PART A OVERVIEW OF REQUIREMENT

A.1. BACKGROUND

The Department of Housing and Works provides services and advice to government in relation to the design, construction and asset management of major State Government public buildings such as hospitals, schools, police stations, and also for general Government office accommodation.

To support the effective design and delivery of construction projects, the Department of Housing and Works seeks to engage firms to perform a range of architectural services.

The purpose of the Request is to invite Offers from suitably qualified firms (Respondents) seeking to be considered for inclusion in the Architectural Services Panel 2018 (the Panel).

It is important to note that the Department of Housing and Works is taking an innovative approach in this Panel in order to deliver improved value for money. As such Respondents are encouraged not to rely on any previous experience they may have with past arrangements, and to thoroughly familiarise themselves with the requirements as defined in the Request.

A.2. STRUCTURE OF THE REQUEST AND SUPPORTING DOCUMENTATION

The Request is structured as follows:

Part A: Overview of Requirement (this section)

Part A summarises the Principal's requirements. In the event of an inconsistency between Part A and other parts of the Request, the other parts take precedence.

Part B: Conditions of Request

Part B defines the process by which the Principal is inviting Offers and how those Offers will be assessed. Contained in Part B is '*Schedule 1 to Part B: Request Conditions*'.

Part C: Head Agreement Conditions

Part C defines the formation and operation of the Panel, and the terms and conditions of the Head Agreement. The Head Agreement creates the standing offer arrangement through which the Principal may engage Panel Members to undertake architectural services. Contained in Part C is '*Schedule 1 to Part C: Predetermined Fees Schedule*' and '*Schedule 2 to Part C: Buying Rules*'.

Part D: Conditions of Contract

Part D defines the terms and conditions that apply when the Principal places a Contract under the Head Agreement. Contained in Part D is '*Schedule 1 to Part D: WA Government Amendments to AS 4122-2010*' and '*Schedule 2 to Part D: Annexure to General Conditions of Contract*'.

Part E identifies the information that must be provided by Respondents as part of their Offers. Contained in Part E is '*Schedule 1 to Part E: Forms to be Completed*'. Respondents should ensure that they consider the information provided in Part E and take this into account in completing their Offer.

In addition to the contents of the Request reference is also made to the Architectural Services Brief which must be taken into account by Respondents in preparing an Offer in response to the Request. The Architectural Services Brief outlines the roles and responsibilities associated with the architectural services to be provided under the Panel. Respondents can obtain a copy of the Architectural Services Brief from the WA Government website at: <https://www.wa.gov.au/government/publications/architectural-services-brief-non-residential-buildings>.

Respondents should also familiarise themselves with the Architectural Consultancy Performance Reporting system and the Supplier Demerit Scheme. Information on both these arrangements can be accessed through the WA Government website at <https://www.wa.gov.au/government/multi-step-guides/supplying-works-related-services/supplier-performance-management-government-non-residential-building-projects>.

The following Australian Standards available from Standards Australia at www.standards.org.au are also relevant to the formation of an Offer.

The Department of Housing and Works will represent the Minister for Works for the purpose of the Panel.

The Panel is designed for use by the Department of Housing and Works.

The majority of projects will be managed from Perth, however in some cases projects may be located in regional Western Australia and will require management from a nearby regional location. Respondents should note that a majority of the Contracts will be undertaken within an 80 kilometre radius of the Perth metropolitan area.

While the primary focus is on supporting construction projects, Panel Members may be engaged to provide assistance in related contracts (such as civil works contracts), where these contracts are entered into by the Department of Housing and Works.

A.5. PANEL STRUCTURE

The Panel is a commercial arrangement defined by the terms and conditions contained in a Head Agreement that constitutes a standing offer for the provision of architectural services involving Contracts up to \$1,000,000 (including GST but excluding disbursements). The terms and conditions that apply to an individual contract award will be defined in that contract and will constitute a binding agreement to deliver defined Services for an identified Fee.

The term of the Panel will be for three years with an option for the Principal to extend the Panel by up to a further two years (refer to clause C.3.3).

The Principal reserves the right to amend membership of the Panel through application of the Panel's performance management scheme.

A.6. PANEL COMMENCEMENT

The proposed Panel commencement date is 7 November 2018. The Principal reserves the right to amend the commencement and where this occurs any reference to the Panel Commencement Date will be a reference to the revised date of Panel commencement.

A.7. SUMMARY OF SERVICES PROVIDED THROUGH THE PANEL

The Panel will allow the Department of Housing and Works to access a range of architectural services for any work required in the design, delivery and maintenance of Government's non-residential buildings program, in either metropolitan or regional Western Australia.

The Panel is designed primarily for use in traditional 'construct only' projects. Where the Principal adopts a different project delivery method, such as 'design and construct', the Panel may still be used, with the Services and corresponding fees being determined on a case by case basis.

Typical Contracts through the Panel will involve the provision of architectural services within the following project stages

- a. Project Definition Plan
- b. Brief Preparation to signoff
- c. Schematic Design to signoff
- d. Design Development
- e. Contract Documentation up to tender award
- f. Tender
- g. Contract Administration

These services are described in detail in the Architectural Services Brief which can be accessed on the WA Government website at <https://www.wa.gov.au/government/publications/architectural-services-brief-non-residential-buildings>.

B.7.2. PANEL SELECTION PROCESS

The Principal intends to appoint approximately 50 Panel Members, selected through a qualitative assessment process. However, the Principal reserves the right to appoint as many or as few Panel Members as it sees fit.

