

# Information Sheet

## Storytelling

Last updated: December 2025

Storytelling is an effective way to share successes and demonstrate the value of an Early Years Network (Network) and its contribution to outcomes for young children and their families within a community. Sharing stories allows for Early Years Networks to learn from one another as well as acknowledging great ideas. These stories illustrate best practice in community engagement and collaboration.

Stories from Early Years Networks are available on the [Early Years Networks in Action](#) page.

You can submit your story to be considered for publication by emailing [EY@communities.wa.gov.au](mailto:EY@communities.wa.gov.au)

You may wish to use the [Storytelling Template](#) to guide you.

## More information

To find out more about Early Years Networks, please visit our website or contact:
