quorum.

1.5 Resolutions

Each Member of the Council, including the Chair, shall have a single vote of equal value where a formal resolution is required.

If a formal resolution is desired by any Council Member, then that resolution shall be in writing and the wording circulated to Council Members prior to consideration and voting. If the resolution is raised at the meeting then written documentation is unnecessary.

At Council meetings, resolutions will be made by a majority vote of those Members present, will be minuted and may also be recorded as action items. Council Members may cast their vote in person, in teleconference/videoconference or via email to the Chair via the Secretariat.

1.6 Consensus Decision Making

Wherever possible a consensus approach to decision making will be taken. Where consensus is not possible, decisions will be made by a simple majority. If a simple majority is not possible the Chair may seek additional information/submissions to assist in the decision. This may necessitate the decision being deferred to an out of session decision, special meeting or the next scheduled meeting.

Where decisions are not made by consensus, dissenting voters may request that their objections are noted in the minutes.

Only Council Members, including an approved Deputy Member, may vote at Council meetings. Attendees may be asked to provide information to assist the decision-making process.

The Chair will ensure that all Council resolutions are formally recorded in the minutes of the specific meeting. An action list will be maintained as a running Council meeting agenda item and that action list will record progress, completion of, and any other actions arising out of the meeting.

1.7 Out of Session Decisions

Any urgent decision that cannot wait until the next Council meeting may be dealt with by a written resolution.

Out of session papers may be circulated via email and return comment and/or approval must be received by the Secretariat on or before the specified response deadline. As a general rule, a minimum of five working days will be provided for comment, unless the Chair specifies otherwise. The Secretariat will collate all responses and inform the Chair. The Chair advises Council Members of the outcome.

The rules of voting above will apply to out of session items.

Council Members are entitled to seek further information, request a special meeting, or make a recommendation to defer consideration until the next scheduled meeting. The Chair shall consider such a request, but is not necessarily required to act on it.

The out of session matter will be noted and minuted at the following Council Meeting.

1.8 Council Member Absent

If a Council Member (other than the Chair) is absent for a single meeting because of sickness, absence or other cause, a Deputy Member pursuant to section 7 of the Act can act temporarily in their place. If this is not arranged, an absentee vote can be submitted prior to the meeting for matters on the agenda. Absentee resolutions should be submitted in writing to the Chair or the Secretariat at least two days prior to the meeting.

1.9 Meeting Cycle

To assist in the smooth running of meeting processes, the Council has adopted an indicative meeting cycle as shown in the table below.

All agenda papers to be provided to the Secretariat by close of business	15

Late submissions to the agenda will only be tabled at the discretion of the Chair. Only urgent matters are considered appropriate under this provision. If the meeting agenda is already full, an urgent late matter may be more appropriately addressed by either an out of session meeting, a special meeting or the next scheduled meeting of the Council.

The Secretariat will develop an activity calendar annually. This calendar will include general meeting dates and other key milestones such as annual reporting and budget process timelines.

1.11 Meeting Agenda and Papers

Council Members may request items be placed on the Council agenda. The Chair in consultation with the proposing Member will consider these requests.

The agenda must contain an 'integrity items' section under which a Council Member must declare any real, perceived or potential direct and/or indirect conflicts of interest they have in relation to any item/s on the agenda. These should be raised with the Chair prior to the meeting to determine the appropriate way to manage the conflict.

Council agenda papers and their associated documents are coordinated by the Secretariat. They will be distributed along with the approved agenda by the Secretariat and will include the following forms:

- Conflicts of Interest list

- any record of contact with lobbyists
- any Gifts, Benefits and Hospitality declaration.

Should an urgent matter arise after the agenda has been distributed, the Chair has the right to amend the agenda or table an urgent agenda paper on the day.

The agenda will have an '*other Business*' item, and items not on the agenda can be raised at the meeting under Other Business, with the permission of the Chair. If time does not permit, the item may be discussed out of session or at a special meeting, or deferred until the next Council meeting. All agenda documents shall be retained as corporate records in accordance with the SR Act.

1.12 Meeting Minutes

Meeting minutes should be a true and accurate record of the meeting and contain clear and concise notes of the main points of discussion. They should record:

- decisions and actions arising from the meeting

Actions arising out of the meeting should be recorded in the Action Items Register.

Where decisions are not made by consensus, dissenting voters may wish to have their objections noted in the minutes.

If attendees join the meeting after it has started, are absent during any part of the meeting, or leave early, this should be noted in the minutes.

All minutes shall be retained as corporate records.

2.2 Induction
