The Principal may allocate at its discretion more work to Panel Members who demonstrate consistency in performance as set out in Part A, Clause A.6.8.

A.6.6 REGIONAL PROJECTS

For regional projects, the Principal may give preference to Panel Members that are determined to be a *business with a regional presence* where the Principal, at its sole discretion, determines that the Panel Member or Panel Members meet the project specific requirements.

In making this determination, the Principal may take into consideration factors such as; potential for reduced cost of disbursements; local experience and knowledge; and the need for site attendance to be frequent or at short notice. These considerations will be in addition to the overall experience and capacity of the Panel Member.

Refer to Part C Clause C.4 Respondent's Claim for Registration as a Regional Business.

To receive consideration as a regional business, the Respondent must demonstrate that it has a genuine place of business in the region.

A.6.6.1 GENUINE BUSINESS PRESENCE IN A REGION

To receive consideration as a business with a regional presence the Respondent must demonstrate that it has a genuine business presence in the region. A genuine regional business presence may be a permanent office or a branch office that is the Respondent's principal place of business located in the region.

The Respondent must demonstrate that their permanent operational regional office is a genuine place of business. In assessing whether the regional office is bona fides, the Principal may take into consideration, but is not necessarily limited to, the following:

- (i) Whether the regional office is a permanent fixed establishment (not a post office box or temporary facility such as a site office or caravan);
- (ii) Whether the regional office has been operational and business conducted from that establishment being active in the local building and construction industry for a period of not less than six (6) months;
- (iii) Whether the regional place of business will continue to remain operational and active in the local building and construction industry after the completion of the contract;
- (iv) Whether the regional place of business is resourced by at least one person who resides within the region, who is a permanent employee of the Respondent (not contract staff) and who has relevant building and construction experience; and
- (v) Whether the place of business is marketed by the Respondent's legal entity by way of corporate publications (letterheads), telephone directory listings, website, etc.

A.6.6.2 MANAGE THE CONTRACT FROM THE PERMANENT OPERATIONAL OFFICE

When considering whether the contract will be managed from the Respondent's permanent regional operational office, the Principal may request that the Respondent demonstrate that the permanent employee(s) located in its regional permanent operational office will be actively involved in the day to day technical performance of the works under the contract.

This does not prohibit the Respondent from carrying out some of the works under the contract from another office or by employees from other offices.

A.6.7 ABORIGINAL ENTERPRISE AND EMPLOYMENT TENDERING PREFERENCE POLICY

One of the key objectives in the State Government's Indigenous Economic Development Strategy is to achieve a sustained increase in the level of supply of services to Government by enterprises that employ, or are owned and operated by, Aboriginal residents of Western Australia. Any increased access to service contracts by Aboriginal owned and operated enterprises or by enterprises with a strategy for employing Aboriginal people provides increased employment and economic opportunities for Aboriginal Western Australians.

Respondents selected for the Panel that comply with the requirements of Department of Housing and Works's Aboriginal Enterprise and Employment Tendering Preference Policy may be given priority for suitable projects.

Refer to Part C Clause C.11 on registration for Aboriginal Enterprise and Employment Tendering Preference.

Definitions

The following definitions relate to the Aboriginal Enterprise and Employment Tendering Preference Policy:

A.6.8 CONSULTANT PERFORMANCE MONITORING

- (iii) Communication;
- (iv) Contract administration;
- (v) Risk management;

The Principal will continue to develop its performance monitoring mechanisms as it so determines, and will advise Panel members as required.

A.6.8.1 REPORTING PERIODS

The reporting periods are to be determined by the Project Manager with the Consultant at the initial meeting following engagement of the Consultant.

For projects with a lifespan of twelve (12) months or less, performance reports are recommended to be completed by Project Managers immediately following the completion of the Commission.

For projects progressing longer than twelve (12) months, performance reports are required to be completed by Project Managers at the following key project stages:

- (i) After twelve (12) months, and every twelve (12) months thereafter, and
- (ii) Immediately following the completion of the Commission.

Alternatively, the Project Manager may initiate a performance review at any stage during the project, as a result of unsatisfactory performance by the Consultant.

A.6.8.2 SUPPLIER DEMERIT SCHEME

Panel Members are subject to the Supplier Demerit Scheme. Details of the scheme are available on the WA Government website which can be accessed through <https://www.wa.gov.au/government/multi-step-guides/supplying-works-related-services/supplier-performance-management-government-non-residential-building-projects>

A.6.9 CHANGES IN CORPORATE CIRCUMSTANCES

Significant changes in corporate circumstances and Specified Personnel may affect the ability of a member to fulfil its obligations under the Panel.

Major changes in the Panel Member's corporate circumstances may trigger a re-assessment of its continuing Panel membership. In such circumstances, the Principal will contact the Panel Member to discuss the necessary course of action. Failure to notify Department of Housing and Works Senior Procurement Manager of major changes may result in a re-assessment of the Member's status on the Panel.

Panel Members will be deemed to have purported to transfer, assign or novate their Panel membership if there has been a change of the legal entity or the controlling interests of the legal entity purporting to provide Services under the Panel. Where this has occurred, without the express written consent of the Principal, the Panel Member is in breach of this Panel Arrangement and its Panel membership may be suspended or terminated by the Principal as it so determines.

A.6.10 CHANGES IN SPECIFIED PERSONNEL

Panel Members must notify the Principal within two (2) weeks of changes occurring to its Specified Personnel. The Principal may either accept the change of the Specified Personnel or reassess the Panel Member's capacity to discharge its obligation under the Panel Arrangement and any current or future Commission. If the Principal forms a view in its absolute discretion that the Panel Member will not have sufficient capacity to discharge those obligations as a result of the change to

Specified Personnel, then the Principal may suspend or terminate the Panel Member's membership to the Panel as the Principal so determines.