In selecting Panel Members, the Principal will allocate places as outlined at B.7.2.2 to Respondents based on the Principal's need for architectural services in the following seven pathways:

1. Education projects – (approximately 16 Respondents): defined (in this context) as projects involving a construction contract valued at over \$1,500,000 that relate to primary, secondary and adult education.
2. Health projects – (approximately 8 Respondents) defined (in this context) as projects involving a construction contract valued at over \$1,500,000 that relate to the provision of health or medical care such as hospitals and medical centres.
3. Justice projects – (approximately 4 Respondents) defined (in this context) as projects involving a construction contract valued at over \$1,500,000 that relate to areas such as justice, police and fire services;
4. Other Agencies – (approximately 4 Respondents) defined (in this context) as projects involving a construction contract valued at over \$1,500,000 that relate to functions not previously mentioned (by way of example the Principal undertakes projects at Perth Zoo, State Library etc.).

PART B

RESPONDENT TO READ AND KEEP THIS PART

5. Low value and minor works projects - (approximately 5 Respondents) defined (in this context) as projects involving a construction contract valued at less than \$1,500,000.
6. Heritage projects - (approximately 3 Respondents) – defined (in this context) as projects that have a significant heritage aspect.
7. Regional Western Australia projects - (approximately 10 Respondents) defined (in this context) as projects where the 'delivery site' is located in regional Western Australia.

The figures provided for each pathway are indicative only and are subject to the evaluation process as outlined in B.7.2.2.

Once appointed to the Panel, Panel Members are not restricted with respect to what opportunities they may be offered.

B.7.2.1. Assessment of Offers

Offers in relation to Panel membership will be assessed against the

- a. Pre-Qualification Requirements described in E.5;
- b. Disclosure Requirements described in E.6;
- c. Qualitative Requirements described in E.10;
- d. The Hourly Fee rates as submitted by the Respondent in accordance with E.11.2.

Provided the prequalification requirements have been met, there are no compliance issues that are unacceptable to the Principal and the proposed Hourly Fee rates are acceptable, then Respondents will be ranked based on the assessment of the qualitative requirements. This ranking will be done on a pathway by pathway basis.

B.7.2.2. Allocation of Places

Places on the Panel will be allocated in accordance with the indicative numbers identified in B.7.2.

Respondents will be given a ranking for each pathway that they apply for and will be listed in an order of merit that is specific for each pathway. This order of merit will then be used to determine which Respondents will be recommended for inclusion on the panel.

Once a Respondent is recommended for inclusion through one pathway, it will no longer be considered for other pathways. In effect, it will be removed from the order of merit for those other pathways. This applies for the evaluation process only; it does not restrict the Respondent's ability to undertake Contracts under the Panel.

If insufficient Offers meet the Principal's standard required for admission to a particular pathway then the Principal at its sole discretion may reallocate available places to other pathways or may choose not to reallocate those places.

An Eligible Client may in response to a Proposal received from a Panel Member issue a Letter of Acceptance to the Panel Member at any time during the Term. A Contract is formed when a Panel Member receives a Letter of Acceptance. The terms of the Contract are defined in *Part D: Conditions of Contract*.

Where a Panel Member receives a Contract the Panel Member agrees to provide the Services defined in the Letter of Acceptance in accordance with the Contract and the Head Agreement.

C.8. EXPIRATION OR TERMINATION OF THE HEAD AGREEMENT OR CONTRACT

The Principal and the Panel Member acknowledge that:

- a. if the Head Agreement is terminated or expires, any rights, liabilities or obligations of a Client or the Consultant as a result of any existing Contracts before the termination or expiration, remain.
- b. if the Head Agreement expires or is terminated, then the Panel Member:
 - i. may not enter into any new Contracts after the date of expiration or termination; and
 - ii. will return any Confidential Records and Information it may have
- c. the Panel Member will not be entitled to any compensation for loss or damages for future profits or loss of income as a result of, or in connection with, the expiration or termination of the Head Agreement;
- d. expiration or termination of a Contract will not affect the Head Agreement.

C.9. ASSIGNMENT AND NOVATION

Unless the Panel Member obtains the Principal's prior written consent, the Panel Member must not sell, transfer, assign, novate, mortgage, charge or otherwise dispose of or deal with any of its rights or obligations under the Head Agreement.

For the purpose of this clause, transfer or assignment is to be taken to include any material changes to the Panel Member where the Panel Member, being a partnership, company, consortium or other composite body, undergoes a material change in its structure, shareholding, membership or control which in the opinion of the Principal will affect the manner in which or the ability of the Panel Member to perform the Head Agreement or any Contract.

If the Principal agrees to assign or novate the Head Agreement from the Panel Member to a third party, then, assignment or novation of any active Contracts will be managed in accordance with the terms of the Contract.

Where a Panel Member engages in any activity that contravenes or is likely to contravene this clause the Panel Members' membership may be cancelled or suspended.

C.10. CHANGES TO CORPORATE CIRCUMSTANCES

Unless otherwise determined by the Principal:

- a. significant changes to corporate circumstances will result in the Panel Member's membership being suspended or cancelled. Significant changes include but are not limited to amendment to Trustee arrangements, corporate restructures, takeovers/mergers, changes in ABN/ACN or any other changes to the controlling interests or governance of the legal entity that was detailed in the Panel Member's Offer.
- b. a failure to provide the Principal with at least two months advance notice of a significant change or to provide complete information in relation to that change will result in the Panel Member's membership being suspended or cancelled.

