It's been another busy year for the Keep Australia Beautiful team, with over 40 events, workshops, and clean-ups held across the state. We've seen continued growth in Adopt-a-Spot participation, with more than 62,000 volunteers joining the program since 2009. Additionally, we have seen strong engagement across all our programs which shows that Western Australians remain committed to creating a litter-free state.

Once again, congratulations to all our finalists and winners of this year's [Tidy Towns Sustainable Communities Awards](#). Williams took home the overall state winner crown for its outstanding commitment to creating a clean, welcoming, and environmentally conscious town. Through a range of innovative projects, Williams has set a benchmark for sustainability and community pride.

Earlier this year, through our [Community Litter Grants](#), we provided \$58,116 in funding to ten communities for initiatives that address litter. We have started to see some of these projects come to fruition, in particular the Shire of Northam's Hands-on-Heroes video that can be seen [here](#).

As we head into the festive period, we want to take a moment to thank each of our litter reporters for your incredible efforts throughout the year. Your commitment to keeping our roads and communities clean makes a real difference, and we couldn't do it without you.

While you're out and about this season, please remember to **stay safe on the roads**. One simple but vital step is ensuring your loads are **secure**, it helps prevent litter and keeps everyone safer [Check out our Secure Load Tips here](#)

Looking forward to 2026, we have no doubt that it will be busier than ever and we can't wait.

From everyone at Keep Australia Beautiful WA, enjoy Christmas, the holiday season, and thank you again for being part of the solution!
