

For a thriving, sustainable WA

Caring for Country, climate and community

Our purpose

We protect what makes Western Australia unique, so every generation can enjoy a healthy environment, secure water and a prosperous future.

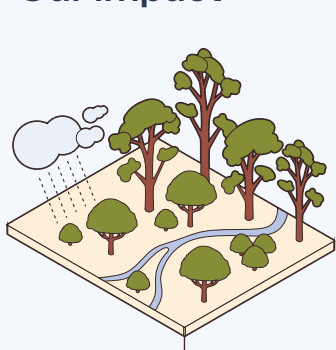

Our approach

- Responsive, credible regulation
- Effective policy that drives real-world change
- Promoting, enforcing and monitoring compliance
- Partnering with purpose
- World-class science and research
- Embedding Aboriginal worldviews and knowledge systems
- Customer-focused systems and services

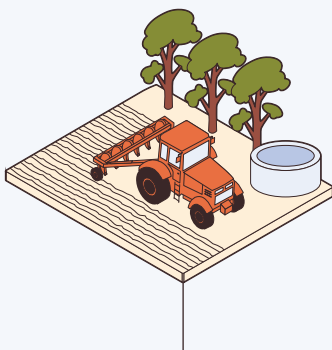

Our strategic focus areas (next 1-5 years)

- 1. Intelligence**
Using data and insights to guide better decisions
- 2. Influencing for impact**
Driving change and inspiring action
- 3. Adaptive capability**
Building the skills and systems we need

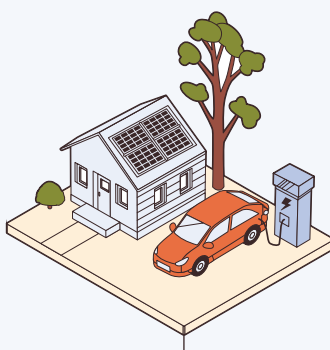

Our impact

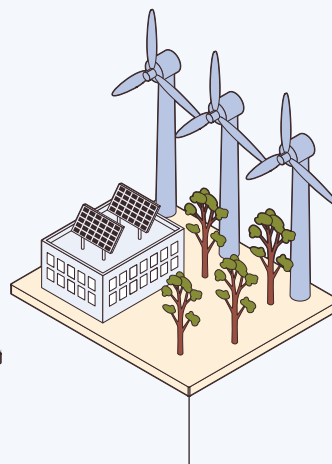

Healthy and protected
natural systems

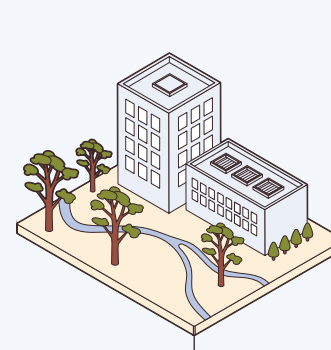

Secure water for people,
nature and the economy

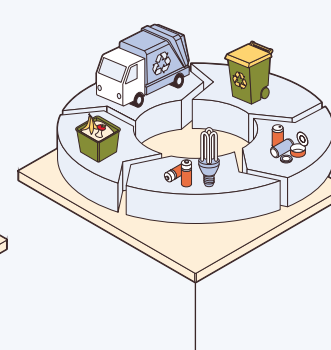

Climate-resilient
communities

Low-carbon industries
and exports

Sustainable economic
development

Low-waste
circular economy

Our values

We serve to make a difference
What we do and why we do it

We build trust
How we do our work

We care
How we feel about our work

Open minds
How we approach our work

Better together
How we connect