C.11. INSOLVENCY

The Principal may suspend or terminate a Head Agreement in the event that the Panel Member is subject to an Insolvency Event.

C.12. CONTRACT FEES

The Contract Fee under the Panel will be established by reference to the Buying Rules outlined in *A.10 2 to Part C: Buying Rules* and defined in the Contract. It will generally be calculated as a:

- a. a 'not to exceed' figure where the Contract is expected to be valued at less than \$500,000 and is based on the Panel Member's hourly rates as confirmed in the Letter of Appointment. The hourly rates will be applied to an agreed estimate of the hours that are required to complete the Services.
- b. a fixed fee where the Contract is expected to be valued at less than \$500,000 and is based on the Predetermine Fee Schedule included in '*Schedule 1 To Part C: Predetermined Fees Schedule*'.

PART C

RESPONDENT TO READ AND KEEP THIS PART

- c. a fixed fee where the Contract is expected to be valued at between \$500,000 and \$1,000,000, and is based on a Panel Member's Proposal submitted in response to a competitive process.

The Contract Fee shall cover all the Services to be provided by the Consultant, including without limitation all site visits and preparation of deliverables identified in the Architectural Services Brief and the Letter of Acceptance.

In some circumstances the Contract Fee for Contracts over \$500,000 will be based on the Predetermined Fees Schedule included in '*Schedule 1 to Part C: Predetermined Fees Schedule*'.

C.12.1. PREDETERMINED FEES SCHEDULE

The Predetermined Fees Schedule shown in '*Schedule 1 to Part C: Predetermined Fees Schedule*' assumes that the Consultant provides a 'full service', with service starting at the schematic design phase and ending after the construction contract reaches final completion. It also assumes the Consultant acts as the Superintendent's Representative and engages the Subconsultant team.

The one exception to this relates to Education projects: for these projects the full service fee includes production of a project definition plan.

When the Consultant will not act as the Superintendent's Representative, the fee will be reduced by reducing the 'contract administration' element of the fee by 25%.

Where the Consultant does not engage the Subconsultant team, the Client will negotiate a reduced rate with the Consultant.

C.12.2. APPORTIONMENT OF CONTRACT FEE BASED ON PREDETERMINED FEE SCALES

The Predetermined Fees Schedule will allow a fee to be calculated for simple, conventional and complex projects, and those involving a standard pattern primary school. The fee will be allocated to specific project phases as shown in the following table.

SERVICE STAGE	COMPONENT OF CONTRACT FEE (%)	STANDARD PATTERN COMPONENT OF CONTRACT FEE (%)
Brief signoff (including site investigation) and Schematic Design	15%	11%
Design Development signoff	20%	15%
Contract Documentation up to and including contract award	30%	26%
Contract Administration up to and including Practical Completion	30%	40%

PART C

RESPONDENT TO READ AND KEEP THIS PART

SERVICE STAGE	COMPONENT OF CONTRACT FEE (%)	STANDARD PATTERN COMPONENT OF CONTRACT FEE (%)
Contract Administration from Practical Completion up to and including Final Completion	5%	8%
SUBTOTALS	100%	100%

Where a Contract does not involve a particular service stage, the Contract Fee is reduced by the corresponding amount. By way of example, if a Consultant's engagement ends at contract award (i.e. they have no involvement in the project from that stage at all), the Contract Fee would be reduced to 65% of the pre-determined amount and the payment per service stage would be recalculated proportionally.

C.12.3. FEES FOR REGIONALLY BASED PROJECTS

When a project is located in a regional location (as defined in the Buy Local Policy), the Predetermined Fees Schedule will not apply. Refer to Schedule 2 to Part C: Buying Rules, 3. Regional Projects.

C.12.4. DETERMINING PROJECT COMPLEXITY

The Predetermined Fees Schedule provides fees for a range of complexity levels which are set by the Principal. Guidance on how a project's complexity is defined is outlined in the Department of Housing and Works's 'Project Complexity Classification Guide' available on the WA Government website at <https://www.wa.gov.au/government/publications/project-complexity-and-classification-guide-department-of-finance> (Link to be amended in due course).

C.12.5. DISBURSEMENTS

The Contract will identify the disbursements the Consultant is entitled to under the Contract, and disbursements will be managed in accordance with the General Conditions.

Unless specified otherwise in the Contract, no disbursements will be payable for Contracts involving a Contract delivery point within the Perth metropolitan area.

Disbursements related to travel and accommodation may be payable for Contracts located in regional Western Australia (as defined in the Buy Local Policy) where:

- a. the Contract delivery point is located more than 80 kilometres from the Permanent Operational Office from which the Consultant is managing and delivering the Contract; and
- b. the Contract Fee has been set with reference to the Predetermined Fees Schedule or hourly rates.

C.12.6. PRICE PREFERENCES

Where a Contract involves construction in a regional zone (as defined in the Buy Local Policy) and Proposals are sought as part of a competitive process, Regional Price Preferences and the Aboriginal Business and Employment Tendering Preference will be applied.

Regional Price Preferences and Aboriginal Business and Employment Tendering Preference will not be applied when a Panel Member located in another state or territory of Australia, or in New Zealand is invited to submit a Proposal.

C.12.6.1. Regional Business Preference

A Regional Business Preference may be afforded to Panel Members that submit Proposals and manage the Contract from a Permanent Operational Office that is within the Prescribed Distance from the Contract delivery point.

When comparing Proposals received from regional Panel Members located within the Prescribed Distance, with bids received from Western Australian Panel Members located outside the Prescribed Distance, including the Perth region, the proposed Contract Fee from the regional Panel Member located within the Prescribed Distance will be reduced, for evaluation purposes only, by 5% of the proposed Contract Fee calculated to a maximum of \$500,000.

C.12.6.2. Regional Content Preference

A Regional Content Preference may be available irrespective of a Panel Member's eligibility for a Regional Business Preference, and a Panel Member may be afforded the Regional Content Preference regardless of the location of their Permanent Operational office.

The available Regional Content Preference is at the rate of 5% of the cost (GST inclusive) of materials (supplies) and services (subcontracts, in-house labour and the like) proposed for use in the Contract and that are purchased from businesses within the Prescribed Distance. The Regional Content Preference will reduce the proposed Contract Fee, for evaluation purposes only, up to a maximum preference of \$500,000.

For all regional price preferences to be considered when a competitive process is used within the Panel, the Panel Member must claim for the preference using the appropriate claim forms issued by the Project Manager.

C.12.6.3. Aboriginal Business and Employment Tendering Preference

Any Panel Member that is an Aboriginal Business, or an Aboriginal Employer, or a Joint Venture with Aboriginal Participation, or an Aboriginal Person, may be eligible to receive the Aboriginal Business and Employment Tendering Preference. This preference will reduce the proposed Contract Fee, for evaluation purposes only, at a rate of 10% of the preference amount up to a maximum of \$250,000.

The preference amount is:

- a. The proposed Contract Fee if the tenderer is an Aboriginal Person, an Aboriginal Business or a Joint Venture with Aboriginal Participation; or
- b. That proportion of the proposed Contract Fee attributable to Aboriginal Persons or Aboriginal Businesses that are subconsultants engaged on the work under the Contract; or
- c. That proportion of the proposed Contract Fee attributable to the direct employment costs of Aboriginal Persons engaged on the work under the Contract, by either the Panel Member or subconsultants. It is not a

PART C

RESPONDENT TO READ AND KEEP THIS PART

requirement that Aboriginal Persons are employed at the close of the tender or award of the Contract; or

- d. Any combination of the above.

C.12.6.4. Verification of Claims for Preferences and Sanctions

An Eligible Client reserves the right to request from the Panel Member evidence to the satisfaction of the Eligible Client to verify the validity of the Panel Member's claim for any financial preference. When a Panel Member is unable to provide evidence to the satisfaction of the Eligible Client that verifies the validity of the Panel Member's claim for a preference, then the Panel Member's claim for that preference may be considered invalid and the preference may not be applied to the Proposal.

If, in carrying out the Contract, the Panel Member fails to deliver on any of the undertakings made in order to gain the financial preference, the Client may, at its discretion:

- a. Recover from the Panel Member the whole or any part of the difference between the Panel Member's Proposal and the amount of the lowest conforming Proposal (if applicable);
- b. Terminate the Contract;
- c. Suspend or cancel the Panel Member's membership of the Panel; or
- d. Take action under the Supplier Demerit Scheme.

C.13. PERMANENT OPERATIONAL OFFICE

If during the term of the Panel a Panel Member amends or otherwise alters any details in relation to a Permanent Operational Office the Panel Member is to immediately notify the Panel Manager.

The Principal may request that the Panel Member demonstrate the bona fides of any Permanent Operational Office. In doing so the Principal may, and without limiting itself to the following, take into consideration whether the office:

- a. is a permanent fixed establishment (not a post office box or temporary facility such as a site office or caravan);
- b. has been operational and active in the local building and construction industry for a period of not less than six months;
- c. will continue to remain operational and active in the local building and construction industry after the expiration of Panel;
- d. has established communication facilities such as telephones, fax machines etc. (not only mobile phones);
- e. is resourced by a person or persons that reside within the region, who are a permanent employee(s) of the Panel Member (not contract staff) and who have relevant qualifications and experience; and
- f. is marketed by the Panel Member by way of corporate publications (letterheads), telephone directory listings, etc.

C.14. ENGAGEMENT OF SUBCONSULTANTS

Where a Panel Member is approached to undertake a Contract and they propose to subcontract any element of the proposed Contract to a Subconsultant, the Panel

PART C

RESPONDENT TO READ AND KEEP THIS PART

Member will include that information in the Panel Member's Proposal to inform the Project Manager of that intention.

In proposing a Subconsultant the Panel Member must demonstrate that the selection process used to select the Subconsultant has delivered a value for money outcome. As part of this process the Panel Member must consult with the Project Manager and seek advice on the selection process to ensure that the selection process complies with Government policies such as Buy Local (where the contract involves work outside the Perth metropolitan area and/or otherwise falls within the coverage of the Government's Buy Local Policy).

Where the Department of Housing and Works has an existing professional consultancy panel arrangement in place for Subconsultant appointments (e.g. engineers, building surveyors etc.), the Consultant is strongly encouraged to utilise these panel arrangements to directly engage Subconsultants. The proposed Subconsultant may or may not be another Panel Member.

If a Panel Member elects to engage Subconsultants outside of these the Department of Housing and Works panel arrangements, sufficient quotes must be obtained to demonstrate that a value-for-money outcome has been achieved, with at least one quote obtained directly from the relevant Department of Housing and Works panel arrangement.

The Project Manager will assess any proposal to subcontract on its merits, and may request additional information from the Panel Member as part of the assessment.

If the Project Manager does not object to the engagement of a Subconsultant, then the Subconsultant is to be engaged under terms and conditions consistent with, and complementary to, the Contract under which the Panel Member is engaged, and any conditions that the Client may choose to impose on this engagement.

Once engaged a Panel Member must not change or allow any Subconsultant to change any member of its project team that formed part of the firm's Proposal without prior written approval of the Client.

The Principal may direct the Panel Member to have removed from any activity connected with this Panel and a Client may direct the Consultant to have removed from any activity connected with a Contract, any Subconsultant engaged in connection with the work under the Panel or Contract who, in the opinion of the Principal or Client as the case requires, is guilty of misconduct or is incompetent or negligent, or whose involvement in the Panel or Contract is likely to adversely affect the reputation of the Principal, Client or a Client Agency.

Engagement of a Subconsultant, or the giving of a direction with respect to the removal of a Subconsultant does not affect the Panel Member's obligations to the Principal under the Panel or the Client under any Contract. The Consultant is required to inform all Subconsultants that the relationship between the Consultant and the Subconsultant, as evidenced by a contract or otherwise, does not impose on the Client any express or implied legal obligation to the Subconsultant of any nature whatsoever in contract or by any other means.

C.15. SUBCONSULTANT AND SUPPLIER PAYMENTS

Panel Members must comply with all payment obligations under the law and under contract between the Panel Member and its Subconsultants and suppliers in respect of the carrying out of any work awarded under this Panel.

PART C

RESPONDENT TO READ AND KEEP THIS PART

Failure to comply with any such payment obligations may result in the Principal suspending or cancelling the Respondent's membership of the Panel by written notification. The rights given under this clause are in addition to any other right of the Principal.

C.16. COLLABORATION AND JOINT VENTURES

Where a Panel Member is approached to undertake a Contract the Panel Member may wish to collaborate with another firm on the Panel as a joint venture. Such an arrangement would be acceptable to the Eligible Client, provided that:

- a. Both parties to the collaboration are Panel Members, and
- b. Both Panel Members create an 'incorporated' joint venture

Where a joint venture is proposed the Eligible Client reserves the right to request the joint venture agreement to be made available to the Eligible Client for review prior to the Eligible Client approving the joint venture. The Eligible Client reserves the right to reject a request to form a joint venture where

- a. this would delay the commencement of the Contract, or
- b. the Eligible Client considers that the proposed joint venture is not beneficial to the completion of the project.

If a joint venture is approved by the Client then any new entity created would not be eligible for Panel membership.

C.17. PERFORMANCE MANAGEMENT

C.17.1. COMPLETION OF ARCHITECTURAL PERFORMANCE REPORTS

Architectural Consultancy Performance Reports (ACPRs) will be completed for all Contracts expected to be valued at \$50,000 and over. One ACPR will be completed for each applicable Contract.

ACPRs will generally be completed by the Project Manager at:

- a. Contract completion; and
- b. Where applicable, at the time of contract award of the construction contract to which the Services relate (where this occurs the ACPR will be reviewed at Contract completion and may be amended).

The Client reserves the right to complete or update an ACPR at any time during a Contract.

In completing the ACPR the Project Manager will obtain input from other stakeholders impacted by the Contract, including but not limited to, the Client Agency and the Superintendent's Representative where the Panel Member has not undertaken that role.

Following notification from the Client the Consultant will have ten Business Days taken from the date of the notification, to comment on the ACPR prior to its finalisation. The Client reserves the right to finalise the ACPR following consideration of the Consultant's comments (if any).

Finalised ACPRs will be made available to all Department of Housing and Works staff and may be distributed to Client Agencies and other Government agencies.

C.17.3. SUSPENSION OR REMOVAL FROM THE PANEL ON PERFORMANCE GROUNDS

The Principal may suspend or cancel a Panel Member's membership of the Panel, if in the Principal's sole opinion, the Panel Member:

- b. fails to perform satisfactorily or breaches the requirements of the Head Agreement.
- c. exposes government to significant financial loss.
- d. engages in unprofessional conduct or unconscionable dealings.
- e. makes negative comments about the Principal or its agents to other parties.

- l. fails to comply with all payment obligations under the law and under contract between the Panel Member and its Subconsultants or suppliers in respect of the carrying out of any work awarded under this Panel arrangement

For the purposes of this clause performance in relation to the Panel Member is taken to include performance by any of its personnel or Subconsultants.

C.17.4. SUPPLIER DEMERIT SCHEME

Panel Members are subject to DoHW's Supplier Demerit Scheme. Details of the scheme are available on the WA Government website at <https://www.wa.gov.au/government/multi-step-guides/supplying-works-related-services/supplier-performance-management-government-non-residential-building-projects>.

PART C

RESPONDENT TO READ AND KEEP THIS PART

The Supplier Demerit Scheme is in addition to any other form of performance management covered in the Request.

C.18. INFORMATION ON PANEL MEMBER CAPABILITIES

In accordance with the Buying Rules the Eligible Client will generally make its initial selection of the Panel Member best suited to meet the contractual requirements on the basis of information held by the Eligible Client at the time the Contract is being planned.

As such, it is in the Panel Member's interest to ensure the information held by each Eligible Client on the Panel Member is accurate and up to date. This includes, but is not limited to, capability statements, specified personnel lists, insurances and locations of Permanent Operational Offices.

The Panel Member must ensure that all Specified Personnel are available to be nominated as Key Personnel to undertake individual Contracts.

C.19.2. CHANGES IN SPECIFIED PERSONNEL

Panel Members must notify the Panel Manager within 10 Business Days of a change in status of its Specified Personnel.

Where Panel Members propose new individuals as Specified Personnel, Panel Members must provide the same level of information as required in the Request.

If a change in Specified Personnel (whether notified in accordance with this clause or not) results:

- a. in the Panel Member no longer meeting the pre-qualification requirements specified in clause E.5, or
- b. in the Principal or Client forming a view, in its sole and absolute discretion, that the Panel Member will not have sufficient capacity to discharge its obligations under the Head Agreement or any Contract;

then the Principal may suspend or cancel the Panel Member's membership of this Panel.

C.19.3. REMOVAL OF SPECIFIED OR KEY PERSONNEL

The Principal or Client may direct the Panel Member to have removed from any activity connected with the Panel, including the completion of a Contract, any Specified or Key Personnel including any Subconsultants employed in connection with the work under this Panel who, in the opinion of the Principal or Client, is guilty of misconduct or is incompetent or negligent, or whose involvement in this Panel is likely to adversely affect the reputation of the Principal, Client or a Client Agency.

In making this direction, the Principal in respect of the Panel, or Client in respect of a Contract will determine the date on which the removal is to take place, and whether the person removed is also to be removed from the list of Specified Personnel under this Panel. This direction does not relieve the Panel Member of any of its responsibilities or obligations under the Head Agreement or any Contract.

PART C

RESPONDENT TO READ AND KEEP THIS PART

C.19.4. QUALITY OF SERVICES AND COMPETENCY OF SPECIFIED PERSONNEL

1.3.1 GENERAL

(a) The parties acknowledge and agree:

- (i) to the potential for COVID-19 Effects; and
- (ii) the Consultant is deemed to have taken into account, and fully priced and programmed for, all COVID-19 Effects known (or which should reasonably have been known) as at the day being 14 days prior to the date of closing of tenders for the Contract.

(b) The Consultant must:

- (i) proactively monitor potential COVID-19 Effects;

- e. not provide resumes for any personnel (all relevant information is to be provided in Form 11);
- f. take into account all requirements included in or referred to within the Request;
- g. take into account the requirements of and the type of architectural services required by the Architectural Services Brief;
- h. assume that the Principal has no knowledge of the Respondent, its activities, experience or any previous work undertaken by the Respondent for the Principal or any other Public Authority;
- i. recognise that the qualitative criteria are not weighted equally, and
- j. nominate any Offer information that the Respondent wishes to expressly and reasonably nominate as confidential for the purposes of the Request Conditions. Note - Respondents are to refer to section 11 of *Schedule 1 to Part B: Request Conditions* in relation to the Principal's position in regard to ongoing use of and access to the Respondent's Offer.

E.10.2. EVALUATING THE QUALITATIVE CRITERIA

Respondents should note that the qualitative criteria will be evaluated in the context of Contracts potentially valued at up to \$1,000,000 (GST inclusive).

The qualitative criteria are not weighted equally. Refer to the % weighting for each of the criteria A to C listed in E.10.3.

Where it is identified that an Offer has been submitted from a Respondent in a state or country identified as being a member or signatory with Australia to a:

- a. Free Trade Agreement (such as AUSFTA, ACI-FTA or KAFTA),
- b. Government Procurement Agreement (such as ANZGPA) or
- c. Economic Partnership Agreement (such as JAEPA),

then local content (selection criterion C) will not be evaluated during the qualitative assessment. In this case the 20% local content weighting will be divided proportionately across the remaining two criteria (criteria a and b).

The revised weightings if this were to occur are shown adjacent to the standard weightings (see [xx%]).

PART E

RESPONDENT TO READ AND KEEP THIS PART

When assessing responses against the qualitative criteria, the Principle will assess the claims against the pathways as defined in B.7.2, the scope of the Panel and the role of the Department of Housing and Works.

E.10.3. QUALITATIVE CRITERIA

As noted at E.10 the following three criteria will be assessed for all Respondents:

A. Demonstrated Capability.
(60% WEIGHTING) [75%]

Note - Respondents are required to provide this information for each of the pathways they apply for. Respondents should avoid providing generic material and should ensure that the information provided for each pathway is specific and relevant to that pathway.

The Respondent must demonstrate architectural experience which is comparable to the architectural services that will be sought under the Panel relevant to the identified pathway.

Respondents can provide examples of their firms experience gained as a subconsultant, joint venture partner or member of a similar commercial arrangement. Where this occurs, the Respondent is to clearly identify in Form 8 and Form 9 that the experience was obtained in this manner.

In responding to this criteria the Respondent is to address the following three specified areas:

a. Respondent's Experience with Relevant Projects (20%) [25%]

In demonstrating recent relevant experience respondents will be required to provide details relating to:

i. List of Project Experience Relevant to Pathway(s). Respondents are to list commissions that are in progress or were completed within the past 10 years. The information required here will include client, project identity, respondent's role, project value, commission value and year completed. The Respondent's information is to be presented by completing *Form 8 - List of Project Experience Relevant to a Specific Pathway*. Respondents should not present projects that relate to multiple pathways on the same form. Respondents should be aware that where a listed project does not fall within the specified pathway the project will not be considered by the evaluation panel.

ii. Experience Relevant to Pathway. Respondents are to identify and outline a maximum of FOUR projects selected from those listed for each pathway nominated. Respondents need to clearly and concisely detail the nature of the project and the Respondent's role in that project. A maximum of TWO pages per pathway (covering four projects) can be completed. The information is to be presented by completing *Form 9 - Experience Relevant to a Specific Pathway* and should include the following details:

1. The project stages (as identified in the Request and detailed in the Architectural Services Brief) against which the area of relevant experience claimed aligns;

PART E

RESPONDENT TO READ AND KEEP THIS PART

2. Details and examples of where the Respondent was able to value add to the architectural services provided in areas such as Building Information Modelling, Modular Buildings or Urban Planning etc.

- iii. Referees Relevant to Pathway

Respondents are also required to provide the contact details of two relevant referees who can comment specifically on the role undertaken by the Respondent and potentially on the Respondent's performance in relation to each of the projects identified. The information is to be presented by completing a *Form 10 - Referees Relevant to a Specific Pathway* for each pathway nominated.

Where a Respondent is a recently established legal entity the Respondent may have difficulty in documenting the Respondent's experience. In this situation the Respondent may make a case as to why the experience of a different legal entity should be taken into account, particularly where a Respondent can establish a clear link between the old and new entity. However, the Principal reserves the right to accept or reject any case presented by a Respondent. In making a case the Respondent should ensure that the argument is based on the experience of the 'entity' rather than just that of individuals as this experience is captured by the content submitted in response to (b) *Expertise of Specified Personnel*

- b. Expertise of Specified Personnel (30%) [37.5%]

The Respondent must identify the Specified Personnel that the Respondent proposes will be engaged in an architectural capacity for each nominated pathway by completing a *Form 11 – Specified Personnel Relevant to a Specific Pathway* for up to TEN people for each pathway. The information provided will identify the individual's qualification, employment status, role within the company and any area of specialisation relevant to the nominated pathway.

In completing Form 11 Respondents are to ensure that:

- i. the information provided must clearly relate to and demonstrate the skills, knowledge and experience directly relevant to the type of architectural services identified by the Request and to the pathway being applied for;
- ii. in addition to being directly relevant, the information should be both succinct and clear.
- iii. details of past experience is to be limited to the past FIVE years only. Any information provided beyond this period will be discounted by the evaluation panel.
- iv. any experience gained while employed or contracted to other firms is to be clearly identified as such.
- v. where the Respondent is proposing to use Subconsultants, then Subconsultant personnel are to be clearly differentiated from the Respondent's personnel.

- c. Respondent's Past Performance (10%) [12.5%]

The Respondent must in no more than TWO pages demonstrate evidence of successful outcomes in terms of functionality, sustainability, timeliness, adherence to budgets, stakeholder satisfaction and maintainability with respect to up to FOUR

PART E

projects relevant to the pathway(s) the Respondent is applying for, and which have been completed within the past TEN years. This information must be provided for each pathway the Respondent is applying for and must be submitted using *Form 12 – Respondent’s Past Performance*.

Within this information Respondents must identify a relevant referee for each of the identified projects who that can speak to the Respondent’s achievements on that particular project. Referees will typically be the client/principal or the head contractor.

In addition to the nominated referees confirmation of past performance may also be supported in the form of recognition by way of architectural awards or written client performance reports. Such evidence will not be included within the page limit noted above.

The Principal may also assess past performance using information on performance relating to a Respondent held by or known to the Principal including but not limited to consultant performance reports. Where the Respondent wishes to address any issues that might have be highlighted in information held by the Principal, it may do so in no more than ONE page.

The Principal may also contact referees identified in the project list provided under the ‘Respondent’s experience’ criterion.

B. Processes in Place
(20% WEIGHTING) [25%]

Respondents are only required to provide a response to this criteria once, regardless of how many pathways they apply for

The Respondent must in no more than THREE pages describe the existing processes that it has in place to facilitate good quality design, documentation and contract administration.

In addressing this requirement the Respondent must complete *Form 13 – Processes in Place*, and:

- a. Describe the methodology or approach that was adopted for achieving budget control, buildability and innovation.
- b. Demonstrate its commitment to minimising environmental impact.
- c. State the quality assurance processes and standards that will be adopted and the approach that the Respondent will take to ensure that the design and documentation achieve the required quality in services undertaken on the Panel.
- d. Outline how these processes and standards will specifically target the key issues for the initial construction, whole-of-life operations and on-going maintenance.
- e. Identify the critical management personnel who are responsible for developing and maintaining the respondent’s quality assurance and business process systems, and for providing quality assurance and oversight of individual Contracts. Relevant personnel information can be provided in *Form 11 – Specified Personnel Relevant to a Specific Pathway*.

The Respondent should avoid simply referring to the existence of any Quality Assurance accreditation held by the Respondent.

PART E

RESPONDENT TO READ AND KEEP THIS PART

C. Local Content (20% WEIGHTING) [0%]

Respondents are only required to provide a response to this criteria once, regardless of how many pathways they apply for.

The Respondent must, in no more than TWO pages demonstrate how it promotes and will continue to promote local business, Western Australian business and Aboriginal Businesses or Aboriginal people. Respondents should demonstrate how they support the development of the Architectural profession in Western Australia.

In addressing this requirement the Respondent must complete *Form 14 – Promotion of Local Content* and provide responses which:

- a. detail where the Respondent operates any offices and what Services are provided from these offices.
- b. specify the location where the majority of the Services will be undertaken.
- c. detail how the Respondent supports the development of the Architectural profession in Western Australia. This could include information on initiatives such as scholarships, sponsorships, research and development, professional development programs, knowledge transfer etc.
- d. explain how the Respondent supports the Western Australian economy and community more broadly.
- e. identify any opportunities for Aboriginal Businesses or Aboriginal people that the Respondent has previously provided, and what opportunities it will provide if it is appointed to the Panel.
- f. identify any employment creation or retention opportunities which would arise if the Respondent is appointed to the Panel.

Relevant information provided by Respondents in response to the Pre-qualification and Disclosure Requirements will also be used to assess a Respondent's claims against this criterion.

As noted in E.10.2 where it is identified that an Offer has been submitted from a Respondent in a state or country identified as being a member or signatory with Australia to a Free Trade Agreement, Government Procurement Agreement or Economic Partnership Agreement then the local content selection criteria will not be evaluated during the qualitative assessment.

E.10.4. GENERATION OF RESPONDENT SCORES AND RANKING

As summarised in B.7.2.2, Respondents will be ranked on a pathway by pathway basis, based on the assessment of their claims against the criteria (subject to the Respondent meeting the Prequalification and Compliance Requirements, and the Hourly Fee rates being acceptable). The example of the methodology that will be used to score and rank each Respondent is included below solely to assist Respondent's understand how the process will operate.

Example Methodology

AA Architects applies for the Health, Education and Regional Projects Pathway.

Note the evaluation for criterion 'B' and criterion 'C' will be common to all pathways that AA Architects applies for

Health pathway assessment

E.11. FEES

In submitting an Offer Respondents are to fully consider the details provided in relation to fees at C.11.

E.11.1. PREDETERMINED FEES

The fees identified by the Principal in 'Schedule 1 To Part C: Predetermined Fees Schedule' are for a standard range of services and will be used to establish a fixed Contract Fee forming the basis of any Contract. The fee derived from the schedule is GST inclusive but is exclusive of disbursements (if applicable). Respondents are not required to complete any *Form* in relation to the predetermined fees but in submitting an Offer the Respondent agrees to those rates.

PART E

RESPONDENT TO READ AND KEEP THIS PART

E.11.2. HOURLY RATES

Where services fall outside the standard range, such as in relation to site investigations, reports and other small projects for which the Predetermined Fees Schedule is deemed inappropriate, Contracts may be awarded using hourly rates. The hourly rates are determined on the basis of an agreed scope of work, in accordance with this Subclause and the rates included in the Letter of Appointment, and as amended from time to time in accordance with the Head Agreement.

The hourly rates submitted by the Respondent will be taken into account in the evaluation of the Respondent's Offer. The Principal reserves the right to set aside an Offer where the Respondent's hourly rates are assessed as being either too high or too low when compared to the assessed quality of the Offer and to other Respondents.

In completing *Form 7 – Hourly Rates Fee Schedule* Respondents are to insert the appropriate hourly rate in each cell in the schedule that they propose will be used to calculate non-standard Contract Fees. The rate identified by the Respondent must incorporate all costs of providing the services as detailed in the Architectural Services Brief.

Note - where no rate is included in a particular cell it will be read as 'Not Applicable', and the Respondent will not be considered for Contracts that require the application of information in that cell to calculate the Contract Fee.

E.12. RESPONDENT'S REPRESENTATION

In making an Offer in reply to the Request the Respondent offers to provide the Services under this Panel as described in the Request.

The completed forms contained in *Schedule 1 to Part E: Forms to be Completed* and any other information provided will comprise the Respondent's Offer. The Respondent warrants that the

- a. information included in the Offer is true and accurate, and
- b. that the Offer is signed by a person authorised to do so on behalf of the Respondent.

RESPONDENT TO COMPLETE AND RETURN THIS PART

SCHEDULE 1 TO PART E: FORMS TO BE COMPLETED

This signature page and all forms included in this Schedule are to be returned and will form part of the Offer. A failure to fully complete and return these forms may lead to the Offer being set aside pursuant to clause B.7.

The completed forms should be submitted as the following separate parts or 'Volumes'

Volume 1 – The forms to be bound as Volume 1 are Forms 1 through to 7 and Forms 13 through to 14. This signature page must be included at the beginning of Volume 1. These forms only have to be completed and submitted once.

Volume 2 – The forms to be bound as Volume 2 are Forms 8 through to 12 which must be completed for the specific Panel Membership pathway applied for. These completed forms are to only include content relevant to that specific pathway.

Volume 3 onwards – Where a Respondent wishes to submit applications under multiple pathways then separate Forms 8 through to 12 are to be completed for each pathway applied for and these are to be bound as separate Volumes. These Volumes are to only include content relevant to that specific pathway.

Where the Respondent submits electronic Volumes each Volume is to be stored as a separate file and not combined into one file.

Respondents must include within the title of each volume (other than Volume 1) a reference to the pathway that is covered by that volume. By way of an example, if a Respondent is applying for the Education, Justice and Heritage pathways, its Offer would comprise Volume 1, Volume 2 (Education pathway), Volume 3 (Justice pathway) and Volume 4 (Heritage pathway).

Respondents are to note that it is not acceptable to submit applications for multiple pathways in one Volume.
